P R E F A C E.

O a very great number of respectable and by no means uneducated persons, slang is simply a collective name for vulgar expressions, the most refined individual being the one who uses it least. To them it is all that which in speech is "tabu," or forbidden. Others regard it as the jargon of thieves, which has spread to costermongers and street-arabs, though in justice to the worthy people first mentioned it must be admitted that many of them are so fortified in their ignorance of what is beneath them, that they are unaware that thieves have a lingo of their own.

Others, again, believe that it is identical with the gypsy tongue or Romany, an opinion which, in spite of its easily demonstrated etymological absurdity, has held its ground for more than a century; whilst several writers, such as the author of the "Life of Bampffield (or Bampfylde) Moore Carew," have published so-called gypsy vocabularies, in which barely half-a-dozen words of corrupt Romany are to be found.

Many, not without good excuse, find it very difficult to distinguish between technical terms not as yet recognised by lexicographers, and those which are, to all intents and purpose, firmly established.

It is worthy of notice, let it be said *en passant*, that the two nations at the head of the intellectual movement, England and France, have the most extensive slang vocabulary, the two being about on a par in that respect.

Now, the dialect alluded to above was, centuries ago, almost the only slang—and there are men so much behind the times that it is

the only slang to them still. We put in the qualifying "almost" because there always have been certain conditions, such as emigration to savage countries, which have bred new circumstances, with a corresponding development of language. The Roman legionaries in the wilds of Gaul and Germany found classical Latin as inadequate for bush vocabulary as the Anglo-Saxon finds classical English in the backwoods of America and the backblocks of Australia, and they evolved a Low Latin slang corresponding with such terms as "war-paint," "backwoodsman," "ring-barker," "bushman," and "throwing-stick." Modern French has its elements of base Latin origin, just as the English lexicons of the future will include a number of words forged by necessity in the bush and the backwoods—in New World mines and cities—and others which at the present time are only to be found in such dictionaries as the present one.

But here, in the heart as well as at the extremities of "Anglo-Saxony," new needs and new circumstances are being developed unceasingly, and society both high and low, in every walk of life, and on bypaths of art and trade, has of late years taken to inventing new words and phrases, some for practical wants, others for amusement, some coarse and rude, others daintily cut and polished, deftly veiled—all in such profusion, that every one of the old definitions of slang is now inadequate to express the "new departure" phase of the language.

Perhaps the best general definition at which one can arrive is that "slang" is a conventional tongue with many dialects, which are as a rule unintelligible to outsiders. In one case at least it has been framed with the intention of its being intelligible only to the initiated—the vagabond and thievish fraternity.

The vocabulary is based chiefly on words of the language proper, ancient and modern (with an admixture of foreign words), which have become "slang" through a metaphoric process or misappropriation of meaning. Thus "brass," "timbers" and "pins," "red lane," "mug," "canister," "claret," "ivory," "tile," taken figuratively, enrich the slang vocabulary by respectively acquiring the conventional meaning of "impudence," "legs," "throat," "face," "head," "blood," "teeth," "hat."

It has been well said therefore that slang, in its general features, is hardly more than an arbitrary interpretation of the ordinary language. It does not suffice, however, that it should be merely conventional or figurative, else it might be multiplied *ad infinitum*. But being to a great degree the outcome of the humour and wit, more or less refined, of its promoters, it bears the stamp of sarcasm, of callousness, and occasionally of a grim philosophy, as, for example, when a drunkard is called a "lean away," or a man "waiting for a dead man's shoes" is said to be "shepherding" his rich relative—when a clergyman is jestingly called a "sky-pilot" or a "fire-escape"—when a man who feels beaten says that he has been "had on toast," and will "give it best."

Each profession or trade has its "lingo," not to be mistaken for technical phraseology. Thus in cricket "wickets" is technical, but "sticks" is slang; to put a "break" on a ball the former, to put "stuff" on it the latter. "Bone shaker," the old type of bicycle, is slang; but "kangaroo," the latest improvement on the spider bicycle, and which in shape somewhat resembles the primitive "bone shaker," belongs to the technical phraseology of 'cycle machinists.

It sometimes occurs that a technical word comes to be used figuratively in an humorous and sarcastic sense. Sailors talk slang when they say of a drunken man that his "mainbrace is well spliced," or that he is "two sheets in the wind."

Occasionally a class slang word is adopted by the public, and swells the vocabulary of general or "society" slang. This specially applies to nautical and sporting phraseology. Thus it is quite possible for people who do not belong to the seafaring fraternity to hear of a husband having to "look out for squalls" when he comes home "heeling over" from having dined too well, even if he has not "capsized" or been "thrown upon his beam-ends" in the gutter. And many a person when asked to contribute to a charity has declared himself "stumped," though he may never have been near a cricket-field since he left school.

What one might call the classical slang of thieves is technically termed "cant." It has the appearance of possessing more quaint and original features than the more modern lingo, the sole reason

for which is perhaps that it proceeds from dialects but little known, as for instance Romany, or from Celtic and Anglo-Saxon words no longer used as language-words and known only to a few scholars.

Cant possesses but few original terms coined in a direct manner by those who employ the vocabulary, for it needs greater imaginative powers than these light-fingered professors are generally credited with to invent terms that shall remain and form part of a language. An illustration of this may be found in the French argot—taken in the narrower sense of malefactors' language and leaving out altogether the Parisian slang—which in spite of all the efforts of those interested in the matter has remained very nearly what it was in the seventeenth century.

The components have been elongated, then curtailed, then their syllables have been interverted, and finally they have reappeared under their original form.

Taking as a starting-point that slang and cant are of an essentially conventional and consequently metaphoric and figurative nature, it may safely be asserted that the origin of slang and cant terms must certainly be sought for in those old dialect words which bear a resemblance in form; not however in words which bear an approximately identical meaning, but rather in such as allow of the supposed offsprings having a figurative connection of sense.

The reader will probably best understand what is meant if he will, for the sake of argument, suppose the modern English language to have become a dead language known only to scholars. Then let him take the slang word "top-lights," meaning eyes. He is seeking the origin of *top-lights*. If he were to find in the old language a word having some resemblance in form and bearing the identical meaning of eyes he would have to reject it. But when he finds the *same* word signifying *the upper lanterns of a ship*, he may adopt it without hesitation, because the metaphor forms a connection link and furnishes a safe clue.

So far we have spoken rather as if slang were a kind of outlaw or Bedouin with every man's hand against it, but of late years many judicious and intelligent writers have recognised that there is a vast number of words which, while current, are still on probation,

like emigrants in quarantine, awaiting the time when they are to be admitted to the regular haven of the Standard Dictionary. But this increase has been so enormous and so rapid that no standard lexicographer could do it justice. It is generally admitted that to keep pace with modern French journalism or novels, a "Dictionnaire d'Argot" is absolutely indispensable, and this is now quite as much the case with English. And when we consider that it is not possible to take up a copy of any of the leading London society journals without finding very often in one single article a dozen slang phrases which have never yet been given in any dictionary whatever, it will be admitted that a time has certainly come to publish a dictionary upon new lines in which every effort shall be made to define such expressions without regard to what the department is called to which they belong.

To show what a need there is of such a work, one only has to reflect that a vast number of more recent American slang phrases (not old English provincialisms established *ab initio* in New England, but those chiefly of modern Western manufacture) have never been collected and published. And the same may be said of those which have cropped up and developed themselves in the English-speaking colonies, in the bush of Australia, or South Africa. The real amount of Romany, Dutch, Celtic, and Yiddish, in the various slangs, has never yet been decided by writers who had a thorough knowledge of these languages, and Mr. Hotten, while declaring that to the gypsies we are in great measure indebted for the cant language, and that it was the corner-stone and a great part of the edifice of English slang, was still so utterly ignorant of it as to have recourse to a vocabulary of Roumanian gypsy to explain the very few words of English Romany in his work, the great majority of which were in some way erroneous. The present is the first Slang Dictionary ever written which has had the benefit of contributors who thoroughly understood Celtic dialects, Dutch, German, and French slang, and who were thus enabled to establish their relations with English cant, and one of these gentlemen is equally at home in Pidgin-English, Gypsy, and Shelta or tinker's slang, which by-the-bye is one of the three principal slangs of the kingdom,

and is here made known for the first time in a work of this kind ; this being also the first Slang Dictionary to which the rich and racy slang of the fifth continent—the mighty Australian commonwealth of the future—has been contributed by one long resident in the country and familiar both with its life and its literature. Information has been gathered at its very source from all classes of society, and in every department contributors have been employed who were perfectly at home in their respective specialities.

We began our preface with trying to define, or discover, the nature of that slippery Proteus, slang ; after doing which to the best of our power, we proceeded to show the necessity for a dictionary such as the present, and to instance the precautions taken to make it exhaustive. We might have added that the majority of the contributors selected were men not only intimate with their subject, but also of proved ability in literature. We could hardly conclude without making some allusion to the volume which was the forerunner of this, “Argot and Slang.” One passage in its preface has attracted much attention for its terse enunciation of what is generally recognised.

“Slang has invaded all classes of society, and is often used for want of terms sufficiently strong to convey the speaker’s real feelings. It seems to be resorted to in order to make up for the shortcomings of a well-balanced and polished tongue which will not lend itself to exaggeration and violence of utterance. Journalists, artists, politicians, men of fashion, soldiers, even women, talk argot, sometimes unawares.” A curious illustration of this has just been brought under the editor’s notice. A gentleman had been publishing for some years with the same firm of publishers, but with very varying success. “I can never for the life of me,” he used to complain, “tell whether Mr. Pompous means that my new book is a poor one or a bad one. His letters are tissues of *under certain circumstances, we should not feel justified in advising* (or not advising), *in the present state of the public taste it is impossible to predict*, conceivably, &c.” But a year or two ago a college friend of this author became a member of this firm of publishers. In due time another book was submitted, and the answer came from the new partner—

“My dear —, it would be *rot* publishing a thing like this. The public would *snort* at it. Yours very truly, —.” The author’s confidence in his publisher went up a hundred per cent. There was now a member of the firm sufficiently intimate with him to employ “slang” in their communications, and the author knew that from that time he would be able to tell to a fraction the exact grade of value they put upon every work he offered them. “Slang” is an essential of the age. Even a bishop has used it in the pulpit, in a modified form, when he said that “Society would be impossible without white lies.” It seems as if the day was not far off when it might be true to say that “Society would be impossible without slang.”

One thing is certain, that the taste of the age is to learn specialities from those who have a special knowledge of them. The public that goes to see the life of the Wild West and the prize-ring, rejoice also in realistic novels by those whose special knowledge best qualifies them for the work, whether it be an uncanny familiarity with the mysteries of the Far West, or the mysteries of Paris ; and these kind of works, as a rule, abound above all others in technical expressions and argot. Granted that people of the same country as the author are generally able to understand these by the context without the labour of a dictionary, a very small percentage of the intelligent foreigners who make a practice of reading English works of note could, without the aid of a vocabulary, be able to decipher the multifarious “lingos” which enter into these books, and this is just the class who will be most assisted by the arrangement adopted in this work of giving all the various departments of slang together.

A BRIEF
HISTORY OF ENGLISH SLANG.

BY CHARLES G. LELAND.

IT does not seem to have occurred to any writer that the chief reason why the early history of purely English slang is obscure, is because that previous to a certain determinate date, there was really so little of it, that it hardly existed at all. There can be no biography of a child worth writing so long as it can babble only a few words. It is probable that of these few early slang words, none have been lost. During the Saxon Early English and Middle English periods, there were provincial dialects, familiar forms of speech, and vulgarisms, but whether a distinct canting tongue was current in England, remains as yet to be established. That the tinkers or metal-workers, who roamed all over Great Britain, were a peculiar people,* with a peculiar Celtic language called *Shelta*, may be true, but canting as yet did not exist.

No discoveries have as yet been made which cast much light on the process by which English canting, or the language of the loose and dangerous classes, was first formed. This much we know, that in England, to a beginning of antiquated and provincial or perverted words, a few additions were made of Welsh, Irish, or Gaelic, with here and there a contribution from the Continent. It seems to be evident that this rill of impure English, most defiled, was a very

* John Bunyan, it may be remembered, once asked his father whether the tinkers were not "a peculiar people." Regarded from any point of view, this indicates that he suspected they were not English. Bunyan, according to recent researches, could not have been a gypsy, but as a tinker he must have known *Shelta*, or the old tinker's language, and therefore naturally suspected that he belonged to some kind of separate race.

slender one. But as C. J. Ribton Turner suggests, it was the arrival of the gypsies in England about 1505, speaking by themselves a perfect language, which stimulated the English nomads to greatly improve their own rude and scanty jargon. According to Samuel Rowlande, whose work, "The Runnagate's Race," appeared in 1610, one Cock Lorrell, a great rascal, but evidently a man of talents, became, in 1501, the acknowledged head of all the strollers in England. This person formed his followers into a regular guild or order, according to the spirit of the time in which he lived, and observing that the gypsies, under their leader, Giles Hathor, were a powerful and rapidly increasing body, he proposed to them a general council and union of interests and language.

"After a time that these vp-start Lossels had got vnto a head, the two chief Commaunders of both these regiments met at the Diuels-arse-a-peak, there to parle and intreete of matters that might tend to the establishing of this their new found gouernment; and first of all they think it fit to deuise a certaine kinde of Language, to the end that their cousenings, knaueries, and villainies might not be so easily perceiued and knowne in places where they come."

Here Samuel Rowlande, speaking ignorantly, says that this tongue was made up out of Latin, English, and Dutch, with a few words borrowed from Spanish and French. To this day it is common enough for "travellers," or gypsies, to tell the ignorant that the language which they speak is Latin, French, or Dutch, &c. From the language itself, as given by Robert Copland (1535), and Harman ("Caveat for Cursitors") in 1567, it appears that the gypsies actually contributed a certain amount of Romany, but that with their natural dislike to teach it, they made this contribution as small as possible—though it is larger than Mr. Turner supposes. He has, however, with very approximate accuracy, shown the various Celtic origins of the terms not reducible to English or Saxon. Of Latin he finds only eight words, of which two are very doubtful, while two others, *gerry* (i.e. *jerry*), excrement, and *peck*, meat, are plainly from the Romany *jirr* (*rectum vel excrementum*), and *pekker*, roast, i.e., roast meat. It is too far afield to seek these common gypsy words in the Latin *gerræ*, trifles, and *pecus*, cattle.

This was the beginning made of the canting or thieves' tongue, and it must be admitted that the first meeting of this Philological Oriental Congress for the purpose of forming a language was probably not deficient in a certain picturesque element, and an able artist might find a worse subject than this grand council of the

gypsies and vagabonds in their cavern among the hills. It is to be observed that Harman, a magistrate who was not only very familiar with every type of criminals, but who was the first who ever published a canting vocabulary, declares that *it was only within thirty years previous to 1567 that the dangerous classes had begun to use a familiar jargon at all*. Mr. Turner says that this statement is little better than a guess at the truth; but Harman, who seems to have been an earnest and honest writer, explicitly declares that his statement was the result of inquiry among many, or to use his own words: "As far as I can learne or understand by the examination of *a number* of them, their language—which they terme peddelars Frenche or canting—began but within these xxx yeeres or lyttle above."

What confirms this statement, if it does not actually prove it, is the fact that Harman, though he evidently laboured hard to make a full vocabulary and had many facilities for collecting words, gives us in all only about 160, while those who came after him in the field are accused of only repeating him. But the truth probably is, that Harman was quite right; canting was really young in his time, and small in proportion to its age. Its growth may be very clearly traced in dramatic, comic, or criminal literature from 1535, as shown by Robert Copland in his "Hye Way to the Spytell House," down to the present day.

In old canting the most striking element is the large proportion of Celtic words, drawn from all parts of Great Britain. Turner has observed that the Act 5 Edward III. c. 14, affords evidence that the Welsh *gwestur*, "unbidden guest," or vagabond, was a public nuisance in England prior to 1331. In fact the Welsh and Irish stroller, or professional rogue and beggar, was a common type represented and ridiculed in broadsides or plays till within a century.* Edicts and Acts of Parliament, and the most vigorous punishment and reshipment of "ye vacabones" to their homes, were utterly ineffectual to keep them out of England. In the English "kennick" or canting of the lowest classes of the present day, the greater proportion of

* A majority of those travellers and tramps in England, who are simply beggars and thieves, and who do not seek for work, are still Irish. Full information on this subject may be found in the "History of Vagrants and Vagrancy," by C. J. Ribton Turner; and it may be said with truth that all the criminals of the towns and cities put together do not injure the country at large so much as these creatures, who carry vice into every hamlet, and into the remotest corners of the kingdom.

Celtic terms are apparently not taken *directly* from Gaelic, Erse, Welsh, or Manx, but from a singular and mysterious language called Shelta (Celtic ?), or *Minklas Thari* (tinkers' talk), which is spoken by a very large proportion of all provincial tinkers (who claim for it great antiquity), as well as by many other vagabonds, especially by all the Irish who are on the roads. The very existence of this dialect was completely unknown until 1867, its vocabulary and specimens of the language being first published in "The Gypsies" (Boston, 1880). It has been ingeniously conjectured by a reviewer that as all the Celtic tinkers of Great Britain formed, until the railroad era, or about 1845, an extremely close corporation, always intermarrying, and as they are all firmly persuaded that their tinkerdom and tongue are extremely ancient, they may possibly be descendants of the early bronze-workers, who also perambulated the country in bands, buying up broken implements and selling new ones. This is at least certain, that the tinkers as a body were very clannish, had a strongly-marked character, a well-developed language of their own, and that while they were extremely intimate with the gypsies, often taking wives from among them, and being sometimes half-bloods, they still always remained *tinklers* and spoke Shelta among themselves. The nature of this alliance is very singular. In Scotland the *tinkler* is popularly identified with the gypsy, but even half-blood tinklers, such as the Macdonalds,* who speak Romany, do not call themselves gypsies, but tinklers. The caste deserves this brief mention since it has apparently been the chief source through which Celtic words have come into English canting—an assertion which is not the mere conjecture of a philologist, but the opinion of more than one very intelligent and well-informed vagabond. It is very remarkable that though Shelta is more or less extensively spoken even in London, and though it has evidently had a leading influence in contributing the Celtic element to canting, thus far only one writer has ever published a line relative to it. Hotten or his collaborateurs seem, in common with Turner and all other writers on vagabonds, never to have heard of its existence. It will probably be recognised by future analysts of canting that in all cases where a corrupted Celtic word is found in it, it will be necessary to ascertain if it did not owe its change to having passed through the medium of Shelta.

* It is needless to say that gypsies have assumed family names, such as Stanley, Lee, &c., and among others that of Macdonald.

Though the gypsy contribution to canting was not extensive, it was much larger than many extensive writers on vagabonds have supposed, and it is worth noting that a number of our most characteristic slang words, such as row, shindy, tool (in driving), mash (*i.e.*, to fascinate), pal, chivvy, and especially the arch-term slang itself, are all Romany. It is not remarkable that Cock Lorrell recognised in the gypsies "a race with a back-bone," and one from whom something could be learned. Their blood "had rolled through scoundrels ever since the flood," and from the beginning they had spoken not a mere slang, but a really beautiful and perfect language resembling Hindustani or Ūrdū, but which was much older. The constituents of this tongue are Hindi and Persian—the former greatly predominating—with an admixture of other Indo-Aryan dialects. It was first suggested in "English Gypsies and their Language" that the true origin of the Rom or gypsy was to be found among the Dom, a very low caste in India, which sprung from the Domar, a mountain tribe of shepherd-robbers; and recent researches by Mr. Grierson among the Bihari Dom have gone far to confirm the conjecture. Its author also discovered that there exists to-day in India a wandering tribe known as *Trablūs*, who call themselves Rom, and who are in all respects identical with the Syrian and European gypsies. About the tenth century, owing to political convulsions, there were in India a great number of outcasts of different kinds. Among these the *Jāts*, a fierce and warlike tribe, crushed by Mahometan power, seemed to have coalesced with the Doms or Rom, the semi-Persian Luri or Nuri (originally Indian), and others, and to have migrated westward. Miklosich, in a very learned work, has, by analysing the language as it now exists, pointed out the Greek, Slavonian, and other words which they picked up *en route*. It was about the beginning of the fifteenth century that a band of about 300 of these wanderers first appeared in Germany, whence they in a few years spread themselves over Europe, so that within a decade many thousands of them penetrated to every corner of the Continent. They were evidently led by men of great ability. They represented themselves as pilgrims, who, because they had become renegades from Christianity, had been ordered by the King of Hungary as a penance to wander for fifty years as pilgrims. They had previously by telling the same story, but adapted to the faith of Mahomet, got a foothold in Egypt. They thus obtained official license to make themselves at home in every country, except

in England, yet went there all the same. Andrew Borde, the eccentric physician, who lived during the reign of Henry VIII., was the first person who made (in 1542) a vocabulary of their language, which he did under the impression that it was "Egyptian" or the current tongue of Egypt. Bonaventura Vulcanius, in 1597, in his curious book "De Literis et Lingua Getarum," also gave specimens of Romany as "Nubian." The first European writer who discovered that Romany was really of Hindu origin, was J. C. Rudiger, and this he announced in a book entitled "Neuester Zuwachs der Sprachkunde," Halle 1782. He was followed by Grellmann, whose work was much more copious. It was translated into English at the beginning of this century, and passed through three editions. George Borrow, in his novels of "Lavengro" and "The Romany Rye," published about 1845, and in "The Gypsies in Spain," first told the public much about this subject, and his influence was very great both in England and on the Continent in awakening an interest in it. Among more recent writers, Dr. Bath C. Smart, Francis Groome, and the writer, have been the principal collectors of Anglo-Romany lore. Borrow, who knew the gypsies so well, was far from being perfect in their language, as he declared positively that there are only 1200 words in the English dialect; more recent researches have more than doubled the number.

The next element of importance which enters into English slang of the middle type, subsequent to old cant, is Dutch. Of this there are two separate sources. In England, from the time of William of Orange until that of George II., there was a constant influx of *Nederduytsch*, while in America, the State of New York, while subject to Holland, contributed an equally large proportion of quaint expressions, and of these in time there was great interchange between the old country and the new. To detect many of these, one must go much deeper into Dutch than the standard dictionaries, and descend to Teirlinck's and other collections of thieves' slang, or dig into such old works as those of Sewel, in which the vulgar and antiquated words "to be avoided" are indicated by signs. As English and Dutch belong to the same stock, it naturally results that numbers of our provincial or obsolete terms are the same or nearly the same in both; in such cases we have generally placed them together. An examination of the work cannot fail to convince any one that our indebtedness to this source is much greater than has ever been supposed. But as these derivations are often as doubtful as they are numerous and plausible, the editor, with the example of Bellenden

Kerr * before him, would beg the reader to observe that in this work no ancient or foreign words are advanced as *positively* establishing the etymology of any slang expression, but are simply adduced as indicating *possible* relations. The day has gone by when it sufficed to show something like a resemblance in sound and meaning between a dozen Choctaw and as many Hebrew words, to prove positively that the Red Indians are Jews. But "wild guess-work" is still current even in very learned works, and though "in a pioneer way" it is useful in affording hints to true philologists, it should never claim to be more than mere conjecture.

During the reign of Queen Elizabeth many Italian words found their way not only into English literature but also into slang, and additions have occasionally been made since then from the same source. Thus *fogle*, a handkerchief, is beyond question the Italian *foglia*, a leaf, also slang for a silk handkerchief (Florentine *follo*), and not the German *vogel*, a bird, as Hotten declares. The number of these derivations is much larger than has ever been supposed, and much of the mine is still unworked.

Old canting retained its character until the reign of Charles II., when a great deal of general slang began to be current, which was not connected in any way with the jargon of the dangerous classes. *Bite*, *macaroni*, and *quiz* were slang, but not cant; they originated in or were first made popular by fashionable people. Following the Spanish Quevedo, and other writers of the *vida tunantesca*, or "tag-rag-and-bobtail school," as models, not only the dramatists, but authors like Sir Roger L'Estrange and Defoe used directly, or put into the mouths of their heroes, a familiar, free and easy, offhand style, which was anything but conventional, or as many may think, correct. Pedantic writers also continued for more than a century to deliberately manufacture in great quantity, from Latin, words of the kind used by the unfortunate Limousin student who was beaten by Gargantua. An "about-town" dialect was developed by "bloods" and wits, in which Dutch, Italian, and French began to appear more frequently than of yore. Gypsy and old canting terms rose now and then from the depths, or dregs, and remained on the surface. It was during this which may be called the middle slang epoch, that those conventional or colloquial terms began to be

* The author of an ingenious and eccentric work in two volumes, in which he endeavoured to prove that most English proverbs, sayings, and nursery rhymes are all in old Dutch, and have an esoteric meaning, being really attacks on the Church.

current, which, without being *vulgar* or directly associated with crime, were, owing to their novelty, flippancy, or "fastness," still kept in limbo, or under probation. It has been truly enough said that the old slang was altogether coarse or vulgar, and that there was subsequently a great increase in the number of low and obscene terms classed with it, a growth which went on vigorously until the end of the reign of George IV. But while Butler, Swift, Tom Brown, Grose, and scores of minor artists dealt out more or less "dirt or deviltry," it should be remembered that the accretion of new phrases, which were in no way "immoral," was really much greater.

About this time, during the latter part of the seventeenth century and the first half of the eighteenth, was the beginning of the vast array of words now in familiar use, which are unjustly called slang, because that term forces upon them associations with vulgarity and crime which they no more merit than that leaves or flowers should be identified with the dirt from which they grow. This quarantine language is simply the natural and inevitable result of a rapid increase in inventions, needs, new sources of humour, and, in fact, of all social causes. New names are in as great demand as they were of yore, when heathen were converted and baptized in batches. Then they were often all called John or James by the thousand "for short," but now we are more discriminating and analytical. But it is to be observed that hitherto no writer whatever has ever dealt with these quarantined words or probationers in the spirit which they merit, or pointed out the fact that they fulfil a legitimate function in language, or attempted to collect them in a book.

It would appear to have been about a century ago that a few Yiddish, or Hebrew-German, words began to creep into English slang. When we consider that fully one-half of the Rothwalsch or real slang of Germany is of this kind of Hebrew, and also the great numbers of persons who speak it, it is remarkable that we really have so little of it. As an instance of the guess-work philology which we have alluded to, it may be pointed out that the common Jewish word *gonnof* (Hebrew *ganef*), a thief, is according to Hotten very old, in English, because it is found in a song of the time of Edward VI. as *gnoffe*!

"The country *gnoffes*, Hob, Dick, and Will,
With clubs and clouted shoon,
Shall fill up Dussyn Dale
With slaughtered bodies soon."

But *gnoffe*, according to Wright, does not mean a thief at all, but

a churl (also an old miser). Its true root is probably in the Anglo-Saxon *cneor*, *cnuof*, or *cniðvan* (also *cneav*, knave), to bend, yield to, *cneovjan* (*genuflectere*). If country boors or peasants be therefore the meaning of *gnoffes*, it would be in Yiddish *keferim*. This remarkable dialect is now spoken by some thousands of persons in London, and there are one if not two newspapers published in it. The editor has not only the German-Jewish *Chrestomatie* of Max Grünbaum, and many books written in Yiddish, but also eleven vocabularies of it, one of which, a MS. of about 3000 words, is by far the most extensive ever compiled. It seems not unlikely that the word *poker*, as a game of cards, is derived from Yiddish, since in it *pochger* (from *pochgen*) means a man who in play conceals the state of his winnings or losses, or hides his hand. This is so eminently characteristic of *poker* that the resemblance seems to be something more than merely accidental. There have always been Jewish card-players enough in the United States to have given the word. The most remarkable and desperate game of poker within the writer's knowledge (in which not only a fortune but a life were risked) occurred on board a Mississippi steamer, its hero being a Jew.

Of late years many Anglo-Indian and pidgin-English, or Anglo-Chinese words, have become familiar to the public. For the former our chief authority has been the "Glossary of Anglo-Indian Colloquial Words and Phrases, and of Kindred Terms," by Col. Henry Yule and the late Arthur Coke Burnell (870 pp. 8vo, London, John Murray, 1886), a copious work, as remarkable for extensive erudition as for sagacity, common-sense, and genial humour. For pidgin-English we have used the only work extant on the subject, viz., "Pidgin-English Ballads, with a Vocabulary," by C. G. Leland (London, Trübner & Co., 1887). This remarkable dialect, owing to the ease with which it is acquired, is now spreading so rapidly all over the East that Sir Richard Burton thinks that it may at no distant date become the *lingua-franca* of the whole world.

Anything like a distinct history of the development of English slang has hitherto been impossible, owing to the ignorance of most of those who have put themselves forward as its analysts and lexicographers. Samuel Rowlande told the world that gypsy and canting had resolved themselves into one and the same thing, and following his lead, one authority after the other, such as the author of the "Life of Bampfylde Moore Carew," gave us as "Gypsy" vocabularies, works in which hardly a trace of Romany was to be found. In vain did Grellmann, Hoyland, and George Borrow explain that

these wanderers spoke an Oriental language—even Mr. Edward Gosse, in his “Memoir of Samuel Rowland,” says that “‘Martin Markall’ is entirely in prose, except some queer *gypsy* songs”—the “*gypsy* songs” in question having less resemblance to *gypsy* than English has to Spanish or French. The editor has before him a work written and published within a few years, called “The New York Slang Dictionary,” in which the writer tells us that “*bilk* is a word in the *gypsy* language, from which most English slang is derived” (*bilk* not being *Romany* at all), and assures the reader that his book (which is simply a re-hash of Grose, with the addition of some purely modern Americanisms) will enable him to make himself understood in the slums of St. Petersburg, Paris, or in any country in the world! In common with far greater critics and scholars, he believes that *gypsy* is a mixture of all European tongues and corrupt English, when, in fact, it does not contain a single French word.* Hotten had a far better knowledge of the constituent elements of slang, unfortunately he had not even an average “smattering” of the languages which *must* be understood, and that into their very provincialisms, argots, and corruptions, in order to solve the origin of all the really difficult problems in it. He knew that the poet, Thomas Moore, made a great mistake in believing that canting was *gypsy*, but he knew nothing whatever of *Romany*, and asserts that it is mingled up and confused with canting, and is ignorant enough to declare that “had the *gypsy* tongue been analysed and committed to writing three centuries ago, there is every probability that many scores of words now in common use could be at once traced to its source.” This was the result of an erroneous belief that Mr. Borrow knew everything of English *Romany* that could be known, while the fact is that by comparison with Continental dialects, and with the aid of what Mr. Borrow did *not* know, it is tolerably certain that the English *gypsy* of three centuries ago is by no means the lost language which he assumed it to be.

The last and not least important element in English slang consists of Americanisms. The original basis or beginning of these is to be found in Yankeeisms or words and phrases peculiar at first to New England. They consisted chiefly of old English provincialisms,

* George Borrow thinks that the word *būddika*, a shop, is from the French *boutique*. It is much more probably the Italian *bottega*, though it still more resembles the Spanish *bodega*.

with an important addition of Dutch which came over the border from New York and New Jersey, and a few Canadian-French expressions. For these the dictionary of Mr. Bartlett is an invaluable source of reference. We cannot praise too highly the industry and sagacity manifested in that work. His weak point lies in the fact that having been guided by dictionaries such as that of Wright, he too frequently assumes that a word which is marked as provincial is not generally known in England. Hence he gives as peculiarly and solely American words which have no special claim to be regarded as such. In addition to these mostly Saxon-born terms, there is a much greater number of quaint eccentric expressions of Western and Southern growth, which increase at such a rate that one might easily compile from a very few newspapers an annual volume of new ones. Yet again, English slang phrases are continually being received and shifted into new meanings and forms, as caprice or need may dictate. It may surprise the reader to learn that the works of Artemus Ward, Bret Harte, Mark Twain, and other standard humourists, are by no means the great mines of *slang* which they are popularly supposed to be. It is in the newspapers, especially in their reports, theatrical or local, and not infrequently in the "editorials," that the new racy and startling words occur, as they are improvised and picked up. This dictionary contains a large collection of true and recent American colloquial or slang phrases, and though the works of the great American humourists have been carefully searched for this purpose, it will be found that the majority of terms given are from other sources. The reader who is familiar with Bartlett and other writers on Americanisms, can judge for himself to what extent—or to what a slight extent—we are "indebted" to them. It is true that they are frequently cited, but in the great majority of instances it has been for the purpose of correction, emendation, or illustration of their definitions.

The history of Slang is that of the transition of languages into new forms, and from this point of view it may be assumed that such a work as the present will be of as great interest to the thorough student of history as the folk-lore to which it properly belongs, or anything else which indicates the phases of culture.

A DICTIONARY

OF

SLANG, JARGON, AND CANT.

A 1 (popular), a form used to indicate a high degree of excellence.

The magistrates all praise my zeal,
 And put me down *A 1*,
 And burglars when they hear my step
 Instantly cut and run.
 They sometimes drop things in their flight,
 Those things of course I take ;
 To leave them there to tempt the poor
 Would be a great mistake.

—Music Hall Song.

The expression is also used adverbially.

My friends remark, "Oh, what a lark
 To see the money fly !"
 They say we're two young sillies, and
 We don't know what to buy.
 But you just leave my Fred alone,
 He's such a knowing sort,
 He lays the money out *A 1*,
 And this is what he's bought.

—Music Hall Song.

She is *A 1*; in fact the aye-wunnest girl I ever saw.—*Shirley Brooks: The Gordian Knot.*

I am A 1, I am all right, comfortable.

It originated from *A 1, Lloyd's*, an abbreviation commonly used in mercantile circles to indicate the character of a ship and its appointments. To be classed *A 1* at *Lloyd's* means that the vessel, its anchors, sails, tackle, and stores have been examined by official surveyors, and found to be in good trim, entitling it to be ranked as first class. When a vessel fails to reach the highest standard, other marks are bestowed.

A. 1 or **No. 1** (fenian). The latter is often incorrectly used. It should be *A 1*, a title for the commander of 900 men.

Aaron (thieves). The *Aaron* is the chief or captain of a gang or school of thieves. This cognomen is invariably accompanied with the prefix *The*—par excellence *the first*—simi-

lar to the eldest representative of certain Irish and Scotch clans or families, such as *The O'Connor Don*, *The Chisholm*, &c. As *Aaron* was the first high-priest, and the *Aarons* are the chiefs of the Hebrew tribes, it is probably of Jewish origin in its slang application. *Aaron* was an old cant term for a cadger who combined begging with acting as a guide to the summits of mountains, chiefly to evade the laws against vagabondage, no doubt a play in its slang sense on its Hebrew equivalent, lofty.

A-baa (various). An *abaa* cove, a bad man; an *abaa* muff, a silly person. Among trade unionists an *abaa* signifies a non-unionist, who is generally assailed with the derisive shout, "Baa, baa, black sheep."

Abacter (old), a dishonest drover or shepherd, one who connives at the stealing of his master's cattle. Probably from the Latin *abactores*, stealers of cattle. One of the tricks of the *abacters* of old Smithfield was the driving a bullock into a jeweller's or other shop, and during the confusion and excitement of expulsion the *abacter's* confederates, under the cloak of assistance, would help themselves to any valuables handy. The *Annual Register* for 1818 records that one shop was so served three times in that year.

Abaddon (old), a treacherous thief, one who turns informer against his fellow-rogues. From the Hebrew *abaddon*, a destroyer; often confounded with the Cockneyism *a-bad-'un*, a bad one.

The prisoner, Money Moses, better known among thieves and fences as Moses the *abaddon*, has been, to my knowledge, for the last twenty years a receiver and dealer in stolen property.—*Report of the Trial of the Great Gold Dust Robbery.*

Abandannaad (thieves), one who risks his liberty by committing an act of contemptible petty larceny. The phrase originated through a footpad robbing a woman of a paltry bandanna (hence *abandannaad*) shawl valued at ninepence, for which a notorious high-class, or "high-toby" thief, one "Kiddy Harris," was hanged, although innocent of any connection with the robbery, the real culprit having soon after confessed to the crime. The poor prosecutrix was so horrified at discovering her mistaken identification that she became a lunatic. This incident was the chief cause of the passing of Sir Samuel Romilly's Act for the abolition of capital punishment for robberies on the highway of property under forty shillings value.

Abandoned habits (society), the riding costume of the "Pretty Horsebreakers" of "the Lady's Mile," in Hyde Park.

Abandonees (provincial), houseless tramps, wanderers. (Harlotry), a prostitute who has either deserted her husband or been abandoned by him.

The married *abandonnée* looks down with a ludicrous assumption of superiority on such of her unfortunate companions as have never vowed at the altar "to obey."
—*H. Downes Miles: Life of Richard Palmer (Dick Turpin).*

Abandonment, city term for the bankruptcy of a railway company.

Abandons (popular), foundlings, also applied to street prostitutes.

Abbess, lady (obsolete), the mistress of a brothel, also a procuress.

The infernal wretches who traffic in the souls and bodies of their helpless victims are called *lady abbesses*.—*W. Kidd: London and all its Dangers.*

The inmates were called the "nuns," and sometimes "Sisters of Charity." The French slang had formerly the corresponding expression "*abbesse*," the establishment being termed "*abbaye des s'offre à tous*," the inmates "*nonnes*," and the male associate of the mistress "*le sacristain*."

Abbey-lubber (nautical). This is an old term of reproach for idleness, and is applied only to the nautical *lubber*. In the "Burnynge of Paule's Church, 1563," it is thus explained: "An *abbey-lubber*, that was idle, well-fed, a long lewed lither loiterer,

that might work, and would not."—*Smyth: Sailor's Word-Book.*

Abbot, the fancy man or husband of an abbess. A crozier'd *abbot*, or *abbot* on the cross, a man who keeps a brothel more for the purpose of robbery and extortion than that of prostitution.

Abbreviations. One of the most notable signs of the degradation and deterioration of a language is the popular habit, in many other countries besides England, of abbreviating words and reducing them to their first syllables, as if in a fast age the common multitude had only time to express themselves in monosyllables. It prevails alike in the learned halls of Oxford and Cambridge and the lowest slums of St. Giles's and Whitechapel. Among the most prominent may be cited the following which, though strictly speaking are not slang, touch on it as not being the original terms. When written or printed they are simply technical and conventional, but used verbally they are slang.

A.D.C., Aide-de-Camp; **Ad.G.**, adjutant; **Ad lib.**, *ad libitum*; **A.Q.M.G.**, Assistant Quarter-Master-General; **biz**, business; **C. in C.**, Commander-in-Chief; **C. - O.**, Commanding-Officer; **Cri'**, "Criterion" (restaurant); **D.A.Q.M.G.**, Deputy-Assistant Quarter-Master-General; **Ex-**

am., university or competitive examination; **Gent.**, gentleman; the **High**, High Street, Oxford; **I.G.**, Inspector-General; **Jocks.**, jockeys; **J.P.**, Justice of the Peace; **Mem.**, memorandum or member; **Mods.**, moderations (university); **N.C.O.**, Non - Commissioned Officer; **Nem. Con.**, *nemine contradicente*; **O.C.**, Old Cheltonian (Cheltenham College); **Ox.**, Oxford music-hall; **Pav.**, Pavilion music-hall; **Photo**, photograph; **Pops.**, popular concerts; **P.R.**, the prize ring; **Pub.**, or public, public-house; **Pug.**, pugilist; **Q.C.**, Queen's Counsel; **Q.M.G.**, Quarter-Master-General; **Rad.**, radical; **Rep.**, representative; **Sov.**, sovereign; **Spec.**, speculation; **Specs.**, spectacles; **S.U.O.**, Senior Under - Officer (R.M. Academy); **Tec.**, detective; **Tol** or **tol lol**, tolerable; **Tram.**, tram-car; **Typo.**, typographer or printer; **Varsity**, university; **Vet.**, veterinary surgeon; **Vice**, Vice-Chancellor.

Cab and *bus*, which were originally slang, have by dint of usage succeeded in establishing themselves in the language. In the novels of Charles Dickens they had already acquired a certain archaic flavour.

Abdar (Anglo-Indian), a tectotaller. In Hindostanee *abdar* signifies a water-carrier.

Abdeli (Anglo-Indian), a hypocrite, a canting preacher, a fastidious or false zealot.

Aberdeen cutlets (popular), cured or dried haddocks, or "haddies," as the Scotch term them.

Abiding (vagrants), "my *abiding*," generally refers to a temporary resting or hiding place, secure from capture. *Abiding-by*, hiding within call.

Abel had no friends, and as he was not considered to have an *abiding*-place, his being missed from one spot only led to the conclusion that he had gone to another.—*Mrs. Crowe: Lilly Dawson.*

Abigail (society), a lady's maid. More properly one of an ill temper, or tyrannical to her mistress.

Tyrrill, on entering his apartment, found that it was not lighted, nor were the *abigail*s of Mrs. Dods quite so alert as a waiter at Longs'.—*Sir Walter Scott: St. Ronan's Well.*

Old English writers first employed it as a cant word for a termagant woman, and afterwards for a female bigamist. It seems probable that having originally received its present signification from Abigail, who called herself the handmaiden of David, the word became synonymous for a lady's maid, in the same way that Job and Samson came to be applied respectively to a model of patience and to a man of herculean strength. It was used by Beaumont and Fletcher as the name of a handmaiden in their comedy of the "Scornful Lady," and must have been further popularised by the maiden

name Abigail Hill of Mrs. Masham, waiting-woman to Queen Anne. It appears to have been adopted by many authors.

Whereas they petition to be freed from any obligation to marry the chamber-maid, we can by no means assent to it; the *Abigail*, by immemorial custom, being a deodand, and belonging to holy Church.—*Reply to Ladies' and Bachelors' Petition*, 1694.

By coach to the king's play-house, and there saw "The Scornful Lady" well acted; Doll Common doing *Abigail* most excellently.—*Pepys' Diary*.

There are many other instances of the names of characters of comedies or novels having been adopted to denote a whole class of individuals. Thus, an inn-keeper is called Boniface, from Farquhar's "Beaux' Stratagem." A Bob Acres, from Sheridan's "The Rivals," is synonymous with a coward. The French apply to a swindler the name of Robert Macaire, immortalised by Frédéric Lemaître in his impersonation of the character in the melodrama "l'Auberge des Adrets"—Robert Macaire, by the bye, was the name of a notorious bandit. One of the creations of Balzac, in his "Comédie Humaine," l'illustre Gaudisard, has provided an epithet for a commercial traveller; and the French use *Abigail* with the same signification as on this side of the Channel.

On vit paraître une superbe berline, forme anglaise, à quatre chevaux, remarquable surtout par deux très jolies

abigails, qui étaient juchées sur le siège du cocher.—*Brillat-Savarin: Physiologie du Goût*.

Dr. C. Mackay, alluding to the generally accepted derivation of the word, says, "This supposition may, or may not be correct; but it is curious to remark that in the ancient Breton and Gaelic language, *abhagail* signifies flip-pant, waspish, and snappish, which word is derived from *abhag*, a terrier, a snarling dog."

Abishag (thieves), the illegitimate child of a mother who has been seduced by a married man. In Hebrew it means the mother's error.

Walpole wrote—"I love David too well not to be jealous of an *Abishag* eight years old."—*Leigh Hunt's Indicator*.

Able - whackets (nautical), a popular sea-game with cards, wherein the loser is beaten over the palms of the hands with a handkerchief tightly twisted like a rope. It is very popular among sailors. French soldiers have a similar game, at least as regards the penalty, termed "*foutro*."—Vide *Barrère's Argot and Slang*.

Abnormity (vulgarism), "a bleeding *abnormity*," an opprobrious epithet applied to the treacherous and deceitful; a person of crooked ways, an informer, a deformed or humpbacked person. *Abnormeth* was formerly used in a similar sense.

Abob (Winchester), a large white jug containing about a gallon in measure.

Abounding (American), applied to a person unmistakably prominent at a party or a public meeting.

When we are told of a professed wit more than usually *abounding* at an evening party, there is no temptation to recruit our dictionaries from the English manufactured in the United States.—*Evening Standard*.

About East (American). A term used by men coming from the New England, *i.e.*, the eastern and purely Yankee States, to signify anything that meets with approval. Such things or people are said to be *about East*. J. Russell Lowell in his "Letters" well illustrates this colloquialism of men who regard everything done in their native states as right, and whose eyes are often turned to the old home amidst the roughing and struggle of the wilder West.

There was not a Yankee when Horace Mann regretted we had not the French word *s'orienter* in our speech, "whose problem has not always been to find out what is *about East*. The enthusiastic (though quaintly exaggerated) love borne the East by its sons is, perhaps, most strikingly illustrated in Major Jack Downing's oft-repeated phrase, 'I'd go *East* of sunrise any day to see sich a place.'"

About right (vulgarism). To do a thing *about right* is to do it thoroughly.

About the size of it (American). An expression indicating an

average, or estimate, or expression of value, or an equivalent, in a very wide sense.

"Do you think that on the whole our Phebe would marry Seth?"

"Wall—I guess that on the whole that's *about the size of it*. She don't know her own mind yet, but she will when she comes to take the measure on't."—*American Story*.

When Eagle Davis died,
I was sittin' by his side,
'Twas in Boston, Massachusetts, and he
said to me, "Old boy!

This climate as you see—
Isn't *just the size* for me;
Dead or livin', take me back if you can
to Ellanoy."

—*A Ballad: In the Wrong Box*.

"Do you take this woman, whose hand you're a-squeezein', to be your lawful wife, in flush times an' skimp?"

"I reckon that's *about the size of it*, squire."—*Chicago Ledger*.

Above one's bend (American), beyond one's capacity.

It would be *above my bend* to attempt telling you all we saw among the Redskins.—*J. T. Cooper: The Oak Openings*.

In the South the phrase to signify the same idea is "above my huckle-berry," or "a huckle-berry above my persimmon." *Bend* in this sense is probably derived from the Anglo-Saxon *bend*, signifying a bond or anything that binds—a contract.

For ich am comen hider to-day,
For to saven hem, yive y may,
And bring hem out of *bende*.

—*Annals and Amiloun*, l. 1233.

"Above my *bend*" is "more than I am bound or held to do"—a Saxon idiom.

Above par, below par (popular).

To be *above* or *below par* signifies that the person using the expression is in better or worse health than usual. It is derived from the commercial term which refers to the price of stock, in that case the meaning being "average" or "level." *Above par* signifies also tolerably drunk; possessed of money beyond one's actual expense.

Abracadabra (medical), applied to any senseless gibberish or extravagant notion. Organic evolution has been stated to be the new *abracadabra* of science.

The French use the epithet *abracadabrant*, which is best rendered by "stunning" or "flabbergasting." *Abracadabra* was a cabalistic word in the Middle Ages. It was written in successive lines in the form of an inverted triangle, each line being shorter by a letter than the one above, till the last letter *A* formed the apex of a triangle at the bottom. It was said to have magical power, and when hung around the neck it was supposed to act as a charm against ague. It is thought to be derived from the Hebrew *ab*, father, *ruach*, spirit, and *dabar*, word. According to this derivation it represents the Trinity.

Abraham (popular), a cheap and trashy slop shop.

Abraham's balsam or **hempen elixir** (provincial), execution by

hanging. So named from the hemp tree, a kind of willow, that is called *Abraham's balm* by botanists. By the gypsies it is called *Father's balm*, and it is used by them as a preservative of chastity. There is a peculiar stone in the marshy districts of the North of England called *Abraham's stone*; a piece of this stone is worn by the lower classes round their necks as a charm against ague, thus following the tradition that Abraham wore a precious stone round his neck to preserve him from disease; when Abraham died, God placed this stone in the sun.

Abraham cove (thieves), a mean, beggarly, despised thief, or rather sneak. Decker writes in 1608 that "The *Abraham cove* is a lustie strong rogue who walketh with a slade about his guarrons" (a sheet about his body). The Hon. Justice Matsel, of New York, in the *Rogue's Lexicon*, registers *Abraham cove* "a naked or poor man; a beggar in rags" (*Grove*).

Abraham grains (thieves), a publican who brews his own beer.

Abraham-man or **Abram-man** (ancient cant), a naked vagabond, a lame or sick beggar, a begging impostor. The Abraham ward in Bedlam had certain inmates who were allowed to go begging on behalf of the hospital, and were called

Abraham-men, the term being applied subsequently to lame or sick beggars, or those shamming distress. The begging impostors designated as Abram-men were well known in the sixteenth century, and are mentioned in the "Fraternitie of Vagabondes," 1575. "An Abraham-man is one that walketh bare-armed and bare-legged, and fayneth to be mad, calling himself Poor Tom." Abraham-men, in Stephen's "Essays and Characters," 1615, are designated as fugitive ragamuffins, pretending to be cripples or impotent soldiers. Harman thus describes them :—

These *Abraham-men* be those that fayne themselves to haue beene mad; and haue beene kept eyther in Bethelam or some other pryson a good tyme, and not one amongst twenty that euer came in pryson for any such cause; yet wyll they saye howe pitiously and most extremely they haue beene beaten and dealt with all. . . . These begge money.—*Caveat or Warning for Common Cursetors.*

The old English dramatists use *Abraham* as a cant word for nakedness, in which sense it is still common among tramps, who say of a naked person, "He was dressed in Abraham's suit, a suit of everlasting flesh colour."

A tawny beard was termed an "Abraham-coloured beard," probably in accordance with the directions for representing all the persons in Scripture as given in the "Byzantine Painters' Guide," the "Book of Ballymotti," &c. In all of these the beards are specially described.

A "Judas-coloured beard," a word of similar import, was so called because Judas Iscariot was traditionally supposed to have had a red beard, and was so represented by early Italian painters. But the epithet of an Abraham-coloured beard remains as yet without any explanation or justification. To "sham Abraham" was to feign sickness or distress, and the term is used to the present day.

THE "SHAM ABRAHAM" AGITATION.—Matters must have come to a pretty pass when even the *Daily News* withdraws its support from the Trafalgar Square impostors.—*The Globe.*

A popular song of the last century, when forgery of bank notes for one pound was a common crime, and when the hanging of the detected criminal was quite as frequent, has preserved for posterity the name of Abraham Newland, the then cashier of the Bank of England, who signed all the notes in circulation :—

Sham Abraham you may,
But you must not sham Abraham Newland.

Sailors use the term to denote an idle fellow who wants to be put on the sick list so as to shirk duty. Workmen also use it, with the meaning "to pretend to be ill," in order to get off work.

Abraham suit, on the, any kind of dodge or deceit designed to excite sympathy, used by begging-letter impostors.

Abraham work (popular), ill-paid trumpery work; trading shams; showy swindles.

Abraham's willing (rhyming slang), a shilling.

Abregoyns (American). Bartlett spells this corruption of "aborigines" as **Abergoins** or **Abrogans**.

I have often heard *Ab-rec-goynes* used in jest for aborigines, especially by Virginians, but never **Abrogans** or **Abergoins**.—*C. G. Leland*.

Abridgments (old), knee breeches, small-clothes.

Frantz (producing a pair of small-clothes which *Toke* examines)—"Your master is von beggar," &c.

Toke—"I accept the *abridgments*, but you've forgotten to line the pockets."—*Lytton; Money*.

Abroad (Winchester), a boy is said to be *abroad* when his name is taken off "Continent Roll" or Sick List, and he returns to school duties.

Abroaded (society), a noble defaulter on the Continent to avoid creditors. It is the police officials' slang for convicts sent to a colonial or penal settlement, but applied by thieves in this country, and formerly in the colonies, to imprisonment merely.

A.B.S. First-class sailors are rated as **A.B.S.**, "able-bodied seamen." Sometimes facetiously translated as "a bottle-sucker."

The Albatross
Is the captain and boss,
The sea-gull queers
Are the offi-ceers;

And the Carey chickens, as I guess,
Is every one an A.B.S.

—*From a MS. of Sea Ballads*.

Abs. (Winchester), abbreviation for absent. To get *abs.* is to get away.

Abscotchalater (thieves), one who is hiding away from the police. From the American *absquatulate*, to run away.

Absence (Eton). This word in the slang of the boys is meant to convey just the opposite meaning. It signifies also roll-call.

Absent without leave (thieves), broken out of gaol; escaped from the police. (Common), not forthcoming when wanted for some crime, debt, or difficulty; absconded.

Mr. Roupell, the member for Lambeth, was reported *absent without leave*.—*Morning Star: Parliamentary Summary*.

At no former period on the expiration of the racing season were there so many speculators *absent without leave*.—*Sporting Life*.

Absit (university), a permit to be absent from college, hall, or chapel for the day.

Abskize, **abschize** (American). In a sketch of Western life published in 1833, in a Philadelphia newspaper, this word occurs as meaning to depart or go away. It would seem to be

derived from the Dutch *afscheyden*; German *abscheiden*, to leave or depart.

Absquatulate (American), to disappear, to run away, to abscond. The reverse of to "squat," from *ab* and *squat*, originally settlers' slang for abandoning a location when fearing an unwelcome visitation, and settling on a more remote spot.

You'd thank me to *absquatulate*, as the Yankees say. . . . Well, I will in a minute.—*Rhoda Broughton: Cometh up as a Flower.*

Bartlett calls this "a factitious vulgarism." It was in use nearly fifty years ago. At that time running away with money by bank presidents, &c., became very common in consequence of financial panics or collapses, and it was the fashion to coin words from the names of the delinquents, as "to Swartwout" or "to Schylerise," &c. When we reflect that there are many Yankee and Western men accustomed to spelling bees, and perhaps more familiar with the difficult words of the dictionary than are many scholars, it does not appear remarkable that we find in American slang a number of words which have a learned length and Latin sound. To any half-educated man with a fancy for extravagant expression, and familiar with "abscond," "to squattle away," and "perambulate," *absquatulate* would readily suggest itself in an effort to recall one or the

other. Once uttered and heard, it would become popular. To deliberately invent a new word, without some foregoing suggestion or basis, and get it adopted, is one of the rarest events in the world, even in America, where men are continually attempting it.

The various slang synonyms are "to skedaddle, to cut one's lucky, to sling one's hook, to mizzle, to bolt, to cut and run, to slip one's cable, to step it, to leg it, to tip the double, to amputate one's mahogany, to make or to take tracks, to hook it, to slope, to slip it, to paddle, to evaporate, to vamoose, to tip your rags a gallop, to walk one's chinks, to pike, to hop the twig, to turn it up, to cut the cable and run before the wind," and in the lingo of the light-fingered and sure-footed gentry, "to make beef, to guy, to speel."—*Barrère: Argot and Slang.*

Abusive drill, adjutant's drill.

The adjutant, being responsible for the drill of a regiment, has constant parades for instruction and practice, at which he may occasionally use strong language. He is especially concerned with the development of recruits, the perfecting of awkward squads, and of careless or inattentive soldiers sent back to drill as a punishment. A salutary change has no doubt come over the army, which was once proverbial for cursing and swear-

ing. Even the highest ranks were addicted to it, as witness the old saying, "How we swore in Flanders," and the story in Greville's *Memoirs of the Duke of Wellington* and Lord Anglesea at Waterloo. When the latter was wounded, he cried, "I've lost my leg, by G—d!" "Have you, by G—d!" replied the Duke. But language of correction and reproof is still likely to be strong, and may at times become "abusive" when issuing from a much aggravated adjutant's mouth. A story is told of the last Lord Cardigan which illustrates the style of a military officer of a comparatively modern school. His lordship was being driven to the covert-side in a postchaise, and the postillion lost his way. Lord Cardigan, furious at being made late for the meet, threw down the glass of the chaise and cried, "I may be right or I may be wrong, or I may not be the proper person to say so, but you're a———son of——, and if I could get near you, I'd twist your —— neck off."

Academies, canting, the low lodgings or public-houses for cadgers and tramps, lurkers, or the houses of call or country lodging-houses for beggars and impostors who solicit alms by a written petition or forged soldier's or sailor's discharge.

Academy (obsolete), an organisation of thieves; a rendezvous

for practising the flash art "dodge;" a goal; a brothel. Termed also "flash-drum," "nanny-shop," "buttocking shop," and in police-court reports, "disorderly house." Establishments where "good beds" are provided for couples are termed "houses of accommodation," which correspond to the French "*maisons de passe*." A chronicler of old London relates that Sir William Walworth, the city fishmonger, who assassinated Wat Tyler, possessed a number of *academies* or low brothels in Southwark, which Wat Tyler had levelled with the ground. "Hence," says the old writer, "private feeling and revenge may have prompted Walworth's activity to slay Tyler." Peter Pindar writes that "*academy* is an euphemistic expression for a house that harbours courtezans." A "finishing *academy*" is a private brothel, where a staff of young (not common) prostitutes are kept on hire. So called from its being the last gradation of private prostitution before going on the public streets. The girls who chiefly resort to these brothels are work girls who visit on the sly: they are not driven by want or desertion, but go from wilfulness; to use their own words, they "work honestly for a living, but do the *naughty* for their clothes." A "character *academy*," a rendezvous for characterless shopmen, footmen, barmen, and others, whereat

false characters are concocted, and other plans are matured for robbing employers. These places are chiefly alehouses kept by discarded servants; as the subscriptions are enforced monthly on those in place, the funds are very large, and each *academy* keeps a staff of well-educated teachers who are well experienced in all the craft of trade, and well-appointed agencies are kept up in all the manufacturing towns, acting as references, and to give good written characters. A "gammoning *academy*" is a reformatory for juvenile criminals.

Acceleration (vagrants). "He died of *acceleration*," he died of starvation.

Accelerators, the union relieving officers, from their frequent refusal to give food to the dying outcast, whose miserable career of want often ends in death. In such cases the jury invariably accompany their verdict of natural death with the rider, "Accelerated through the want of the common necessaries of life."

Accommodated (thieves), sentenced to a term of imprisonment.

For practising on the flat, I was apprehended and was *accommodated* with a month's board and lodging at the expense of the nation.—*Mayhew: London Labour and London Poor.*

Accommodation houses (common), brothels. Their female

frequenters are termed "Ladies of *accommodating morals*," being a trifle more genteel than their sisters, the street prostitutes.

Accommodation shops (city). The officers of certain "Finance Joint Stock Companies" who practise the *accommodation swindle* on "Lloyd's Bonds," Debentures, Preference, and all other shares.

Accommodators (thieves), chiefly ex-police constables who negotiate a compounding of felonies and other crimes by bribing witnesses and prosecutors.

According to Cocker (common), proper, according to rule, according to the best authority. This phrase refers to a famous writing-master of the name of *Cocker*, who in the time of Charles II. composed and published an elaborate Treatise on Arithmetic.

This work commences with a "Provena," or Preface, which ends thus: "All the Problems and Propositions are well weighed, pertinent, and clear, and not one of them taken on trust throughout the tract; therefore now

Zoilus and Momus lie you down and die,
For these inventions your whole force defy."

Professor De Morgan writes that the phrase as a popular

saying originated in 1756, and was taken up by the people from Murphy's play of "The Apprentice," in which the strong point of the old merchant Wingate is his extreme reverence for *Cocker* and his Arithmetic. In America, a similar confirmation phrase is in common use, except that the name of *Gunter* is substituted for that of *Cocker*. Gunter was a famous arithmetician, and no doubt the American phrase is the oldest. The old laws of Rhode Island say, "All casks shall be gauged by the rule commonly known as '*gauging by Gunter*.'" "Mr. K., a respected citizen of Detroit, has published a letter entirely exonerating General Cass from the charge of having defrauded his association in the land speculations. He is positive that all was done *according to Gunter*." *According to John Norie* is the standard of appeal among sailors. John Norie compiled a very popular work entitled, "The Navigator's Standard Manual." Among schoolboys *according to Walkinghame* is the confirmation of a rule.

According to the revised statutes (American). Anything that is legal, or properly authorised or established. An expression first used in this general or humorous sense by a lawyer of New York named Halstead, in *Vanity Fair*, in 1860.

Account (nautical). Going upon *account* is a phrase for buccaneering.

(Sporting), to *account* for, refers to one's personal share in killing.

The persecuted animals (rats) bolted above ground; the terrier *accounted* for one, the keeper for another.—*Thackeray: Vanity Fair*.

Accounts (common). To cast up *accounts* is to vomit, and in thieves' lingo it signifies to become evidence against an accomplice.

Accumulatives (American). At times an editor in the United States will make a remark or a joke, then another will cite it and add a remark or a parody of it, which will again be commented on by a third. Thus one says:—

"William, familiarly known as 'Bill' Sticker, was indicted last week in Leadville for passing counterfeit money. This is according to law, for he who runs may read in any street, 'Bill Stickers will be prosecuted.'"

To which a rival adds:

"We say amen to that. We were stuck yesterday ourself with a bad bill."

And a third exclaims:

"Suppose Sam Jones should put a bowie into Bill Sticker, who would be the Bill Sticker in that case? Let us reflect!"

We have seen as many as twenty and more of these accumulative paragraphs of this kind "going the rounds" of the country press.

Accumulator (racing), a person who backs one horse, and then if it wins results (sometimes including original stakes) goes on to some other horse.

Ace of spades (old slang), a widow, alluding to the hue of the card. This slang word is given in the "Lexicon Balastronicum," London 1811.

Ack (Christ's Hospital). In the slang of Blue Coat boys this word is expressive of denial or refusal.

Ack men or ack pirates (nautical), fresh water thieves. Probably from a corruption of "ark," meaning boat, as the term "ark ruffs" has a like signification. *Ack*, however, seems to have some connection with the old term *aker* (apparently from the Anglo-Saxon *egor*, the flowing of the sea), which is still applied on the Trent to a kind of eddying swirl which occurs on the river when it is flooded. In the dialect of Craven, according to Mr. Thomas Wright (Dictionary of Obsolete and Provincial English), a ripple on the surface of the water is termed an *acker*.

Acknowledge the corn, to (American). To admit that one has been got the better of, or is outdone.

It is said that an Illinois hoosier once came to New Orleans with two boats, one loaded with corn, the other with potatoes. He fell among gamblers, was made drunk,

and "anted off" or lost both his boats. During the night there came a storm and the boat full of corn was sunk. In the morning the gamblers came to claim their stakes. The hoosier with great firmness replied, "Gentlemen, I acknowledge the corn, but the potatoes you shan't have —by thunder!"—*American Newspaper*. (Given more fully in *Bartlett's Dictionary*.)

A-cock (popular), knocked over, defeated; suddenly surprised, astounded.

He made a rush at me and sent me and my barrow all *a-cock*.—*Thames Police Report*, May 25, 1867.

Also, cocked up.

The small grey sprig on the crown of our pericranium and the thin grey tail *acock* behind.—*Recreations of Christopher North*.

Acorn (old cant), the gallows tree.

The *acorn* is planted for thee, my bonny boy.—*Wilson's Tales of the Border*.

Acquisitive (American), booty, plunder.

The officers surprised them packing up the *acquisitive*.—*The Man in Possession*, by *Leman Rede*: *Sunday Times*.

An *acquisitive* cove, a man given to picking and stealing.

Acrocracy (American), a coined word to signify the landlord interest.

The introduction of a plutocracy amongst the aristocracy and the *acrocracy*, though it has tended somewhat to vulgarise our social institutions, has not been without its good effect.—*Hallberger's Illustrated Magazine* (1878).

Acres (theatrical), a coward, from the pusillanimous Bob *Acres* in Sheridan's play.

In Ireland "a regular *acres* man" meant a professed duellist. From "the fifteen *acres*," formerly a field famous for duels in Dublin. In India, *Acre Farm*, near Calcutta, is used for duels, hence "a regular *acre's* man."

Across lots (American). "In the most expeditious manner" (as regards time), or (as regards distance) "by the shortest cut." "He may be said to have attained place and power *across* lots," *i.e.*, with great rapidity. This phrase comes down to us from the old settlers' days, when the shortest road then, as indeed now, was *across* lots, and not by the main road.

You would cut *across* the lot like a streak of lightning if you had a chance.—*Charcoal Sketches*, i. 35.

And in the "Biglow Papers," Mr. J. Russell Lowell says:—

"To all the mos' *across* lot ways of preachin' an' convertin'."

Acting dickey (naval), an officer acting as lieutenant although not confirmed by the Admiralty. (Legal), a clerk or agent acting in the name of a lawyer on the Rolls. The practice of *acting dickey* is generally resorted to in questionable proceedings.

Action (American), quick work, an immediate result. Western card playing, &c., slang:

"That's my kind," says old Sam; "you get *action* there at every turn. No waiting for any darned cards to turn up."—*F. Francis: Saddle and Moccasin*.

Actionize, to (legal), to cite before a legal tribunal.

Act of Parliament (old), small beer. A military term referring to the fact that publicans were by Act of Parliament compelled to supply billeted soldiers with five pints daily gratis. There is a story current among the Chelsea veterans that the Duke of Wellington saw a soldier warming his weak regulation beer. His Grace said, "Damn the belly that won't warm *Act of Parliament*." The soldier replied, "Damn the *Act of Parliament*, it won't warm the belly."

Actual (American), "the *actual*," money.

As for happiness in this world without the rhino, the chink, or the *actual*, you might as soon think of winning a woman's affections in a raffle.—*Dow's Sermons*.

Ad., adver. (printer's), abbreviations for advertisement.

"I want this *adver.* where it won't show," said a lawyer, as he entered the office of a newspaper. "It's got to be published to comply with the law, but it pertains to a divorce case, and we don't want any more publicity than we can help. Let me see; your paper is Democratic, isn't it?"

The editor replied that it was.

"Then run this *ad.* in under the church notices. It will never be seen there by your subscribers," said the lawyer.—*American Newspaper*.

Adam (popular), master-man, foreman, or superintendent; termed also "gaffer" or "boss of the show."

Adam's ale (old), water as a beverage. It is supposed that this was the only drink of our first parent, and that before Noah planted the vine all were perforce teetotalers.

Your claret's too hot, sirrah drawer, go bring

A cup of cold *Adam* from the next purling spring.

—*T. Brown: Works.*

Another old term for the beverage which "does not intoxicate but does not cheer," is "fish broth." The French argot has the contemptuous epithets "ratafia de grenouilles," and "vase," sometimes varied to "vasinette."

Adam Tiler (old cant), a pick-pocket's confederate, who receives the stolen article, and runs off with it. Origin unknown, but supposed to have been the name of one notorious for his skill at this kind of thing. It is possibly from the German *Theiler*, one who shares, a confederate.

Added to the list (racing), is said of a horse which has been castrated. A like operation performed on a man is termed in French slang "Abélardiser," from the barbarous treatment of Abélard by Chanoine Fulbert. When a horse has been imperfectly castrated he is called a "rig."

Addition, division, and—silence! (American). This phrase originated in Philadelphia.

Addle-cove (popular), a foolish man, same as addle-pate. "Literally, a rank sucker."—*N. Y. Slang Dict.*

(Old cant), an alchemist.

Adjutant's gig (military), the barrack roller, which is drawn, presumably under the adjutant's orders, by the defaulters—the men under punishment—who are the slaves, the hewers of wood and drawers of water for officers, comrades, and the barracks generally.

Admiral (naval), the ship which carries the *admiral*. Formerly all ships were called *admirals*.

Our tall *admirals* that visit every sea.—*Cornelius O'Dowd.*

Admiral of the Blue (old slang), a public-house keeper, so called, says Grose, because publicans were accustomed to wear blue aprons. Properly an *Admiral of the Blue* is one of the third class in the navy, and holds the rear in an engagement.

Admiral of the narrow seas (nautical), one who from drunkenness vomits into the lap of his opposite companion.

Admiral of the Red (common), a person whose ruby countenance gives unequivocal signs of his penchant for the bottle. Properly, *Admiral of the Red* is an admiral of the second class, and holds the centre in an engagement.

As regards the word *admiral* taken in its literal sense, it may be interesting to remark that this word seems to have been introduced into Europe by the Genoese or Venetians in the twelfth or thirteenth century, from the Arabic Amir-al-bahr, commander of the sea, the terminating word having been omitted (Webster).

Admirals of the red, white, and blue (popular), street and square beadles, office and club door-keepers.

Admiral of the white (popular), a white-faced person, a coward; a woman in a faint.

Admire, to (American), characteristic of New England, and used

in many strange ways, e.g., "I *admire* to look at pictures." *Admire* is often used for liking, predilection, or taste. "I do *admire* peaches and cream." "Don't you *admire* pumpkin-pie with ginger in it?" corresponds to the prosaic use of *adorer*, to worship: "j'adore les pommes de terre frites."

Adobe (American), a house made of dried clay in *adobes* or large clay blocks. "To the old *adobe*," is the death-cry of the vigilants of San Francisco when a criminal is tried by lynch law and condemned to death; the old *adobe* being the slang title of the custom-house where the execution of malefactors takes place. *Adobe* signifies a sun-baked brick, from the Spanish.

At Los Angeles, county California, the skilled silk workers are comfortably housed in *adobe* cottages.—*United States Correspondent, Standard*, May 1869.

Adoi, adoy (gypsy), there. "Adoi se miri dye!"—"There is my mother!"

Adonee (old cant), the Deity. Evidently Yiddish, from *Adonai*, Lord. Martin Luther uses the word as a cant term among beggars for God.

A tramps' toast says:—

"May the good *Adonee*
Soften the strong;
Lighten our loads
And level our roads."

Adopted (American) signifies a naturalised citizen. President

Lincoln proposed to Congress that the word *adopted* should be struck from all public documents, so as to place foreign citizens and native-born citizens on an equality.

Adopter, a scoundrel who pretends to be desirous of *adopting* a child, out of philanthropic motives, on the payment of a certain sum, and either gets rid of it at the earliest opportunity, or leaves it to die of starvation and neglect.

There can be no doubt that if the history of every one of the ten thousand of the young human pariahs that haunt London streets could be inquired into, it would be found that no insignificant percentage of the whole were children abandoned and left to their fate by mock *adopters* such as F. X.—*James Greenwood: The Seven Curses of London.*

The initials refer to the subjoined advertisement, which is given here as a specimen of the mode of proceeding of *adopters*.

Adoption.—A person wishing a lasting and comfortable home for a young child of either sex will find this a good opportunity. Advertisers, having no children of their own, are about to proceed to America. Premium, fifteen pounds. Respectable references given and required. Address, F. X.

Adoption. (Low) “doption,” an adopted child. In baby farming, “to be mounted for lopping the ‘doption,’” is to be placed in the criminal dock for causing the death of an adopted child.

Adown in the viol (thieves), a hue and cry against a detected cul-

prit. *Adown*, although now considered vulgar, was formerly used by our best writers in place of down; viol refers to the noise of the old-fashioned instrument when played by street musicians, which was very different from its offspring the violin.

Ad portas (Winchester), a Latin speech delivered by the Senior College Prefect to the Warden of New College, and the “Posers” (see this word), &c., under the middle gate when they come down at election to examine for Winchester and New College scholarships and exhibitions.

Adrom (gypsy), away. From *a* and *drom*, a road or way; Greek *δρομὸς*. “*Jasa tu adrom, mān hatch akai*”—“Go thou away, do not stop here!”

Adsum (Charterhouse), roll-call or name calling.

Adullamites (Parliamentary), the seceders from the Liberal party led by Mr. Gladstone during the Reform Agitation of 1867. To “take refuge in the cave of Adullam” is a phrase borrowed from the Old Testament, and was used during the great American civil war in 1863 by President Lincoln in reference to the partisans of General M’Lellan after his dismissal from the command of the army of the Potomac. It was after-

wards used by John Bright in the British Parliament.

John Bright invented another apt phrase when he dubbed the seceders from the Reform party *Adullamites*. Parliamentary tactics have naturally given birth to many slang words.—*Cornhill Magazine*.

Adusta, adosta (gypsy), enough.

“Büt *adosta* Romany chals.”—“Many gypsies.”—*Lavengro*.

Advantage (Californian); pocket *advantage*, carrying a pistol charged and at half cock in the coat pocket, so that if the hand is placed in the pocket it rests on the handle. Sometimes a shot is fired at an adversary through the pocket itself. This is only done with a derringer.

Ægers (university slang), letters of excuse; from the Latin *ager*.

Perhaps it's a deep-laid scheme of yours to post a heap of *ægers* while you're a Freshman, and then to get better and better every term, and make the Dons think that you are improving the shining hours by doing chapels and lectures more regularly, artful Giglamps!—*Cuthbert Bede: The Adventures of Mr. Verdant Green*.

Ægrotat (university), a remission of a collegiate duty, generally obtained by some questionable excuse to the principal. From *ægrotare*, to be ill.

Æsthetic (American). This word, from being supposed to mean “artistic,” has been extended to excellence of all kinds. In 1884 a grocer in Philadelphia advertised very seriously and innocently that he had some

“very *æsthetic* cheese.” It is occasionally abused in much the same way in England.

Aetna (Winchester), an ambitious appellation given to a small boiler for “brewing,” that is, making cocoa or coffee, the combustible used being spirits of wine.

A. F., abbreviation for “Across the Flat,” one of the numerous subdivisions of the racing track at Newmarket. The *A. F.* course commences at the running gap in the Ditch, and ends at the winning post of the Rowley Mile, whence also to the Grand Stand. The distance *A. F.* is one mile, two furlongs, and seventy-three yards.

Affidavit men (old), men who loitered about the courts of justice ready to swear anything for pay. They were also known as Knights of the Post, and were distinguished by the straw which they stuck in the heels of their shoes. The word has become obsolete, but not so the practice, as there are even now plenty of scoundrels loitering outside courts of justice who are ready to swear to anything for half-a-crown.

Affinity (American), a person of the opposite sex who is perfectly in harmony with any one. A *passional affinity* is one in whom intense sexual desire exists in common with

all other attributes. This is the favourite and characteristic expression of the Free-Love sect, which sprung up about 1850, and for a time attracted a great deal of attention, holding public meetings in New York, "giving rise" to much newspaper writing, and not a little extremely lively literature, such as "Fanny Greely, or the Confessions of a Free-Love Sister," &c. Several communities were founded to carry out Free-Love practically; that at Berlin Heights was made the subject of an amusing sketch by Artemus Ward. The Oneida county Free-Love community is described by Hepworth Dixon in "Spiritual Wives." The original Free-Lovers held that love is, or should be made, the motive power and inspiration of life, that to perfect ourselves in every way we should have an *affinity*, that two persons are required to make one complete life or destiny, and that it is the great duty of life to seek for this *affinity*. Everything should yield to this, and should the *affinity* unfortunately be already married to another, there should be a divorce and re-marriage at once. Of course, it was soon discovered that a great deal of experimenting with different ladies or gentlemen was necessary before the true *affinity* could be discovered. This liberty to "chop and change ribs *à la mode Germanorum*" was not, however, favourably

regarded by the "cold world" of orthodox Christians.

In the year 1850, a house of ill-fame having been broken up in Philadelphia, its inmates were brought before a magistrate. Among them was a young lady of very attractive personal appearance, who was identified as belonging to an excellent family in the North. On being asked why she led such a disreputable life, she replied that she was an advanced spiritualist and free-lover, and considered it to be the mission and duty of her life to offer herself to men seeking for *affinities*, or to man in the abstract, and that every man whom she liked and who returned the feeling was her husband. She defended her views with great earnestness, and in language which indicated an excellent education and extensive reading.—*MS. Notes.*

I was goin' along the street, 'bout three-quarters past owl-time, when I met as pretty a yard-and-a-half of black silk as I ever looked at. "Young gentleman," says she, "don't you want a *bashernal affinity*?" "What's that?" says I. "It's a prize bed-comforter," says she, "and the price is five dollars, extras included; don't say no, for to-morrow and the day after you'll be sorry to have missed such a chance of addin' to the golden joys of youth."—*New York Sunday Journal.*

Affirmative side, the winning side, the side most likely to forward one's self-interest and promotion.

He was shrewd, sharp, and subtle enough to be always on the *affirmative side*.—*The Silent Placeman, 1824.*

Cats and dogs have never been able to agree on the main question that both seem to want the *affirmative side* to win on't.—*Josh Billings: On Cats.*

Afflictions (drapers), mourning habiliments. *Afflictions* are quiet, *i.e.*, mourning goods are not in demand. Mitigated *afflictions*, half mourning.

Affygraphy (popular) is said of anything that fits nicely.

"Is it in?" said he—"It is," said she.
 "Does it fit?" said he—"It does," said she.
 "Quite affygraphy?"—"Quite affygraphy."
 —*The Lady and the Shoemaker.*

Aficionado (gypsy), a non-gypsy who lives and mixes with the tribe. From the Spanish *afición*, affection.

An *aficionado*, a true lover and student of gypsy life.—*Experiences of a Roumanie Rhei: Penny Illustrated Paper.*

Afloat (common), in a promising or a prominent state or condition.

All the town's afloat.—*Gay.*

A-fly (low), to get a-fly is to become expert at.

Go first to costermongery,
 To every fakement get a-fly,
 And pick up all their slangery.
 —*The Leary Man.*

Afterclap (American). In Pennsylvania and the Western States of America this signifies an additional, and very often unjust demand beyond the agreement or bargain originally made. "None of your afterclaps." In Scotland the same word means "evil consequences."

After-dinner man (old), a deep drinker.

The good Baronet (Sir Francis Burdett) was not only a foxhunter, but a celebrated *after-dinner man*. It must have been a good bout indeed in which he was worsted.
 —*Dublin Sketch Book*, 1830.

After four (Eton), the interval between 3 and 6 P.M.

Afternoon buyer (popular), one who waits until after the market dinner with the hope of purchasing cheaper than before that time.

Afternoon farmer (popular), one who neglects his farming operations until late in the season, or holds over his stock until late in the day, in the hope of getting a better price.

After twelve (Eton), the recess after morning school and before afternoon class.

I used to visit him regularly in the dear old college from the *after twelve*.—*Whyte-Melville's Good for Nothing.*

Croppie, who abominated all laws and delighted in transgressions, resolved to go to the fair, and without difficulty he persuaded the Pug and me to join him. One day *after twelve* the three of us passed over Windsor Bridge in the same condition as the "bold adventurers" alluded to in Gray's Ode.—*Brinsley Richards' Seven Years at Eton.*

Age (American, cards, technical), the oldest hand or player to the left of the dealer, who, at Poker, is allowed to pass the first round after the hands are "helped," and to come in again after all have raised or gone out. He signifies his intention by saying "my age," or "I pass the age." The effect is that the first player becomes the last player. This expedient is sometimes used to conceal a very good hand, and at other times as preparatory to

a "bluff," or a poor one. As cases of absolute equality among hands are all but impossible at Poker, little is risked by it.

Aged (racing, technical), any horse over six years is described as *aged*.

We really do abuse the powers of our blood stock in its undeveloped stage, and use up our racehorses at far too early an age. There is no disputing the fact that Bendigo stands alone as a first-class *aged* representative racehorse now on the turf, where in former days we had our Lanercosts, Touchstones, Beeswings, Alice Hawthorns, &c., by the dozen.—*Sporting Times*.

Agee or ajee (American). Bartlett defines this as "askew;" as to have one's hat *agee*. From the term *gee*, used in driving cattle. It seems rather to be derived from *gee*, "to agree with," "to fit," with the prefix negative *a*. In America it is also applied to a door ajar or partly open, as appears by the following rhymes from a comic paper published in Philadelphia in 1833 or 1834 on an incident which occurred there:—

I am an undertaker true,
And know my business well;
I'm just the man to punish you,
For sending folks to hell.

You quite forgot, behind the door,
When it was left *agee*,
I caught you hugging Mrs. —,
Your heart quite full of glee.

According to Wright (Provincial Dictionary), *agee* is North English, and means both awry and ajar. The word is, however, at

present far more generally used in America than England.

Aggari (Anglo-Indian), lit. fire-carriage, applied by the natives to a railway train.—*Hobson Jobson, being an Anglo-Indian Glossary*, London 1886.

Aggerawators (popular), a corruption of "aggravators," the lock of hair formerly in vogue alike among honest costermongers and men of the Bill Sykes type, worn twisted back from the temple towards the ear. It is now in favour among gypsies and a few "bruisers." The French peasants of Berry are fond of this ornament, which recalls, though much shorter, the old cadenettes of the French husars.

His hair was carefully twisted into the outer corners of each eye, till it formed a variety of that description of semi-curles usually known as *haggerawators*.—*Dickens: Sketches by Boz*.

Agitate the communicator (common), ring the bell.

Agitator (common), a bell rope; the street door knocker.

Aglal, glal (gypsy), before, in front of.

Agogare (American thieves' slang), be quick! A warning signal. From *agog*.

Agonise (American), to endure agony. A favourite word with young or "sensational" clergy-

men. The writer once heard one of these declare (in Kentucky), that "We must *agonise* if we would see God," and he has since met with the same expression in print.

Agony (common), to put or to pile the *agony* on, means to thrill, to horrify, to keep up or intensify the excitement attendant on sensational productions.

"Wife" is a fair specimen of a book of this kind. It is all *agony* from beginning to end. There are no pauses for lengthened descriptions of summer evenings or old-fashioned gardens; there are neither panegyrics of virtuous heroes, nor verbal portraits of lovely heroines. The *agony* is put on at full pressure in the first chapter, and is never shut off till the last.—*Saturday Review*.

That particular column in the daily papers, which is headed by private communications between individuals, is called the "agony column."

And how does she propose to succeed? Pollaky? The *agony* column? Placards, or a Bell-man?—*Black: A Princess of Thule*.

HARD.—I beg of you to see me. Your refusal does more harm than good. Your time will suit me. Please don't refuse. I think it most unkind of you, considering all things.—Q.

—*Standard*.

The *agony* column does not always contain unpleasant or dismal tidings. It is used extensively by lovers and as a means of communication between thieves, &c.

SHOULD be delighted to take sweet counsel of an Oracle so lovely, free, and

mild. True grief to have marred Elysian blisses.

SWEETHEART.—Shall be in town shortly after Christmas. So longing to see you, love. True and faithful even to your shadow.

THE MOON.—Bless us and keep us, what can you mean? I never supposed.—ELIAB.
—*Standard*.

It is said that the last Carlist revolution was arranged entirely by means of the *Times'* agony column.

Football players say of the side that makes a number of goals that it "piles on the *agony*." In theatrical parlance an "*agony* piler" is an actor who performs in a sensational play in which the blood of the audience is made to curdle and their flesh creep. To "pile on the *agony*" was originally American; it was common in 1840.

Alay, alé (gypsy), down.—("Besh-tu *alay* adoi te me te vel pen tute a kushto *gūdlo*—"Sit thou down there, and I will tell thee a nice story!")

Albany beef (American), the sturgeon, so called because Washington Irving spoke of the "hospitable boards" of that city as "smoking with sturgeon." It is also sometimes

called "nigger beef," sturgeon being in some parts of the United States a cheap fish which was once held in very little account. It is to be remarked that several kinds of fish are often spoken of as meat. Thus a Yarmouth bloater is called a two-eyed steak, or a Yarmouth capon; a kind of fish in India is known as Bombay ducks, and a fresh herring is a Billingsgate pheasant.

Albert (common), a watch chain.

Albertopolis, according to Hotten, a facetious appellation given by the Londoners to the Kensington Gore district. Now obsolete.

Aldea (Anglo-Indian and frontier American), a village or a villa, a country-seat. From the Spanish *aldea*, which is in turn derived from the Arabic.

Alderman Lushington, intoxicating drink. (Patter imported into Australia by convicts.)

Beer or liquor of any kind is *lush*; to *lush* is to drink. Speaking of a person who is drunk, the "flash" fraternity say, "*Alderman Lushington* is concerned," or

simply, "He has been voting for the *alderman*." A *lush-crib*, or *lush-ken*, is a public-house.—*From Vaux's Memoirs*.

Aldgate pump (old), a draught on *Aldgate pump* meant a bill of exchange drawn on persons no better able to pay than *Aldgate pump*.

Ale draper (old), ale-house keeper.

Alemnoch (tinker), milk.

I almost dropped when up she jumped
And said, "I'm ready now,
But why this look of thusness
That is stealing o'er thy brow?"
I cried, "Avaunt and touch me not!"
Then bolted up the lane,
And I'll take my *Alfred David* hot,
She don't catch me there again.
—*Blighted Love*, by Harry Adams.

He is engaged in receiving the *afterdavy* of a man who got his head broke by a tinker.—*Kingsley: Geoffrey Hamlyn*.

Algerines (theatrical), performers who bully the manager of a theatre when the salaries are

not paid. Also petty money-borrowers.

All abroad (common) an expression used when any undertaking has failed, and a person is uncertain as to the course to pursue. A variant is "all at sea."

"Alas! poor ghost!" It's a doubt which is most
To be pitied—one doom'd to fry, broil,
boil, and roast,—
Or one bandied about thus from pillar
to post,—
To be *all abroad*—to be "stumped," not
to know where
To go—so disgraced.
—*Ingoldsby Legends: A Legend of Dover*.

Alla compain or *alicumpaine* (rhyming slang), rain, termed "parney" in thieves' lingo; also a common sweetmeat derived from the name of the plant.

Of ups and downs I've felt the shock,
Since days of bats and shuttlecocks,
And *alicumpaine* and Albert rocks
When I the world began.

—*The Leary Man*.

He had been noted for an immoderate partiality for the saccharine though indigestible cates known as *alecampain*, and Bonaparte's ribs.—*Sala: The Baddington Peerage*.

All afloat, rhyming slang for a coat.

All alive (tailors), garments unfairly or slovenly made.

All along of, an illiterate synonym for "on account of," "by reason of," or "owing to such and such a cause." The phrase oc-

curs in print so early as the time of Chaucer, and is therefore in all probability much older.

All-a-mort (old), struck dumb, confounded.

All around sports (American), men who take an interest in all kinds of sport—racing, shooting, fishing, ball, pedestrianism, sparring, cock-fighting, ratting, &c.

All at sea (common), bewildered, confused; “*all at sea* on the question.”

“Dear, do scientific men become sailors when they are scared?”

“Guess not. Why?”

“Because this paper says that since the earthquake the scientists are *all at sea*.”—*Pittsburg Bulletin*.

All beer and skittles, recent slang signifying that the life and the circumstances of the person to whom it is made applicable are not so pleasant or so happy as they might be, or as they are represented to be. The allusion is to the supposed amusements of working men in the skittle ground, and to the beer which they drink to refresh themselves during the exercise.

Even the life of an heir to the Russian throne is not *all beer and skittles*. The young Grand Duke has narrowly escaped being sent to the Crimea instead of to Cannes for the benefit of his health.—*Globe*.

The expression is sometimes varied to *all skittles and beer*.

There's danger even when fish are caught
To those who a wetting fear;

For what's worth having must aye be
bought,
And sport's like life, and life's like sport,
It ain't *all skittles and beer*.

—*Adam Lindsay Gordon's Poems*.

The word *skittles* itself has ceased to belong to slang phraseology. It may be interesting to remark that the game was originally nine pins; but the Blue Laws of Connecticut having forbidden that game, the astute sons of the Puritans added a pin, and made the game ten pins, or, as it is now called, “American bowls.”

All brandy (popular), good, profitable, pleasant.

All bum (popular), a female with a large bustle.

All-fired (English and American), immoderate, violent. This common expression is thought in New England to be an euphemism for “hell-fired.” Thus people talk of an “*all-fired* abuse,” meaning a crying abuse; an “*all-fired* hurry,” *i.e.*, in great haste.

I knows I be so *all-fired* jealous I can't bear to hear o' her talking, let alone writing to.—*T. Hughes: Tom Brown at Oxford*.

All fours, to be on (common), to be on good terms, to be exactly similar; probably of Masonic origin, and referring to the completeness and harmony of the four sides of a “square.”

The cases [Bradlaugh *v.* Newdegate, Clarke *v.* Bradlaugh] are on *all fours*.—*Times*.

All gay (thieves), a term to denote that the coast is clear, a variant of "all serene," all right. French thieves use the expression "tout est franco" in the same sense.

Having selected one house, at which James Hawes reported to the fourth man that it was *all gay*, which the detective, who was in hiding in a garden, understood to mean that no one was at home, the four men joined together near it.—*The Globe*.

All-get-out (American), an old Yankee expression. "Oh, get out!" appears to have suggested it. This is uttered very often when any person announces or says something extravagant. Whence the saying, "That beats *all-get-out*."

But hark! behold! to-morrow thou,

In deep revenge mayst dry thy tears,
I hev a plan which you'll allow

Beats *all-git-out* when it appears.

—*The Ballad of Tim Zion Boggs*.

All holiday at Peckham (popular) is said when there is nothing to eat. *All holiday* means no work, and *Peckham* is a play on "peck," food.

All hollow, hollow (old slang), completely, utterly. "I beat him *all hollow* at a race." Probably derived from *wholly*. All whole, or whole-and-all, *hecl en al*, is a Dutch idiom; *hecl-all*, the universe.

All in (racing) means that bets made on horses in the list are to stand whether the horse runs or not.

All in! (Stock Exchange), an expression used by men on 'Change

when a market goes flat, and there is a general disposition to sell.

All in a pucker (common), in confusion; so hurriedly as to agitate and perplex. Women of the lower classes, especially when suddenly flustered and agitated, will declare themselves *all in a pucker*, and most frequently such a statement will be deemed sufficient qualification to justify a resort to the usual "pick-me-up."

All in fits (tailors). See PARALYTIC FIT.

All mouth (American), a man who is a great talker, and only a talker, is said to be *all mouth*.

When one Congressman assaults another he generally hits him in the *mouth*, that being about *all* there is to strike at.—*American Journal*.

All my eye (popular), nonsense, untrue. Some philologists have suggested—though they have not adopted—a derivation from the Welsh *al mi hivy*, it is very tedious, *i.e.*, it is all nonsense. It seems far more probable that it is a contraction of the phrase "there is as much of it as there is in *all my eye*," the words being made more forcible by closing one of the organs of vision. To express dissent from any statement, or a refusal to comply with a request, French slang has the corresponding term *mon œil!* which is usually accompanied by a knowing wink and

a significant gesture as an invitation to inspect the organ. *All my eye* is sometimes elongated into "*All my eye and Betty Martin*," which seems to have been the original phrase, and of which many explanations have been given. By many it is said to be a corruption of a Popish prayer to St. Martin, commencing with the words, "O mihi beate Martine!" which fell into discredit at the Reformation. Mr. T. Lewis O. Davies thinks that it arose from a gypsy woman in Shrewsbury, named Betty Martin, giving a black eye to a constable, who was chaffed by the boys accordingly. The expression must have been common in 1837, as Dickens gives one of the Brick-Lane testimonials as from "Betty Martin, widow, one child, one eye" ("Pickwick," ch. xxxiii.). Taking for granted that the expression originated from the beginning of a prayer (a theory which is now rejected by most etymologists), this would be but one of the many instances of a religious formula being distorted and ridiculed. Thus, the cant term "to patter flash," *i.e.*, to talk in cant, is from "to patter" (signifying to mumble), which itself is probably derived from paternoster. The French use *patenôtres* with the signification of mumbling, and *pate-nôtres de singe* means muttering, grumbling; *un vobiscum*, from *dominus vobiscum*, in the

mouth of French work-people, is a disparaging epithet for priest. The familiar *cagot*, *i.e.* religious hypocrite, was formerly a friar of a mendicant order. Then ears polite, on both sides of the Channel, are frequently offended by vulgar allusions to the Bulgarian heretics, though the expression has lost its former opprobrious meaning. Again, some etymologists derive the word "bigot" from the first words of a prayer "by God." "Un goddam" used to be synonymous with an Englishman, at the time when it was thought in France that all Britons had red hair, sold their wives at Smithfield, got drunk regularly after dinner (this may have been a fact at the time of three-bottle men), and always had a bull-dog with his nose at their heels. Bailey ascribes the origin of *hoc est corpus meum*, used by quacks, to *hoc est corpus meum*, when this formula fell into ridicule with many others after the Reformation. It is curious to note that old-fashioned French charlatans still use the words *prêchi-prêcha* as an opening to their *boniment* or puffing speech.

All nations (obsolete), a coat or garment of different patches; a woman with many colours in her dress. A glass of *all nations* was supplied at the dram shops, and consisted of the mixed drippings of the spirit taps and drops of spirits left in

the measures and glasses. In America this is called "all sorts." It is generally mixed with cayenne pepper. In London "all sorts" is a rapidly intoxicating compound.

Allo (pidgin English), all, every. *O* is added to many words in pidgin in an arbitrary manner. "Allo man talkee my so fashion" —"Every man talks to me thus."

Slang-Whang when makee noise,
Wit 'he pigtail floggee *allo* boys,
Allo this pidgin long tim 'go,
What tim good olo Empelor Slo.
—*Slang-Whang*.

All of my lone (American), all alone.

All on the go (vulgarism), gone, done away with.

Such a hard day's work—now *all on the go*!

'Twas beyond a joke, and enough to provoke

The mildest and best-temper'd fiend below!

—*Ingoldsby Legends*.

All out (popular), much, by far; "all out the best," by far the best. To be *all out*, to be quite wrong. (Turf), one who has been unsuccessful during a day's racing is said to be *all out*. (Stock Exchange), *all out!* an expression to denote that the market improves, and that there is a general disposition to buy.

All out (athletic), where a runner or walker has done his utmost, and has not a yard up his sleeve.

All-overish (vulgarism), a sensation as of illness, chills, shuddering pleasure, or "the creeps" from head to foot.

It made me feel *all-overish* to hear him talk so!

Susan kissed me one, two, three times—
I swan it made me feel *all-overish* with plum-goodness.

—*An Honest Boy*.

All over pattern (decorative design.) "A technical term that is used to denote a design in which the whole of a field is covered with ornament in contradistinction to such as have units only at intervals, leaving spaces of the ground between them. The ornament of the Moors, as seen in the decorations of the Alhambra, and that of Eastern nations generally, is most commonly of this nature; the whole surface of the object is covered with decorative forms so as to present to the eye a mass of elaborate detail, the leading lines of which can often only be detected by careful scrutiny. When, as in some Persian surfaces, these lines are often quite lost, the result is unsatisfactory."—*F. E. Hulme: Suggestions in Floral Design*.

All over the shop (common), all over the place; refers also to an obtrusive and exaggerated performance which asserts itself in an offensive manner. In retail

traders' slang it signifies a widely spread movement of any kind, a general scramble, disturbance, or agitation. (Tailors), used of a person or thing taking up too much room.

Allow (American), to admit, to declare, to intimate that a thing must be done. This word is quaintly used by rustics in different states to express thought, or opinion on its utterance; to give. "All the people in the room *allowed* that his conduct was perfectly shameful." "He *allowed* he'd give me a new trunk if I'd *allow* him my arm-chair." (Harrow), *allow*, a boy's weekly allowance of pocket-money.

Allowances (tailors), *allowances* for making up a garment, *i.e.*, for seams, padding, wadding, buttoning, and respiration.

Look, see *all plopa*, allo samee that he Empelor hab got top side he hat. Supposey pearley blongy so fashion, my wiffee too much likee, golaw.—*Howqua and the Pearls.*

All round (common), a phrase applied to a thing or person thoroughly adapted to its or his purpose, and signifies in its restricted sense complete and perfect, as "an *all round* man of business," "an *all round* lawyer," "an *all round* sports-

man," "an *all round* gentleman or lady," or even an "*all round* scoundrel or thief" (in America an "*all round* crook.") An *all round* man is one who can turn his hand to anything, or a clerk who can undertake all the departments in his business.

A much graver question is raised by the strongly expressed opinion of so many witnesses, that the foreigner is at present a better *all round* man.—*The Times.*

Mr. Cox in the small part of Coquelicot is quite himself as a thoroughly *all round* actor—at all events in appearance.—*Punch.*

An *all round* player at billiards is one who goes in for any kind of stroke, in contradistinction to a player who plays exclusively the spot stroke.

It was very evident that the sympathies of the audience were with the *all round* player rather than with the spot performer. The one was all grace and variety. The other, with plenty of grace, was playing a game which invariably became monotonous after a while. There is no doubt that, nowadays, the British public cares little for billiard exhibitions in which the staple is a continuous succession of spot strokes.—*The Star.*

An *all round* cannon is said of a cannon stroke effected by touching the cushions in succession with one's ball before striking another.

All-rounder (common). A shirt collar meeting in front, thus covering the throat, was very fashionable a short time ago, and no "masher" would be seen without one reaching up to his ears.

All round my hat (popular), "I feel *all round my hat*," I feel queer, do not feel very well. "That's *all round my hat*" is synonymous with "that's all gammon," or nonsense. From a song which was very popular in 1834.

Alls (popular), tap droppings, or inferior spirits, sold cheap; (workmen's), goods and chattels, or, perhaps, more properly, tools. "Come, pack up your *alls* and be off," is a common form of dismissal to a labourer or workman.

All-same (pidgin), a very common expression for "the same as," like, or equal.

Supposey you hearee plenty talkee 'bout fashion. Ch 'hoy! my tinkee China-woman, fankwei woman, álo woman, álo tinkey *álo same* inside her mouth. Wat tim you pay plenty dolla', he álo-tim good fashion.—*Howqua and the Pearls*.

All serene (popular), all safe, all right.

Who're you, sir?—oh, Mister So-and-so—all right—and this gentleman?—friend o' Mr. W.'s—oh, very well—yes, there's Barney—this a friend o' yours, Barney?—yes?—all right, then—yes, I think we're *all serene!*—*Bird o' Freedom*.

Some years ago the phrase was bawled in the streets, before such expressions as "How's your poor feet?" "Who's your hatter?" came into vogue. The Parisians at this time indulged in equally idiotic inquiries or calls, such as "Et tes pieds sont-ils à la sauce?" "Ohé Lambert! as-tu vu Lambert?"

"Et ta sœur?" Of more recent creation is the stupid "On dirait du veau."

All smoke, gammon, and pickles (popular), all deceit, nonsense.

All sorts. (See ALL NATIONS.)

All sorts and conditions of men.

The title of a novel by Walter Besant, and the heading of a well-known collect in the Prayer-Book. It has passed into such common and general use as to have become a truly "fixed popular phrase." (See ALL NATIONS.)

It was a rare mess, *all sorts and conditions of men*, women, and children, dogs and cats, promiscuously intermingled, and all on one grand kick-up.—*American Newspaper*.

All sorts of (American). Bartlett defines this as "expert, acute, excellent, capital." It is more accurately, as its name declares, "perfect, complete in every detail, having every quality." *All sorts of a horse* is a horse possessed of *every* merit, not one that is merely excellent or capital. *All sorts of a job* (E. A. Poe, cited by Bartlett) does not mean an expert, acute, or excellent undertaking, but one requiring all conceivable abilities. In this it corresponds to the German *allerlei* and Dutch *allerley*. "Hy is van *allerley* soort voorzien." *Allerley* is, in fact, translated *all sorts* by Sewel.

Allspice (popular), a grocer.

All's quiet on the Potomac! (American). This phrase originated during the Civil War, and has since been the refrain of a very popular song. It denotes quietude; a period of calm enjoyment. "Don't fret about things; they are going on swimmingly, for *all's quiet on the Potomac.*"

All T. H. (tailors), all right, or very good indeed (stock cutters).

All the caboose (common), everywhere. The *caboose* is the galley or cooking place of a ship, or simply a kitchen.

"The fact is he conquers us every one,
Does love, love, love!
We don't find it out till the mischief is done,
By love, love, love!
To fight against him is no manner of use,
A gander's a gander, a goose is a goose,
And Cupid's the king over all the *caboose.*
Oh! love, love, love!"

All the go (common), in demand, fashionable, meeting with a very ready sale.

Jerry Hawthorn was agreeable, and he and Corinthian Tom were soon in the midst of *Life in London*, and lost no time in calling on young Bob Logic, who was a gay spark like his father, and quite *au fait* with all the sprees of the metropolis. "Fashions have changed, my dear Coz," said the Corinthian, "and the young bucks and exquisites seem to us to dress strangely; but I suppose their attire is *all the go* now, and these are the swell suits made by the Dickey Primefit of the day."—*Punch.*

It is also used in America.

A gentleman entered a Chicago gun-store and asked to be shown some revolvers.

"Here is a nice family weapon," said the clerk. "Family weapon?" "Yes, a family weapon. Just the thing for domestic tragedies. It has six chambers, sir, two bullets for your faithless wife, two for the ruthless destroyer of your home, and two for yourself. They are *all the go* now."—*Texas Siftings.*

Fine stock is getting to be *all the go* in that line here now, and there is some as fine here as can be found anywhere.—*Carlisle Correspondence.*

All there (general), extensively used with the signification of first-rate, up to the mark. A good player at any game is said to be *all there*; the same is said of a pretty, well-dressed woman. A smart officer also is *all there*. It likewise means to be in one's element.

The band and the 'opping was prime,
though, and 'Arry in course was *all there,*
I'd several turns with a snappy young party with stor-coloured 'air;
Her name she informed me was Polly, and wen, in my 'appiest style,
I sez, "Polly is nicer than Politics!"
didn't she colour and smile!

—*Punch.*

All the shoot (popular), the whole assembly, all the party. "Every man-jack of them."

The Prince of Wales in a bricklayer's suit,
I could scarcely believe my eyes.
Helping to build the Royal Institute!
At a penny an hour less than *all the shoot.*

Oh! what a surprise!

—*Oh! what a Surprise! Broadside Ballad.*

All the way down, or simply **all the way** (common slang, probably American), entirely (cf. "down

to the ground"). It implies probably from top to bottom. A common phrase is "that will suit me *all the way down*," or *all the way*.

All to his own cheek (tailors) signifies all to himself.

All to pieces (common), utterly, excessively. To beat one *all to pieces* is to surpass one altogether. The term is also used by boating men. A crew are said to have fallen *all to pieces* when they are exhausted and the rowing is wild.

All up (general), a synonym for "all over," signifies that the end has come to any one, that all is over with him. "All to smash" is another phrase of a similar meaning, applied to a person whose affairs are irretrievably involved, who is utterly bankrupt in fortune. Thus one hears that "So-and-so has gone all to smash," *i.e.*, his credit is gone. Plans, and indeed anything, may go "all to smash." A similar expression is popular among the lower classes in Belgium and Holland, and among children *alle op* signifies that everything is gone—all is over. An odd variety of this slang is sometimes heard in the United States. Mr. Bartlett records that it is a common expression among servants in Pennsylvania to say, "all any more," instead of "all gone" or *all's up*.

All wag blue (American), a jolly time, a frolic, a jamboree.—*MS. Americanisms, by C. Lealand Harrison.*

'Tis merry in hall
When beards *wag all*.

—*Shakespeare.*

Ally-beg, a bed. This very ancient and nearly obsolete cant word was expressive of the pleasure found by the vagabond classes in the unusual luxury of a warm and comfortable resting-place for the night. People who slept in a nook in a wall, under a bush or a hedge, or the chance shelter of a barn or outhouse, spoke of a bed as *aille*, pleasant, agreeable, and *beg*, little, *i.e.*, a little place or harbour of pleasantness. *Leab* is Gaelic for a bed, and *leab-beg*, a little bed; and *leab-ker* or *lybker*, a house with beds in it, a lodging-house for travellers.

Almighty smash (American). The adjective is used in an infinite variety of ways, and Lord Lytton in a certain measure acclimated it on this side of the water. For example, he speaks in the following quotations of *almighty smash* (that is, a state of complete demolition); of "driving into almighty shivers" (a state of entire collapse); and of "almighty crack" (that is, without ceasing—a reference to the popular crack of doom). These phrases are thus illustrated from one of his best works—

"I wish you would mind the child—it is crumpling up and playing *almighty smash* with that flim-flam book, which cost me one pound one."

"As if that was not enough to destroy and drive into '*almighty shivers*,' a decent fair-play Britisher like myself."

"Let us cut short a yarn of talk which, when it comes to likings and dislikings, might last to '*almighty crack*.'"

—*My Novel*.

"The '*almighty dollar*,' that great object of universal devotion throughout our land, seems to have no genuine devotees in these peculiar villages."—*Washington Irving: Creole Village*.

Almyra, an Anglo-Indian word for a chest of drawers, derived from the Hindustani *almāri*, and the Portugese *almario*. Old English, *ambry*, a cupboard, niche; Italian, *armadio*; Latin, *armaria*.

Alsatia (common), synonymous with low quarter. The higher *Alsatia* was a sanctuary in White Friars, where people were formerly free from arrest for debt. The lower *Alsatia* was also a sanctuary of the same description, and was situated in the Mint in Southwark.

And for this ruin the gambling-house is responsible. Huntley is but one of the thousands who are stripped annually of all they possess in this modern *Alsatia*. Not only of their money, but of their health and of their happiness.—*T. Greenwood: A Gambling Hell*.

Whitefriars, adjacent to the Temple, then well known by the cant name of *Alsatia*, had at this time, and for nearly a century afterwards, the privilege of a sanctuary, unless against the writ of the Lord Chief-Justice. . . . The place abounded with desperadoes of every description—bankrupt citizens, ruined game-

sters, irreclaimable prodigals, &c. &c.—*Scott: Fortunes of Nigel*.

The haunt of gladiators and prize-fighters—of the vicious and penniless—of the savage and the obscene—the *Alsatia* of an ancient city.—*Lord Lytton: The Last Days of Pompeii*.

Alsatian (old), a rogue, such as lived in *Alsatia* or Whitefriars.

He spurr'd to London, and left a thousand curses behind him. There he struck up with sharpers, scourers, and *Alsatians*.—*Gentleman Instructed*.

Altemal (American thieves' slang), altogether; the sum total of a story or bill; cut it short. From the Dutch *altemal*, altogether.

What was the *altemal*? It only raised fifteen cases. The dummy raked a case and a half, and the thimble was a first, but the slang and onions were bene.—*On the Trail*.

In olden days the phrase was specially applied to the accounts rendered to the frequenters of brothels, such being given without details—a practice which allowed of gross overcharges without any possible means of verification.

Altering the jeff's click (tailors), making up a garment without reference to the cutter's chalk lines or style.

Altitude (obsolete), a drunken man was said to be "out of his *altitude*."

Amah (Anglo-Indian), a wet-nurse. Portuguese *ama*, German *amme*, a nurse.

A sort of good-natured housekeeper-like bodies, who talk only of ayahs and *amahs*, and bad nights and babies, and the advantages of Hodgson's ale while they are nursing; seeming, in short, devoted to suckling fools and chronicling small beer.—*Letter from Madras, Yule and Burnell's Anglo-Indian Glossary.*

In pidgin English it has the same signification:—

My look-see, one *amah*, t'at *amah* has got one piecee littee *fankwei* chilo, wat look-see allo-same one Japanee *nitchky*. I askee *amah*, "How much you sellum my that one piecee culio?"—*The Saucy Sayings of Wan-Tong.*

Ambassador (nautical), a practical joke performed on board ship by Jack Tars in warm latitudes, the victim being ducked in the wash-deck tub, and subjected to other indignities (*Admiral Smyth*). Sailors of other nations indulge in similar jokes when crossing the equator.

Ambia or **ambeer** (American), a euphemism for salivated tobacco juice, the result of chewing. Bartlett says, "The word is a corruption of *amber*, to which it bears a slight resemblance in colour, manifesting certainly a delicacy of expression which borders upon the poetical."

The word *ambia*, as generally used at Princeton, which largely represents the solid South, is not applied to saliva, but to the intensely strong nicotine, or thick brown substance which forms in pipes. I have always supposed that it is merely a Southern variation of *amber*, which exactly represents its colour.—*Notes by C. G. Leland.*

Ambidexter (obsolete), a barrister who acts as a counsel for both parties. Also a blackleg who shares with both parties at the gaming-table, or on the race-course.

Ambush (American), a nickname for the scales used by grocers, coal-dealers, &c. So called because they are always "lying in weight."

Ameen (Anglo-Indian), an Arabic word *amin*, meaning a trustworthy person, but applied by the English in India to several kinds of native officials, nearly all reducible to the definition of *fide commissarius*. It is also applied to native assistants in land surveying.—*Yule and Burnell: Anglo-Indian Glossary.*

"Bengalee dewans, once pure, are converted into demons; *ameens*, once harmless, become tigers.—*Peterson, Speech in the Nie Durpan case, ibid.*

Ameer (Anglo-Indian), originally an Arab word *amin*, root *amr*, signifying commanding or a commander, is used in the East in a very general way for dignitaries and magnates.)

Amen (gypsy), among.

—O. Patteran.

Amen chapel (Winchester), a service on "Com. and Ob." (which see), when the responses are chaunted to the organ, and instead of the ordinary psalms and first lesson, Psalms 145, 146, and 147, and Eccles. are used.

Amen curler (old), a parish clerk, from the response so frequently made use of by him.

Amen wallah (military), the chaplain's clerk, who makes the responses in the garrison or other church. The suffix *wallah* is the well-known Hindustani word signifying man or person, and is one of innumerable instances of the adoption in our army of Hindustani terms, due to the lengthened occupation of India by British troops.

Amener (old), a regular *amener*, one who says yes to everything.

Amerace (American thieves' slang), very near, within call.

Americanesses (American). This version of *Américaine* has begun to appear in Western newspapers.

TALENTED "AMERICANESSES" ABROAD.
—Miss Anna E. Klumpke, who has been studying for many years under the best Paris masters, can now be ranked among the first American portrait artists. She

received an "Honourable Mention" in last year's Salon for her portrait of her sister, Dr. Klumpke, whose appointment to be house surgeon in the Paris hospitals created no little sensation a year ago in French medical circles. Miss Klumpke, the artist, is now in the South of France finishing a portrait of Miss Elizabeth Cady Stanton.—*Chicago Tribune*.

Americanising (American).

"*Americanising* a people," according to the Rev. J. S. Gubelman, "consists in teaching them the English language. After this come sundry minor virtues. He is not a true American who desecrates the Sabbath, who yields to intemperance, or treads down the laws."

American shoulders (tailors), shoulders cut broad and "built up," to give the wearer an appearance of massiveness about the shoulder.

American tweezers (thieves' slang), an instrument by means of which an hotel thief is enabled to open a door fastened with the key in the lock inside.

Ames all (old slang), within *ames* all, nearly, very near.

Aminadab (cant), a jeering name for a Quaker.

Ammunition leg (army), a wooden leg.

Amperсанд (American, but of English origin), the seat or hinder part. In one of the

Crockett almanacs a hunter speaks of a bear's *ampersand*. Derived from "and per se and," thus explained by Bartlett:—

"Two generations ago, when Irish schoolmasters were common at the South, this expression, equivalent to the & annexed to the alphabet (meaning & *per se and*, to distinguish it from &c.), was in frequent use."

As the *ampersand* came at the bottom of the alphabet, it came to be at length associated with the breach itself.

But he observed in apology, that it (*z*) was a letter you never wanted hardly, and he thought it had only been put there "to finish off th' alphabet, like, though *ampusena* (&) would ha' done as well," for what he could see.—*George Eliot: Adam Bede.*

A shrivelled, cadaverous, neglected piece of deformity, i' the shape of an ezar or an *empersi-and*, or in short anything.—*Charles Macklin: The Man of the World.*

A-muck (Anglo-Andian), from the Malay *amuk* or *amok*, to run furiously and desperately at any

and every one, to make a furious onset. A word probably derived from the Malay, though there is some reason to ascribe an Indian origin to the term. Malayan scholars say it rarely occurs in any other than the verbal form *mengāmuk*, to make a furious assault. It has passed into general use, and is often applied to any one who sets himself up to defy popular opinions, or the multitude. The word was familiar to Englishmen two centuries ago.

Frontless and satire-proof he scours the streets,
And runs an Indian *muck* at all he meets.

—*Dryden: The Hind and the Panther*, A.D. 1687.

Satire's my weapon, but I'm too discreet

To run *a-muck*, and tilt at all I meet.

—*Pope: Imitation of Horace*, A.D. 1727—*Anglo-Indian Glossary.*

To run *amock* is to get drunk with opium . . . to sally forth from the house, kill the person or persons supposed to have injured the *amock*, and any other person that attempts to impede his passage.—*Cook's Voyage.*

Anchor (nautical). "Bring your a—e to an *anchor*," i.e., sit down; also "bring yourself to an *anchor*," a common phrase.

"Hullo, Pet! . . . *bring yourself to an anchor*, my man." The Pet accordingly anchored himself by dropping on to the edge of a chair.—*C. Bede: Verdant Green.*

"To let go an *anehor* to the windward of the law," to keep just within the letter of the law. Sailors use the expression "to leave *anchor*," meaning to go away.

And yet, my boys, would you believe me?
I returned with no rhino from sea;
Mistress Polly would never receive me,
So again I heav'd *anchor*—yo, yea!

—*C. Dibdin: The Good Ship the Kitty.*

Anchorage (popular), a place of abode. The term explaining itself.

Ancient mariners (Oxford University slang), rowing "dons" at Oxford. A crew of dons (*vide* DONS) are always called *ancient mariners*.

And don't you forget it! (American). This common-place exhortation, as it is popularly used and forcibly intoned, illustrates the fact that any word or expression, by dint of repetition and emphasis, may become associated with humour until it

seems to have something in it beyond its real meaning.

And he didn't (tailors), often used to express the belief that a person has really done something discreditable in spite of the attempt to prove his innocence.

And no mogue (tailors), and no mistake, joking apart. Sometimes it is used as an interrogation, and at other times to express disbelief; for instance, a man may be relating some incredible story, and an auditor will convey a world of meaning by quietly remarking, but with peculiar emphasis, *and no mogue*.

And no whistle (tailors). This remark means, no one seems to think that what you have said applies to yourself, but I do.

Andrew Miller (nautical), a man-o'-war; *Andrew Miller's lugger*, a vessel of the royal navy, is smugglers' slang taken out to Australia by the convicts, and is used by accomplices in warning the smugglers of the approach of revenue cutters, &c.

—*O. Delaben.*

Angelicas (popular), young unmarried women.

Angeliferous (American), a word signifying "angelic," and first

used by Bird in his novel of "Nick of the Woods," in which roaring Ralph Stackpole frequently calls the heroine "*angeliferous* Madam!"

Heaven, my hyarers, is all sorts of a glorious, beautiful, *angeliferous* place. Eye hath not seen, ear hath not heard, it hath not entered into the heart of any cracker round in these hyar diggings to conceive what carryins-on the jest-made-perfect hev up thar.—*A Hard-West Sermon.*

Angels altogether (West Indian), a sobriquet applied to those who habitually give way to excessive drinking.

Angel's footstool (nautical), an imaginary sail jokingly assumed to be carried by Yankee vessels. It is said to be a square sail, and to top the "sky sails," "moon sails," "cloud cleaners," &c.—*W. Clark Russell: Sailors' Language.*

Angel's gear (nautical), a graceful term used by gallant tars to denote female attire.

Angel suit (tailors), vest and jacket combined, and the trousers made to button to the bottom of the jacket. It is now a thing of the past.

Angel's whisper (military), the bugle or trumpet call for defaulters' drill. It sounds from three to four times a day, and the expression is undoubtedly euphemistic; like the favourite expletive of the sea captain, who, when reproving his crew,

said: "Bless you, my lads; bless you! You know what I mean."

Anglaterra, Anghiaterra (gypsy), England.

Angled (billiards), an *angled* ball is one that is so near the edge of the pocket, that a player is prevented from playing at any other ball direct.

Anglers or hookers (thieves) petty thieves, who steal goods by means of a stick with a hook at the end.

Suffer none, from far or near,
With their rights to interfere;
No strange Abram, ruffler crack,
Hooker of another pack,
Rogue, or rascal, frater, maunderer,
Irish toyle, or other wanderer;
No dimber-damber, *angler*, dancer.
—*Ainsworth: Oath of the Canting Crew.*

Modern French thieves call this mode of purloining "grinchissage au boulon," from the circumstance that the hook is inserted through a bolt-hole in the shutters. *Angler* is a very old slang term (nearly obsolete) for an adventurer or catch-penny. It may be found used in Breton's "Wit's Trenchmen" (159) in this sense. It is now also applied to rogues, who at races and country fairs entice the unwary to try their luck at the thimblorig, prick in the garter, three-trick-card, &c.

Anglo-French. Much notice has been taken of late of English as

“she is spoken;” not so much of French as “he is Englished,” possibly because it is no longer fashionable in England to use French words needlessly in conversation, although the number of gentlemen who ask for *le-cures* after dinner is still “very respectable.” In the United States it is, however, still very current, if we may believe the assertion of an American “newspaporial writer,” who asserts that “there are on an average six misquotations, malpronunciations, or misapplications of French daily among our entire population per head.”

Detroit is agog over the expected production of a new comic opera, written by Miss Marie M’Kenna, a local musician. It is called “Lucile,” and is a love story of Alsatian peasants. Miss M’Kenna admits that she is “poetess as well as musician.” The following is a stanza from one of her “lyrics”:

Dear Claude will escort me *au bon marche*,
And whatever we buy will be recherche,
Recherche, recherche,
And nicer than anything here.

This is supposed to represent the ecstatic delight of a young girl who has just caught a husband. Miss M’Kenna’s French is rather rheumatic, but the verses will touch a chord in every feminine heart.—*Chicago Tribune*.

Anglomaniacs (American), another name for Bostonians as being ultra-English. There is a club at Boston called the *Anglomaniacs*.

Angry boys. Slang of the early part of the seventeenth century, to designate the noisy and riotous young men or “bloods,”

who in drunken or semi-drunken frolics made nocturnal disturbances in the streets, and committed outrages on unoffending passengers. A century later these public nuisances were called Mohawks.

I have heard some speech
Of the *angry boys*, and seen ’em take tobacco.

← Ben Jonson: *The Alchemist*.

Get thee another nose that will be pull’d
Off by the *angry boys* for thy conversion.
—Beaumont and Fletcher: *The Scornful Lady*.

Angular party (common), a party composed of three, five, or seven persons.

Angustrin (gypsy), a finger, a ring, corrupted to *wongashy*. It also means only a finger’s-breadth, or a very little, in any sense. Hence *wongish*, a little, a short time. “‘Hatch a wongish, besh a wongish akai for me,’ pende lāki”—“‘Stop a little, wait a little here for me,’ she said.”

Animal, to go the whole (American), in common use in the West. It is a mere, though more popular variant of the English “to go the whole hog,” and means the same.

That they had much better pay first-class, and *go the entire animal*.—Sala: *Twice Round the Clock*.

Opposing all half measures, and preferring to *go the extreme animal*.—Dickens: *Nicholas Nickleby*.

Animals (American cadets), the cognomen by which new arrivals

are known at the West Point Military Academy (see also "BEASTS"). The English have "snooker" and the French "melon" as equivalents. A new cadet who puts on extravagant airs and pretensions—a coxcomb or "puppy"—is called "a fast animal."

Ankair (gypsy), to begin.

"I ain't lelled kek religion,
An' I'll kek *ankair* kennā;
But if waver foki kām̄s lis
M̄ikk lendy kair ajā."

—E. H. Palmer.

("I have taken (got) no religion, and I'll not begin now; but if other people like it, let them do so.")

Ankle (American thieves' slang).

"She has sprained her *ankle*," she has had an illegitimate child. Also, "She has broken her leg." A somewhat similar expression is used in the French theatrical world; a lady who is *enceinte* is said to have a bad knee: "Elle a mal au genou."

Anna (Anglo-Indian). Hindi, *ānā* or *ānāh*, the sixteenth part of a rupee. The term is also applied colloquially to persons of mixed parentage. "Such an one has at least two *annas* of dark blood," or "of coffee colour." This may be compared with the Scotch expression that a person of deficient intellect "wants twopence in the shilling."—*Anglo-Indian Glossary*.

In the United States this slang is paralleled by the following expressions:—"He" or "she has a lick of the tar-brush."

"He has a white stripe down the back," it being believed that mulattoes or quadroons have a line of light colour on the spine.

Annex (American), to steal. It became popular in 1835, at the time of the annexation of Texas, which was regarded by many as a theft.

Robert, "Prince" of the Yetholm gipsies, was recently charged with stealing a pair of spectacles. The "Prince" said that his eyes were in a very queer condition, and that he had no intention of *annexing* the spectacles, which he picked up quite by accident; but the beak remarked that bagging barnacles constituted a serious offence, and was a short-sighted policy for a man to pursue. As "Prince" Robert left the dock he promised faithfully to avoid the eyes of the law in future.—*Fun*.

Some account of this ready-witted Prince Robert may be found in "The English Gypsies and their Language," Trübner, 1874.

Anodyne necklace (old), a halter.

The hangman's noose was also called the "Tyburn tippet," a "horse's nightcap," a "hempen cravat."

Anog (American), an andiron.

Bartlett derives this from *hand-dog*, Dutch *aan-hoog*, that which heightens or raises.

Anointed (Irish), is expressive of great rascality.

Anointing (popular), a sound beating, the effect taken for the cause.

Anonyma (obsolete), or *incognita*, a lady of the *demi-monde* or even *quart-de-monde*, corresponds to the French *cocotte*.

The carefully sealed envelopes containing letters from fair *anonymas*.—*Bukver Lytton: Kenelm Chillingly*.

The late Mr. H. J. Byron, the playwright and actor, in some MSS. annotations to a copy of the "Slang Dictionary," now in the British Museum, says, writing in November 1868, that "Miss —, said to have been the real *Anonyma*, died at Paris about that time." Other synonyms are "pretty horse-breaker," "demi-rep," and the more modern "tart," which, however, is used also in the sense of woman, wife. The lower in the scale are—*mot*, common jack, bunter, bed-fagot, shake, bulker, gay woman, unfortunate, barrack-hack, dress lodger, &c.

Another acrobat (music hall), for another tumbler, *i.e.*, another glass of drink.

Another fellow's (popular), a slang phrase which, like most of its kind, owes its popularity to its almost indefinite power of application. Thus if a man remarks that he has a new coat, he is asked if it was *another fellow's*, or if the girl with whom he is in company is not the property of some one else.

Whenever you meet me, I've always a joke,

Another fellah's.

I love a good weed, so invariably smoke

Another fellah's.

Round into the Cri, every evening I slip,
And deep in the pale sparkling bitter I dip,

And when I've no money I generally sip

Another fellah's.

Not mine, nor yours,

Not his, nor hers,

No, no—*another fellah's.*

—*Another Fellah's Ballad.*

Another guess sort of man (old).

The expression is invariably applied to one who is knowing and "fly," or not the man you take him to be. It has a close resemblance both in sound and meaning to the Yiddish "chess." This may be a mere coincidence, but it is certainly of English origin.

He has been a student in the temple these three years; *another guess sort of man*, I assure you.—*Tom D'Urfey: Madame Tickle, 1682.*

Another lie nailed to the counter

(American), a very common expression in American newspapers in reference to detected slanders, &c. It was usual in olden times to nail "Bungtown (*i.e.*, Birmingham) coppers," and all kinds of counterfeit or worthless coins, to the counters of the country "stores" or shops. This is mentioned in the "Jack Downing Letters."

"If there is any truth," exclaims the excited editor of a North Carolina paper, "in the story that one of the Chicago Anarchists is employing his time in jail in the perfecting of an invention by which a clarinet, equal in tone to the best in the market, can be made of tin and sold for fifteen cents, the man ought to be hanged at once." Rest easy, brother. None of

the condemned Anarchists is fond enough of work to spend his time in such a manner. The story has doubtless been circulated for political effect. *Another lie nailed.*—*Chicago Tribune.*

Antagonise (sporting), to act as an opponent.

Dingley Dell sent Jones and Brown to the wickets, where they were *antagonised* with the leather by Alf and the Young Phenomenon. Alf threw up a maiden.—*The Saturday Review.*

Anthony cuffs (old), knock-kneed.

Anthony or **tantony pig** (old), the favourite or smallest pig in the litter. To follow like St. Anthony's pig meant to follow close at one's heels. St. Anthony the hermit was a swineherd, and is always represented with his bell and pig.

Antimony (printer's), type.

Anty-up (Australian and American), a game of cards.

As they ride up, a savage-looking half-bred bull dog yelps hoarsely, and two or three men creep out from underneath the tarpaulin of the nearest dray, where they have been playing *anty-up* (a favourite game with cards) for tobacco. John recognises a teamster who has been employed by himself.—*D. Sladen.*

From *ante*, the stake with which the dealer at poker commences each hand before dealing the cards; he puts up a "chip" in front of him, hence the name. *Make good the ante*; the dealer, after looking at his hand, must either go out of the

game and forfeit his *ante*, or must make it good by putting up a sum equal to it, so as to make his stake the same as that of the other players. *Raising the ante*: any one at the time of "chipping in" to fill his hand may raise the *ante*, and the other players must then in turn make their stakes equal to the maximum so raised, or else must "run" and abandon what they have already staked.

Anxious or **inquirers' meeting** (common, but of American origin), an after-meeting held during a "revival" for the benefit of those who profess "to be *anxious* for their soul's salvation." Those who during "revivals" profess anxiety for "salvation" are said to occupy "the *anxious seat*."

Anyhow you can fix it (American), however you may try, try as you may. "I don't see how you can convince me of that, *anyhow you can fix it.*"

Once on a drift log I tink I see an alligator,

Scull my boat roun' and chuck him sweet potater.

I hit him on de head an' try fur to wix it,
Couldn't fool him bad, *wouldn't nohow fix it.*

Den I up wid a brick,

An' I hit him such a lick!

An' 'twas nuffin but a pine log upon a big stick.

—*Gumbo Cuff, a Negro Ballad, 1832.*

Any other man (American). This phrase had a great "run" in 1860. If a man became prosaic,

or began to "discourse," and to use alternatives such as "Brown, or Jones, or Robinson," he was promptly called to order by the cry "or *any other man*." It was first made known in type by Charles G. Leland in a comic sketch in the New York *Vanity Fair*. It has since been discovered that in "Waverley" there is the expression "Gif any man or *any other man*."

Any racket (rhyming slang), a penny faggot.

Anything else, not doing (American), a strong affirmation generally in reply to a question as to what is or has been done by a third party. "Was So-and-so drunk," or "bad tempered," or "in good spirits?" "He didn't do or want *anything else*," would be the reply.

Anywhere down there (tailors), an expression which comes almost simultaneously from every man in the "shop" when anything is dropped on the floor. The words are peculiarly aggravating if it is a breakable article.

Apartments to let (popular), a term used in reference to one who is not over bright, whose head requires metaphorically some furniture to fill its empty rooms. The French have a kindred expression for a man who shows signs of becoming crazy, and say that he is removing his furniture, "*il déménage*."

It is related of the celebrated Richard Brinsley Sheridan that his son Thomas, who was a candidate for a seat in Parliament, jestingly declared to him that he had no decided political principles, that he was inclined to serve the party which would pay him best, and that he should put a placard on his forehead inscribed with the words, "To let." His father replied, "All right, Tom; but don't forget to add, 'unfurnished!'"

Ape, an "*ape-leader*" is an old maid. The expression occurs in "The Taming of the Shrew," and is still common. The punishment of old spinsters, it was said, was to lead *apes* in Hades; whereby two equally innocent beings—the maid and the *ape*—were equally but unjustly punished. It is probably an old superstition derived from the East. In India and China, certain evil-doers are supposed to carry about or lead in hell certain animals. (*Vide* Doolittle, "China.") "To say an *ape's* paternoster," is to chatter indistinctly, either from cold or excitement. The expression corresponds to the French "dire des patenôtres de singe."

Apes (Stock Exchange), a nickname for Atlantic first mortgage bonds.

If anything tickles our fancy,
We buy them "Brums," "Caleys," or
"Apes."

—Atkin: *House Scraps*.

Apollo bunder (Anglo-Indian), a well-known wharf at Bombay. The word *Apollo* appears to be a very curious change of the native word *palla* or *pallua*, a kind of fish, to that of a Greek god. Other native authorities derive it from *pál*, a fighting vessel, &c.—*Anglo-Indian Glossary*.

Apopli (gypsy), once more, again, yet again. *Kair lis apopli*, do it again; *anpáli*, back again, *lit.*, "or after."

Apostles (University, Cantab.). The "Gradus ad Cantabrigiam" says: "The *apostles* are the clodhoppers of literature, who have at last scrambled through the Senate House without being plucked, and have obtained the title of B.A. by a miracle. The last twelve names on the list of Bachelor of Arts—those a degree lower than the *οἱ πολλοί*—are thus designated." The *apostles* are so called because they are twelve in number. (Common) "to manœuvre the *apostles*," to borrow money from one person to pay another, an allusion to the expression, "Robbing Peter to pay Paul."

Apostle's Grove, St. John's Wood, also called "Grove of the Evangelist." Evilly disposed persons might remark that the place is saintly only in name, as in some parts it corresponds to the Rue Breda of Paris, where ladies of the *demi-monde* and even *quart-de-monde* dwell.

Apple-cart (popular), the human body. The term is in keeping with the "potato trap," which does duty in the slang vocabulary for mouth; the "bread basket," for stomach; "crum-pet," for head, &c. To the imaginative powers of costermongers we probably owe the metaphor. One will say that his *apple-cart* is upset, meaning that he has been disappointed by the failure of his plans. (American) "To 'upset one's *apple-cart* and spill the peaches,' means to ruin any undertaking. The phrase was originally American, and had peculiarly this signification Hotten's limitation of it to the human body was all conjecture and fancy."

Apple-dumpling shop (common), a fat woman's exposed breasts. The French argot, with more *galanterie*, terms the same "oranges sur l'étagère."

Apple-pie bed (general), is made by untucking the sheet at the bottom of the bed and doubling it up, so as to form a sort of bag half way down the bed and thus preventing the owner from stretching himself at full length. A common trick of mischievous boys and girls at boarding-schools and elsewhere.

Apple-pie day (Winchester college), the last Thursday in Long Half, when the "men" get their money and the scholars get *apple-pie*.

Apple-pie order (common), in regular order. "Order" is an old word for a row, and a properly made apple-pie had, of old, always an order, or row of regularly cut "turrets," or an exactly divided border. Pies are seldom made now in this manner in England, but in rural America, especially in New England, they are still common.

I am just in the *order* which some folks—though why I am sure I can't tell you—would call *apple-pie*.—*Ingoldsbys Legends*.

Apples and pears (rhyming slang), the stairs.

Application (Irish), name; a corruption and perversion of appellation.

I am not Aurora,
Or the beauteous Flora,
But a rural maiden to all men's view,
That's here condoling
My situation,
And my *application* is the Colleen Rue.
—*Colleen Rue: Broadside*.

Appro (trade), a contraction of approbation. "On *appro*," on sale for return. The term is used by tradesmen generally.

Appropriation (tailors), garments taken from old rejections and worked in for another "force," or the next "supply" for the same.

Apronstring-hold (old), an estate held by a man during his wife's life.

"There are many estates like leasehold, freehold, and copyhold, but a man least likes the *apronstring-hold*."

Aqua pumpaginis (old), pump-water. Termed also "Adam's ale," and "fish broth," formerly, when people with weak stomachs did not make a virtue of necessity, and when the others only "pledged" themselves in bumpers of old Burgundy.

A-ratti, arāti (gypsy), by night.

"Oh mandy jins *aratti* to kister off a gry"—

"Oh I know how to ride a horse off by night."

Arch (popular), a boat.

I goes and sneaks a mikket and a lot of lines of a pal's *arch*.—*H. Evans: The Brighton Beach Loafer*.

Arch-cove (thieves), leader of mob or party.

Archdeacon (Oxford), the Merton strong ale.

Arch dell (old), the wife of a headman of vagrants. Termed also "arch doxy."

Arch-duke (American thieves), a funny fellow.

Arch-gonnof (American thieves), chief of a gang of thieves; termed "dimber damber," "up-right man," in old English cant; and *archi-suppôt* in the old French argot. *Gonnof* is Yiddish for thief; Hebrew, *ganef*.

Ard (American thieves), hot; evidently from *ardent*. In old cant it had the signification of foot.

Area sneak (popular), one who sneaks into kitchens to steal. Other varieties of malefactors go by the appellations of "prig, cracksman, crossman, sneaksman, moucher, hooker, flash-cove, bug-hunter, cross-cove, buz-faker, fogle-hunter, stook-hauler, toy-getter, tooler, prop-nailer, palmer, dragsman, buz-gloak, amuser, bob-sneak, bouncer, bully-prigger, thimble-twister, gun, conveyancer, dancer, pudding-snammer, ziff, drummer, knuck, buttock-and-file, poll-thief, little snakesman, mill-ben, a cove on the cross, flash-man, finder, gleaner, picker, tax-collector," and formerly "a good fellow, a bridle-cull, a sampsman, an angler."—*Bar-rère's Argot and Slang*.

Argify (popular), a jargon corruption of to argue.

"The European league of Peace and Liberty have just held a congress at Geneva. The first sitting was very noisy. Most 'leagues' prefer liberty to peace, when it comes to *argiflying*."

Do you want to *argify*, you little beggar.
—*Leech's Cartoons*.

Argol-bargol. According to Hot-ten this is a Scotch phrase signifying "to bandy words." It is possible that it has a Hebrew derivation. *Bar-len* in Yiddish is, "to talk or speak in any way," and *bargolis* is one who goes about in misery and poverty, perhaps a fluent beggar. *Argol* is the popular pronunciation of *ergo*—as given by Dame Quickly—a word which

of old was continually used in argumentative conversation.

Aristippus (old), a diet drink much in vogue in the latter part of the last century. It was made of sarsaparilla and other drugs, and sold at the coffee-houses.

Ark (thieves), a boat or vessel. (Military), a box in the barrack-room used for holding extra articles of a man's kit. In America a large boat used on rivers to transport produce to market.

It may be noted, that in the northern counties the large chests in farm-houses used for keeping meat or flour are called *arks*. Villon, the old French poet, in his Jargon Jobelin, terms *arque* a coffer or money-box, and in the modern French argot "aller à l'arche" means to go frequently to the money-box, to spend one's money freely.

Ark and dove (masonic), an American degree preparatory to the R.A.

Arkansas toothpick (American), a large bowie knife which shuts up into the handle. It is a piece of savage irony which thus dubs it, as the blade, which has a point of half its length, is over a foot long and two inches broad.

Straightway leaped the valiant Slingby,
Into armour of Seville,
With a strong *Arkansas toothpick*,
Screwed in every joint of steel.

—*Ben Gaultier: American Ballads, B.*

Ark floater (theatrical), an actor so loaded with years, that he is supposed, through some effort of the imagination, to have made his *début* before the "floats," *i.e.*, the footlights in Noah's ark. People will say, "You must have come out of the *ark*," or "You were born in the *ark*;" because you are so old-fashioned, and ignorant of current events.

Ark-man (old), Thames boatman (Baumann).

Ark-ruff (old), fresh-water thief.

Armpits (old), petty larceny. The term has been imported into Australia by the convicts. Vaux, in his *Memoirs*, says: "*To work under the armpits*, is to practise only such kinds of depredation as will amount, upon conviction, to what the law terms single or petty larceny, the extent of punishment for which is transportation for seven years. By following this system a thief avoids the halter, which certainly is applied above the *armpits*." Watches are stolen by using the right hand under the *armpit* of the left arm, which is put across the breast.

Armstrong, Captain (turf), a dishonest jockey. "He came *Captain Armstrong*" is equivalent to saying that the rider *pulled* with a strong arm, thus preventing his horse from winning.

'Arry, for Harry, a familiar general term for a young costermonger

dressed in his best clothes when taking a Sunday walk with his young woman. The corresponding word for the young woman is "Sarah Jane" or "Jemima." The *'Arries* are almost indigenous to London, are generally to be seen with short pipes in their mouths, and swarm at fairs and races and other places of public resort, talking slang and puffing tobacco smoke, and if not altogether of the same genus as the roughs and rowdies that infest great cities, are little removed from them in manners, appearance, and conversation.

'*Arry* smokes a two-penny smoke

Oh! poor '*Arry*!

'*Arry's* pipe's enough to choke,

Bad boy, '*Arry*!

'*Arry* thinks it very good fun

To puff his cheap cigar

Into the faces of every one

While doing the la-di-da.

—*Ballad: How do, 'Arry?*

The female '*Arry* is sometimes called an "'*Arriet*."

As an inhabitant of Munster Square, I am quite content to gaze on the "green space," and should be very sorry to see it become the rendezvous of the '*Arries* and "'*Arriets*" of the neighbourhood.—*The Echo*.

Arse-board, the hinder part of a cart.

Arse coolers (vulgar), a term used by common women in speaking of dress-improvers.

Arsy-varsy (old), topsy-turvy, heels over head.

"The old mare pitched him *arsy-varsy* into the ditch."

- Artesian** (Australian, popular), Colonial beer. People in Gippsland, Victoria, use *artesian* just as Tasmanians use *cascade*, in the sense of "beer," because the one is manufactured from the celebrated *artesian* well at Sale, Gippsland, and the other from the *cascade* water.
- Artful** (popular), a word of wide application to intimate trickery, secrecy, and "dodges."
- He'd an *artful* little bottle on an *artful* little shelf,
He was not "a little silly," but a very knowing elf.
—H. Adams: *Sister Hannah*.
- Artful dodgers** (thieves), lodgers; fellows who dare not sleep twice in the same place for fear of arrest.
- Artichoke** (American thieves), a low and old prostitute. It is curious to note that the French argot has the term *cœur d'artichaut* to denote a man or woman of a highly amatory disposition.
- Paillason, quoi! *cœur d'artichaut*,
C'est mon genre; un' feuille pour tout l' monde,
Au jour d'aujourd'hui j'gobe la blonde;
Après d' main, c'est la brun' qu'i m'faut.
—Gill: *La Muse à Bibi*.
- Article** (popular), a poor specimen of humanity; also, a wretched animal.
- Articles** (American thieves), a suit of clothes; termed in the English slang, "togs, toggery, clobber."
- Articles of virtue** (familiar) (*i.e.*, *vertu*), virgins.
- Artistic**. It is a common error to suppose that *artistic* is a synonym for beautiful, symmetrical, or attractive. That only is *artistic* which, being made by the hand of man, indicates direct individual character and touch. The more machinery intervenes between the original pattern and the mere copy, the less *art* is there. The Sistine Madonna is truly a work of *art*, the most perfect chromo-lithographic copy of it is not. As used by many tradesmen, to indicate their cast works, machine-sawed furniture, &c., the word *art* or *artistic* is mere slang.
- Asā, asārla, asārlus** (gypsy), thus, so, in this manner.
- Ash path** (running), a running path formed of pulverised cinders or black ash.
- Ask bogy** (old slang), an indecent evasive exclamation used by sailors when not wishing to answer any question.
- Askew** (old cant), this may be a corruption of *cscuelle*.
- Asking** (turf), a jockey is said to "ask" or "call upon" a horse when rousing him to greater exertion.
- Assay** (American thieves' slang), commence, try it. From the

expression to take the *assay* or *essay*, to taste wine to prove that it is not poisoned. Hence to try, to taste, trial or sample. Shakspeare uses the term.

(He) makes vow before his uncle, never more
To give the *assay* of arms against your majesty.

—*Hamlet*.

Asses (printers). See **DONKEYS**. Term used by pressmen for compositors, by way of retaliation in calling them "pigs." The animal creation has furnished a variety of slang terms for French printers in sufficient numbers to form a small menagerie. Thus a compositor is called "mulet;" a master or foreman, "singe;" a newspaper, "canard" (which also means false news); to have "one's monkey up," that is, to be angry, is "gober sa chèvre" or "son bœuf," from the effect produced by the horns of the animal in the metaphoric operation; a letter which has fallen from the form is termed "chien;" a creditor, "loup;" an idle workman who disturbs others, "ours." "Poser une sangsue" is to correct one's fellow-workman's work in his absence. The German typos say that one receives his "herring" when he gets dismissed from his employ.

Astern (common), behind, in the rear of; from the nautical term.

Asti (gypsy), would have, have to; *astis*, can, possible; *asti*

si, it can be; *nasti nesti*, it is not possible, *i.e.*, it cannot be.

Astral body (theosophist), a phrase borrowed from the Rosicrucians, and used by Paracelsus and Van Helmont. It signifies a semi-spiritual self, which goes forth from the body.

Then there is *the astral body*, which is a nice thing to have, as it can be made responsible for all the doings of the carnal body, and can be pressed into service for any occasion when the latter would be of no account, even to the materialising of strawberries in January, or crockery at picnics when the necessary plates and cups have been forgotten. The only difficulty with *the astral body* is its unreliability. It is such a subtle, slippery thing that the owner, unless he hangs on to it with the utmost tenacity, is apt to lose it just when he most needs it, like the Buddhist in New York who was jailed the other day. He had been in the habit of depending upon his *astral body* for the materialisation of coin to meet his expenses, and when arrested for obtaining money under false pretences could only defend himself by saying that he had lost his *astral body*. As he could not show that he had taken any pains to find it, and had not even advertised a reward for it, he had to take the same penalties that are imposed upon those who have no *astral bodies* to fall back upon in time of financial emergency. —*Chicago Tribune*.

Atch, hatch (gypsy), to remain, stay.

"Sa mandy *hatched* to kūr, my rye"—
"So I stayed to fight, my master."

Atmosphere (American, Boston), a new slang phrase of society and literature thus explained by an American journal:—

"The cant of the day is the word *atmosphere*, which has displaced 'tone.' When people tried to be exquisite they spoke of

the tone of a novel, a club, or a person. Now it is *atmosphere*. A city is said to have a peculiar *atmosphere* when its people and their customs seem peculiar to the observer. Such words are very convenient when people have nothing particular to say, and mean to say it impressively."

Atomy (popular), a small or deformed person. Varied sometimes to an "abortion."

Atrāsh (gypsy), afraid.

"An whenever the baval pudered he was *atrāsh* he'd pel a-lay pré the shinger-ballas o' the *gūro*"—"And whenever the wind blew he was afraid he would fall down on the horns of the bull."—*The English Gypsies*.

At that (American), meaning something in addition to, an intensive. Said to have originated in Pennsylvania, and to be a translation of the German *dazu*. "She is beautiful and rich *at that*," "She is old and ugly *at that*." It is also used upon a variety of occasions, without reason or necessity.

"Now then, Mister, drinks all round, and cobblers *at that*."—*Notes on Canada*. He's got a scolding wife, and an ugly one *at that*.—*Bartlett*.

The Mississippi's a mighty big drink—and a muddy one *at that*.—*Idem*.

The practice with one-half of the New Yorkers, of moving on the first of May, is an awful custom, and foolish *at that*.—*Major Downing*.

In Australia one talks of dear *at that*, weak *at that*, &c., some such word as "rate" or "price" being understood.

So we'll drain the flowing bowl,
"I will not jeopardise the soul,
For it's only tea and weak *at that*."

—*Keighly Goodchild: The Old Felt Hat*.

Attic (popular), the human head, to be "queer in the *attic*," to be intoxicated or cracked. A somewhat similar term in the French slang is "*grenier à sel*." The synonyms are, "knowledge-box, tibby, costard, nob, nut, chump, upper storey, crum-pet."

Attleborough (American), sham. Sham jewellery, from the town of Attleborough, in Massachusetts, where much imitation or trashy jewellery is made.

Attorney (thieves). The term is applied to a cunning fellow, or at least one who passes himself off as such; clever in getting round people, or *turning* difficulties (*attorney*, French *à tourner*); a loafer who pretends to a full knowledge of the legal meshes in which the light-fingered gentry are occasionally involved. The *attorney* is always ready to give advice in these and other matters for a small consideration in money, and failing that, for a glass of any kind of "tipple" at the nearest "pub." This distant relation to the great family of "limbs of the law" hangs about the favourite resorts of other kinds of "practitioners," *i.e.*, thieves. He is considered as a shining light by some, as an impostor by others, but whatever the case may be, he distinguishes himself from the real *attorney* by the low rate of his charges.

Attorney-General's devil (legal).

This is a barrister, who, not being a Queen's Counsel, is appointed by the Attorney-General for the time being to be his "junior" in Government cases. He is always one of the best men at the junior bar, and as such is chosen by the Attorney-General.

Attory, venomous, from adder, a poisonous little serpent, originally spelt and pronounced *ad-dery*. Chancer in the "Person's Tale" speaks of *attry anger*; Anglo-Saxon *attor*, poison.

Auctioneer (popular), to tip him the *auctioneer*, is to knock a man off his legs. Derived from the saleroom phrase to knock down.

Audit (Winchester), the day on which the students receive their pocket-money, called also "apple-pie day."

Audit ale (Cambridge), very strong ale supposed to be drunk on audit day. It is peculiar to Trinity College. About two centuries ago, some ale was brewed for that college which was so strong and good that the recipe was preserved with care, and the ale has ever since been made every year in a limited quantity. Professors and undergraduates are allowed to purchase a certain number of bottles. This ale will burn like spirits when thrown into the fire.

The table was spread with coffee, *audit*, devils, omelets, hare-pies, and all the other articles of the buttery.—*Ouida: Held in Bondage*.

Audley or **orderly** (theatrical), a term used by theatrical showmen when they wish to abridge the performance, in consequence of there being a sufficient number of persons waiting to fill "another house." The manager or parade master will then call out, John Orderly!

Anger (American), a prosy fellow, a bore.

Aul. præ. (Winchester), an abbreviation which stands for *Præfectus Aulæ*, that is, Prefect of Hall.

Auly-auly (Winchester), a game played on "grass court" on Saturday afternoons after chapel. It is played by throwing a small cricket ball at your opponent.

Aunt. This term, as used in the phrase at "my *aunt's*," in a brothel, is obsolete. The old slang of the Elizabethan era, *aunt*, had the signification of a concubine, a prostitute, or a woman of loose morals, or, worse, a procurer. "Mine *aunt* will feed me," was a common phrase at one time, meaning an agent who would procure virgins for the purposes of debauchery. Shakspeare and Ben Jonson use the word.

The lark, that tirra-lirra chants,—
 With, hey! with, hey! the thrush and
 the jay :—
 Are summer songs for me and my *aunts*,
 While we lie tumbling in the hay.

—*Shakspeare.*

The more modern expression for a concubine—who lives in a single man's house without either of them letting the world into the real secret of the connection—is “niece.” Thus many reverend gentlemen in Catholic countries, whose vows of chastity debar them from enjoying the sweets of pater-nity, are fain to content themselves with being the uncles of pretty “nieces.” A *cure's* niece is a standing joke in France. The sons of the Pope—if these high ecclesiastical dignitaries have any, as they had in ancient times far more frequently than in the present—are called “nephews.”

To go to “my *aunt's*,” to go to the privy. The expression is nowadays used chiefly by girls, who say among themselves, “I am going to my *aunt*,” or “I am going to my *auntie*.”

Australian flag, the (Anglo-Australian slang), the bottom of a shirt. The Australian who lives up the country generally wears a belt instead of braces, the result being that when he exerts himself, there is usually a great fold of shirt protruding between his small clothes and his waist-coat, which Englishmen have called in scorn *the Australian flag*. The Cornstalk talks of

him as a “new chum;” he talks of the Cornstalk as “showing *the Australian flag*.”

Australian grip (up country Australian), a hearty shake of the hand (compare MASONIC GRIP.) The bushman shakes hands very heartily—a long grip with the whole hand, following three deep shakes. He does not crush your hand; but he is sarcastic about the “limp shakes” and “one-finger shakes” of people “newly out from home.”

None the less

Was he a graceful, well-bred host,
 But he was hearty in accost,
 And giving the *Australian grip*
 And good up-country fellowship
 As bushmen.

—*D. B. W. Sladen: A Summer Christmas.*

Autem or **autum**, a church. This word, which is of the oldest cant, and is given by Harman, is probably the Yiddish *a'thoumme*, a church (*tife* being the common term), which in ordinary conversation would be pronounced *autem*. It seems to have been at first always associated with clerical marriage, and as in cant Adam and Eve are terms for husband and wife, it is possible that *Autem* also owes something to *Outem* or *Oudem*, as Adam is pronounced in Yiddish. *Thoumme* or *tume* really means the forbidden or impure (church). (“Unrein verboten.”—*Thiele*.) “A,” or “ah,” is the vulgar Yiddish pronunciation for “Ein.” It is curious to note that in old

French cant a church was termed *entonne* or *entifle*, *tifle* being Yiddish for church.

Autem bawler or **autem-jet** (old), a parson. The more modern slang has the epithets, "devil dodger," and "sky pilot."

At last Job explained the cause of my appearance, viz., his wish to pacify Dawson's conscience by dressing up one of the pals, whom the sinner could not recognise, as an *autem bawler*, and so obtaining him the benefit of the clergy without endangering the gang by his confession.—*Bulwer Lytton: Pelham.*

Autem cackle tub (old), conventicle, or Dissenters' meeting-house.

Autem cacklers (old), Dissenters. It also means married women.

Oh! where will be the culls of the bing,
A hundred stretches hence?

The bene morts, who sweetly sing,
A hundred stretches hence?

The *autem-cacklers*, autem coves,
The jolly blade who wildly roves;
And where the cuffer, bruiser, blowen,
And all the cops and beaks so knowin',
A hundred stretches hence?

—*A Hundred Stretches Hence.*

Autem cove (thieves), a married man.

Autem dippers or **divers** (old), Anabaptists, from the custom of dipping or baptizing the converts.

Autem divers (old), church pick purses, and derisively, the churchwardens and overseers of the poor.

Autem goglers (old), pretended French prophets.

Autem jet (old), one of the innumerable equivalents for a parson. *Autem*, a church; *jet*, black, from the prevailing hue in a parson's dress.

Autem mort (old cant). A legal wife, whose marriage has been celebrated in a church. It does not apply to marriages celebrated by "hedge parsons" on the highway, as rendered memorable by the lines supposed to have been given to a pair of gypsy lovers by Dean Swift:—

"Beneath this tree in rainy weather,
I've joined this whore and thief together;
And none but *He* who wields the thunder
Shall part this whore and thief asunder."

The *autem-mort* finds better sport
In bowsing then in nigling,
This is bien bowse, this is bien bowse.

—*R. Brome: A Jovial Crew.*

Autem prickears (old), a general name for Dissenters. (See **AUTEM CACKLERS.**)

Autem quavers (old), Quakers.

Autem quaver tub (old), a Quakers' meeting-house.

Author baiting (theatrical), a sprightly pastime, invariably indulged in on the first night of an unsuccessful play. The process is as follows:—

"*First.*—Set your trap, and catch your *author*. In order to do so—call for him with spontaneity, and apparent enthusiasm.

"*Second.*—When you have caught him, that is, as soon as he puts his head before the curtain, go for him, shout, shriek, yell, bellow, hiss, emit a flood of 'obscure noises from filthy lips.'

“When you have degraded yourself to the level of the lowest standard of humanity, and when you have insulted the unfortunate dramatist by every means which your paucity of brains and plenitude of lungs can devise, your *author baiting* is complete.”

Av (gypsy), come; *avakái*, come here. Full form *me avava*, I come. “If tute’ll *av* akai mandy’ll del tute a horra”—“If you’ll come here, I’ll give you a penny.”

Av my little Romany chel,
Av along with mansar!
Av my little Romany chel,
 Koshto si for mangue.

—Borrow.

Avails, profits or advantages, abbreviated into *rails*, is the gratuities given by visitors or guests in great houses to servants for civilities, attentions, or services rendered.

Avast (nautical), a sailor’s phrase for stop, cease, stay. According to Webster a corruption of the Dutch *houd vast*, hold fast.

Some etymologists connect it with the old cant term “bynge a waste.” Others ascribe its origin to the Italian *basta*, enough. This derivation seems plausible, from the circumstance that French workmen use *basta* with the same signification as English tars.

Avast heaving a minute, Tom, and we’ll light our pipes and gather round and spin cuff; what do you say, lad?—
Rare Bits.

“No satisfactory explanation of this term, which occurs

in the oldest English canting,” says C. G. Leland, “has ever been offered.” In gypsy, *wast* or *vast* (Hindu, *hasta* or *hast*) means a hand, and, as in English, it is intimately connected with using the hands or being ready. *Chiv a vast ado!* means exactly in Romany, “put a hand there!” “be alert!” It is equivalent to “lend a hand!” It will be readily understood that the injunction to lend a hand might easily become a synonym for “attend there!” “observe!” or “look out!” It is to be remarked that in modern English, gypsy *hatch a wongish!* means “stop a bit!” or, literally, “stop a thumb!” *Wongish* is a corrupted form of *angustrin*, a finger or thumb, and it seems to be a synonym for a bit or small piece, because a digit forms a smaller portion of the hand. “I’ll not bate a finger’s breadth of it.” *Vast*, meaning a hand, appears to denote a greater extent or quantity, *e.g.*, “a hand’s breadth better,” and is sometimes confused with *vast*, meaning a great deal. An old Yorkshire song says—

“But Tom got the best of this bargain
avast,
 And came off wi’ a Yorkshireman’s
 triumph at last.”

Wright gives *vast* as meaning a waste or deserted space. In the song the actual meaning is that the victor beat his antagonist not *vastly* but by a little, or “by a hand,” *i.e.*, “barely,”

as the succeeding lines clearly prove:—

“For though between dead horses there’s
not much to choose,
 Yet Tom’s were the better by the hide
 and four sboes.”

Avast in old cant has the signification of away.

Avast to the pad, let us bing.—*T. Middleton: Roaring Girl.*

Avering, the trick of a beggar boy who strips himself and goes naked into a town with a false story of his being cold and robbed of his clothes, to move compassion and get other clothes. This is called *averis* and to go an *avering*.—*Old Manuscript in the Lansdowne Collection, quoted in Wright’s “Archaic Dictionary.”*

The word is evidently gypsy, from *avcr*, to come or go, as further appears by *averis*, *is* or *os* being (as is common in Indian dialects) a suffix to form a noun (*vide* Av).

Āvo, āwo, auwo, āwali, avali (gypsy), yes. *Avali* is rare in England, but it may be commonly heard in Hungary.

Lel a chūmer del a chūmer
Avo, āwali!
 Buti, buti, sār pa tūte,
 Mīro kāmlo zi.

Take a kiss—give a kiss—yes—yes. Many and many, all for you, my dear heart.

—*Janet Tuckey.*

Avoirdupois lay (old), stealing brass weights off shop counters.

Awake (general), on one’s guard, warned, put up to.

“A common expression of the ‘family people;’ thus a thief will say to his accomplice on perceiving that the person they are about to rob is aware of their intention and upon his guard, ‘Stow it, the cove’s *awake.*’ To be *awake* to any scheme, deception, or design, means, generally, to see through or comprehend it.”—*From Vaux’s Memoirs.*

Awer (gypsy), but. This recalls the German *aber*, but it is probably only a form of the affirmative *awo*.

Awful. This word does duty in fashionable slang for “very.” Girls and women are no longer “very pretty” or “very handsome,” but “*awfully* pretty” or “*awfully* handsome.” The expression is sometimes varied into “*dreadfully*.” An *awful* shame or pity, or a *dreadful* shame or pity, are common expressions both among the high and low vulgar. “An *awfully* fine day” is a favourite expletive among young and old, but especially among the young. All these, and countless other perversions of the word, might fitly be described as *awfully* destructive of the grace, elegance, and purity of the English language. In like manner *very* laughable farces are declared to be *screamingly* funny or *excruciatingly* funny; as if very were no longer an English word.

“The lumberer very rarely mixes in polite society, but when he does he never fails to make his mark. Only a few weeks ago he was introduced to —, and that effusive young lady was quite charmed with him.

“‘I think him *awfully* nice,’ she said; ‘I am quite taken with him.’

“And so were they all, until a subsequent examination of the sideboard disclosed the fact that a considerable portion of the plate had likewise been taken with him.”

The Philadelphia Press quotes
“a charming old lady’s advice to girls—very excellent advice indeed, to the sweet-faced damsels who are making their first bows to society this winter. Firstly, what to avoid :

“A loud, weak, affected, whining, harsh, or shrill tone of voice.

“Extravagances in conversation—such phrases as ‘*awfully* this,’ ‘beastly that,’ ‘loads of time,’ ‘don’t you know,’ ‘hate’ for ‘dislike,’ &c.

“Sudden exclamation of annoyance, surprise, and joy—often dangerously approaching to female swearing—as ‘bother!’ ‘gracious!’ ‘how jolly!’”

Awkward squad (military and nautical), a squad formed of the men who are backward in drill instruction. The French have the corresponding term, “Le peloton des maladroits.”

Axe to grind, an (American, political), said when a man who

has some pet scheme or hobby of his own in view, supports another who may in the future be useful to him. Such men are said to have *axes to grind*.

Special legislation in behalf of private interests is one of the curses of this country, otherwise so blessed by the smiles of Divine Providence. The number of *axes* which are taken to the various State Capitols, to be ground at the public expense, is perfectly enormous.—*New York Tribune*.

The phrase is derived from a story told by Benjamin Franklin in his life. Once when he was a boy, a man who wanted to grind an axe persuaded little Benjamin by flattery to turn the stone till he was utterly weary and his hands were sore, and then when it was done, told him rudely to be off. After this, whenever anybody was extremely amiable, the great American philosopher speculated whether the polite person had not an *axe to grind*.

Ayah (Anglo-Indian), a Hindoo nurse or lady’s attendant. From the Portuguese *aia*, a nurse.

Ayrshires (Stock Exchange), is used to describe Glasgow and South-Western Railway stock.

(fenian). In the Fenian vocabulary this letter stands for a captain.

Bā (gypsy), brother, friend. This resembles the north-country *bor*, but is of Hindu origin.

Babblers (sport), ill-bred hounds; when the pack is questing the *babblers* frequently open without cause.

Babelo-dye, babalo-dye (gypsy), grandmother.

Babes (trade), the "small fry" or lower orders of "knock-out" men who are bought over by the larger dealers just previous to a sale coming off, and who for a few shillings retire altogether, or promise to make no biddings while the lot is held by any of the other party.

Baboo (Anglo-Indian), from the Bengali and Hindu *Bābū*, which is properly a term of respect, like Master or Mr. Its application in this sense is now confined to Lower Bengal, though C. P. Brown states that it is also used in Southern India for My Lord or Your Honour. In Bengal and elsewhere it is often used among Anglo-Indians with a slight savour of disparagement, as characterising a superficially cultivated but too often effeminate Bengali. From the extensive employment of the class to which the term was applied as

a title, in the capacity of clerks in English offices, the word has come often to signify a native clerk who writes English.—*Anglo-Indian Glossary.*

"But I'd sooner be robbed by a tall man who showed me a yard of steel, Than be fleeced by a sneaking *Baboo* with a peon and badge at his heel."

—*Sir A. C. Lyall: The Old Pindaree.*

Baboo-English (Anglo-Indian). This term is applied to the peculiar English which is rather written than spoken by the natives in India. It is difficult to describe, not being specially ungrammatical or faulty as regards orthography, and yet it is the drollest dialect of English known. It is most humorous when the writer has made himself familiar with, let us say Shakspeare and the *Referee*, the Bible and the "Slang Dictionary," Artemus Ward, Milton, *Punch*, and the "Polite Letter Writer," and then contrives to happily unite all their characteristics with most unexceptionable gravity and skill. It is said that a converted Baboo, wishing to combine devotion with kindly feeling, ended a letter to an English lady-patron, to whom he supplied meat, with this expression: "Your affectionate butcher, in Christ." Of late years many amusing specimens of Baboo-English have been collected and published. There is a work called "The Baboo and Other Tales," by Augustus Prinsep.

Bābus, bawbus (gypsy), grandfather. "Māndy dikked yer *bābus* a chinnin koshters kālīko adré lestis tan"—"I saw your grandfather a cutting woods (making skewers) yesterday, in his tent."

Baby-herder (American cowboy slang), a nurse for an infant.—*C. Leland Harrison: MS. Americanisms.*

Baby-paps (thieves), rhyming slang for caps.

Bacca-pipe (popular), old-fashioned way of wearing whiskers. The *bacca-pipe* was the whisker curled in tiny ringlets.

Bach, to, batch, baching (American), from the word bachelor. To form a party and live without women's society or aid in the woods or by the sea-side. The expenses entailed on young men who mix with ladies in society at the watering-places in America are great, and often out of all proportion to their means, the natural result being that bachelors take to the forests or sea-surf, and live in tents, enjoying themselves thoroughly without the aid of "the muslin," for half, or quarter the money which they must otherwise have expended on treating ladies to carriages, juleps and cobblers after bathing, billiards and ten pins, ball tickets and suppers.

Baching, a delightful Western amusement which pleases the doctors. Never

bach? Well, it's a great scheme. Can have just what your appetite craves, and at a nominal price, and there is no woman around to find fault and comment upon the lay-out. Of course it requires judgment to prorate the ingredients essential to a first-class repast, and frequently one errs in the quantity of seasoning necessary to impart a palatable relish to corn, tomatoes, string beans, and succotash, but you soon catch on, and frequently before the salt and pepper give out. . . . Yes, *baching* is perfectly delightful, and while errors may intervene during the period in which the dog is convalescing, the outcome cannot be other than satisfactory—to resident physicians.—*California Newspaper.*

Back (general) to get one's *back* up, to get angry, the idea being taken from a cat, that always arches its *back* when irritated. "Don't get your *back* up," "Keep your hair on," "Don't lose your shirt," are synonymous expressions for an exhortation to keep one's temper.

Back block (Australian), the country outside the margin of the settled districts.

Like the brief flight of a sparrow upon a wintry night,
Out of the frost and and darkness into
the warm and light,
Is the advent of a stranger in the *back blocks* out West,
Here to-night, and gone to-morrow, after
food, roof, and rest.

—*D. B. W. Sladen: Out West in Queensland (First Edition of Australian Lyrics).*

These *back blocks* are, as a rule, grazing country, often very poor, let to the squatters (or graziers) in immense tracts at a nominal rent. One often hears of a man holding a thousand

or two thousand square miles. Mr. Fisher, a South Australian, recently put upon the market, in the northern territory of South Australia, *blocks* to the aggregate of thirty or forty thousand square miles. In very remote parts, crownlands are sometimes leased at sixpence a square mile. The two greatest difficulties to contend with (besides droughts and floods) are "getting up stores," and getting to market. Cattle are sometimes driven all the way from the Gulf of Carpentaria to Melbourne, the whole length of Australia, for sale, and some cattle which had come this journey had been six months and three weeks *en route*.

Back-breakers. According to the evidence taken before the Children's Employment Commission, the ganger who contracts to do the work hires the smallest and cheapest children, selecting the strongest and most willing of the gang as a *back-breaker*, whose duty it is to set an example of activity to the rest and "put them along."

Back-cheat (old cant), a cloak.

Back-cloth (theatrical), scenes in a theatre or music hall.

The *back-cloth* is the well-known "woodland glade" that Mr. de Pinna, the manager, invariably selects as the scene of these combats, and three rounds are fought under the Marquis of Queensberry rules.—*Evening News*.

Back-door work (popular), sodomy.

Backed (old slang), dead, with "one's toes turned up."

Back end (racing), the last two months of the racing season.

Lowestoft, though amongst the arrivals, shirked some of his engagements last *back end*.—*Star*.

A *back ender*, consequently, is a horse which appears on the racecourse at the end of the season.

Lord Bradford's horse evidently likes the Doncaster course, and he is undoubtedly a *back ender*. It must be for these reasons that he is so well backed, by the public be it understood, the stable rarely making any sign until the last moment.—*Sporting Times*.

Backers (a racing technical term), the general body of the betting public who wager *on* horses winning, in contradistinction to the more limited society of the "ring" or "bookmakers," who bet *against* horses.

This term is also frequently applied to coal carriers, whippers, or heavers.

Mr. Dudley Baxter, M.A., states in *National Income* that a coal *backer* is considered past work at forty.

Back-gammon player (old), a practiser of an unmentionable vice. Also called "an usher," or "gentleman of the back door."

Back-handed turn (Stock Exchange), having made an unprofitable bargain.

Backhanders (common), one who keeps *back* the decanter in order to *hand* himself a second glass before he passes it. Also, a drink out of turn.

Long experience has shown us that to get small advantages over us gives the Scotch so much pleasure that we should not think of grudging them the mild satisfaction, just as a kindly host affects not to notice a valued guest, who, he observes, always helps himself to an innocent *backhand*.—*The Saturday Review*.

Back handicap (running), the process of revising a time handicap, the time being reckoned from the second the "limit man" is sent off.

Back-house, or backward (common), a privy. So called from being usually situated at the rear of house. Soldiers also call it "the rear," from asking leave to fall to the rear of the company.

Backing or turning-on (American thieves' slang), a very usual kind of cheating, by which a man is victimised in such a manner as to render himself liable to punishment.

Back jump (thieves), a back window. The window seems to be considered by thieves only in the light of a convenient means of escape, hence the expression "jump."

Back mark (running), the mark nearest the scratch—sometimes, of course, the scratch itself. A

man is said to be "backmarked" in handicapping when the handicapper sets him back, or gives him less start than he has hitherto had.

Back of beyond, the (American), a mythical country where large fortunes are to be made—a Tom Tiddler's ground.

I sat down to my breakfast on the morning of the second day of April 188-, with no more notion that I should find myself at dinner-time that day at sea, bound on a voyage, the story of which I now propose to write, than I have, seeing that I am come in safety home again, of setting out before to-morrow to seek my fortune in the uttermost part of the mysterious country known as the *Back of Beyond*.—*W. A. Paton: Down the Islands*.

Back scuttle, to (thieves), to enter by the back way.

Back-seam (popular), to be down on one's *back-seam* is to be at one's last breath.

Back seats (American), a very common slang expression signifying reserve or an obscure and modest position. It originated in a saying of President Johnson in 1868, that "in the work of reconstruction traitors should take *back seats*."

General Shelby of rebel notoriety says:—"Let it be distinctly understood at St. Louis and everywhere else that, while the issues of the war are past and forgotten, we take back nothing, and there is no use of their expecting us to do so."

That's true. You don't even take *back seats*. In the Cleveland variety show every man-jack of you is in the bald-headed row.—*Chicago Tribune*.

"For my part," remarked a handsomely, even sportively dressed young man in the smoking-car, "I think this Grover Cleveland is getting altogether too much attention. . . . I predict that in two months he will take a *back seat* as it were. He will discover that there are some big men in this country beside himself. This ain't no one-man country."—*American Humorist*.

Backsheesh (Anglo-Indian).

From the Persian *bakhshish*, a gratuity, a "tip."

What an honour to think that I am to be elevated to the throne, and to bring the seat in Parliament as *backsheesh* to the Sultan.—*Thackeray: Pendennis*.

Back slang (Australian convicts),

the going stealthily to or into a place, sneaking into it. Probably taken out to Australia by the convicts transported thither, though it may have originated there.

(Thieves), to enter or come out of a house by the back door, or to go a circuitous or private way through the streets in order to avoid any particular place in the direct road, is termed *back-slanging* it.—*Vaux's Memoirs*. *Back slang* also means slang produced by spelling words backwards, e.g., "nael ekom" for lean moke, "occabot" for tobacco.

Back-slanging is quite aristocratic up the country in Australia, where, unless it is a formal visit, it is almost the universal custom for any one of any rank to drive straight into the stables of the house he is going to, call for a groom (or quite as often a boy) to take the horses, and then walk round to the house.

Back slum (Australian convicts' slang), a back room, a back entrance. Probably taken out to Australia by the convicts transported thither.

In ordinary colloquial English, *back slum* simply means a "back street" or a "bad neighbourhood," but Vaux in his *Memoirs* says that among the Australian lays *back slum* is a back room, also the back entrance to any house or premises; thus, "We'll give it 'em on the *back slum*," means "We'll get in at the back door."

Back staircase (popular), a de-

risive term for a bustle, called by maid-servants "bird cage," or "canary cage." Parisian ladies had formerly the unassuming *polisson*, superseded under the Third Empire by the more "all round" crinoline, brought into fashion by the Empress, and which became so much the rage all the world over as to be worn even by African belles, whose sole adornment it frequently was. English girls of the lower classes, who could not afford to procure the "real article," would affix wooden hoops to their petticoats. Scoffing Parisians now term the modern "dress improver"—so elongated, painfully pointed, and almost horizontal—"un lieutenant" (a pun on "tenant lieu de ce qui manque") "nuage" ("parcequ'il cache la lune," *lune* being slang for the posterior), and "volapuk."

Backstairs influence (common), a disparaging term for occult, intriguing influence.

There is no rule of the service so strict that it will not yield to *backstairs*, or other influence.—*Truth*, April 26, 1888.

Back talk (popular), no *back talk*, i. e., speaking frankly.

Back-tommy (tailors), a piece of cloth used to cover the stays at the waist.

Back-track (American); going back, retreating, eating one's words; to take the *back-track*, to recede from one's position.

The first law of self-preservation had admonished Mr. Douglas that he has gone as far in the slavery concessions to the South as he can possibly go, and that if he would save himself at home he must take the *back-track*.—*New York Herald*, December 26, 1857.

I turned to Mac and said, "Come, Mac, what's the use of fooling; come with me."

"No *back-tracks*, Texas. I'll stay here."
—*R. Morley: The Western Avernus*.

Back up (public schools), to call out, as, for instance, when a præfect requires a fag.

Backy (tailors), the man working immediately behind the speaker. The term is much affected by "slop cutters."

Bacon (common), the body; "to save one's *bacon*," to escape a castigation; "to baste one's *bacon*," is to strike one; (theatrical), to "pull *bacon*."

The late Mr. H. J. Byron, the

actor, very popular in his time, says this phrase has reference to a grimace which he used to make, and which was called pulling a *bacon* face, or, in short, pulling *bacon*, but the expression is not in general use.

Bad break (American), an outbreak, outrage, turbulent conduct.

"Sam," he says, "you've made one or two *bad breaks* since you've been in town."
—*F. Francis: Saddle and Moccasin*.

Bad egg (popular), a rascal.

There is some philosophy in the remark that a man may be a *bad egg*, and yet not be a nuisance unless he gets broke.—*Sporting Times*.

The term is used in America to express a man of unsound or doubtful character. It became popular about 1849-50. If the corresponding slang term existed in China, a *bad egg* would, on the contrary, mean a very honest fellow.

But one gray-haired old veller shmiled
crimly und bet
Dat Breitmann would prove a *pad egg* for
dem yet.

—*Ballads of Hans Breitmann*.

There was, however, a considerable feeling amongst others there that he was a *bad egg*, and they even went so far as to suggest that the sooner he had a bullet in him the better.—*A. Staveley Hill: From Home to Home*.

Badge coves (old cant), persons existing on the bounty of the parish.

Badgeer (Anglo-Indian), from the Persian *bād-gēr*, wind-catch.

A contrivance for bringing air down into, and for cooling and ventilating a house. A wind tower.

Badger (American thieves), a "panel" thief (panel being probably a corruption of *panny*, a cant word for a house), who robs a man after a woman has enticed him into bed.

In schools it is the fate of red-haired boys to be nicknamed after this animal. (Naval) *badger-bag*, the fictitious Neptune who visits the ship on her crossing the line, and is so called from his badgering the uninitiated. Formerly the term was applied to a huckster or retailer, from *badjulate*, to carry, Latin *bajulare*. To overdraw one's *badger* is slang for over-drawing one's banking account, a play on the expression drawing the *badger*.

His checks no longer drew the cash,
Because, as his comrades explain'd in
flash,

He had overdrawn his *badger*.

—Hood: *Miss Kilmansegg*.

Also applied in old cant to a footpad who in old days robbed persons near a river, subsequently throwing the body of the victim into the water; a common prostitute.

Bad give-away (American), incautious betrayal, lapsus.

It was a *bad give-away* when a temperance lecturer absent-mindedly tried to blow the foam off a glass of water.—*American Newspaper*.

Bad halfpenny (Australian convicts' slang), a fruitless errand, no go. Probably taken out by the convicts transported thither. Vaux in his *Memoirs* says:—

When a man has been upon any errand, or attempting any object which has proved unsuccessful or impracticable, he will say on his return, "It is a *bad halfpenny*"—meaning that he has returned as he went.

A ne'er-do-well is called a *bad halfpenny*, because the ne'er-do-well of the family is so difficult to get rid of; he is said "to turn up like a *bad halfpenny*," because imperfect coins are constantly being traced back to and forced back on the person who circulates them.

Bad lot (common), a person of indifferent character. The term seems to be derived from an auctioneering phrase. It is often applied to girls who have, as the French term it, "*la cuisse gaie*."

The girl shuddered.

"I always thought you were a *bad lot*."

The chorus girl was trying to pluck up her courage.

"Well, well—I was once as pretty as you, and a deal prettier, and was made more fuss with."—*Ally Sloper's Half Holiday*.

A very handsome girl she may be, but a *bad lot*, as her father was.—*R. D. Blackmore: Erema*.

Bad man (American). This has a special meaning in the West, where it indicates a heartless, cruel murderer. Rowdies and

bullies in their boasting often describe themselves as "hard *bad men* from Bitter Creek."

In vain he begged for mercy. Milton was obdurate, and refused to be moved by the would-be *bad man's* prayers. He led him into the post tied up like a broncho steer, and the jeers of the citizens as poor Dossy shambled past them on his way to the jail were the death-knell of his badness. He made no "John Branch plays" after this, but attended faithfully to his herd, and the bare mention of the name of Mad Milton was sufficient to keep him quiet whenever he forgot his defeat and essayed the rôle of *bad man*.—*Detroit Free Press*.

"Bad man" for a *cruel* murderer is indeed a very mild way of putting it. If the euphemism were carried on, a murderer pure and simple would probably be styled a *naughty man*.

Bad match twist (barbers), red hair and black whiskers.

Badminton (prize ring), blood; properly a kind of claret cup. To "tap the badminton, or claret," is to draw blood.

Bag (common), any kind of purse when empty; to give the *bag*, i.e., to dismiss, run away.

When of oof they had bereft him, his own tart had promptly left him,
And gone off with some one else upon a drag.

It was cruel to forsake him; but, as settling day would break him,

She had given him, quite cheerfully, the *bag*.

—*Sporting Times*.

(Printers and sailors), a vulgar term for a pint or pot of beer;

"Come and have a *bag*" would be a form of invitation given.

Bag, to (familiar), to steal or seize.

The shameful way in which our ships are being *bagged* without the slightest scruple to suit private ends becomes our wretched system of naval government incomparably. The public, who have to pay the piper pretty sweetly for the Spithead pageant, can hardly be expected to look without wonder or disgust at the barefaced partiality displayed by the Admiralty in appropriating vessels.—*Modern Society*.

Also a phrase in common use signifying the expansion of garments by frequent wear.

"You men are so lucky," a fair maiden said,

Discussing the question of dress,

"You're ne'er burdened with petticoats, corsets, nor shawls,

Which to us are a source of distress."

"Yes, I know," said a youth who'd been waiting for this,

An argument ready to seize—

"What you've said is all true, but there's one point you miss,

Your pants never *bag* at the knees."

Baggage smasher (American), a word with two meanings. The first applies to men who hang about the railway stations to steal luggage, the second to the railway porters and others who in America handle trunks and boxes, &c., with extraordinary carelessness.

"I feel depressed to-night," remarked a large, down-town trunk manufacturer to his wife. "I think I have a touch of malaria." "I fancy it will soon pass away," replied the lady, without much concern. "Why don't you go around to the Grand Central Station, and watch them *smash baggage* for an hour. That will revive you!"—*New York Sun*.

A London thief who steals luggage off carriages or cabs by climbing up behind, is termed a "dragsman."

Bagged (American thieves), imprisoned, "scooped in," *i.e.*, taken in, victimised.

Bagging (northern counties), used of food between meals; in Lancashire especially, an afternoon meal, *i.e.*, what is taken about in a bag. See CARPET BAGGING.

Lancashire adopts the whole-board or partial-board system very extensively. The local term of *bagging* implies bread and cheese, or pies; and there are all the varieties of board and lodging, dinner of potatoes and bacon with butter-milk, *bagging* in the forenoon and afternoon, dinner and lunch, and rations allowed for women.—*Chambers's Journal*.

Bagging or **jockeying the over** (cricketers), the practice of batsmen who manage their running in such a manner as to get all the bowling to themselves.

Bagman (general), a commercial traveller. A name formerly given to commercial travellers from their travelling on horse-back and carrying their samples or wares in saddle-bags; now used only in a somewhat contemptuous manner.

The late lord came to London with four post-chaises and sixteen horses. The present lord travels with five *bagmen* in a railway carriage.—*W. M. Thackeray: Pendennis*.

Bagnio (old), a bawdy house.

Bag of nails (American), the same as hurrah's nest or whore's nest. Everything in confusion, and topsyturvy. The sign of the *Bag of Nails* in England has been said by inventive and imaginative etymologists to be derived from "the Bacchicals."

"I may bid as high as your pintle, and make you squint like a *bag of nails*," replied the intruder, "though you rub us to whit for it."—*On the Trail*.

Bags (general), trousers. The synonyms are "kicks," "sit upons," "hams." Sometimes rudely called "bumbags."

Then the throng begins to yell,
But I scatters 'em pell-mell,
Be their clothing manly *bags* or female
skirts;
With my staff I goes for all,
Both the big 'uns and the small,
For I'm bound to give sich rabble their
"deserts."

—*Funny Folks*.

"But, hollo!" he cried, as he caught sight of his legs. "Parsons don't wear tight tweed *bags*." . . . Jack had to unpack his portmanteau, and get out his evening inexpressibles.—*Chambers's Journal*.

When the pattern of the *bags* is very staring they are called "howling *bags*." The synonyms "unmentionables" and "inexpressibles," though generally used jocosely, must have been coined by people with indecent imaginations who think more of the contents than the container, and who would cover with petticoats the nakedness of statues or incase the legs of pianos in "inexpressibles." It may, however, have been invented by

ladies who will blush at the word chemise, but who do not scruple to show themselves in public in such a *décolleté* state as to suggest that only the lower half of that garment has been retained.

To "have the *bags off*," is to be of age and one's own master, to have plenty of money. To have the *bags on* would surely be a more appropriate metaphor in this instance.

Bags, to take the (athletic), to go hare in a paper chase.

Ba-ha (tailors), bronchitis.

Bai, by (gypsy), a sleeve, a bough.

Bail (Australian Blackfellows' lingo), no, not. The following is a specimen of the pidgin-English stuffed with Blackfellows' words used by the whites on stations in their intercourse with the aborigines:—

"Too much big-fellow water, *bail* ply (fly), come up; *bail* pind (find) him," answers the aboriginal, adding, however, the question, "you patter potchum" (eat possum).

"Yohi" (yes), said John, rather doubtfully, for he is not sure how his stomach will agree with the strange meat.—*A. C. Grant*.

(Society), to give leg *bail* and land security, a phrase for running away, decamping.

Baist a snarl (tailors), work up a quarrel.

Bait (Winchester), rage, to be in a *bait*, or in a "swot," to be

angry. To *bait* a lad is to tease him.

Bait-land (nautical), an old word, formerly used to signify a port where refreshments could be procured.—*Admiral Smyth*.

Bāk, bacht (gypsy), luck. A very common word. *Bāktalo*, lucky.

"Rya del mandy a panjer." "What for?" "For *bāk*." "For bock, kek—but mandy'll dee it to tute to kin a cigarrus."

"Master give me fiver (5 cents)." "What for?" "For *bāk*." "For bock (beer), no—but I'll give it to you to buy a cigar."—*Gypsy Notes in America (MS.)*.

Bake, to (Winchester), to rest, to enjoy "dolce far niente;" (common), to fumigate a room.

Baked (Australian), tired out. Slang delights in puns. Because meat put in the oven is said to be *baked* when it is "done," a man who is "done up," or "done," is said to be *baked*. This distinctly "slang" use of *baked* is quite different from *baked* in the sense of "heated" or "hot," in which even ladies often use it. In the English slang only "half-baked" means imbecile.

Baked Spanish (common). A *Spanish* means a large Spanish onion.

Maria looks very nervous like at this, but told me afterwards if it hadn't been as she tried to forget of the young man, and only to remember there was tripe for supper and a *baked Spanish*, she'd have fainted right clean away.—*Fun: Murdle Visiting*.

Bākelo (gypsy), hungry. "Shan tu bākelo?"—"Are you hungry?"

Baker (American), a word discovered or unconsciously invented by the Baron E. de Mandat Grancey.

We got there without unduly exciting the idle curiosity of the *bakers* around us. In America they call the habitual man-about-town, the lounge—*baker*. I leave the care of discovering whether there is not in this term an ironical allusion to the way in which they make the execrable bread we are forced to eat everywhere in the country.—*Baron E. Mandat Grancey: Cow-Boys and Colonels.*

The writer of the above had heard the word *loafer*, and having inquired its meaning, innocently translated it as *baker*. In a short time *baker* will, perhaps, be current as a joke, and a few years hence some one learned in Americanisms may possibly declare it to be the original word, or at least a well-established American term, and one recently heard by him in America. (Winchester College), a *baker* is a cushion, generally a large green one, used by prefects and by boys who have studies of their own. The name is also given to a small red cushion used at chapel. Formerly it meant a portfolio. A "*baker layer*" is a junior who has to take a prefect's *baker* in and out of hall at meals. The term was probably obtained by punning on the connotation of the word loaf.

Baker-knead (workmen), an in-knead man, one whose knees

knock together—the position in which bakers stand to knead their bread tending to make their knees incline inwards.

His voice had broken to a gruffish squeak, he had grown blear-eyed, *baker-knead*, and gummy.—*Coleman: Poetical Vagaries.*

Baker-legged (see BAKER-KNEED).

... His body crooked all over, big belly'd, *baker-legg'd*.—*L'Estrange: Life of Æsop.*

Baker's dozen (common), thirteen. Originally the London bakers supplied the retailers with thirteen loaves to the dozen, so as to make sure of not giving short weight.

About a *baker's dozen* of cows and calves were collected.—*P. Francis: Saddle and Moccasin.*

To "give a man a baker's dozen" is to give him a good beating, to give him full measure in that respect.

Baker, to spell, an expression for attempting anything difficult. In old spelling-books, *baker* was the first word of two syllables, and when a child came to it, he thought he had a hard task before him.

If an old man will marry a young wife, why then—why then—why then—he must *spell baker*.—*Longfellow: The New-England Tragedies.*

Bakes (American), one's original stake in a game, a juvenile term; as " 'I will stop when I get my *bakes*,' said by a boy playing marbles" (*Bartlett*), in refer-

ence possibly to a baker's not always getting his *bake* safely out of the oven. More probably from the provincial English *bakes*, marbles of baked clay or porcelain.

Bakester (Winchester), one who bakes—that is, a sluggard, an idle fellow who is fond of lying down doing nothing. (Provincial), a cognomen for a baker.

Baking-leave (Winchester), permission to “bake”—that is, to sit in a study or “pigeon-hole.”

Baking-place (Winchester), a sort of couch or sofa, an important article of furniture for those who delight in *baking*, that is, doing nothing.

Bākro, bokro (gypsy), a sheep or lamb; *bakengro*, a shepherd.

Bāl (gypsy), a hair (Hindu, *bal*). *Bālia*, *bāllor*, hairs; *bālnoi*, hairy.

Balaam-box (printing shops), used by compositors to designate the receptacle for silly paragraphs about monstrosities in art or nature; or old jokes and anecdotes kept in reserve to lengthen out pages or columns which might otherwise remain vacant. The phrase originated in the comparatively remote days when newspaper editors were sometimes at a loss to fill up the allotted space at their command. No such difficulty, however, confronts them in this age

of verbosity, when the “gift of the gab” is considered to be one of the proofs of statesmanship, and when short-hand writers supply the materials for filling and overfilling the newspapers, by full reports of the speeches of vestrymen, platform orators, members of Parliament, and worse perhaps than all, of windy barristers, doing their utmost in courts of law to make guilt look innocence, or *vice versa*, and otherwise “darkening counsel with vain words.” The disease that afflicts the printing-offices is no longer that of “atrophy,” but of flatulence in its worst and most persistent forms.

An essay for the *Edinburgh Review*, in the old unpolluted English language, would have been consigned by the editor to his *balaam*-basket.—*Hall: Modern English.*

Balaclava day (military), pay day, a survival of the Crimean war. The day on which men having got their pay took it down to Balaclava, the great base of supply, where purchases could best be made from sutlers who had their hut shops there.

Balance (American), the rest or remainder of anything. Bartlett says that it is “a mercantile word originally introduced into the ordinary language of life by the Southern people, but now improperly used throughout the United States to signify the re-

mainder of a thing. The *balance* of an account is a term well authorised and proper, but we also frequently hear such expressions as the *balance* of a speech, the *balance* of the day, &c." It seems doubtful whether *balance* can ever be quite correct unless it signifies an exactly equal half.

I hit on her affections for the *balance* of the season.

—*Negro Song of 1843.*

Balbus (university), Latin prose composition. A term derived from Arnold's "Latin Prose Composition," a well-known text-book in which *Balbus* (who does not connect in his memory this odious individual with the magister's cane?) occurs at the beginning of the exercises and on every page, sometimes over and over again, right through to the end of the book.

Balderdash (old), a term applied to adulterated wine, and to senseless talk or writing.

Bald-face (American), new whiskey.

Bald-faced shirt (American cow-boys), a white, *i.e.*, muslin or linen shirt. So called because *bald-faced*, or Hereford cattle have white faces.—*C. Ieland Harrison: MS. Americanisms.*

Bald-faced stag (popular), a term of derision applied to a bald-headed man.

Bald-headed row (American), the front seats in the pit of a theatre. It is an old joke in the United States, that whenever there is a great "leg-piece," or a "frog-salad" (*i.e.*, a ballet with unusual opportunities for studying anatomy), the front seats are always filled with veteran *roués*, or "Uncle Neds."

Baldober (see BALDOWER), a director, or leader. In German thieves' slang the director or planner of a robbery, who gets a double share.

Baldower (Yiddish), head-speaker. One who conveys information; a spy. Connected with this are *baldowern*, to direct, plan, spy, lurk, observe (in Dutch slang *baldoveren*), also *baldorer*, a spy or traitor.

Bales, a little drive with (popular); *Bales* is the policeman who superintends the Black Maria, or prison van.

I was fined forty shillings, but not forty pence

Had I in my pocket to pay,
So into the p'lice van soon bundled was I,
But to *Bales* I sung all the way.

—*Oh, ain't I having a day. Bertini, Marlborough Street.*

Bale-up (common), an equivalent of "fork out," that is, pay, give the money instantly, a phrase imported from the Australian bushrangers.

Ball (prison), prison allowance; six ounces of meal; a drink. A *ball* of fire in popular slang is a

glass of brandy, in allusion to the fieriness and pungency of the wretchedly bad spirit sold as brandy to the lower classes.

Ballad-basket (old cant), a street singer.

Ballast (common), money. Some of the slang synonyms for money were or are—"Oof, ooftish, stumpy, muck, brass, loaver, blunt, needful, rhino, bustle, cole, gilt, dust, dimmock, feathers, brads, chinks, pieces, clinkers, stuff, clumps, chips, coin, shekels, corks, dibbs, dinarly, horse-nails, gent, huckster, mopusses, palm oil, posh, ready, Spanish, rowdy."—*Barrère: Argot and Slang.*

A rich man is said to be well-*ballasted*. A man is said to "lose his *ballast*" when his judgment fails him, or when he becomes top-heavy from conceit.

Ballooning (Stock Exchange).

When stock is increased to a figure far beyond its real value it is said to be *ballooned*, and the operation by which this is effected is called *ballooning*. The means by which this result is attained are cooked or otherwise favourable reports, fictitious sales, and so on.

Ballooning it (American), exaggerating, indulging in bounce, pulling the long bow. It is said to have originated in a story of a man who boasted that he had fought a duel in a balloon

and brought down his adversary, balloon and all. But this was a veritable occurrence, as appears by the *St. James's Gazette* of August 5, 1887—

"Since General Boulanger's conditions are unacceptable to M. Ferry, and as the usages of duellists seem conflicting on this subject, perhaps these eminent men might try a duel on the very reasonable conditions agreed on by M. de Grandpré and M. le Pique in Paris in 1808. These gentlemen having quarrelled about a lady, agreed to have it out in balloons, each party to fire at the other's balloon and try and bring him down. A month was taken to build two similar balloons; and on a fine day the pair ascended with their seconds from the Tuileries gardens, armed with blunderbusses. When they were about half a mile up, and some eighty yards apart, the signal was given, and M. le Pique missed. M. de Grandpré, however, made a successful shot, and his opponent's balloon went down with tremendous rapidity, both principal and second being instantly killed—much to the satisfaction of the spectators."

Balls (popular), "to make *balls* of it," to make a mistake, to get into trouble.

Balls' all (popular), all rubbish.

Ballum-rankum (old), a ball where all the dancers are thieves, prostitutes, or other very degraded persons, as in the "buff-ball," in which both sexes join without clothing.

Bally (society), a word in use among the young men of the present day to emphasise a speech. Coined by the *Sporting Times*, from the Irish word "bally-hooly." It is mostly

used as a euphemism for "bloody." Of the same class are "darn it!" "by golly!" "great Scott!"

"Oh, that's b— rot!" quoth the disdainful Chiderdoss, who by way of a change had both backed and tipped the right 'un. "Who interfered with him?"

"Why, the *bally* winner, of course! Didn't he get in front of him?"

And then sundry sad and silent men faded away into the Rainbow, and got in front of several drinks.—*Sporting Times*.

Ballyrag (Oxford University), a free fight in jest. This is an old word that has been in use at least a hundred years—spelt also *bullarag*. The conclusion of a big "wine" (*vide WINE*), is often a wholesale *ballyrag* or *mêlée*, always carried on in good temper (personal violence in a quarrel is practically unknown at Oxford). To *ballyrag* a man is to mob him and play practical jokes upon him, to hustle him. To *ballyrag* a man's rooms is to turn them upside down, to make "hay" of them.

Dear Muriel,—I always was rather a toff; but when I tell you that this blooming house has become *perfectly beastly*, I know you will pity the poor old bounder. I have been rotting all day in the library, but even *ballyragging* has lost its charm. A sweep or a smug would be a relief, but there is not so much as a plunger to be seen nor a mug to speak to. Under these circumstances I miss you most awfully, and I write to say that if you would come to my diggings for a little while it would be perfectly rippin.—Your affectionate uncle,
G. E. C.

P.S.—That's where the joke comes in.—*The Culture of the Misses: The St. James's Gazette*.

(Common), to bully, to make a kick up or riot.

None of your flaring up, and *ballyragging* the people about.—*Edmund Yates: The Rock Ahead*.

The word is a corruption of *bullyrag*, to threaten, bully, hustle. "Bully" is a provincialism for a riot. It may be noted that in Yiddish *balhe* and *rag* mean a riot, a fight, and rage. *Bahle-rag* would, in fact, be a roaring row.

Balm (old), a falsehood.

Balmy (common), sleepy, from *balmy* (lit., soothing) sleep; weak-minded, dull, easily imposed upon, mad.

The people in our alley call me Salvation Sally,
Since I have been converted, but I try to bear the load,
They say I must be *balmy* to go and join the Army,
That leads you to salvation in the White-chapel Road.

—*Salvation Sally*.

The expression is much in favour with thieves.

I had hardly got outside when he came out like a man *balmy*.—*Horsley: Jottings from Jail*.

Among convicts to "put on the *balmy* stick" is to feign insanity.

There was always a number putting on the "*balmy* stick"—or, in plain terms, feigning insanity. Nobody in prison believes in brain disease. Every lunatic is accused of "putting it on," and is punished for it. There are always a dozen or so in the *balmy* ward.—*Evening News*.

To be a little bit “*balmy* in one’s crumpet” means to be slightly crazy. The synonyms are “to be touched,” “off one’s chump,” “wrong in the upper storey,” “to have rats in the upper storey,” “a tile loose,” “half-baked,” “dotty.” To “go *balmy*” signifies to go mad.

“Ah,” said Tom Carleton subsequently to the Talepitcher, “none o’ *my* kids ever go *balmy* over flowers or the Academy; give ‘em ice cream and Buffalo Bill—that’s the business!”

To have a “dose of *balmy*,” or a “wink of the *balmy*,” to sleep.

As it’s rather late, I’ll try and get a wink or two of the *balmy*.—*Charles Dickens: Old Curiosity Shop.*

Bālo, bālor, bawlor (gypsy), a pig.

“Oh I jassed to the ker
An’ I tried to mang the *bālor*,
Tried to mang the müllo *bālor*
When I jassed to the ker”—

“I went to the house and I tried to beg the pig, tried to beg the dead pig when I went to the house.”

—*English Gypsy Ballads.*

Policemen are also called *bālor*, or “pigs” in gypsy.

Balovas te (an’) yoras (gypsy), bacon and eggs; *yoras*, eggs.

“Ballovas an’ yoras,
Ballovas an’ yoras,
A’ the rye an’ the rāni
A pirryin āp the drom”—
“Oh! the eggs and bacon,
Oh! the eggs and bacon,
And the gentleman and lady
A-walking up the way.”

Balsam (thieves’ slang), money.

“It was no great quids, Jim—only six flimseys and three beans. But I’m flush of the *balsam* now, and I ain’t funk’d to flash it.”—*New York Slang Dictionary.*

—*I.e.*, “There wasn’t much money, Jim—only six notes and three sovereigns. But I’ve plenty of money now, and I am not afraid to show it.”

Also impertinence, impudence.

Balwar (Anglo-Indian), a barber.

This is an amusing instance of native blending of *balwala* (hair-person, *capillarius*) with the English word.

It often takes the further form *balbar*, another fictitious hybrid shaped by the Persian *buridan*, to cut; *guosi*, hair-cutter.—*Anglo-Indian Glossary.*

Bam (old), facetious humbug; “to *bam*” was to impose on a person by means of falsehood; also to chaff and poke fun at any one.

Bamboozle, to (common), to cheat, to delude, to humbug.

Fair ladies attend! and if you’ve a friend At court, don’t attempt to *bamboozle* or trick her!

Don’t meddle with negus, or any mixed liquor!

Don’t dabble in “magic!” my story has shown,

How wrong ‘tis to use any charms but your own.

—*Ingoldsby Legends.*

In the language of sailors, to *bamboozle* has the meaning of to decoy the enemy by hoisting false colours.

This word has been a stumbling-block to all the etymologists who have attempted to grapple

with it. "It is," says the Dictionary of Phrase and Fable, "a Chinese and gypsy word, meaning to dress a man in bamboos to teach him swimming." As the gypsies never had intercourse with China, and as the explanation is utterly unintelligible and irrelevant, the etymology must be reckoned imaginative, to say the least of it. "Hotten, with others, credits *bamboozle* to the gypsies; as *bambhorna* is Hindu for to humbug, and as the terminative *āsl* is used in Romany, it is possible that *bamboozle* is the Hindu word gypsified."—*C. G. Leland: MS. Gypsy Notes.*

Banagher, to bang.

Banco or bunko steerer or roper (American), a sharper, a confidence-trick man.

The *roper* or the *banco steerer* gentleman is one and the same animal, and he will find you out the morning after you land in Chicago or St. Louis. He will accost you—very friendly, wonderfully friendly—when you come out of your hotel, by your name, and he will remind you—which is most surprising considering you never set eyes on his face before—how you have dined together in Cincinnati, or it may be Orleans, or perhaps Francisco, because he finds out where you came from last. And he will shake hands with you; and he will propose a drink; and he will pay for that drink. And presently he will take you somewhere else, among his pals, and he will strip you so clean that there won't be left the price of a four-cent paper to throw around your face and hide your blushes.—*The Golden Butterfly.*

(Charterhouse School), *banco*, evening school.

Bandanna (Anglo-Indian). Hotten says of this word that it was originally a peculiar kind of silk handkerchief, but is now a slang word, denoting all kinds of "stooks," "wipes," and "foggles," and in fact the generic term for a kerchief. In the United States it is specially applied to a kind of cotton or muslin handkerchief from Madras, much worn by women of colour, especially old-fashioned or elderly ones, wrapped about the head. The American *bandanna* is invariably made of yellow and red in cross stripes.

This term is properly applied to the rich yellow or red silk handkerchief with diamond spots left white by pressure applied to prevent their receiving the dye. The etymology may be gathered from Shakspeare's Dictionary, which gives *bāndhnā*, a mode of dyeing in which the cloth is tied in different places, to prevent the parts from receiving the dye. "Sir Horace Fogle is about to be raised to the peerage as Baron Bandanna" (*Vanity Fair*, ii. c. 52.)—*Anglo-Indian Glossary.*

Banded (popular), hungry; literally, bound up. From the notion that to appease the pangs of hunger, one must tighten his belt.

Bandero (American), widow's weeds.—*New York Slang Dictionary.*

Bandog (old), a bailiff or his assistant.

B. and S. (common), brandy and soda.

"And now, wife of mine, I wonder whether your domestic handiness would

go far enough to give me a *B. and S.?*" The obedient wife flies to the cellaret, and for the first time in her life Squire Morcombe's daughter opens a soda-water bottle.—*Braddon: Hostages to Fortune.*

Bands (Australian convicts), hunger. Introduced into Australia by the convicts transported thither. Cf. the English thieves' expression *banded*, meaning hungry.

"To wear the *bands*" is to be hungry or short of food for any length of time; a phrase chiefly used on board the hulks or in jail.—*Vaux's Memoirs.*

In the early days of New South Wales, before Australia began to produce meal and grain for itself, the colony was dependent for its supplies upon England and the Cape of Good Hope, and the colonists were several times on very short commons, and even on one occasion were absolutely in danger of perishing. The phrase is derived from the custom among the poor, and soldiers on an expedition, of wearing a tight belt round the stomach to prevent the pains of starvation.

Bandy (Anglo-Indian), a word of general application to several kinds of vehicles, such as carriages, bullock waggons, buggies, and carts. Used in Southern and Western India. It is the Telegu *bandi*, Tamil *vandi*.—*Anglo-Indian Glossary.*

A mighty solemn old man, seated in an open *bandy*, as a gig with a head that has an opening behind is called at Madras.—*Memoir of Colonel Mountain, 1826.*

In thieves' slang it means a sixpence, so called from this coin being sometimes bent.

Bang (pugilistic and low), a blow; Icelandic *bang*, a hammering. "I'll give you a *bang* in the 'gills.'" To *bang*, to beat.

The hemp, with which we used to *bang*
Our prison pets, yon felon gang,
In Eastern climes produces *bang*,
Esteemed a drug divine.
As hashish dressed, its magic powers
Can lap us in Elysian bowers,
But sweeter far our social hours
Over a flask of wine.

—*Lord Neaves: Anglo-Indian Glossary.*

Banged up to the eyes, is drunk. Hair worn down low on the forehead almost to the eyes, is in America called a *bang*, and the practice of thus wearing it is *to bang*. Called "toffs" in England.

Bang, as applied to wearing the hair low, is derived from the provincial English. In Norfolk the edge of a hat is said to *bangle* (Wright) when it drops or *bangs* down over the eyes. And corn or young shoots when beaten by the rain and hanging down, are *bangled* or *banged*. So loose and hanging ears are "bangled ears."—*Notes by C. G. Leland.*

He *banged* his hair to hide his bunged eye.—*Newspaper.*

To make the *bang*, you must begin by dividing your front hair at half-inch distances from ear to ear, combing the rest back. The process is repeated until the whole front hair has been successfully *banged*.—*Illustrated London News.*

(Stock Exchange), to *bang*, to loudly offer stock with the intention of lowering the price.

Oh! in the days of old,
At least, so I've been told,
We only heard of "puff," and "rig," and
bang,

But now better things exist,
For we daily swell the list,
And have really quite a choice of market
slang.

—*Atkin: House Scraps.*

To *bang* also signifies to excel
or surpass. *Banging*, great or
thumping.

Banger (Yale), a thick stick, cane,
or bludgeon.

The freshman reluctantly turned the key,
Expecting a Somophore gang to see,
Who, with faces masked and *bangers* stout,
Had come resolved to smoke him out.

—*Yale Literary Magazine*, vol. xx.

P. 75.

(Popular), an obvious untruth.

Bangle (Anglo-Indian). This
word, now generally used in
England, is from the Hindu
bangri. The original is applied
to a bracelet of coloured glass,
but it is now extended to all
kinds of such ornaments for the
wrist when in ring-form or of
one piece of metal.

Hear their wrists and ankles jangle,
With many a brass and silver *bangle*;
Dresses sprayed with many a spangle,
So for living fish they angle.

—*The Mild Hindoo.*

Miss H. wore her blazing Cashmere
shawl; her great brooch . . . ; and her great
bracelets (she used to say, "I am given to
understand they are called *bangles*, my
dear, by the natives") decorated the sleeves
round her lean old hands.—*Thackeray: The Newcomes.*

It is curious that the Hindu
word *bangri* exists in Eng-
land as the gypsy term for a
waistcoat, *i.e.*, originally a mere
ring, belt, or circlet of cloth,
like a cummerbund.

Bang off (common), to write a
letter *bang off*, in a hurry.

Bangster, a provincialism for the
victor.

If you are so certain of being the *bang-*
ster, so very certain, I mean, of sweeping
stakes.—*Sir Walter Scott: St. Ronan's Well.*

Also, a loose woman, a bully.

If the Pope's champions are to be *bang-*
sters in our very change-houses, we shall
soon have the old shavelings back again.
—*Scott: The Abbot.*

thresher, but applied to farm
servants in general.

tailed.

"These little *bang-tailed* sinners any
good?" said Drysdale, throwing some
cock-a-bondies across the table.—*T. Hughes: Tom Brown at Oxford.*

Bang-up (common), fine, first-rate.
Synonymous with "slap-up."
To *bang-up*, to make first-rate,
stylish.

Pat to his neck-cloth gave an air
In style, and à la *militaire*;
His pocket, too, a kerchief bore,
With scented water sprinkled o'er;
Thus *banged-up*, sweeten'd, and clean
shav'd,
The sage the dinner-table braved.

—*Combe: Dr. Syntax.*

Jem drove me in a gig of the regular
bang-up, stay-for-nothing, rumtumptiddy
order.—*Punch.*

Nothing more thoroughly *bang-up* and
highgeewo rollicking than the run which
the Evergreen had last Thursday.—*Punch.*

A *bang-up* cove is a dashing
fellow who spends his money

freely. Bartlett gives *bang-up* as American, but it has long been common in England, where it originated. "Bangs Banagher," beats the world.

Bang up to the mark (popular), in fine or dashing style.

Bangy (Winchester) brown; brown clothes considered as vulgar; brown sugar. Probably from *bangy*, dull, gloomy, an adjective used in Essex.

Bangy-wallah (Anglo-Indian), a carrier of parcels.

The lady's luggage was particularly scant, and the *bangy-wallahs*, as they are called, who carry the boxes, had an easy time of it.—*Mark Lemon: Falkner Lyle.*

Banjee (Anglo-Indian), a band of music.

Banjo, the name given by the patients in one at least of the London hospitals to a bed-pan, from its somewhat fanciful resemblance to the well-known and now fashionable musical instrument.

Bank, to (thieves'), to put in a place of safety. "To *bank* the swag," to secure the booty. Also, to *bank* is to go shares.—*Hotten.*

Bankers (old), clumsy boots and shoes.

Bankrupt cart (old), a one-horse chaise; so called, it is said, by Lord Mansfield, from being

so frequently used on Sunday jaunts by extravagant tradesmen.

Bank sneak (American), "*bank sneak* thieves," men of education, good address, and faultless attire, who in gangs of three or four engage the attention of the officers of a bank while one of their number commits a robbery. No thieves are so dangerous, or so much dreaded.

Banners (American), newsboys' slang. The word is explained in the following extract from the *Chicago Tribune*:—

"Oh, I say, Figsy," cried one, "ain't yer gittin' stood off a good deal on yer *banner* this week?"

"Yer'd better dry up, Slimmy, or may be yer wouldn't like me to mention how yer sponges yer eatin's."

"Eatin's," explained the matron, "are the meals which they get down-town. *Banners* are the fees which they pay for their meals and lodgings at the home. That word is in use all over the United States, and I have never found a newsboy yet who could tell me where it came from."

Banter, to (American). The preliminary discussion or *pour-parler* which precedes a bargain is called a *banter* or *bantering*. It is derived from *banter*, to make a jest of or to challenge.

CHATHAM, N.C., Nov. 15, 1886.—A white man named Moore was sent to the chain-gang on Saturday for having traded wives with another man. When Judge Gilmer asked him what he had to say why sentence should not be passed, he replied that he did not know his act was a

crime. A man came to his house with a woman that was better-looking than his own wife, and *bantered* him for a trade; so he "swapped," and paid \$1.50 to boot. As this was his first "swap" he hoped that the court would impose a light sentence.—*Chicago Tribune*.

Banting, the process of getting rid of superfluous fat by means of a strictly regulated diet. The method was introduced by Mr. Banting—hence the name—about twenty-five years ago.

A parlour where all the furniture seemed to have undergone a prolonged course of *banting*.—*Miss Braddon: Only a Clod*.

Banty (popular), saucy, impudent. Probably from *bantam* or *banty-chickens*, which are proverbial in America for pertness.—*New York Slang Dictionary*.

Banyan (Anglo-Indian), an undershirt, originally of muslin, and so called as resembling the body garment of the Hindus, but now commonly applied to underbody clothing of elastic cotton, woolen, or silk web.—*Anglo-Indian Glossary*.

Those were the days when even the honourable members of the Council met in *banyan* shirts, conjee caps, and long drawers, with a case-bottle of good old arrack, and a gouglet of water on the table.—*India Gazette, February 24, 1781*.

An undershirt, commonly called a *banyan*.—*Williamson, V. M. i. 19*.

I have lost nothing by it but a *banyan* shirt, a corner of my quilt, and my Bible singed.—*Sufferings of a Dutch Sailor*.

Banyan days (nautical), those in which no flesh meat was issued to the messes. Stock-fish used

to be served out till it was found to promote scurvy.

Of kitcheny (butter, rice, and dal) the European sailors feed in these parts, and are forced at such times to a Pagan abstinence from flesh, which creates in them an utter detestation to those *banyan days*, as they call them.—*Ovington, A. D. 1690*.

May your honour never know a *banyan day*, and a sickly season for you, into the bargain!—*Marryat: Japhet in Search of a Father*.

According to Admiral Smyth, "The term is derived from a religious sect in the East, who, believing in metempsychosis, eat of no creature endowed with life." Hotten says the term is probably derived from the *Banians* or *Banyans*, a Hindoo caste, who abstain from animal food. Quite as probably from the sanitary arrangements which have in hot climates counselled the eating on certain days of *banyans* and other fruits in preference to meat.

The dinner, I own, is shy, unless I come and dine with my friends, and then I make up for *banyan days*.—*Thackeray: The Adventures of Philip*.

Bar (racing), except. *Bar* is used instead of the common compound form *debar*. When the bookmaker says "ten to one *bar* one," he means that he will lay ten to one against any horse *bar* (*i. e.*, except) one.

"How do they bet?" inquired the Jubilee Plunger.

"Evens," replied Gus Jacobs.

"All right. I'll bet you a monkey."

"No," said Gus. "I don't want to bet—but here! I'll lay you 700 to 400 *bar* one."

"All right," said the Plunger. "I'll have it."—*Sporting Times*.

(American thieves), "*bar* that toss," stop that game.

"*Bar* that toss, Jim," said Bell, "for you're as fly at the pictures as the devil at lying, and I would rather be a knight of Alsatia than a plucked pigeon."—*On the Trail*.

(Oxford University), to *bar*, to object to. Probably from to *bar*, in the sense of to except; commoner in the compound form *debar*. A "Bullingdon" man would probably say that he *barred* "the Union." An "Exeter" man would be pretty certain to say that he *barred* "Jesus."

Bār (gypsy), a hedge, a garden or inclosure; a pound for cattle. Persian, *bāgh*. Also a stone; *tacho bār*, a true or real stone, *i.e.*, a diamond.

Baragan tailor (tailors), a rough tailor.

Barber, to (university), to do one's impositions by deputy, the college barber having often been employed to perform this duty—hence the phrase. Those who by this means get rid of their impositions are said to *barberise* them.

"And as for the impositions, why," as Mr. Bouncer said, "ain't there coves to *barberise* for you, Gig-lamps?"—*C. Bede: Verdant Green*.

Barber, that's the (old slang). Grose in his rare first edition of the "Classical Dictionary of the Vulgar Tongue," says this

was "a ridiculous and unmeaning phrase in the mouths of the common people about the year 1760, signifying their approbation of any action, measure, or thing."

Barber's cat (common). Hotten gives the definition—a half-starved, sickly-looking person. A term used in connection with a coarse expression.

Barber's clerk (common), a conceited, over-dressed fellow, who apes the manners of a gentleman.

Barbly (pidgin), babble, noise. Probably the same as bobbery or bobbely. "Too muchee *barbly* makee that chilo."

Bared (popular), shaved.

There are boys who think themselves men, and who go to barbers' shops to be, as they say, *bared*.—*Diprose: Modern Joe Miller*.

Bare-footed on top of the head (American), an expression applied to a bald man.

Barge (printers), an article used by compositors in correcting the forms. Either a flat piece of card, or a small wooden box, with divisions to hold spaces for altering the justification of the line. A case, with some boxes full and others nearly empty, is also called a *barge*, probably referring to those boxes full up to the edge. The technical term would be space papers or space box.

(Common), *barge* or *bargey*, a term of ridicule applied to a very corpulent man or woman of large posterior development; a simile derived from the shape of a coal barge, or any clumsy boat or ship, compared with a wherry, or other vessel of more elegant and slender build.

Bāris, bawris, bawri (gypsy), a snail; *bawris simmun*, snail soup.

Bark (popular), an Irish man or woman. Hotten says that no etymology can be found for this. In low Whitechapel Yiddish the term would at once be understood to mean a wanderer or vagabond, based on *barkolis*, or *bargolis*, one who goes about in misery and poverty, and *barches*, "further," as *barches holchen*, "to go further." It is, however, probably derived from the Celtic *barrag*, scum, or dirty scum. Scum, as an abusive term, "scum of the earth," is originally Irish, *vide* BARKSHIRE. (Common), the skin, to "bark one's shins" is to get the skin off one's shins.

That'll take the *bark* from your nozzle, and distil the Dutch pink for you, won't it?—*The Further Adventures of Mr. Verdant Green*.

(Popular), cough.

So I suppose we must sing "Spring's Delights" when we ain't on the *bark* or the sneeze.—*Punch*, 1887.

Barker (common), a man employed at the doors of shows and shops of an inferior class

to entice people inside. The French slang has the exactly corresponding term *aboyeur*. Among touting photographers he is called a "doorsman." At universities a *barker* signifies a great swell, and in America a noisy coward; *barker* has another signification explained by the following quotation:—

But what was "barking"? I thought a great deal about the matter, and could arrive at no more feasible conclusion than that a *barker* was a boy that attended a drover, and helped him to drive his sheep by means of imitating the bark of a dog.—*Charles Greenwood: Outcasts of London*.

Also used by thieves for pistol. The term is in contradiction to the saying, that a "dog that barks seldom bites."

Here a loud holloa was heard close by the horses' heads. "Good heavens, if that is a footpad!" said Mr. Spencer, shaking violently. "Lord, sir, I have my *barkers* with me."—*Bulwer: Night and Morning*.

"*Barkers* for me, Barney," said Toby Crackit.

"Here they are," replied Barney, producing a pair of pistols.—*Charles Dickens: Oliver Twist*.

In nautical parlance, *barkers* is an old term for lower-deck guns and pistols.

Barkey (nautical), a sailor thus calls a pet ship to which he belongs.

For the *barkey* she did know,
As well as e'er a soul on board,
'Twas time for us to go.

—*Old American Slaver's Song*.

Barking irons (thieves), pistols; and in nautical slang large

duelling pistols, which French soldiers call "pieds de cochon."

Barkshire, a word applied by the low English to Ireland; from *bark*, a contemptuous and derisive name for an Irishman or Irishwoman. A member for *Barkshire* is a noisy, howling, troublesome fellow, who attempts to cough down his opponents, *i.e.*, *bark* at them.

Bark up the wrong tree, to (American), is said of a man who vainly endeavours to accomplish a thing for which he is not fitted, or who addresses himself to the wrong person for assistance.

"You didn't really go to old Bullion," said a politician to an office seeker; "why, he has no influence there, I can tell you; you *barked up the wrong tree* there, my friend, and you deserve to fail.—*Richmond Enquirer*."

Barnaby (common), to dance *Barnaby* is to move quickly and irregularly. See Cotton in his "Virgil Travestie," where, speaking of Eolus, he has these lines—

"'Bounce,' cries the portholes, out they fly,
And make the world dance *Barnaby*."

Barnacle (old cant), pickpocket.

The man that stood beside thee is old Crookfinger, the most notorious setter, *barnacle*, and foist in the city.—*Mark Lemon: Leyton Hall*.

Barnacles (common), spectacles; termed also "gig-lamps" or "bosses." From *barnacle*, a kind of shellfish, or from *barnacles*,

an instrument consisting of two branches joined at one end with a hinge, to put upon a horse's nose, to confine him for shoeing, bleeding, or dressing.

Your eyes dasell after your washing;
these spectacles put on;

Now view this raysour; tell me, is it
not a good one?

They bee gay *barnicles*, yet I see
never the better.

—*Edwards: Damon and Pithias*.

Barndoor practice (society), the fashionable but indefensible system of battue, by which the birds are brought all within a limited range, where they fall an easy prey to the "sportsman!"

Barnet fair (thieves), rhyming slang for hair; called also "thatch."

Barney (popular), a mob or a crowd, disturbance.

'Ard lines, ain't it, Charlie, old hoyster?

A *barney's a barney*, dear boy,

And you know that a squeege and a skylark
is wot I did always enjoy.

A street-rush is somethink splendacious
to fellers of speerit like me,

But dints and diakkylum plaster will
spile the best sport, dontcher see.

—*Punch*.

This word has several meanings, and apparently two distinct roots—one Aryan, and the other Semitic. *Barney*, a mob or crowd, may be derived from the gypsy *bāro*, great or many, which sometimes takes the form of *barno* or *barni*, and which suggests the Hindu *bahrna*, to increase, proceed, to gain, &c.,

and *bharna*, to fill or satisfy. *Barney*, a swindle, a sell, or a cross, is probably from the Yiddish *barniss* or *barnoss*, which becomes a Jewish proper name in Barnet, popularly *Barney*. (Dickens gives this name to a young Jew.) *Barniss* means a leader of a multitude, or headman of any description. Remote as the connection between a "swindle" and a "captain" may seem to be, it is direct enough according to the lowest form of Yiddish or German thieves' slang, in which a leading, a clever, a swindling man are all united in *cochemer*, "a wise man," and also "a leader of thieves." In *achprosch* we have again the conceptions of intelligence united to robbery, and to leadership. Further, *baldober*, a director, a leader, is applied to an arch-thief who gets double share. *Balmassematen* has also the double meaning of a shrewd man of business and a swindler, and the transition from a swindler to a swindle is natural enough, and has many parallels. It is to be observed that Hebrew terms of this stamp are far more frequently used by Christian than by Jewish malefactors, as is proved by their corruption. From the *barniss*, *barnet*, or *barney* of a gang of thieves, we have *barneying*, robbing, or swindling, whence *barney*, a swindle, is all in order.

(Racing), the person who prevents a horse winning a race, is described as "doing a *barney*."

The same phrase is applied to the horse itself.

(Running), humbug, rubbish; in racing, when a man does not try to win.

(Society), trip, excursion, outing.

(Popular), fun, larking; teasing for amusement. It is common to hear people of the lower class say, whenever there is any object in view to make fun of, or have a game with, "Let's have a *barney*."

Barney, to (Harvard University), to recite badly.

Barn mouse (popular), to be bitten by a *barn mouse*, to be tipsy. Possibly an allusion to barley.

Barn stormer (familiar), a term formerly applied to itinerant actors who acted in barns, like the troupe of Scarron's Roman Comique, and that of Gautier's Capitaine Fracasse.

Barnum (American.) "To talk *Barnum*" is not to indulge in extravagant "high-falutin,"—this the great American never does,—but to utter vast assertions in a quiet manner. The following is a good specimen of it.

Rising Phoenix-like from the ashes of my fifth great fire, which only served to illuminate my path of duty as the American people's champion amusement-provider, I have taken into equal partnership my energetic and experienced friend and former associate, James A. Bailey. We have enlarged and vastly improved the

greatest show on earth, which we propose to establish as a permanence, with a reserved capital of several millions of dollars. At an early date we intend to establish in several of the largest American cities permanent museums containing many thousands of natural, artificial, mechanical, and scientific curiosities. . . . The Barnum and Bailey show will present to this and future generations a world's fair and a moral school of object teaching of unexampled variety and superior excellence, more amusing, instructive, comprehensive, and vast than was ever before seen or dreamed of.—*Phineas T. Barnum.*

Barnumise, to (American), to act as Mr. Barnum, a showman, impresario, and a public character, in so many phases famous, or notorious, that his name has passed into the established list of Americanisms. The word humbug does not express so much as that of Barnum.

Barnum had made himself so extremely conspicuous in so many ways even thirty years ago, that a Paris editor suggested that when his engagement as manager for Jenny Lind should come to an end, she would make quite as much money if she would go about exhibiting *him*. Long ago not a soul in the United States put the least faith in Barnum's curiosities, but this made no difference in the receipts, people thronged in "just to *see how* he humbugged the greenhorns." In one advertisement the great exhibitor admitted with beautiful candour that what he exhibited might *not* be genuine, that he himself with all his experience might have been taken in by un-

scrupulous deceivers—"all that we ask," he said, "is that the public will come and judge for themselves, and we promise faithfully to abide by their verdict." The public did come, paying twenty-five cents (or one shilling) per head and passed their verdict, and Mr. Barnum *did* abide by it (and the dollars), and at once got out something new. At last nobody put any faith in his curiosities. Then it became a source of intense delight to him to exhibit objects which were really remarkable, and to make the public believe they were frauds. Having once a real bearded woman, Barnum ingeniously contrived to have it reported that she was a man, and to get himself prosecuted for imposition, the result being a medical examination, an acquittal, and of course an increased rush of sight-seers. It should be added that Mr. Barnum has always been noted for very great though always judicious generosity, that he is exceptionally honourable and honest in his private dealings, and that he has built up Bridgeport, Connecticut, from a small town to a city. Barnum's colossal show was destroyed by fire a short time since.

Barrack hack (army), a girl who prowls about barracks for purposes of prostitution, generally the lowest of the low. French soldiers call these "paillasse de corps-de-garde." *Barrack-hack*

is also applied to young ladies of perfectly virtuous character, but who have been to garrison or military balls for several years. The term was freely used at one time in reference to one of the parties in a noted criminal case.

Barracking (Australian), bantering. Probably from the slang term *barrikin*, jargon, speech, or discourse, on account of the "palaver" which traders must hold before they can strike a bargain.

Barrakin or **barrikin** (popular), jargon, gibberish; low, unintelligible language.

The high words in a tragedy we call jaw-breakers, and we say we can't tumble to that *barrikin*.—*Mayhew: London Labour and the London Poor*.

From the French *baragouin*, which has the same meaning. It occurs in Rabelais as *baragoin*. "Cheese your *barrikin*," stop talking, shut up.

Barrel boarder (American), "a bucket-shop bummer, a low sot" (*New York Slang Dictionary*), evidently derived from sitting about on the barrels in a small shop.

Barrel fever (common), the sickness caused by intoxication, sometimes called the bottle-ache, the quart-mania, and the gallon-distemper, all possible precursors of *delirium tremens*.

Barres (old), gamblers' term, applied to money lost by them, but which they do not pay.

Whereby they wyl drawe a mannes money but pay none, which they call *barres*.—*Ascham: Toxophilus*.

Barrick (American), a common word in Pennsylvania for a hill. From the German *berg*.

Bang, bang! de sharp pistolen shots
Vent pipin by his ear,
Boot he tortled oop de *barrick* road
Like any mountain deer.

—*Breitmann in Politics*.

Barrow-bunter (costermongers), female costermonger.

I saw a dirty *barrow-bunter* in the street, cleaning her dusty fruit with her own spittle.—*Smollett: Humphrey Clinker*.

Barrow-tram (popular), a term applied jocularly to a raw-boned, awkward-looking person.

Barter (Winchester), a *barter* is a ball more generally called a "half volley" by cricketers, from the name of R. S. Barter, a famous cricketer. It has also the signification of a hard hit. To *barter* is to hit the ball hard at cricket.

Barts, an abbreviation of St. Bartholomew's Hospital, used by medical students and others.

Barvelo (gypsy), rich, wealthy.

—*A Lord Went to the Fair*.

—Lords and ladies are rich. A young gentleman and an agreeable (lovely) one. Yes, my sweetheart, yes.—*Janet Tuckey.*

(Hindu, *bhara*, increase, fullness.)

Bash, to (popular), to strike, to thrash, to crush; to *bash* hats is a favourite amusement of London rougls in a large crowd. From a provincialism to beat fruit down from the trees with a pole.

He taps me across the hand with a cane, and my mother goes in and *bashes* him over the head with a poker, and gets him fined for assaulting me.—*Punch.*

(Pugilistic), a *bash* is one of a variety of blows.

It certainly seemed also that this encounter had been full of "go." The "cockles" of the hearts of Corinthian Tom and Jerry Hawthorn warmed as they heard and read of "fibbing" and "countering," of "red-hot smacks," "left-handers on the nob," "rib-roasters," "uppercuts," "exchanges," "*bashes*," "knock-downers," "body-punches," "spankers," "welts," "smashers," "whistlers," "rattling ivories," "stingers," "bangs," "hot-uns," and of the "tapping" of the "claret," and the flowing of "the ruby."—*Punch.*

(Old provincial English), to beat. In Bedfordshire to beat fruit trees with a pole. Allied to *baste*, to beat; Icelandic *beysta*, Swedish *bösta*, and *basu*, to beat. An English word of Danish origin.

In prisons to *bash* signifies to strike, and especially to flog. *Bashing in*, a flogging at the commencement of a ruffian's term of imprisonment; *bashing out*, one at the close.

(Popular), a tremendous plunge or fall. A word expressive of sudden concussion, breaking up, or tumbling.

Amongst the shafts and wheels,

—*George Horneastle: Mary Ann and her Mama.*

Basher (pugilistic), prize fighter, synonymous with "bruiser."

Bashing (prison), a flogging.

Basing (gaming). "That's *basing*" when clubs are turned up trumps—the allusion as generally explained being "that clubs were trumps when *Basing* was taken." This was one of the most memorable of the sieges of the Civil War.

Basket (old cant), used in the phrase "a kid in the *basket*," said of a woman in the family way. (Tailors), stale news.

Basket meeting (American). A half picnic and half religious meeting.

Basket, to bring to the (old), to fall into poverty.

God be praised! I am not *brought to the basket*, though I had rather live on charity than rapine.—*Father Darrell: Gentlemen Instructed.*

Basket, to go to the (old), to be imprisoned.

Arrested! this is one of those whose base and abject flattery helped to dig his grave.

He is not worth your pity, nor my anger ;
go to the basket and repent.—*Massinger :
Fatal Dowry.*

This is from the fact that a basket was lowered from the prison window for alms by a man, who called out, "Pity the poor prisoners!"

Bastard brig (naval), a coaster, termed also a "schoony-orgy" or "hermaphrodite brig."

Bastile (thieves, paupers, and tramps), the workhouse or "big house;" formerly a prison. The word is now abbreviated into "steel."

Bat (American), a frolic, a spree. An abbreviation of *batter*, which means the same.

I'm away from the shop and away from
my work,
And I mean to cut up like a regular
Turk ;
So down with the Lager and up with
your hat,
We are off for the day on a regular *bat*.
—*Concert Hall Songs.*

Also a prostitute who only walks the streets at night. Termed "hirondelle de nuit" in French slang.

You lie, you *bat*—I couple with no cove but my own. Harry, will you let yourself be made a two-legged stool of by a flag-about?—*On the Trail.*

In the English slang, "on his own *bat*" has the signification of on his own account, by his own exertions, a cricketing phrase. *Bat* also means pace—to go off at a good *bat*.

Bates' farm (prison), the prison; probably applied only to Cold Bath Fields.

Now every morning when you rise
You get a starving meal,
And if you don't eat all they send
You have to work the wheel.
Then so merrily we go
To chapel to have prayers,
And for a little pastime work
The everlasting stairs.
For it was this blooming morning
I left *Old Bates's farm*.
I feel so glad this blessed day
I've left *Old Bates's farm!*

So C. B. F., the initials of Cold Bath Fields stamped on articles used in the prison, is interpreted Charley Bates's Farm, and to be on the treadmill there is feeding the chickens on Charley Bates's Farm. A warder of that name is said to have been in charge there.

Bath (general), "go to *Bath*" is so universally used that it has almost ceased to be slang. Invalids or insane persons used to be sent to Bath for the benefit of its mineral waters. So "go to *Bath*" literally meant you are mad, go to Bath to get cured.

You tell a disagreeable neighbour to "go to *Bath*" in the sense in which a Roman would have said "abi in malam rem."—*Frank Leslie's Illustrated Newspaper, New York.*

"Go to *Bath!*" said the Baron. A defiance so contemptuous roused the ire of the adverse commanders.—*Ingoldsby Legends.*

This town does not seem to have been in favour with the Earl of Rochester, who thus describes it:—

There is a place, down a gloomy vale,
Where burden'd nature lays her nasty
tail;

Ten thousand pilgrims thither do resort
For ease, disease, for lechery and sport.

—*Works.*

Bath, which has given its name to various things for which it was supposed to be famous, as *Bath* brick, *Bath* buns, *Bath* chairs, &c., has, besides, provided the French argot with the adjective *bath* or *bate*, an equivalent of *AI*, used in phrases such as "c'est bien *bath*," that is, excellent, first-class, tip-top. "Être de la *bate*" signifies to be lucky, fortunate. The origin of the expression is as follows:—Towards 1848 some Bath note-paper of superior quality was hawked about in the streets of Paris and sold at a low price. Thus "papier *bath*" became synonymous with excellent paper. In a short time the qualifying term alone remained, and received a general application.—*A. Barrère: Argot and Slang.*

Batha (Anglo-Indian). "Two different words are thus expressed in Anglo-Indian colloquial, and in a manner confounded: (1.) Hindu *bhātā*, an extra allowance made to officers, soldiers, or other public servants when in the field or on other special occasions, also subsistence-money to witnesses or prisoners. (2.) Hindu *batta*, agio or difference in exchange, or discount on uncurrent coins."—*Anglo-Indian Glossary.*

Bathing machines (nautical), old 10-gun brigs are so named.

Bat muggler (Winchester), an instrument for oiling bats.

Bats (thieves' slang), old shoes or boots. In Somersetshire, low-laced boots. From *pat*, old gypsy for foot or shoe.

Battels (university), a student's account at the college kitchen. Sometimes also it is used for the goods supplied.

Buttery and kitchen cooks were adding up the sum total; bursars were preparing for *battels*.—*C. Bede: Verdant Green.*

It is an old word, originally meaning an account. In the *Gentleman's Magazine*, August 1872, it is said to be derived from *bezahlen*, "to pay." Wright gives the derivation old English *bat*, increase, and Anglo-Saxon *dæl*, deal, portion. Another origin is that given by Dr. Brewer, *battens*, from the verb *to batten*, to feed. *Batten* is used by Shakespeare in Coriolanus, and also in Hamlet, where the prince addresses his mother, and asks her to compare his father's portrait with that of her second husband, whom she married so soon after the funeral of the first as to scandalise all Denmark.

Follow your function, go! and *batten*
on cold bits.

—*Coriolanus*: Act IV. scene 5.

Could you on this fair mountain leave to
feed,

And *batten* on this moor?

—*Hamlet*: Act III. scene 4.

(Oxford University), to *battel*, to be indebted to the buttery for provisions and drink, to run an account for food, &c., with the college as opposed to boarding in a private house. In De Quincy's "Life and Memoirs," p. 274, there is an allusion to this practice—"Many men *battel* at the rate of a guinea a week and wealthier men more expensive, and more careless men even *battelled* much higher;" also to reside or keep terms at the university. It has been suggested that the word is derived from an old monkish word, *patella* or *batella*, a plate.

Batter (popular), wear and tear. "Can't stand the *batter*," *i.e.*, not equal to the task; "on the *batter*" on the streets applies to prostitutes, termed in French argot "*battre le quart*" with this special meaning; also, given up to debauchery. See **BATRY**.

Batters (printers), a recognised term applied to bad or broken letters which are flung into the "hell box," a receptacle to hold these discarded types, which are melted down eventually.

If you please, sir, . . . the devil has been putting live matter into hell instead of *batters*.—*American Newspaper*.

Batting his eyes (American), a gambler's term for men who look on but do not play.

Battle of the Nile (rhyming slang), a "tile," *i.e.*, a hat.

Battlin'-finches (bird fanciers), explained by the following quotation:—

It's all in the trainin' of 'em. I've had *battlin'-finches*—we calls 'em *battlin'-finches* when they're trained for match-singing or for pegging—wot 'ud sing in my hat as I walked along, and without being in any cage at all.—*J. Greenwood: In Strange Company*.

Battlings (public schools), weekly allowance given out to boys on Saturdays.

The business of the latter was to call us of a morning to distribute amongst us our *battlings* or pocket-money.—*Dickens: Household Words*, vol. i. p. 188.

Battner (old), an ox. "The cove has hushed the *battner*," the butcher has killed the ox; from *batten*, to fatten. According to Skeat, of Scandinavian origin, from the same root as "better."

Batty (workmen), wages, perquisites. Derived from *batta*, an extra pay given to soldiers while serving in India.—*Hotten's Dictionary*.

Batty-fang (provincialism), to thrash; *batty-fang* or *batter-fang*, blow; *batty-fanging*, a thrashing.

The Pastor lays on lusty *fangs*
Whitehead the Pastor *batter-fangs*.
—*Ward: England's Reformation*.

Baulk (Winchester), a hoax, a false report. (Popular), when street boys are playing at pitch and toss, the cry may be heard "head a *baulk!*" or "woman a *baulk!*" should the coin fall on its edge instead of flat on the ground.

Baum, to (Univ., American), to fawn, to flatter, to curry favour.

Bávo, bávól (gypsy), air, breath, breeze, wind. "O shillo *bávól* puderla 'dré ye hevyor"—"The cold wind is blowing through the holes." *Bávól* is sometimes used for dust.

Bawbells (old slang), the testicles, a corruption of *bobble*, a provincialism signifying stones and testicles.

Bawdy banquet (old cant), whoring.

Bawdy baskets (old slang), women who sold pins, &c., to servant girls, or exchanged these articles for eatables, and occasionally stole linen off hedges. Also applied to the itinerant vendors of obscene and ribald literature, and to a prostitute.

Many a faire lasse in London towne,
Many a *bawdie basket* borne up and down.

—*Puttenham: Art of English Poesie.*

Bawhawder (Anglo-Indian), from the Hindu *bahadūr*, a hero, a champion. A word applied in Anglo-Indian to any great swell or soldier. It is a title of honour for bravery, which is found in one form or another all over the East.

There is nothing of the great *bahawder* about him.—*Athenæum*, No. 2670, p. 851: *Anglo-Indian Glossary.*

Bayadere. This word, though generally supposed to be Hindu

for a dancing-girl, is only a French form of the Portuguese *bailadeira*, from *bailar*, to dance.

"Come, an hour of rapture prove?"
"And what art thou?" "A *bayadere*,
And this the joyous home of Love."
—*Goethe.*

Bayard of ten toes, to ride (old slang). The old equivalent of "Shanks' mare" (German *Schusters Rappen*, cobbler's black horses), *i.e.*, to go on foot. In the old romances *Bayard* was a celebrated horse.

Bay-window (American), pregnancy, with a big belly. New York Slang Dictionary: "She has a *bow-window* to her toy-shop." The French argot expresses the same by the phrase, "Elle a un polichinelle dans le tiroir," the *tiroir* being in this phrase a "toy-shop."

B.C. has become the stereotyped exponent of a ridiculous charge of libel. A genteel young woman complained to Mr. Ingham of having been abused by a person who called her a *B.C.* The magistrate asked what *B.C.* meant, when he was told that *C.* meant "cat," but *B.* was too shocking to be uttered aloud. She consented, however, to whisper the naughty word in his worship's ear. Mr. Ingham heard the mysterious "libel," and though he could not grant the summons, *B.C.* has acquired the signification given above.—*Dr. Brewer: Dictionary of Phrase and Fable.*

(Racing), the Beacon Course, the full length (four miles, one furlong, one hundred and forty-three yards) of the racing track at Newmarket.

Beach cadgers (old), idle vagabonds dressed as sailors, who prowl about the beach at watering-places and obtain money on false pretences from persons frequenting that part.

Beach-comber (nautical), a fellow who loafs about a port to filch small things. One who prowls about the sea-shore to plunder wrecks or pick up waifs and strays of any kind. In the Pacific any kind of sailor adventurer. (Nautical), a river boatman.

Beach-tramper (nautical), coast-guard.

Beadle (freemasons), an officer answering to junior warden in a council of Knights of the Holy Sepulchre.

Beak, originally thieves' cant (beck), for policeman, magistrate, but now it has only the latter signification.

I suppose you don't know what a *beak* is, my flash com-pan-i-on? . . . My eyes, how green! . . . Why, a *beak's* a madg-strate; and when you walk by a *beak's* order, it's not straightforerd, but always agoing up and niver a coming down agin.
—*Charles Dickens: Oliver Twist.*

The term is used by better men than thieves.

There was an old obstinate *beak*
(Who oftentimes played a queer freak),
Said, "Take her away—
Next time she must pay!"
And would not let her chief witness
speak.

—*Sporting Times.*

Some etymologists derive *beak* from the Saxon *beag*, a gold collar worn by civic magistrates as an emblem of authority. It seems, however, that "beck," a constable, was from a metaphor based on the literal meaning of the word *beak* or *bill*, and the circumstance that a detective is nowadays termed a "nose" comes in support of this supposition. It may also be derived from "to beckon," to intimate a command, the "move on" of the modern constable. To account for the meaning of magistrate, it may be said that the transition was easy from the humble guardian of the law to the more exalted one. Thus French malefactors gave both policeman and magistrate the common appellation of *vache*. A judge is sometimes called the "*beak* of the law."

Beaker hunter or beak hunter (thieves' slang), a thief who devotes his attention to the poultry yard.

Beak gander, judge of the superior court.

Beam ends (general), a nautical metaphor. A person entirely at a loss, who is "all abroad," is

said to be "thrown upon his *beam ends*."

He laughed the idea down completely; and Tom abandoning it, was thrown upon his *beam-ends* again for some other solution.—*Charles Dickens: Martin Chuzzlewit*.

The French would express a state of embarrassment by "il est au bout de son latin," or "il ne sait sur quel pied danser."

The phrase also means to be in great need, when the "ballast" (money)—to continue the nautical metaphor—is gone.

When a fellow is on his *beam-ends*, as I was then, he must keep his eyes about him and have impudence enough for anything, or else he may stop and starve.—*Mayhew: London Labour and the London Poor*.

"On one's *beam-ends*," in a sitting posture.

You get on stunningly, gig-lamps, and haven't been on your *beam-ends* more than once a minute.—*C. Bede: Verdant Green*.

Bean. This word occurs in several colloquial phrases, such as "three blue *beans* in a blue bladder," and refers to a rattle-head, a foolish fellow.

They say—
That putting all his words together,
'Tis three blue *beans* in a blue bladder.
—*Prior: Alma Cant.*

The phrase is evidently from a jester's bladder with *beans* or peas in it. It must be noted, as a coincidence, that the idea of a *bladder* was uppermost in the minds of those who coined the French word *fol*, fool, jes-

ter, from the low Latin *foliis*, bellows or bladder.

"Not worth a *bean*," or "the black of a *bean*," corresponds to the Latin *ne hilum* (literally "not the black of a *bean*"), contracted into *nihil*. There is a Dutch proverb, "Every *bean* has its black," *i.e.*, "Every man has his faults," which gives force to the English expression.

(American slang), a *bean* is specially a five-dollar gold piece, and "*bean-traps*" is synonymous with stylish sharpers.

Formerly *bean* meant a guinea. This is possibly from the French *bien*, used in old canting among other meanings for property or money.

"Couldn't you let him pike if I come down with a thimble and ten *beans*?"

The detective shook his head.—*On the Trail*.

Bean feast (tailors), a good feast, also an annual excursion of workpeople.

Beano (printers). See 'GOOSE. Abbreviation of word "bean-feast," mostly used by machine-printers. Compositors generally employ the term "'goose" or "wayzgoose" for this festive event.

Beans, he don't know (American). The natives of New England, but especially of Boston, are celebrated for culture or intelligence of the highest order, and also for an extraordinary fondness for beans baked in a

pot with pork—of which Fuller, the Shakspeare of divines, said that “it was a good dish which the Pythagoreans and Jews had contrived between them to spoil.” The result of all this has been a saying for any ignorant person that *he don't know beans, i.e.*, “he is an ignoramus, or Gentile—he is not a Bostonian, he is not fond of beans, *ergo*, an outside barbarian.” Others derive it from the old joke, “How many black beans make five white ones?” to which the answer is, “Five, if you peel them.” He who knew how to answer this question was supposed to *know beans*. In the following extract from the *Boston Globe*, in which an effort is made to select from the local directory names which indicate articles of food, it is worth observing that the first name thought of is, of course, *Bean*, although the list is not in alphabetical order:—

“THE HUB'S HAPPY FAMILY.—According to the city directory, there are plenty of *Beans* in Boston, one Egge, eight Pyes, a number of Onions, and one Crumb. Besides these there are three Bones, also Salt and Jelly. Seven Beers are found, and Coffee, Milk, and Teas. There is one Chicken to three Goslings and a Hawk. Boston also has a pair of Stockings, one Sock, one Cravatt, a pair of Mittens, and four Collars. Three Hatts and one Wigg complete the outfit.”

The writer for the *Globe* forgot to look out for Bacon to go with his *Beans*. It was, we believe, a Boston Bacon, “fore-named” Delia, who first denied

to Shakspeare the authorship of his plays.

(Society), to be “full of *beans*,” means to be in good form. The metaphor is borrowed from a horse being said to be full of *beans* when he is fresh and frisky. To be *beany*, is to be in a good humour, like a horse who has had a good feed. (Common), to “give *beans*,” means to give a good beating.

He's the unbought and undefeated Chelsea Chicken, and I reckon that when he meets the Brazilian Gamecock—Tom Tiffin, who holds the championship of the Western Hemisphere, he'll give him *beans*. —*Moonshine*.

The term *beans* is also used for money; a “haddock of *beans*,” a purse of money.

Bear (Stock Exchange), a fall, or a speculator for a fall; a man whosells stock which he does not possess in the hope of being paid not to have it delivered. His confrère the “bull” speculates in the same manner for a rise, while the “stag” operates on shares of new companies which he applies for with the intention of selling at once at a premium. The commonly accepted and very old explanation of these words is that the *bears* claw or pull the stock down, while the bulls toss it up. The “stag” is the representative of the timid speculator, trusting more to his fleetness of foot than to the balance at his banker's when the expected premium is “nil,” and he is

called upon to pay the allotment.

Now as the Bull had run away,
Unable for the shares to pay,
'Twas clear, as he'd no cash to spare,
The Stag then couldn't pay the *Bear*;
So when the *Bear* went for his due,
The Stag had gone to Boulogne too.

And, since the Stag had cut and run,
'Twas plain the *Bear* could pay no one;
So those to whom he money ow'd,
When they sought out the brute's abode,
Found that the *Bear*, or him they call so,
Had cut and run to Boulogne also.

—*Atkin: House Scraps.*

Current expressions in the "House" are: to operate for a *bear*; to realise a profitable *bear*. To *bear* the market is using every effort to depress the price of stock in order to buy it.

And these are the clients who sell and buy,
Who "*bear*" when low and "bull" when high,

And who pay the Como, a source of gain,
Which lightens sorrow and eases pain. . . .
And these are the men who, all forlorn,
Wander about all tattered and torn,
Who have been clients, who sell and buy,
Who "*bear*" when low and "bull" when high.

—*Atkin: House Scraps.*

Dealings are now becoming more active in these stocks, and a considerable *bear* account is developing itself.—*Truth*, April 26, 1888.

When speculators become defaulters—to whatever category of the animal trinity mentioned above they may belong—they are metamorphosed into "lame ducks," and "waddle out of the alley."

"To *bear* a bob" (nautical), used jocularly by Jack-tars for

"to lend a hand;" (popular), to join in chorus with persons singing.

Bear splitter (old slang), a rake; one of the "loose fish" sort who is fond of prostitutes. The allusion is obvious.

Bearer-up (thieves' slang), a gambling cheat, more generally called a "bonnet," a commission agent, bidder or sweetener at an auction; a decoy-duck at cards who induces strangers to play with sharpers by persuasion or by seeing him win. From the legal term "bearer" in old law, one who bears down and oppresses others by vexatiously assisting a third party in maintaining a suit against them.

Bear fight (society), a rough and tumble in good part. The smoking or billiard rooms at night in country houses are the places where *bear fights* frequently occur.

Be-argered (common), drunk. Probably from the German *be-ärgert*, irritated, vexed, referring to the "fifth stage of intoxication, which is one of wrath and fighting" (*Körte, Sprichwörter der Deutschen*).

Bear-leader (common), the travelling companion or tutor of a young gentleman or nobleman, employed by the parents or guardians to watch over him

and keep him from evil courses which he might fall into if left to himself. "Unlicked cub" was and still is a slang term for an undisciplined youth, and was no doubt the origin of *bear* as applied to the same kind of person. When Dr. Johnson visited Scotland and the Hebrides in his old age, accompanied by James Boswell, who has left the world so amusing an account of the prejudices of his uncouth and ungainly hero against everything he saw in Scotland, it pleased the wits of Edinburgh to call Boswell his *bear-leader*. Henry Erskine, to whom Boswell had introduced the great man, slipped a shilling into Boswell's hand, saying, "Take that, my good man; it's for the sight of your *bear*!"

Bears? *are you there with your* (old), are you there, or, at it again? Joe Miller says the expression originated in this way. A man disgusted with a sermon on Elisha and the bears, went on the following Sunday to another church, where he heard the sermon delivered once more by the same preacher.irate at being thus foiled, he cried out, "*Are you there with your bears?*" The explanation is more quaint than convincing. The phrase seems to have been very common in the seventeenth century.

Another, when at the racket court he had a ball struck into his hazard, would ever

and anon cry out, "*Estes-vous là avec vos ours?*" which is ridiculous in any other language but English.—*J. Howell: For-raine Travell.*

Oh, quoth they, here is an accident may save the man; *are you there with your bears?* We will quit the exercise of the House's right rather than that should be.—*Roger North: Examen.*

Bear watching, to (American), a phrase indicating suspicion.

"Jones may be a nice man, but he'll *bear watching*—you had better keep your eye on him."

"Now Erer Rabbit knowed he bes' look about right spry, caysed de creeters all had dey eyes skint an' dey years open fer him, caysed he hed setch cu'yous leetle ways wid him dat *he'd bar watchin'.*"—*Erer Rabbit.*

Beastly (common). This word, which was once used only in a very abusive sense, has, by dint of repetition, come like awfully, or dreadful, or horrid in America, to signify "very."

Ere ladies use such *beastly* names our follies to condemn,

They should bear in mind they always find we're *beastly* fond of them.

—*Zoological Companions: A Ballad.*

They go on if I say "*beastly* jolly,"

And say that I mustn't talk slang,

And lecture me well on the folly

Of shutting the door with a bang.

—*H. Adams: Only a Little Bit Giddy.*

It is also used in society as an emphatic adjective. Everything that does not meet with approval now is *beastly*: as, "We had a *beastly* dull sermon this morning." Surely a libel on animals, as the original meaning is, "pertaining to, or

having the form and nature of a *beast*." Thus, the young French lady used the word correctly when she said of her pets, "I like horses, I like dogs, I like parrots; in short, I like everything that is *beastly*!"

Beasts (American cadets). At the United States Military Academy, at West Point, new cadets are so called. More appropriate and suggestive terms—though not so forcible—are used at the Royal Military Academy, Sandhurst—"Snooker," "Johnny;" "bejants" (*béjannes*) is applied to freshmen at Aberdeen University.

Beat, to (American), to cheat, or "do" one out of money in any way.

Two of these eating establishments are large and busy places, wherein two good dishes can be had for a dime (fivepence). It is said that the waiters are all athletes and skilled bouncers, who are more respected by the public than any waiters ever were before. It is like trifling with dynamite to try to *beat* one of these places out of a dinner, and the bummer who does so is described as looking and feeling as if he had been through a rolling-mill when his waiter has tired of toying with him.—*Chicago Tribune*.

To "*beat hollow*," to "*beat into fits*," to "*beat badly*," to surpass or excel. A man who is wholly exhausted is said to be "*dead-beat*."

"That *beats the bugs*!" (American). The phrase is used to denote anything stupendous, incredible, incommensurable.

Probably from an old story in which some bugs showed astounding sagacity and achieved some wonderful feat in order to baffle their tormentor and extricate themselves from a perilous position. Another version is that a man to prevent the bugs from getting to his bed, made a circle of tar round it. Then they climbed up to the ceiling, and fell or jumped down on the bed. Finally, he made another circle of tar on the ceiling, and that "*beat the bugs*."

"Well, if this don't *beat the bugs*!" he'd say. "What a spot o' work this is, sartainly."—*Sam Slick*.

Mr. Atkin, in his "House Scraps," has a story of a dog that certainly "*beats the bugs*." "One said his dog was so clever that it would not go out with him unless his cartridges fit his gun. 'Well, old man, I must admit that your dog is above the average, but I'll back mine against him for a fiver. I was in our lane the other evening, when my dog pointed at a man I had never seen before, and as nothing would make him move, I went up to the man and said, 'Sir, would you oblige me with your name?' 'Yes, sir, my name is Partridge.'"

Beat, a (journalistic). "To have a *beat* on one," is to call on one.

On my return home I had what journalists call a *beat* on nearly all my acquaintances, to whom I had much that was strange and wonderful to tell concerning my travels.—*W. A. Paton: Down the Islands*.

(American), to “get a beat on one,” to have the laugh of one, to take a “rise” out of.

“Great Cæsar! and we’ve gone to press,” gasped the editor. “The afternoon papers will get a *beat* on us tomorrow.”—*San Franciscan*.

Beat daddy mammy, to (old military), to practise the elements of drum beating.

Beat the Dutch, to (popular). *That beats the Dutch*, is said of any startling statement or incredible fact. To beggar description or stagger belief. Originally used to express extreme stupidity and obstinacy, a Dutchman being popularly represented as a phlegmatic person whom nothing could move.

Beaten down to bed-rock (American), reduced to the last extremity.

Some had died, others were dying; none were well, and all were, as they tersely put it, *beaten down to bed-rock*.—*Phillips-Wolley: Trottings of a Tenderfoot*.

Beater-cases (obsolete), shoes or boots; also called formerly “bowles;” more modern are the “trotter-cases” (termed “trot-tinets,” or “trottins” in French slang), “grubbers, carts, beetle-crushers, crab-shells, and hock-dockies.” Thieves and roughs in a poetical mood have given them the name of “daisy-roots,” while mashers ruefully talk of their pointed patents as “ex-cruciators.” A policeman on his beat is said by the roughs to

exercise his “plates of meat.” The much despised spring side boots officers term “Jemimas.”

Beaters (thieves), feet, an abbreviation of *dew-beaters*, a slang term for feet, and, in Norfolk, coarse oiled shoes that resist the dew. “To pad one’s *beaters*,” to walk, to walk away.

Pluck me some panam and caftar, Bill, for I want to pad my *beaters*.—*New York Slang Dictionary*.

The earlier word is “batters” or “bats,” which represents the original “pats.” In gypsy, *tompats* is in common with canting a word for feet. Hindu, *tal-pat*, the sole.

Beating the booby (nautical), the beating of the hands and arms across the chest, to warm oneself in cold weather. An older synonymous expression is “beating Jonas.”

Beating the quartermaster (American), a phrase current in the army, which probably originated in the following story:—

Jonas Smith, of Washington, Indiana, towards the close of the late war, was body servant to a Quartermaster, and after the close, and when the Quartermaster had been mustered out, as the story is told, he requested Smith, as a last service before parting, to take a large box on a dray to the freight depot and ship it, asking Smith at the same time “if he could read and write.”

Jonas answered that he could not, started off with the box, and on the way to the station removed the shipping-tag, which bore the name of the Quartermaster and that of the place the box was to be shipped,

and substituted his own name and address, and by that means obtained a box of new army blankets the Quartermaster intended to capture or steal from Uncle Sam.

Jonas, who is fairly educated, said in extenuation of this commercial transaction :

“ Mr. Quartermaster ‘ captured ’ the blankets from the Government, and I captured them from him. Everything is fair in war.”—*Detroit Free Press*.

Beating the road (American), travelling in a railway train without paying. There are many ways of doing this known to the American “ dead beat,” adventurer, and tramp. One is to pretend to be an official employed on some other railroad, another to make a private arrangement with the conductor or an employé to be allowed to travel in a freight car, a third is to simply hide in the freight.

The problem was—twelve or thirteen hundred miles to be overpassed without paying one’s fare over the rails. This would have been an easy task to many, and some months later it would scarcely have caused me so much anxiety, but I was then inexperienced, and somewhat green in the matter of passes, which are often to be obtained by a plausible man of good address, and versed in the methods of *beating the road*, or, more literally, of cheating the company.—*Roberts: The Western Avernus*.

English roughs and thieves term this kind of cheating “ doing a duck,” generally managed by hiding under the seat of a carriage.

Beau. This is a word in very general use in America to signify a lover or an especially devoted attendant. From this the verb

to *beau*, to *beau* about. In Queen Anne’s time the *beau* meant rather an elegant man than a lover.

The Southern girl is more frivolous-minded than her Northern sister; she cares more for *beaux* and ribbons, a dance and a laugh. She loves the sunshine and stroll in the park with no definite end in view except perhaps a smile and a bow from the young men of her acquaintance.—*Boston Record*.

Beau-nasty (old), a fop who, though in exterior finely dressed, is dirty and slovenly in person and habits.

Beautifiers (popular). Women who, like Madame Rachel, profess to make people “ young and beautiful for ever.” Of late years these persons have become common, and have many customers not only in the demi-monde, but even among poor girls.

Take my advice, girls; good complexions
Only are gained by early strolls,
Heed not the *beautifier’s* directions,
Use not her dear cosmetic rolls.
—*Ballad: Strolling Down the Lanes*.

Beau trap (old), a well-dressed sharper who used to lie in wait for country visitors.

Beauty-sleep (common), a nap before midnight.

Are you going? It is not late. . . . A medical man, who may be called up at any moment, must make sure of his *beauty-sleep*.—*Kingsley: Two Years Ago*.

And would I please to remember that I had roused him (the hostler) up at night; and the quality always made a point of paying four times over for a man’s loss of

his *beauty-sleep*. I replied that his loss of *beauty-sleep* was rather improving to a man of so high a complexion, &c.—*Blackmore: Lorna Doone*.

Beavers (Winchester), originally, leave to go out in the afternoon, when none but prefects were allowed to wear hats. Afterwards the appellation denoted an intermission of half-an-hour in the course of the afternoon on whole school days, when school began at two o'clock. The term is now obsolete. A *beaver* (nautical), is a helmet in general, but particularly that part which lets down to allow of the wearer's drinking.

Beck, beur (old cant), a constable. In Dutch slang, *bekaan* means arrested, imprisoned.

The ruffin cly the nab of the Harman *beck*
If we mawnd Pannam, lap or ruff-peck.

—*Thomas Dekker*.

Bed (thieves' slang), put to *bed* with a shovel, dead and buried.

Played out they lay, it will be said,
A hundred stretches hence;
With shovels they were put to *bed*
A hundred stretches since.

—*A Hundred Stretches Hence: New York Slang Dictionary*.

Bedder (universities), a bedmaker, a species of charwoman now nearly extinct in Oxford, but flourishing at Cambridge.

Bed-fagot (common), a contemptuous term for a woman, but more specially applied to a prostitute. A provincialism for a bedfellow.

Bed filling (army), lying down after dinner to rest and digest. It is the general rule that the cots or iron bedsteads in soldiers' barrack-rooms shall be constantly kept neat and tidy, palliassed rolled up and bedding evenly folded. But at certain hours, as after dinner, a little relaxation of the rule is allowed.

Bed-house, a house of assignation. One where beds and rooms are hired by the hour or half-day, &c. An institution which has spread with incredible rapidity of late years in England and America, since the suppression or gradual disappearance of brothels, so that, according to trustworthy information, where there formerly existed one of the latter, there are now from ten even to twenty of the former. The repeal of the Contagious Diseases Act has given a great impetus to the establishment of *bed-houses*.

Bedoozle (American), to confuse, bewilder, the result being that a man is "all abroad," or "flabbergasted."

Bed-post (common), in the "twinkling of a *bed-post*," in a moment, as quick as lightning, in a jiffy, or as rapidly as a staff can be twinkled or turned. A more modern expression extensively used is, in the "twinkling of a pike-staff," which explains itself. *Bed-post*, in this case, seems to have replaced *bed-staff*, a wooden pin

stuck formerly on the sides of the bedstead to keep the clothes from slipping on either side, and which might be wielded as a stick or staff when a brute thought it necessary to chastise his better half. *Nous avons changé tout cela*, and now the improvised staff has been superseded by the poker, varied by an application of hob-nailed boots.

Bed-rock (American), to get on the *bed rock*, not to be able to go lower or to abate. Used in this instance: "What is the price of that?" "Six dollars." "Is it *bed-rock* price?" *i.e.*, is it your lowest price. *Bed-rock* pieces, the last coins in one's almost empty purse; probably a miner's phrase.

Bee (American), a meeting, generally a merrymaking, but with a practical or beneficial object. Thus there are apple-bees for paring apples, husking-bees for husking, raising-bees to "raise" houses, and spelling-bees. Probably an abbreviation of the old word "bidding," or the Dutch *bied*, influenced by *bee* as a type of industry. "Bidding," pronounced *bee-ding*, meant an invitation a century ago.

Harry cum parry, when will you marry?

When apples and pears are ripe.

I'll come to your wedding without any bidding,

And stay with the bride all the night.

—*Mother Goose's Nursery Rhymes for Boys and Girls* (Standard Edition).

A "chopping-*bee*" is thus described in a western magazine: "Once a clearing was attempted on a large scale. It was for the site of a public institution. The inhabitants within a radius of ten miles were invited to a "chopping-*bee*." Each one brought his axe and day's provisions. No spirituous liquors were allowed. The work was ordered by an elected marshal of the day. The front rank of trees, ten rods in width, were chopped partially through on either side, then the succeeding ones in like manner for a space of perhaps twenty rods. Then the last rank was felled simultaneously by the united force, when, with a crash increasing to a thundering volume, it bore down on the next, till all lay prostrate. And thus for three days did this volunteer war against the forest progress."

Bee-bee (Anglo-Indian), Hindu, from the Persian *bī bi*, once applied to English ladies, who are now called Mem Sahib. It is still often used by native servants in addressing European maid-servants. — *Anglo-Indian Glossary*.

A Hindu concubine.

But the society of the station does interfere in such cases, and though it does not mind *bee-bees* or their friends, it rightly taboo's him who entertains their white rivals.—*William Howard Russell: My Diary in India in the Year 1858-59*.

(Gypsy), an aunt. Sometimes applied respectfully and

affectionately to any middle-aged woman. "The title *Bibi* is in Persian the same as among us *señora* or *doña*." — *Texeira: Relacion de Hormuz*, A. D. 1611.

Beef (Australian convicts' slang), "stop thief!" introduced by the convicts transported thither. A feature of thieves' cant, and indeed of slang generally, is its fondness for punning and rhyming, e.g., "cobbler," applied to the last sheep that is shorn, "slang-whang," and "Bolt-in-turns." Thief was canted into *beef* because they rhymed.

Beef—stop thief. To *beef* a person is to raise a hue and cry after him in order to get him stopped.—*Vaux's Memoirs*.

(English thieves' slang), to *beef* it, or to give hot *beef*, is to give chase, pursue, raise a halloo and cry.

I gnyed, but the reeler he gave me hot
beef,
And a scuff came about me and hollered ;
I pulled out a chive, but I soon came to
grief,
And with screws and a james I was
collared.

—*The Referee*.

(Nautical), a figurative term for strength — "more *beef!*" more men on; (common), "*beef* up!" or "put your *beef* to it!" An ejaculation meant as a request to use one's strength, to use one's muscles to good account. (Popular), the penis; to be dressed like "Christmas *beef*," to be in one's best clothes.

Man's poor heart in ecstasy
Will very often beat,
When the tart is young.

'Tis then he'll go and dress himself
Like unto Christmas *beef*,
When the tart is young!

—*When the Tart is Young*.

Beef-headed (popular), stupid, dull as an ox. *Beef-willed* is a provincialism with a like signification. "*Beef-witted*," that is, dull, thick-headed; "having no more wit than an ox" is a term used by Shakspeare.

Beef it, to (provincialism). To *beef it* is to indulge in a meal of butchers' meat; it only occurs amongst the lower and poorer classes.

Beefment (thieves), on the *beefment*, on the look-out.

Beef stick (army), the bone of the meat in the day's rations. A soldier is allowed, at home, three-quarters of a pound of meat, including bone, and when the day's mess dinner is cut up, little but the *stick* remains for those last served.

Beef straight (American). When a man has nothing but beef for a meal, and must eat it without bread, vegetables, &c., it is *beef straight*. The same term is applied to any other kind of food *per se*.

Beef to the heels, like a Mullingar heifer. Mr. H. J. Byron says: "The expression *beef to the*

heels is first found, I believe, in the Irish saying, 'A Waterford heifer, *beef to the heels*.'

Dolly was not a fine woman, as they say, at all; not *beef to the heels*, by any means; in a grazier's eye she would have had no charm whatsoever.—*Rhoda Broughton: Cometh up as a Flower.*

Beefy (common), unduly thick, commonly said of women's ankles; also rich, juicy, plentiful. To take the whole pool at loo, or to have any particular run of luck at cards generally, is said by players to be very *beefy* (Hotten). *Beefy* is also applied to a bloated, red-faced person.

Bee-gum (American), a hollow gum-tree in which bees have hived. This is more technical than slang.

Bob tuck him by de skin,
As de bear wus comin' in,
An' he pull, an' he pull till down de hol-
ler tree cum;
Den nigger Bob come out,
An' run like nigger mout,
While de bear tink he got de debbil in
de *bee-gum*.

—*Negro Song.*

Bee in the bonnet (common). To have a *bee in one's bonnet*, is to be odd, eccentric, fantastical, whimsical, or half-crazy. It is supposed to be a peculiarly Scottish phrase, because Scotsmen wear "bonnets," and Englishmen do not. Its use, however, is not confined to Scotland, but was known in England in the seventeenth century, and is still common. It occurs in a song

by Herrick, entitled the "Mad Maiden," of the date of 1648:—

"For pity, sir, find out that *bee*,
Which bore my love away;
I'll seek him in your *bonnet* brave,
I'll seek him in your eyes."

A friend speaking to an Edinburgh lady of a late eminent professor in the University, said he was an excellent man, but he had a *bee in his bonnet*. "Don't say that," replied the lady, assuming a look and tone of reproof. "You under-rate him. *A bee in his bonnet!* Why, he has a whole hive of *bees* in it!" The French have the corresponding expression "avoir un hanneton"—a may-bug.

Been in the sun (popular), intoxicated, alluding to the flushed countenance of one who has been drinking heavily.

Been measured for a new umbrella (American), said originally of a man that nothing fitted him but his *umbrella*. An old joke, reproduced by Artemus Ward, who took his own generally wherever he found it.

"Wall, about this time there was a man in an adjacent town who had a green cotton umbrella."

"Did it fit him well? Was it custom-made? Was he measured for it?"

"Measured for what?" said Abe.

"The umbrella?"—*Artemus Ward.*

Beeno (gypsy), born. "Ki sos o tikno *beeno?*"—"Where was the babe born?"

Been to Bungtown. Been to Boston (American). It is re-

ported that instances have been known in which ladies living in the country have gone "to town" for the purpose of meeting with lovers, or making them, "in loco secreto." So it is said of one not quite above suspicion, that *she has been there*, and should a foreigner not understanding the phrase ask where, the answer may be, *to Bungtown*. In Philadelphia it is said of a very fast woman, that she has been to, or comes from Scranton, a town in Pennsylvania.

Beer barrel (pugilistic), the body.

That draws the bung from the *beer barrel*, I'm a thinkin'.—*C. Bede: Verdant Green*.

Beerslinger (American), a term for a barman in a lager-beer "saloon" or tavern. It originated in Philadelphia in 1848-49, about which time lager-beer was first brewed in America. The word "slingers" had previously been commonly applied for at least forty years to other barmen, who were often spoken of as "whiskey-slingers" (a punning term). "Rum-slingers" or "gin-slingers," derived in this instance probably from gin-sling. In America "sling" is a very common expression, indicating to be engaged with, or to tackle, attack, &c. Hence "hash-slinger," one who eats at an ordinary table, or one who is eating in any way. "Ink-slinger," a writer. "Don't sling your sass at me," means give

me no more of your impudence. "Jerk" and "jerker" are in every way exact synonyms for "sling" and "slinger," *e.g.*, a beer-jerker.

Beeswax (common), poor, soft cheese, sometimes called "sweaty-toe cheese," the French equivalent of which is "pied de facteur." Applied to persons whom it is difficult to get rid of. Friends conversing together seeing one of this kind coming towards them, frequently say, "Here's old *Beeswax*, let's be off."

Beeswaxers (Winchester College). Thick-soled, laced-up boots are so called, no doubt from being used in damp or snowy weather, after having been besmeared with beeswax, grease, or dubbin, in order to make them water-tight.

Bee-sweetening (American), honey, more jargon than slang.

I was once a guest in a log-cabin, in a remote part of Indiana, in 1864. There were on the supper-table three kinds of sweetening for the coffee, and yet none of them were made from the cane. "Will you have," asked my host, "*bee-sweetenin'*, *tree-sweetenin'*, or sorghum?" *Bee-sweetenin'* was honey, *tree-sweetenin'* was maple sugar and maple molasses, while sorghum was the coarse molasses made from a kind of Chinese maize.

Beetle-crushers (common), a person's foot. More frequently used with the sense of foot of large proportions, large flat foot. Also shoe or boot.

Yes, but what horrible boots! whoever could have had the atwocity to fwame such *beetle-crushers*.—*Rhoda Broughton: Red as a Rose is She.*

The expression was first used in *Punch*, in one of Leech's caricatures. A man with "extrémités canailles," as the French have it, is said to be blessed with "*beetle-crushers* and mutton fists." (Army), an infantry soldier is derisively termed *beetle-crusher* by the cavalry, varied sometimes to "mud-crusher," a near equivalent of the French "pousse-caillou."

Who wouldn't be a millionaire,
A-rolling in his riches?
Though dolor-ous the load they bear—
Who wouldn't be a millionaire?
I own the rich man's shoes to wear
My *beetle-crusher* itches!
Who wouldn't be a millionaire,
A-rolling in his riches?

—*Funny Folks.*

Before-tim (pidgin), formerly, once, previously, ere now, of old.

Beggarbolts (nautical), a term formerly applied to any missiles thrown from a galley-slaves' boat at an attacking force.

Beggars' velvet (common), particles of down shaken from a bed, and left to accumulate under furniture by the negligence of housemaids. A more

befitting term is "sluts'-wool," as reflecting on the lazy habits of the maid.

Begum, a rich widow.

Beilby's ball (old), an old Bailey executioner. "You will dance at *Beilby's ball*, where the sheriff pays for the music," from the name of the executioner in the time of Jonathan Wild.

Be in it, to (common), like the American phrase "to be on it." But the English expression seems to denote being in trouble, "I'm always in it."

And I *was in it*, fairly in it!
I fell in the box of eggs and there I
quickly stuck.
I *was in it*, fairly in it!
I *was in it*, for it's just my luck.
—*Song.*

Bejant, new student at Aberdeen University. A corruption of the French *béjaune* (*bec jaune*), unsophisticated young man, compared to an unfledged black-bird. The term is applied to the first or lowest class, the second being the "semi-bejants," the third the "tertians," and the fourth the "magistrands."

Belay (nautical), stop. "*Belay that yarn*," cease talking, we have had enough of it.

—*Lucy Neal.*

Bellows (pugilistic), the lungs; "bellows to mend" was formerly said of a pugilist when winded, and generally of a person out of breath.

Bellows, bellowses (American), the heaves in a horse.

And when old Tom Jefferson sent for me to go to Washington, I was still here with fifteen children and as good a boss as any man ever sid, only she was blind and had the *bellusses*.—*Uncle Steve's Stump Speech.*

(Nautical), an old hand at the *bellows*, a man up to his work, to his duty. A "fresh hand at the *bellows*" is said when a gale increases.

Bellowsed (thieves) was said of one who had "lumped the lighter" or had been "lagged," *i.e.*, transported. As *lagged* is a gypsy word, meaning bound or tied together (Hindu *lāgárnā*), it is probable that *bellowsed* is the common provincial word

belost, which has precisely the same signification.

Bellowseser (pugilistic), a blow that knocks the wind out of the "bellows" or lungs. (Old cant), a sentence of transportation for life; that is, to the convict's last breath when his lungs or "bellows" cease to play.

Bellows to mend (pugilistic and athletes), short in the wind, pumped out.

To one gentleman he would pleasantly observe, as he tapped him on the chest, "*Bellows for you to mend, my buck!*"—*C. Bede: Verdant Green.*

Bell swagger (old), a noisy, bullying fellow.

Bell-topped or knobbed (vulgar), a man with a large top to his generative organ.

Bell-topper, that kind of hat known in England as a "chimney-pot," a "silk hat," a "high hat," a "top hat," a "*bell-topper*," a bell-shaped top hat. The term is, we believe, not unknown to hatters in England, but in Australia it is universally used, often even by refined people. White ones are very much commoner than black in Australia and America, on account of the higher temperature.

When the writer was about to land at Port Melbourne he was warned "a man is of no account in Melbourne without a white *bell-topper*." Soon after this he went to the Geelong

races and ordered a dozen oysters at a stall. The man gave him thirteen by mistake. "Stop," he said, "you're giving me too many." The man who was next to him—quite a common man and a little drunk—turned round and addressed him sentimentiously, "A cove with a white *bell-topper* should never be mean."

Belly-chere (old cant), food.

Belly-chete (old cant), an apron.

Bellyful (old), a sound drubbing or thrashing.

Belly plea, the (old), the old slang term to describe the practice of women condemned to death pleading pregnancy in mitigation or deferment of sentence. This custom is alluded to in the "Beggars' Opera." In most jails there were men termed "child getters," who made a practice of qualifying women to put forward such a plea.

Belly-timber (common), food; termed also "prog," "grub."

Belly up, a facetious way of allud-

Paspati, also Pott. *Theis*. ii. 407, arguing from mere resemblance of sound, derives *beng* from *benk*, a frog, or *beng*, a frog, or *benga*, squint-eyed in Hindu. But as *bengel* in German and Dutch means a mischievous, evil fellow or scamp, there is probably some Aryan root which would furnish a more direct connection with the evil principle.

"As if yuv had dikked o' *beng* te sā,"—
"As if he had seen the devil and all."

—*English Gypsy Songs.*

Perhaps it comes from *beg*, Hindu, but of Mongol origin, meaning lord or master. The Spanish gypsies call the devil by a similar term, *el buen baron*, the good baron or lord.

Bengi (military), an onion. Origin obscure, but it may be referred to the Hindustani *beng* or *bhang*, from its pungent taste; or again, it may be a

If when in the magisterial presence he contorts his countenance in affected agony, it is merely because he perceives from his worship's tone that he wishes to agonise him, and is shrewd enough to know that to "give in *best*," as he would express it, is the way to get let off easy.—*J. Greenwood: The Seven Curses of London*.

Bester (popular), one who gets the better. Also a low betting cheat, a blackleg.

Bever (obsolete), a slight repast between meals, an afternoon lunch, a meal eaten in a hurry. It was in use at the English and American universities. At the former the *bevers* consisted of a portion of bread and an allowance of beer laid out in the hall in the afternoon, a break of a quarter of an hour in school time being allowed in summer for this refreshment. It need hardly be said that it (the rod) is applied in the ordinary fashion, six cuts forming what is technically called a *bibling*, on which occasion the Bible-clerk introduces the victim; and four being the sum of a less terrible operation called a "scrubbing."—*Blackwood's Edinburgh Magazine*.

Of late years all amateurs of bric-à-brac in England have become familiar with a kind of niello-work of silver patterns on a black metal ground which comes from the Deccan, and which takes its name from the city of Bidar. The ground is made of three parts pewter to one of copper, which is inlaid with the silver, and the ground is then blackened.—*Madras Literary Society Journal*, New Series, i. 81-84.

Big bugs (American), an expression for great people, people of consequence, aristocrats. Bartlett thinks that this word suggests some anecdote which would be "worth finding out." There is no lack in American newspapers of anecdotes explaining the origin of popular phrases, but unfortunately about ninety-nine in a hundred of them are what Germans call *Nachwerk*, manufactured afterwards by some ingenious humourist to suit the case. The following, which is of recent origin, might easily pass for one of these valuable originals. Those which have already appeared on *Chestnut*, sworn to by as many authorities as those cited by Autolyceus, would fill a chapter.

It puts me in mind of a story once heard from an old man. He was speaking of a rich neighbour who was going for the first time to New Orleans. "Yes," he said, "Mr. Jones is a mighty big man

round here, but he won't stand a chance to shine down there. He'll be like the bug who lived on a pumpkin, and because he was twice as big as any other bug round there, he allowed he was the largest insect on earth. But one day there came two or three of them big gold beetles, and lit on the pumpkin in all their original splendour, and Mr. Pumpkin Bug jist turned pale and crawled down underneath. "Children," says he, "I wouldn't hev thought it, but there's *bigger bugs* in the world than what I be!"—*Queer Bits.*

While my wife goes out washin', an cleanin' *big bug* houses, I'll have a shop down-town for renovatin' trousers.—*A Bootblack's Soliloquy.*

"Now try that," said Hatton to Morley, as the servant poured him out a cup.—*Israeli: Sybil*.

The "boys" got the *big head*, and displayed effervescence scarcely less remarkable than that of the champagne itself.—*F. Francis: Saddle and Moccasin*.

It signifies, further, the feeling of a swelled head, accompanied by headache experienced in the morning after a debauch, when one has "mal aux cheveux," as the French express it.

A *big head* laden with cocktails and gin,
Is all that I have to say,
To remind me of the whisky that has all
gone in

To a hold that is not far away.
As I sit on a keg gazing over the beers,
That the bums are all scooping down,
I pray that the barkeeper may have no
fears,

For in whisky I'll never be drowned.

And so he had been drinking—milk!

—*Scraps.*

To “do a *bilk*,” to defraud, specially used in the case of prostitutes who are cheated, in the French slang “poser un lapin.” Most etymologists derive the word *bilk* from the Gothic *bilaitan*, to mock, to deride.

Bilk, as provincial or old English, meaning to cheat or defraud (Wright), is a form of *balk*, which has the same meaning, in the sense of hindering a man in his rights. *Balk*, to hinder, is, according to Skeat (Etymol. Dict.) from *balk*, a beam or bar; to put a balk or bar in a man's way. Anglo-Saxon *balea*. But as English it is probably from a Danish source, *bjalka*, Old Norse

bialki (Ettmüller, *Lex. Ang. Saxonicum*), which brings us directly to *bilk*.

“*Bilking* the blues,” in prison slang, is evading the police. In society a man who, though never actually found out, is strongly suspected of cheating at cards, would be called a *bilk*.

Bilker (common), same meaning as *bilk* in the sense of cheat, but specially applied to rascals who defraud prostitutes or cabmen.

A third and frequent means of evading payment of cab fares is for riders late at night, or in the small hours of the morning, to stealthily get out of the vehicles in motion, and then run off unobserved. Some of these malpractitioners have become so skilful in this action that they have left the cabs and gently closed the door afterwards without being seen, when they were being driven along at six or seven miles an hour. In a few instances the more expert of these *bilkers* have even jumped out of “hansoms” in dark roads or lanes unperceived by their drivers when the “two-wheelers” have been running at eight or nine miles an hour.—*Tit Bits.*

(Popular), one who gets a bed at a lodging-house and does not pay for it.

Besides, the sympathies of the other lodgers are always with the *bilker*, and if they took any part in a scuffle, should such a thing arise, it would be in his favour and against the porter.—*Thor Fredur: Sketches from Shady Places.*

Bilking (popular), explained by quotation.

The consequence is that all duties are discharged in such a place in the most slovenly manner, and that as many as pos-

sible are shirked, with consequences in the way of *bilking*, or getting beds without paying for them.—*Thor Fredur: Sketches from Shady Places.*

Bill (Eton), in the *bill*, on the punishment list.

Some of the small boys whom this delightful youth tempted to ape his habits, had often occasion to rue it when they staggered back to college giddy and sick, carrying with them a perfume which told its tale to their tutors, and caused them to be put in the *bill*.—*Brinsley Richards: Seven Years at Eton.*

Bill, a long or short (common), a term of imprisonment.

Out of prison, Larry! Lord save me! yev've had a *short bill* this time for kicking a woman.—*Savage London.*

Bill brighters (winter), small fagots employed in the kitchen to light the fires.

Billed up (army), confined to barracks, a term peculiar to Her Majesty's Guards, to whom a punishment which curtails freedom of movement is no doubt especially irksome.

Billet (Australian, popular), a situation. A *billet* is as universal a term for a situation as "screw" is for a salary in Australia, or "bobby" for policeman in England. The metaphor is of course taken from *billets* or quarters being found for soldiers, who are then said to be "*billeted* out" in military parlance. Thus one of the commonest slang words in Australia—

Up country *billets* oft are loss,
Work for "tucker"—trust the boss.

—*Edward Fitzgerald: Printers' Proverbs in the Australasian Printer's Keepsake.*

A gentleman at a boarding-house in Parramatta, New South Wales, in 1883, related with great gusto a curate's *billet* in Northumberland which had just come under his notice. The vicar was away travelling round the world for his health, and the curate, a Cambridge graduate, received the magnificent stipend of £120 a year for looking after the church services, the parish, the vicar's wife and five children, and two pupils cramming for matriculation.

Billet is used in England with a like signification. In prisons "getting a *billet*" is being appointed to some office which procures certain advantages for the convict who is fortunate enough to receive the favour.

Some time later on I renewed my acquaintance with P— under difficulties which were not altogether insurmountable, and as he walked behind me in the exercise ground, he told me the story of his commercial career. Being a "communion bloke" and a "good character" man, he soon got a *billet*. He was enrolled amongst the "cleaners," and promoted to be the "chaplain's orderly," which was the only *billet* I wished to obtain for myself. He secured it, and on a Sunday solemnly marched up the pulpit stairs to open the Bible or Prayer Book, and fix therein at the proper places the hymns and anthems to be sung by the congregation. This was his Sunday's duty.—*Evening News.*

(Old military slang), *billet*, appointed place or aim. "Every bullet has its *billet*."

Billiard slum, the (Australian convicts' slang), false pretences. Probably introduced into Australia by the convicts transported thither. To "give on *the billiard slum*," to "mace" or "give upon the mace," *i.e.*, to obtain goods on credit which you never mean to pay for, to run up a score with the same intention, or to sponge upon your acquaintance by continually begging or borrowing from them (Vaux's Memoirs). To parallel the pun between "mace" and *billiard slum*, *cf.* "bolt-in-tun," "cobler," &c. Slang, and especially thieves' slang, is very addicted to these puns.

Billingsgate pheasant (common), a red herring or bloater, otherwise known under the appellation of "Yarmouth capon" or "two-eyed steak."

Bill of sale (old slang), widows' weeds.

Billy (Scotch), a silk handkerchief, also used by thieves; (common), a policeman's staff; (thieves), stolen metal; (New Zealand and Australia), a saucepan. In the Bush, everything—tea, soup, or anything else—is boiled in the *billy*, a tin saucepan with a wire poop-handle to carry it by. The sundowner or swagman, tramping the country in search of work, invariably carries this *billy* and a blanket. In the latter all his worldly goods are usually strapped up; sometimes

he goes so far as having a bit of mackintosh sheeting outside the blanket to keep it dry. He will be seen "humping" (carrying) these on the hottest day.

So much for our hero! A statuesque foot
Would suffer by wearing that heavy nailed
boot—

Its owner is hardly Achilles:
However, he's happy. He cuts a great
"fig"

In a land where a coat is no part of the
rig,

In the country of "damper" and
billies.

—*Dr. Kendall: Tim the Spitter.*

Billy boy (nautical), a Yorkshire vessel, with one mast.

Billy-button (thieves' slang), rhyming slang for mutton; also a contemptuous term for a young journeyman tailor.

Billy buzman (thieves), a pick-pocket who confines his attention exclusively to silk handkerchiefs.

Billycock (Australian), a kind of hat. The *billycock* is a low, round, hard-felt hat with a turned-up brim. Hotten describes it as a soft felt hat of the Jim Crow or "wide-awake" description.

Billy-fencer (popular), a marine-store dealer.

Billy-hunting (popular), buying old metal; one of the occupations of a "billy-fencer" or marine-store dealer. (Thieves),

going out for the purpose of stealing pocket-handkerchiefs.

Billy-stink (Anglo-Indian), a name given by Europeans in India to the vile liquids of native manufacture sold in the bazaars.

Billy-stink is the very appropriate name given by Europeans to one of those maddening native compounds. It would indeed be very hard to say what the component properties of this very highly-flavoured fluid consist of. . . . When drinking any of the odoriferous mixture it is a common thing for individuals to press the apertures pertaining to their nasal appendage between thumb and forefinger.—*Brunlees Patterson: Life in the Ranks.*

Bims, bimshise (West Indian).

Barbadoes and its inhabitants are so nicknamed throughout the West Indies. A recent traveller hazards the following ingenious explanation—which if not true ought to be so—of these terms, which are confessedly obscure in their derivation. “Barbadoes is known all the world over as the little island that pays her way; it has never been conquered; its people are enterprising and energetic, go-ahead and driving; in short, the business men of these islands (the Caribbees). Barbadian may therefore be said to mean a man with ‘go’ and grit, energy and *vim*.”

Bing (gypsy), the devil; (old cant) a liquor shop, as a rum *bing*; to *bing*, to go, to attack, shoot.

“Could you not have turned him on his back like a turtle, and left him there?”

said Lord Etherington. “And had an ounce of lead in my body for my pains? No, no! we have already had footpad work enough. I promise you the old buck was armed as if he meant to *bing* folks on the low toby.”—*Scott: St. Ronan's Well.*

Bing avast (old cant derived from gypsy), an angry command to be off, meaning literally, “go to the devil.” *Beng* English gypsy; Scottish gypsy *bing*, meaning the devil, and *avast* from *avāva* second present indicative and imperative, *avāsa* or *avēssa* “thou goest,” or “go thou.” Full form, *bing avas tu!* or *avaste*. It is probable that in Harman's vocabulary *a* is by accident separated from *vast*. *Bing*, the devil, is not to be confounded with the same word in “to *bing* out,” in old cant, nor *avast* with *avast*, in its other meaning. It is probable that those who made the old cant, having learned from gypsies that *bing avast* meant “go to the devil,” considered that *bing* meant “go” or “come” a distance, and used it as such.

Bing out, bien morts and toure,
For all your duds are *binged avast*.
—*Old Song, 1560.*

Binge (Oxford), a big drinking bout. To *binge* is a provincialism for to soak a vessel in water to prevent its leaking. It is also a nautical term meaning to rinse a cask. This word seems to be connected with *bung*, the orifice in the bilge of a cask, through which it is filled.

Bingo (old cant), probably of gypsy origin. Spirits or brandy.

Pass round the *bingo*, son of a gun,
You musty, dusky, husky son!

—Lord Lytton : *Paul Clifford*.

Some soda-water, with a dash of *bingo*,
clears one's head in the morning.—*T. Hughes* : *Tom Brown at Oxford*.

“*Bingo* boy,” a drunkard ;
“*bingo* mort,” female dram-drinker.

Bing (gypsy), the devil, an evil spirit, probably suggested the word. Puns on spirit in its twofold meaning have always been common both in English and gypsy. *Bengalopani* (gypsy), rum.

Bingy (trade), a term largely used in the butter trade to denote bad, ropy butter (Hotten).

Binnacle-word (nautical), any learned or affected word used in the navy, which the sailors jeeringly offer to chalk upon the binnacle.

Binni (tinker), small ; *binny soobli*, a boy ; lit., small man.

Birch broom (thieves), rhyming slang for room.

Birdcage, a slang term in vogue among the lower orders for a bustle, or in more modern slang a “dress-improver.” This part of a lady's toilet is a kind of pad or cushion worn at the back of the dress for the purpose of expanding the skirts, and, in some cases, making up for certain

deficiencies in the wearer's form. Those now in fashion are immensely elongated structures, little suggestive of the human form ; some are built on the principle of the old crinoline, with wire or steel ribs, hence the appellation of *birdcage*.

She was walking in her best clothes on Bank Holiday, when a crossing sweeper knocked up against her, and being a perfect lady she was all over his chevvy before he'd time to turn round, and they took her by the chignon and the *birdcage* and waltzed her into Vine Street quicker than a wink.—*Sporting Times*.

Me and Jane was at Greenwich last week. The hill's very nice, but Jane quite spiled her *birdcage* rollin' down. A new dress, too.—*Ally Sloper's Half-Holiday*.

Not long ago there was an action relating to patents in the High Court of Justice. The court was strewn with various specimens of these articles, and considerable amusement was caused by the spectacle of a judge and several leading counsel arguing gravely on the intricacies of the various designs for dress-improvers. The judge, after looking at several designs, said, “I hope you are going to produce another of these articles, Mr. —, which I do not see here. It is called the Jubilee . . . it is one which, when a lady sits down, plays the ‘National Anthem.’” An old lawyer would have his feeble joke, too, and remarked that he had attended the sittings of the court for many years, but that never had he witnessed so much “bustle.”

(Racing), the saddling pad-dock adjoining the Grand Stand at Newmarket. (Popular), a four-wheeled cab, otherwise known by the appropriate appellation of "growler."

Bird-lime (thieves), rhyming slang for time.

Birdseye (popular), a handkerchief.

Were they lurking at this secluded spot until what they thought was a good time to sheer off with the "swag"? Was that the swag tied up in the blue *birdseye*?—*J. Greenwood: In Strange Company.*

Bird's eye fogle, a (prize-fighters), the name of a scarf tied round their waists by prize-fighters in the ring; a neckerchief or handkerchief with white spots on a black, blue, or other ground. *Fogle*, from the German *vogel*, a bird.

Bird's eye wipe (common), a kerchief, either for the pocket or neck, with blue spots on it.

Birk (back slang), a "crib," *i.e.*, house.

Birthday suit (common), the suit of our first parents before they had a bite in the apple.

Bish (Anglo-Indian), poison; Sanskrit, *visha*, poison.

An old English gypsy once asked me if I knew what *beesa* meant. He said it was a kind of poison made from beans. I recognised in it at once an Indian word for poison, especially aconite.

Bishop (horse-dealers), to *bishop* a horse is a swindling contrivance resorted to in order to deceive buyers as to its age. An old horse has no black streaks on his teeth, and by some process these are made to appear; from a north of England term. See **BISHOP'S FOOT**.

(Common), the chamber utensil or "jordan;" also, latterly, an "it." The last is derived from the humorous description of Max O'Rell in "John Bull's Womankind," p. 15:—

"Better still, would you believe that in very good houses I have seen, and very plainly too, . . . yes, positively, I have seen *It* on the floor under the washstand?"

Bishop's court. In most Australian sees the bishop's palace is called bishop's court. Perhaps palaces are considered unsuitable for democratic communities; just as it is not correct to address a colonial bishop as "my lord." In practice, however, they are always addressed "my lord." Not to do so would be an incivility.

Bishop's foot, to *bishop* (Lowland Scotch and North of England), the devil's foot. Milk burned in the pan is, in the North of England, said to be *bishoped*. In Fifeshire the expression is applied to food that has been scorched in cooking or otherwise spoiled—"the *bishop's foot's* in it." The bishop means the devil, and the saying

is probably a relic of the times of the Reformation, when in Scotland everything connected with prelacy was considered to be bad.

Bisser (gypsy), to forget.

Bit (American), correctly the old Spanish "real," equal to twelve and a half cents, or about sixpence. In England the now seldom seen fourpenny-piece was called a fourpenny-bit, also a "joey," from the late Joseph Hume, M.P., who extolled its convenience in a speech which he made in Parliament. In Pennsylvania the "real" was called an elevenpenny-bit,—*bit* being a translation of the Spanish "peso," a piece or *bit* (as it was popularly understood), and signified any coin. Since this Spanish and Mexican money was withdrawn from circulation the term *bit* is applied to the "dime." The "medio" or "half-real" was in Philadelphia called a *fippenny-bit* (fivepenny), which was abbreviated to "fip," as "elevenpenny-bit" became contracted to "levy." This old Spanish currency became so worn that the "levy," which was legally worth twelve and a half cents, often weighed less than the ten-cent silver piece or "dime," and it was said that boys were in the habit of filing down and smoothing the latter so as to make them pass for the former.

A Philadelphian is always stylish and fashionable when he owns twelve and a half cents, for then he can always hold a *levy* (levee).—*Vanity Fair*, 1861.

(West Indian), a *bit* is a fourpenny piece. In Demerara the negroes make this one of their units of calculation. Thus a shilling is three *bits*, and so on.

(Popular), fourpence.

Bitch, to (old slang), to give way through fear. The primary meaning is to sport. (Common), "to be" or "to stand *bitch*," from the gypsy *bitcher* or *bitch*, to send away, let go, or yield.

"Don't *bitcher* it because you're at-rash"—"Don't let it go because you're afraid."

To assume a woman's functions in making tea, presiding at the table, &c.

Bitchadey-pawdel (gypsy), transported.

Bitch booby (old military slang), a country girl.

Bitcher (gypsy), to send. Hence to order or command. *Bitchering kers*, police or assize-courts. See To **BITCH**.

Bitcherin mush (gypsy), a magistrate.

Bitcher-pawdel (gypsy), to transport.

Bitch party (university), tea party; only suitable for women in the

minds of the coiners of this irreverent expression. "Will you be old *bitch*?" means "Will you make tea?"

Biter (old), a woman of inordinate sexual desires.

Bite the ear, to (prison slang), to borrow. "I bit his ear for three and a sprat"—I borrowed 3s. 6d. of him.

Bite the roger, to (thieves), to steal a portmanteau.

Bite the wiper, to (thieves), to steal a pocket-handkerchief.

Bite, to (common), to take in, impose on, cheat, over-reach in any way. Hotten says this is a gypsy term, but does not prove it. "Cross-bite, for a cheat, constantly occurs in the writers of the sixteenth century. Bailey has cross-bite, a disappointment, probably the primary sense, and *bite* is very probably a contraction of this." It is much more probably derived from the Dutch *buiten*, which in slang means, according to Teirlinck, to buy, or trade, and which is more accurately defined by Gherard van der Scheuren (*Teuthonista oft Duytslender, 1475-77*) as "*Buyten, wesselen mangeln, cuyden; tuytschen-cambire, permutare,*" &c. These words all mean to trade, exchange, or barter; but *tuytschen* indicates cheating, or swindling; combining the force of the analo-

gous German words *tauschen*, to exchange or trade, and *täuschen*, to deceive. Hotten also says that *bite* is a north country word for a hard bargain (used by Pope), and that Swift tells us that it originated with a nobleman in his day. According to Sewel's Dictionary, *buit* is booty, spoil, pillage; *buiten*, among other meanings, has "to go out to pillage," and "*zich te buyten gaan*" (*i.e.*, to go out, or away, or too far) is "to be exorbitant." When we remember that *buyten* means in Dutch to *bite*, and *buyten* (which has almost the same pronunciation) to bargain with all the associations of deceit and plunder, it seems much more probable that *bite*, a hard bargain, or *bite*, to cheat, came from the Low Countries direct, than from an English word signifying "disappointment."—*C. G. L.*

Bite was formerly used as an interjection equivalent to the modern expression "sold!" There is a story of a man sentenced to the gallows who sold his body to a surgeon. . . .

It is a superstition with some surgeons who beg the bodies of condemned malefactors, to go to the gaol and bargain for the carcass with the criminal himself. . . . The fellow who killed the officer of Newgate, very forwardly, and like a man who was willing to deal, told him, "Look you, Mr. Surgeon, that little dry fellow, who has been half-starved all his life, and is now half-dead with fear, cannot answer your purpose. . . . Come, for twenty shillings I am your man." Says the surgeon, "Done, there's a guinea." This witty rogue took the money, and as soon

as he had it in his fist, cries, "*Bite*, I am to be hanged in chains."—*Spectator*, No. 504.

Bite up (tailors), an unpleasant altercation.

Bit-faker (thieves' slang), a coiner or forger of false money. To "fake" is probably the Latin *facio*, which has many meanings besides its primary meanings of "make" and "do." It may also be a form of the gypsy *ker*, which has the same significations. A *bit-faker* would, therefore, be a maker of money (bit).

Bit-faking (thieves' slang), coining or forging money.

Biting his hips (tailors), regretting what he has done or said.

Biting up (tailors), grieving for something lost or gone.

Biting your name in (popular), taking a large draught of some liquor, drinking deep or greedily.

Bit of blood, a spirited horse that has some blood.

Bit of cavalry, a saddle horse.

Bit of leaf (prison), a small quantity of tobacco.

The same rigid rule is in force at Portland. I suppose it is because the convicts almost to a man set such a high value on a *bit of leaf*, regarding it as the greatest luxury of their lives, that the authorities are so severe in their endeavours to keep it from them. But they get it for all that.—*J. Greenwood: Gaol Birds at Large*.

Bit of mutton (common), a nice woman, generally in a questionable sense.

Bit on, a (common), slightly intoxicated.

The gallant captain was a *bit on*. He wanted to make some purchases there and then.—*Sporting Times*.

Bit of sticks (sporting), a copse.

The form of the master, his white head,
who bends

With his fine old school air, deferential
and courtly,

As his hand to our Belle's tiny boot-
tip he lends.

"Boots and saddles" the word is:—and
ye who would follow

For a last stirrup-cup loiter not nor
delay!

For from yon *bit of sticks* will ere long
the view-holloa

Ring the rise of the curtain, the start
of the play.

—*Sporting Times*.

Bit of stuff (familiar), over-dressed man; a man with full confidence in his appearance and ability. A young woman of dissolute life, who is also called a "bit of muslin."

(Common), a draft or bill of exchange.

I am sorry that *bit of stuff* (meaning the bill) wasn't for five thousand francs.—*Lever: The Dodd Family Abroad*.

Bits of stiff (popular), bank notes.

Bitter (general), to "do a *bitter*," to have a glass of bitter ale. Originally an Oxford term.

Into the "Cri." of an evening I slip,
And into the cool sparkling *bitter* I dip.

—*Music Hall Song*.

Bitto, bitti (gypsy), a bit, a little, small, little. A *bitto mūsh*, a small man; *bitti dir*, fainter, lower (voice), less, smaller; *bitti mūllos* or *mūlleys*, goblins, fairies.

Biyêghin (tinker), stealing; *biyêgh'*, to steal; *biyegh' th'eenik*, to steal the thing.

Biz (English and American), business.

"They manage these things better in France," said Gub, on the Caffarel affair. "It's all very well to sneer at 'decorated tailors,' but I think if you can do it, to pay your tailor with a decoration is dashed good *biz*. I think I shall try it on."

"What'll you decorate him with?" asked Rootytooty, who takes a lively interest in these matters, and believes muchly in an editor's ability to benefit his fellow-men.

"Oh," replied Gub, "I shall try him with the Order of the Boot."—*Sporting Times*.

It also means any kind of occupation.

That wasn't my day for being in the target *biz*, and I flopped flat as a pancake.—*American Newspaper*.

To bonnet a lot of old blokes and make petticoats squeal is good *biz*,
But a Crusher's 'ard knuckles a crunching yer scrag? No, I'm blowed if that is!
Let 'em swarm "in their thousands"—the

mugs!—and their black and red flags let 'em carry;
But wen they are next on the job they will 'ave to look wide-oh! for 'Arry.

—*Punch*.

In theatrical language the *biz* is the acting, performing a part.

And, when you come to Covent G., it also may be said,
That Horace Lennard's book is good, and worthy to be read;
That Squire and those are funny chaps that Fanny Leslie's "great,"
And Joseph Cave, in all the *biz*, is smart and up to date.

—*Punch*.

B. K. S. (officers), barracks, used specially among officers in mufti, who wish to preserve the incognito.

Blab (common), to talk inconsiderately, to let secrets slip out, betray; Dan. *blabbre*, to babble.

"He has not peached so far," said the Jew. . . . "If he means to *blab* us among his new friends, we may slap his mouth yet."—*Charles Dickens: Oliver Twist*.

Among the many modes of tormenting practised by the ordinary woman of society, one of the worst is her habit of *blabbing*, or repeating to one dear friend the things that have been lately said and done by another dear friend.—*Saturday Review*.

Black-and-tan (street), half-and-half, porter and ale mixed. (American), applied to black and brown terriers. A mulatto, a mixture of mulattoes and blacks. During the Civil War the South was called the *black-and-tan* country, from the planters "tanning" or beating their slaves.

Black arse (common), a kettle or pot.

Black art (old cant), the art of picking locks.

Blackball (society), means to vote against a man for election for a club, &c., by ballot. The expression was derived from the once prevalent custom at club elections of giving each voter a white and a black ball; if he wished to vote for the election of the candidate he put in the white ball, if otherwise, the black ball. This term is so frequently used that it has ceased to be slang, and the word "pill" has been substituted. The French equivalent, a corruption of the English, is *black-bouler*.

Blackberry swagger (popular), a person who hawks tapes and bootlaces (Hotten).

Blackbird, to (colonial), to kidnap, from the colour of the skin of those kidnapped, such as negroes, natives of New Zealand, &c. In the quotation reference is made to "Kanakas," which see.

But sometimes—we are glad to say in the past—iniquitously *blackbirded* or kidnapped, and practically sold into slavery.—*Daily Telegraph*.

Blackbird catching (colonial), the slave trade; recruiting coloured labourers in the South Sea Islands.

Black-box (thieves), a lawyer.

My blowen kidded a bloke into a panel crib and shook him of his thimble to put

up for a *black-box*, but it wouldn't fadge. I took two stretches of air and exercise.—*On the Trail*.

i.e., "My girl enticed a man into a bawdy house (where men are robbed by confederates), and stole his watch to procure money for a counsel, but it was of no use. I got two years at a convict settlement."

Blackboys (up country Australian), aboriginal servants in Australia. *Blackboy* means a black who has become a servant. It is not surprising that "boy" should be synonymous with "servant" in countries in whose infancy free adult whites could hardly by any wages be induced to work. The term is not applied to wild blacks.

In many instances where two or three teams travelled together, one or more were driven by *blackboys*, that is to say, aboriginal natives; the term being invariably employed by colonists towards blacks, no matter what age they may be. These were attired similarly to their white companions in shirt and trousers; but the shirts were as a rule of a more gaudy pattern, and a bright-coloured handkerchief as often as not encircled their waists, or was bound round their heads.—*A. C. Grant: Bush Life in Queensland*.

Black bracelets (old), handcuffs.

When the turnkey next morning stepp'd
into his room,
The sight of the hole in the wall struck
him dumb;
The sheriff's *black bracelets* lay strewn on
the ground,
But the lad that had worn 'em could no-
where be found.

Tol-de-rol!

—*H. Ainsworth: Jack Sheppard*.

Black cattle (old), parasites infesting the heads of uncleanly people.

Black cattle show (clerical), a gathering of clergy; *e.g.*, Episcopal visitation, or garden-party.

Black coat (common), a clergyman, from the habitual sombreness of his attire. The French argot has *corbeau* for a priest, for the same reason.

Black diamonds (popular), a common simile for coal. Also, talented persons of dingy or unpolished exterior; rough jewels (Hotten).

Black disease (medical), the common name of more than one disease, as of black jaundice, and of melæna.

Black eye (common), "we gave the bottle a *black eye*," *i.e.*, drank it almost up. "He cannot say 'black is the white of my eye,'" *i.e.*, he cannot point out a blot in my character. (Nautical), "black's the white of my eye!" used when Jack avers that no one can say this or that of him. It is an indignant assertion of innocence of a charge. "Le ciel n'est pas plus pur que le fond de mon cœur!"

Blackfellow (Australian), an aboriginal, one of the native inhabitants of Australia. The first feature in the natives which struck the early settlers of Australia was their colour. It was

natural for them to write of the *blackfellows*. At present the term is most used by whites "up the country," and by the aborigines themselves. Townspeople generally talk of "aboriginals."

I was one day at a country cricket match in Victoria. Two aboriginals were present. We were a man short, so we asked one of them to play for us. Both came into the pavilion, when the one who had been asked to play said to the other, "*Blackfellow*, you just clear out of this—this place for cricketers, not for *blackfellows*."—*Douglas B. W. Sladen*.

Black fly (country), a clergyman.

Black-foot (provincial), one who attends on a courting expedition, to bribe the servant, make friends with the sister, or put any friend off his guard. The French say of a man who favours love intrigues, that "il tient la chandelle."

Blackford, Blackford swell (London slang), a swell supposed to be in borrowed or hired plumage. It is common for roughs to cry *Blackford!* to a swell dressed up for the occasion. So called from an advertising tradesman well known as letting on hire suits of clothes by the day.

Said the teacher: " 'And it came to pass that David rent his clothes.' Now what does that mean, boys, 'rent his clothes'?" Up went Benny's hand. "I tumble," says he, "*Blackford*."—*Popular Song*.

"He is seen everywhere about town I declare,
When at home, who the deuce can he be?"

He says he resides with his ma in
 Mayfair
 Though his letters are postmarked
 E.C.
 He looks very well that's beyond all
 dispute
 For at *Blackford's* he's rigged up
 and down,
 For *Blackford* lends suits, from the
 hat to the boots,
 And that just suits the Boy about
 Town."

Blackfriars (thieves' slang), used as a warning; "look out!" French thieves would say, "ac-resto!"

Blackguard (common), a low, disreputable fellow. Dr. Johnson, Gifford, and others derive this from an attendant on the devil, and also from the mean dependants of a great house, who were generally called the *black guard* as early at least as the beginning of the sixteenth century.

We have neither school nor hospital for the distressed children called the *blackguards*.—*Nelson: Address to Persons of Quality*.

A lousy knave, that within this twenty years rode with the *blackguards* in the duke's carriage, 'mongst spits and dripping-pans.—*Webster: The White Devil*.

Thieves and murderers took upon them the cross to escape the gallows; adulterers did penance in their armour. A lamentable case that the devil's *blackguards* should be God's soldiers.—*Fuller: The Holy War*.

C. G. Leland says:—"It is probably the old Dutch thieves' slang word *blajaart*, from *blag*, meaning a man (but always in an inferior sense), and *art*, the

commonest termination for a noun. 'The greater part of the nouns in slang which are of Dutch origin, are formed with the ending *aard* (*aart*, *crd*, *ert*), *er*, *rik*, *heid*, and *ing*.'—*James Teirlinck, Woordenboek van Bar-goensch*. To those who would object that man does not necessarily mean a vulgar or low person, I would suggest that in thieves' patois it means nothing else, and that in our British tinkers' dialect, *subil siableach* (Gaelic for a vagabond) is used simply to denote any man."

Likewise in the French argot, *gonce*, originally a fool (occasionally used with that meaning now), has the signification of man, individual. Wright has, however, shown that the entirely English term *blackguard*, as applied to scullions, was in general use at an early date.

Her Majesty, by some means I know not, was lodged at his house Ewston, farre unmeet for her highness, but fitter for the *black garde*.—*Lodge's Illustrations*, ii. 188.

I was alone among a coachful of women, and those of the elector's duchesse chamber, forsooth, which you would have said to have been of the *blacke guard*.—*Morison's Itinerarie*.

Though some of them are inferior to those of their own ranke, as the *blackeguard* in a prince's court.—*Burton: Anatomy of Melancholy*.

Nor must her cousin be forgot, preferr'd
 From many years' command in the *black
 guard*,

To be an ensign.

Whose tatter'd colours well do represent
 His first estate i' th' ragged regiment.

—*Earl of Rochester's Works*.

In the above the allusion is to the cousin of Nell Gwyn, Charles II.'s mistress.

These make out a strong case for the early use of the word in England. It would seem to have died out for a time and been revived, possibly under Dutch influence, in the time of the Georges.

It has been suggested that *blackguard* is from *braggart*, with a change of liquid. French of the sixteenth century *braguar*, *bragard*, or *bragghar* (gradually altered to *bragueur*, then *blagueur*), dandy, vain fellow, swaggerer, traceable to the old *braies*, breeches, dandies of the sixteenth century being known by the approved style of their breeches. More recently there are instances of dandies or others receiving the appellation of the more conspicuous articles of their dress or the colour of these—the *talon-rouge*, a dandy of the time of Louis XIV.; *col-cassé*, the modern Parisian “masher;” *casquette-à-trois-ponts*, a bully; *culs-rouges* and *cherry-bums*, hussars; *white-choker*, a clergyman, &c.

It has also been said that the term was derived from the circumstance of a number of dirty ragged boys attending on the parade to blacken the boots and shoes of the soldiers and do any other dirty offices. From their constant attendance at the time of the Royal Body Guard mounting, they were by some facetious person nicknamed the *blackguards*.

Blackie (American), a very old word for a negro, still occasionally used. It is to be found in a negro song which dates back to the beginning of this century.

Our son no more he serve ; no more play de lackey,

No more our daughter weep, cos wite man call dem *blackie*.

—*Ching-a-Ring Chaw*.

Black jack (American), rum and molasses, with or without water. A New England drink. (Winchester), a large leathern jug which formerly was used for beer.

Black job (undertakers'), a funeral. Lord Portsmouth's hobby was to attend all the *black jobs* he could hear of.

“What, a funeral mute?” “Yes, sir, *black job* business.”—*Edmund Yates: Land at Last*.

Black language (Anglo-Indian), an expression, no longer common, for Hindustani and other Indian tongues. It is remarkable that the English gypsies sometimes speak of Romany as the *Kālo jīb*, or black tongue. The term was doubtless originally Hindu.

Blackleg (common), a name formerly appropriated to swindlers in racing transactions, and to those who betted without intending to pay their losses. Also generally applied in America to gambling of any kind. In its earlier application it

meant a swindler or criminal, and is conjecturally derived from such fellows' legs being black and bruised from sitting in the stocks and wearing fetters; or from the legs of a game-cock, which are always black, gamblers and swindlers being frequenters of the cockpit. Else from an allusion to the legs of a "rook," another name for a swindler. *Blackleg* is now a recognised word. In old provincial English a *black-foot* was a man who attended a lover on a courting expedition to do the dirty and mean work, such as bribing servants, and acting the Leporello.

(Tailors) *to blackleg*, a set that reject a man as not fit to move in their society, or who organise a method to compel a man to leave his situation or the town, are said *to blackleg* him.

Blackletter lawyer (legal), an antiquarian expert in law, whereas one well versed in "case law," or the decisions of judges, is termed a "case lawyer."

Black lion (medical), the name given to certain rapidly-sloughing ulcers which affected our soldiers when in Portugal.

Blackmail (recognised). To levy *blackmail* was a tribute extorted by powerful robber chieftains to protect travellers from the depredations of other robbers inferior to themselves in strength and organisation. In the United

States, says Bartlett, it usually means money extorted from a person, by threatening to accuse him of a crime or to expose him in the newspapers (it is used with a like meaning in England).

"Thrice is he armed who hath his quarrel just,"

But sure that force in self defence will fail,

Whose only armour 'gainst the critic thrust,

Is found to be *black mail*.

—Punch.

What Mr. Caine tells us about Clapham Common is unfortunately not confined to the suburbs, but is a very active evil in the centre of the very best parts of our town, and the continuous *blackmailing* of unfortunates by the police has been a notorious fact in such thoroughfares as Piccadilly, Pall Mall, Waterloo Place, Regent Street, &c., for some years past. —*Saturday Review*.

Skeat says:—"Mail is a Scottish term for rent. *Blackmail* or *black rent* is the rent paid in cattle, as distinct from *white money* or silver." It is curious to note, however, that *maille* in old French signified copper coin (a trace of which still remains in the modern phrases *sans sou ni maille*, *avoir maille à partir*, &c.). This word may have been adopted by the Scotch, who still retain French words in their phraseology. *Black-money* is a provincialism still used (Wright).

Black Maria (English and American), the cell van in which prisoners are removed from court to prison. Termed in the French argot "panier à salade."

Bobbies base and beaks inhuman
 Every fieldmale's path perplex;
 Who on earth would be a woman—
 Which it is a wretched sex.

No one freer, no one greater,
 'Arry cycles: is it just
 Sarah Anne's perambulator
 Should be hobject of disgust?

What's the reason, tell me why, ah!
 Why that gig with children nice
 Should be scorned like *Black Maria*,
 Full of villainy and vice?
 —*Ally Sloper's Half Holiday.*

When Lord Carrington and his attendant noblemen arrived in Melbourne on a visit lately, *Black Maria*, the prison van, was drawn up by the station, apparently in waiting.—*Modern Society.*

This term is said to have originated in Philadelphia in 1838.

Black-sheep (Winchester).
 When a man in "junior part"

jockeyed a man in "middle part" he was said to *black-sheep* him, whilst the other was said to be *black-sheeped*. This could only happen in "cloisted time," that is, during the last eleven weeks of "long half," when "middle" and "junior parts" went up together. It refers now to senior and junior divisions of "middle part."

(Old), the name by which a certain punishment, a labour task imposed on soldiers at Gibraltar for small offences, was called.

Black teapot (popular), a black footman.

Black town (Anglo-Indian), the popular local English name for Madras. It is also used at Bom-

bay to distinguish the native quarter.

Many cadets on their arrival are obliged to take up their residence in dirty punch-houses in the *black town*.—*Munro's Narrative*, 22.

Black wash (medical), a lotion consisting of calomel and lime-water.

Black work (popular), undertaking.

Bladder of lard (popular), a bald-headed person. The French equivalent is "boule de vieux oing."

Blade (common). It is generally and plausibly assumed that this word for a man is derived from *blade* as a synonym for sword, and a soldier. And this seems to be borne out by the analogy of a similar French expression, *une bonne lame*, which formerly meant a man of the world, a dashing man. *Blade* is still used in the provinces for a brisk, mettlesome, sharp young man. But as it has the same pronunciation as the Dutch *bloed*, meaning "blood," and as a blood was the common term for "a fast, and high-mettled man" during the reigns of the Georges, it is not impossible it owes much to the latter. The word was also a personal noun in Dutch, as *een arme bloed*, a poor fellow. *Bloed*, a simpleton, is from a different root; *bloede*, timid, fearful; Irish

blate, German *blöde*. Roysterers and debauchees were also termed "roaring boys."

I do not all this while account you in
The list of those are called the *blades*
that roar

In brothels, and break windows; fright
the streets

At midnight worse than constables.

—*Shirley: The Gamester*.

Bladhunk (tinker), prison.

Blame (popular), a mild expletive used when one is dissatisfied or disappointed. Oftener heard in the provinces than in London, and much more so in America.

The keeper had fired four times at an Indian, but he said, with an injured air, that the Indian had skipped around so's to spile everything—and ammunition *blamed* skurse, too.—*Mark Twain: Roughing It*.

Yes, John Bull is a *blamed* blockhead.
—*Sam Slick*.

"Man alive! This ain't the boat; this is the ferry house!"

"Yew—don'—say so!" slowly ejaculated the sunburned old fellow. "An' here I've been a waitin' three hours for the *blamed* thing to start for Brooklyn!"—*Drake's Traveller's Magazine*.

"Damnation!" is sometimes softened into "blamenation!"

Blan (gypsy), the wind.

Blank (hunting), to draw a *blank* in coursing or hunting is to have a run without meeting with anything. Quite recently the term *blank* has been adopted as a substitute for "damn," "bloody," and other forcible expressions.

Here you've been and gone three hours on an errand for me, and *blank* me if you ain't runnin' off without a word about it.—*Bret Harte: Gabriel Conroy.*

Because you're religious, *blank* you, do you expect me to starve? Go and order supper first! Stop! where in *blank* are you going?—*Bret Harte: Gabriel Conroy.*

"For *blank's* sake, sir, give me the office, you know me surely, and that I'm square. Vell, then, give me the office, so help me *blank* I'll keep it dark."

Enter a closely-shaven, bullet-headed fellow in an ecstasy of excitement at having just seen Cuss, and at the exquisite "fitness" of that worthy. "So help my *blank, blank!*" he cries delightedly, "if he ain't a *blank* picter with the weins in his face down 'ere and 'ere, a showin' out just if a *blank* hartist 'ad painted him. Tell yer he's beautiful, fine as a *blank* greyhound, with a *blank* heavy air with him that looks *blank* like winnin. Take yer two quid to one, guv'nor?" adds the speaker, suddenly picking out a stout purple-faced farmer in the group of eager listeners.

—*Charles Dickens: Farce for the Championship in All the Year Round.*

Blanket, a lawful (old cant), a wife. The allusion is obvious.

Blanket hornpipe (popular) refers to the sexual intercourse.

Blanks (Anglo-Indian), a rare word used for whites or Euro-peans by themselves.

Blare (popular), to roar, to bawl.

He *blared* and he hollaed and swore he was hurt,

His coat got torn off and he hadn't a shirt,
Then the missus comes down and she said
to the cook,

You audacious hussey, you'd best sling
your hook.

—*The Masher and the Parrot: Broadside Ballad.*

Blarney (common), flattery; supposed to be derived from a stone in the tower of Blarney Castle, near Cork, the kissing of which is a feat of some difficulty, from its perilous position in the wall. It is supposed to confer the gift of eloquence, of a kind peculiarly adapted to win the hearts of women. It is a common saying in Cork, when a man is trying his powers of persuasion or wheedling, "he has been to Blarney Castle," or "none of your *blarney.*"

Blast (popular), a familiar name amongst the lower orders for erysipelas of the face.

Blater (popular), a calf; to "cry beef on a *blater,*" to make a fuss about nothing.

Don't be glim-flashy; why, you'd cry beef on a *blater.*—*Lytton: Pelham.*

Blather (general), idle nonsense. Also thin mud or puddle.

A prize-fighter who does not fight is about as valuable a machine as an alarm clock which does not go off. He has no *raison d'être.* We do not of course wish to insinuate that any of the "fistic marvels" of to-day are guilty of such conduct. And yet there may be those who watch "Mr." John L. Sullivan revolving round the provinces in a cloud of *blather,* who think the cap should fit.—*Fair Trade.*

Blatherskite (American), a man whose tongue runs away with him; an irrepressible noisy chatterer; "blathering." Of Scotch origin (*vide* BLEATHERS).

Blaze (American). "To *blaze* a tree," to remove the bark so as

to leave a white surface exposed, which serves either for a boundary, a landmark, or as a sign to direct travellers. The Algonkin Indians of the north-east *blaze* trees so as to direct Indians leaving a village; white men make such marks on the other side.

A path which brought us opposite Ntunduru Island, *blazing* the trees as a guide.—*Stanley: Through the Dark Continent.*

It is used in this sense by the up country Australians.

The last six miles of a new road into Carcoar had just been marked out and partially made by the inhabitants, expressly for the governor. It was a well chosen but rough track designated by *blazed* trees on either hand, the unbarked parts being painted white, in order to be more manifest in the dusk.—*Lieut.-Col. Munday: Our Antipodes.*

It also applies to any kind of landmark.

I picked up a stone, and *blazed* my course by breaking off a projecting corner occasionally from lava walls and festoons of sulphur.—*Mark Twain: A Strange Dream.*

Blaze is an English provincialism for a white spot on a horse's forehead; and *blazed* is a term applied to a tree when marked for sale.

(General), to *blaze* away, to fire.

He *blazed* away and missed you in that shallow watercourse.—*A. L. Gordon: The Sick Stockrider.*

Blaze of triumph (theatrical), a ridiculous hyperbole, invented by the poet Bunn, to indicate

a great success and crowded houses. To the initiated this usually signifies a dead failure, and a house crowded with "dead-heads."

Blazer (university), a coloured loose flannel jacket, worn as the uniform of a boating or other club; originally red, but now of the club colours, striped or coloured accordingly. The surplice worn by students in chapel on certain feast or fast days, is described as the *blazer* of the Church of England. Each club chose a different colour or combination of colours, and these combinations are something sufficiently startling to have originated the appellation.

Another fair damsel was resplendent in a scarlet *blazer* over cream-coloured flannel. Some of the striped *blazers* were very becoming. Slate and white, and black and white, were decidedly the favourites, though one daring dame had ventured on magenta.—*Modern Society.*

The effect produced by the thousands of floating and moving craft, with their occupants in brilliant *blazers* and light costumes, is quite unique of its kind.—*The Standard.*

(Prisons), a jacket worn by convicts.

If the young gentlemen do not like the convict *blazers*, they will not be allowed to take out a boat unless accompanied by a policeman.—*Funny Folks.*

Blazers (nautical), a term applied to mortar or bomb vessels, from the great emission of flame to throw a 13-inch shell.—*Admiral Smyth.*

Blazes (common). "Go to *blazes*," i.e., "go to hell," is a common expression both in Great Britain and the United States, among those who are too fastidious to say the word that they mean, and are willing to go ninety-nine per cent. in the expression of profanity, making use of "by Gad," instead of "by God," "great Scott," instead of "great God," and "darned" instead of "damned."

I could have told Johnny Skae that I would not receive his communication at such a late hour, and to go to *blazes* with it.—*Mark Twain*.

Bleach, to (Harvard University, Massachusetts), to absent oneself from morning prayers. To prefer being present in the spirit rather than in the body.

Bleached mot (popular), a fair-complexioned wench.

Bleak (thieves' slang), handsome (New York Slang Dictionary).

Bleating cheat (old cant), a sheep. "Cheat," meaning a thing (gypsy), was added to a word describing the cry of the animal, thus cackling cheat, grunting cheat, &c.

When I spoke to him, he said something about a *bleating* sheep losing a bite; but I should think this young man is not much of a talker in general.—*Macmillan's Magazine*.

Bleating cull (old cant), a sheep-stealer.

Bleating prig, sheep-stealing.

Bleating rig (old cant), sheep-stealing.

Bleed, to (English and American), to be obliged to pay money against one's will, or to oblige one to pay.

A boy lives in Pennsylvania who suffers from bleeding at intervals. He usually bleeds nine days at a time. Candidates who *bleed* three months at a time will envy him.—*San Francisco Alta*.

This is in reference to the extravagant demands made upon political candidates by "heelers" and "strikers."

Then this fine old Englishman, to crown each other deed,
Has lately shown that for our sake he did not fear to *bleed*.

A generous gift, that silver cup, in sooth you'll be agreed,
That a *cup* which bears nine handsome *mugs* is a handsome one indeed!

—*St. Helen's Lantern*.

(Printers), a book or pamphlet that is cut down so much as to touch the printed portion is said to *bleed*.

Bleeding the monkey (nautical). The *monkey* is a tall pyramidal rod or bucket which conveys the grog from the grog-tub to the men. Stealing from this *in transitu* is so called.—*Admiral Smyth*.

Blethers (Scottish), wind or windy; nonsense. Robert Burns jocosely laments that his business was to string up *blethers* in rhyme for fools to sing. *Bletherhead* is a loquacious fool. *Bletherumskite* is a synonymous word, but expressive of still greater contempt by the use of the word "skite" or "skyte," which signifies excrement. To *blether* or *blather* is to talk tediously and foolishly. The word is akin to "bladder," that is, filled with wind.

I hae been clean spoilt just w' listening to twa *blethering* old wivs.—*Sir Walter Scott: Old Mortality.*

Wha can ken . . . whether sic prayers as the Southron read out of their auld *blethering* black mess-book there, may not be as powerful to invite fiends, &c.—*Scott: Fortunes of Nigel.*

Blew or blue (common), to waste, to spend, to dissipate. "I *blew* a bob (I wasted a shilling)," said a costermonger, "when I went to an exhibition of pictures." To spend or lose one's money in gambling or betting.

But knock-down blows the punter knows
Are a part of his racing creed,
And he says this year he has no fear—
"The Baron *must* succeed!"
We think so too, and our oof we'll *blew*,
However rash the act,
For if this one's missed he will swell the
list
Of the winners we might have backed.
—*Sporting Times.*

We'll polish off the malt and grog, and to
have we are bound,
A jolly jug, and kiss the girls and women
all around;

We'll take a stroll, and then keep it up
till hoxing night,
Blew all the coin—rent as well, and think
we're doing right;
And if we have to pawn the clock, next
day I shan't repine,
It was my father's custom, and so it shall
be mine.

—*Song.*

Blewed (common), spent, disposed of. Lost or been robbed of. Primarily, to pay out, to spend. German *blauen*, which suggests blue, and not to blow, as the original. *Ins blaue hinein* (away into the blue), vanished, gone; the French *passé au bleu* has the same signification. *Faire passer au bleu*, to suppress, dissipate, spend, squander, appropriate. An allusion to a distant, undefined place in the blue above.

Bligee, bligey (pidgin), obliged.

Too muchee '*bligee* you, Missee Hughsee, fo' that number-one book. You show me that pricee, England-side, my look see that Table, can savey how-fashion makee offer. Must catchee chancee now.—*Chin: Punch.*

Blimey (common), an apparently meaningless, abusive term.

C. FOR THE MOB.—As this is a court, I feel it suitable and proper to use the sort of language always used up *our* court. I therefore remark, "Liars, murderers, rascals, ghastly bloodsuckers, devils; garn hout, shet up currant-face, *blimey*," and other things which would naturally occur to a gentleman by Act of Parliament.—*An Ennobling Exhibition.*

Blind (popular), "in the *blind*," in the night, in darkness.

Then it's down with the bedstead and let
us away,
Pack up all we can in the *blind*,
And long ere the morning,
Without any warning,
We'll leave back-rent and landlord be-
hind.

—*Song.*

(Printers), a term applied to a paragraph mark ¶, owing to the fact of the eye of the P being black or filled up.

Blind cheeks (popular), posteriors, termed sometimes *blind* Cupid. The French argot calls it more appropriately *le borgne*. Another slang expression for the same part of the body is "two fat cheeks and ne'er a nose;" in French slang "un visage sans nez."

Blinder (thieves), to "take a *blinder*," to die.

Some rubber to wit had napped a winder, And some were scragged and took a *blinder*.

—*On the Trail.*

Blindo, to (army), to die.

Blind one's trail, to (American), to act in such a way that it would be difficult to trace one's doings; putting off the scent. Thus a fox in crossing a river *blinds his trail*, water being fatal to the scent of dogs.

Blink, to (American), to drink. In Dutch thieves' slang, *blinkert* is a glass. "*Blinkert* om uit te buizen"—"To booze from a glass."

Blinker (American), a phrase fully explained by the following anecdote from a New York newspaper:—

"The term growler has become obsolete, and *blinker* has succeeded it. A waggon-load of 'supplies' was transferred to the Bedlows (prison) island boat, and among them were two two-gallon kerosene oil cans. A boat-hand remarked, 'They must be usin' lots of kerosene—they officers over there—for they gets them cans filled mighty often!' The secret was let out a few minutes later, when one of the men coming on deck with the happy smile of one who has interviewed the ardent, said to one of his companions: 'I say, Jimmy, the *blinkers* have got good stuff this time!'"

—*Vide* BLINK.

Blinkers (pugilistic), the eyes, termed also ogles, optics, peepers, winkers. (Common), spectacles. *Blinkert*, Dutch slang, glass.

Blinko (thieves), the term is explained by the quotation.

"What is a *blinko*, for instance?" "Well, it's a kind of entertainment, singing, and that," replied the old fellow, "to which strangers are not invited—least of all the police."—*J. Greenwood: Dick Temple.*

Blizzard (American), a word of many meanings. In one of the early Crockett almanacs about 1836 it appears as distinctly meaning a shot from a rifle.

"The elder boys when they went to school carried their rifles to get a *blizzard* at anything they might meet on the road."

It has been conjectured that in this sense it was derived from

blaze, or from the (Canadian) French *blessor*, to wound or hit. It was also applied to lightning at an early date. At present the tremendous wind-storms like the typhoon which sweep over the West are called *blizzards*. It possibly owes this later meaning to the German *blitz*.

With reference to the word *blizzard*, a Western correspondent sends the following:—The word was first used in Marshall, Minn., some thirteen years ago. Some friends were enjoying themselves at a public-house, when a storm of wind and snow arose, and one of the number, looking up quickly, uttered a German expression (our correspondent has forgotten the words) which sounded very much like *blizzard*. His friends took it up and have since called a storm of wind accompanied by snow a *blizzard*. Some years ago the origin of the word was sought and it was said to be Indian, and that an Indian used the expression (or one similar in sound) upon seeing some white men coming out of a severe snowstorm.—*Detroit Free Press*.

The German expression here referred to is “blitzen!”

Bloat (American), a drunkard, a drowned corpse.

Bloater (popular), “my bloater,” a term of friendship much in favour with 'Arry, who likes his friends as much as his bloater for breakfast, and that is not saying a little.

But, bless yer, my bloater, it isn't all chiu-music, vots and “ear! 'ear!” Or they wouldn't catch me on the ready, or nail me for ninepence. No fear!
—*Punch*.

Block, the (Australian). “Doing the block,” *i.e.*, promenade, is

one of the favourite amusements of Melbourne ladies between twelve and one and five and six. *The block* is the fashionable promenade in Melbourne. *The block* is the block of buildings in Collins Street lying between Swanston Street and Elizabeth Street.

Block house (old slang), a prison, house of correction, penitentiary, and similar establishments. The expression reminds one of the French military slang term *le bloc*, an abbreviation of *blockhaus*.

Block of stock (American), an adaptation of the French term *en bloc*, meaning a large number of shares in anything, a great undivided mass, held as a single interest.

It would be comparatively easy, therefore, for a syndicate to take the control from Jay Gould, especially if Russell Sage or some other holder of a big *block of stock* were to join the movement.—*Chicago Tribune*, October 2, 1887.

Block ornaments (popular), the better kind of meat scraps sold at butchers' stalls.

On the shelves set out in front of the shop, meat scraps are offered at 1½d. the lb.; better scraps (or *block ornaments*, as they are termed) at 4d.—*Standard*.

For dinner, which on a week day is hardly ever eaten at the costermonger's abode, they buy *block ornaments*, as they call the small, dark-coloured pieces of meat exposed on the cheap butchers' blocks or counters.—*Henry Mayhew: London Labour and the London Poor*.

Also old-fashioned, queer-looking men and women.

Bloke (common), not strictly "a man," as Hotten defines it, but a man in a contemptuous sense. So the word was originally used in the police newspapers twenty-five years ago. A *bloke* was a victim of sharps, a stupid person, a greenhorn. It is not from the gypsy *loke*, a man, as Hotten asserts, *loke* not being an Anglo-Romany word. It is probably from the Dutch *blok*, a block, a log, a fool, which gives rise to *blok-ker*, a plodder, a dull fellow, and to the English *blockhead*.

The girl is stunning, the *blokes* say, so we must forgive you.—*Ouida: Held in Bondage*.

"Give us a horder, then, old *bloke*," shrieked another gamin.—*F. W. Robinson: Little Kate Kirby*.

It has another signification, which is explained by the quotation.

It came out in the course of the evidence that the meaning of the word *bloke* was "a man whom a woman might pick up in the street."—*J. Greenwood: Seven Curses of London*.

Blood (fencing). In the old back-swording contests a *blood*, *i.e.*, a streak of blood on the head or face at least one inch in length, was the equivalent of a decisive "broken-head." The word *blutiger* is used in the same sense by the German students on the Mensur.

In prize-ring parlance the word is not considered sufficiently graphic, and *blood* is never mentioned except under syno-

nyms such as "claret" (especially picturesque in connection with tapping), "Badminton" (a peculiar kind of claret cup invented at the Duke of Beaufort's seat), "ruby," "crimson," "Chateau Lafitte," &c.

Blood and entrails (nautical). This is a slang name given to the British ensign by Yankee sailors.

Blood and thunder (popular), port wine and brandy mixed.

Blood and thunder literature (American), now common in England. Literature of the loudest and coarsest sensational kind, "detective" novels, romances like "Jack Sheppard" and the "Outlaw of the Plains," "Life of Buffalo Bill," &c.

One more instance of the deleterious influence of *blood and thunder fiction*. Lecomte, the man who made a most determined attempt to murder a messenger of the Bank of France the other day by plunging a bradawl into the nape of his neck, was an inveterate peruser of crimson-toned literature, his favourite authors being Ponson du Terrail, Gaboriau, and Lacenaire, the lettered murderer who emulated the deeds of Hoffman's "Cardillac" by prowling around the streets of Paris for victims.—*Paris Correspondence: Daily Telegraph*.

Blood boat (naval), a "tally boat" or bumboat, a boat employed to carry provisions from the shore.

Blood-curdler (society), a story of murder likely to make the reader's blood curdle.

It will contain two pages of interesting and absorbing turf reminiscences by ourselves and master; a *blood-curdler*, by the murderman.—*Sporting Times*.

The only one who is annoyed is our own special murder-monger, who has got several *blood-curlers* of English extraction up his sleeve.—*Sporting Times*.

Blood for blood (trade), barter among tradesmen, who exchange with each other the commodities in which they deal.

Blood-suckers (society), extortioners, people who are constantly getting money. Derived from vampires, who are blood-suckers.

If the stay be longer, the porter and the boots expect something. A fair estimate is about two francs per diem divided between all the *blood-suckers*. Members of the Stock Exchange generally give treble this; members of the aristocracy half.—*Truth*.

(Nautical), lazy fellows, who by skulking throw their proportion of labour on the shoulders of their shipmates.—*Admiral Smyth*. In the army such fellows are styled “scrimshankers.”

Bloody. Dr. C. Mackay makes the following remarks: “A word that is constantly used in the sense of sanguinary by the rudest and foulest-mouthed of the vulgar. Did these people know the harmlessness of the odious epithet, as they now understand it—if they understand it at all—they would perhaps cease to employ it, as not sufficiently

coarse and disgusting to suit their ideas of the emphatic. Dean Swift, who was partially acquainted with the vernacular Gaelic of Ireland, wrote from Dublin to his friend Gay that it was ‘bloody hot’—an expression which he would not have permitted himself to use in its blackguardly English sense of sanguinary. ‘Bloody hot,’ in the use made of it by Dean Swift, meant ‘rather hot.’”

Mr. Charles G. Leland writes: “Mr. Hotten thinks that this is an expletive without reference to any meaning. Any one who will take the pains to look over the sanguinary words in any European language can at once perceive a great deal of meaning in the association of *bloody* with evil or revolting. We find, for instance, ill or evil blood, blood-thirsty, blood-stained, bloody, in the sense of cruel or atrocious, bloody council, blood-guilty, and in German or Dutch, blood-shame or incest, a blood-revenger, bloody revenge, and in all three ‘a bloody villain’ for murderer, as nothing is more natural than for an adjective or adverb used in so many opprobrious meanings to take on others. The transfer of *bloody* from murderous to everything wicked or bad seems as natural as Max O’Rell’s derivation of it from By’r Lady! is absurd. As R. H. Proctor remarks, in his *Americanisms* (‘Knowledge’), it is ‘simple nonsense.’ The Germans have *blutwenig*, which

has nothing to do with *blut*, 'blood;' the first component is a dialectal form of *bloss*, 'merely.'

The Earl of Suffolk gives the following definition of the word: "*Bloody*, an ornamental adjective of infinite adaptability and significance. This word is used largely though not exclusively in turf circles."

Bloody Jemmy (popular), sheep's head.

Bloody king's, a red-brick church in Barnwell (St. Mary's the Less), resembling King's College Chapel in architecture.

Bloody Mary's, the red-brick church, St. Paul's, resembling St. Mary's in Cambridge, the University church.

Bloody shirt, the (American), agitation of the war question after the Civil War.

"Chorus of mugwump, democratic, and rebel yells: Here's Blaine waving the *bloody shirt* again. The colour line is wiped out; the negro question is settled, and all Southern negroes interested in politics are democrats. Down with the sectional question!"

Bloomer (Australian), prison slang for a mistake. Abbreviated from the expression "a blooming error."

Blooming (common), used commonly for emphasising a word, but generally in an ironical

manner, or to express disappointment or ruffled feelings—mild swearing, in fact. It is applied to everything from a swell to an oyster.

Heard on the course at Ascot after mounted bobby had rushed amongst horses in Prince of Wales' Stakes and completely spoiled Phil's chance of winning.irate backer of Phil, with feeling: "Just like my *blooming* luck; a *blooming* peeler's stood in my way all my life."—*Bird o' Freedom*.

He had been tried and found guilty of murder. The day had come for his execution, and the Talepitcher and Tom Beard had made a special journey to the gallows with a Church Service and a German dictionary to hear his last words. As the fatal moment approached he turned to the hangman, in a dazed, half-conscious manner:

"What day o' the week is this?"

"Monday," replied Berry.

"Monday, is it? Well, s'whelp my good garden stuff, this is a *bloomin'* nice way to commence the week!"—*Sporting Times*.

Bloomy (American), flowers; from the Dutch.

Bloss (American thieves), woman, girl, mistress; from *blossom*, old English slang.

I only piked into Grassville with a dimber-damber, who couldn't pad the hoof for a single darkman's without his *bloss* to keep him from getting poggy.—*On the Trail*.

Blot the scrip (popular), to engage to do anything by a written instrument.

Blot the scrip, and jark it (old cant), to stand surety or bail for any one.

Bloviate (American), a made up or "factitious" word, which has been used since 1850, and is perhaps older. It is irregularly used to signify verbosity, wandering from the subject, and idle or inflated oratory or blowing, by which word it was probably suggested, being partially influenced by "deviate."

Blow (university), a drunken frolic; an old slang phrase formerly much in vogue at both Oxford and Cambridge, but not much used now, such words as "spree," "tight," &c., having superseded it. Also, "to blow," and "to go on the blow." (Old cant), "He has hit the blow," *i.e.*, he has stolen the goods, or done the deed. (Common), a shilling.

For this I went to the Steel (Bastille—Cold Bath Fields Prison), having a new suit of clobber on me, and about fifty *blow* in my brigh (pocket). When I came out I went at the same old game.—*J. Horsley: Prison Jottings.*

Blow, blow it (American thieves' slang), to be silent, be quiet! hold your chatter! This is quite the opposite of the English slang "to blow," which means to inform on, or the common American "to blow," *i.e.*, to talk loudly and emptily.

Mac Clarty objected; giving the young man a warning look, he said, "Nixey Toohey, get out flash—*blow it*, man, *blow it!*" which meant that Mr. Mac Clarty thought that Mr. Toohey ought not to talk so much.—*Philadelphia Press*, Dec. 8, 1887.

Blow, blow on, upon (common), to expose, inform.

And she ain't got nobody but me to keep a secret for her, and I've been and *blowed* on her.—*J. Greenwood: Dick Temple.*

You wouldn't *blow* an old chum among his friends, would you?—*Sam Slick: The Clockmaker.*

Depend upon it that they're on the scent down here, and that if he moved, he'd *blow upon* the thing at once.—*Dickens: Oliver Twist.*

But I will *blow* her, he said, I will *blow* her ladyship's conduct in the business.—*Sir Walter Scott: St. Ronan's Well.*

Derived from the primary meaning to *blow*, to spread by report as if with a trumpet, to publish; or from *to blow upon*, to taint, to blast, to bring into disfavour or discredit.

Happily for him, he was not put to the bar till the first burst of popular rage had spent itself, and till the credit of the false witnesses had been *blown upon*.—*Macaulay.*

In Dutch an ear-blower, *oor-bleazer*, means an instigator, informer, or sycophant; the French *siffler dans l'oreille* seems to be closely allied to it. (Winchester), *to blow* signifies to blush, like a rose in full bloom. (American), *to blow*, to brag, or "gas" unduly. (Old slang), "to blow the groundsels," using the floor for the purpose of sexual intercourse. (Common), "*to blow the gaff*," to reveal the secret, to "peach," to inform. The old form still in use is "to blow the gab," *i.e.*, to utter the discourse, which has more meaning in it.

Why, he scarcely knows a jimmy from a round robin, and Jack deserved the tippet for making a law with him, as all coves of his kidney "*blow* the gaff."—*On the Trail*.

Sometimes "to blow the gag," which literally signifies to blow off the metaphoric impediment which keeps one's mouth closed. *To blow off*, to treat to drinks. (Common), *blow out*, a good meal.

That was a rare good *blow out*, soliloquises Dan, complacently recalling the taste of the savoury viands.—*Savage London*.

Blowed, to be *blowed*. This expression is a weak attempt to avoid the use of the oaths "damn" or "blast," and occurs in only such expressions as "I'll be *blowed* if I do," and many others that are continually heard from the mouths of the populace. Tom Hood was asked to contribute to a new cheap periodical for nothing, or for a small advance as he termed it upon nothing, and replied to the request that he would willingly do so in the interest of cheap literature, if his butcher and baker would act upon the same principle towards himself. He cited a letter on the subject which he had received from his butcher:—

STR,—Respectin' your note; cheap literature be *blowed*! Butchers must live as well as other people, and if so be as you and the readin' public wants to have meat at prime cost, you must buy in our beastesses, and kill yourselves.—JOHN STOKES.

It's no shame to be defeated by Pecksniff. *Blow* Pecksniff.—*Dickens: Martin Chuzzlewit*.

Blowen (thieves), originally a showy courtesan, a prostitute, but now used more in the sense of woman, mistress.

Tramp it, tramp it, my jolly *blowen*,
Or be grabbed by the beaks we may,
And we shall caper a-heel-and-toeing
A Newgate hornpipe some fine day.
—*William Maginn*.

All the most fashionable prigs, or toby-men, sought to get him into their set; and the most crack *blowen* in London would have given her ears at any time for a loving word from Bachelor Bill.—*Lytton: Paul Clifford*.

It is used with a like meaning by American thieves.

Ah, Bell! you were always the *blowen* for a rum bing.—*On the Trail*.

M. O. Davis gives the definition of "*blowen*, a showy woman, used disparagingly," which would imply that it is derived from *blown*, i.e., inflated. It seems on the contrary to be used in a complimentary sense, a simile from a full-blown flower, and this poetical derivation is borne out by the closely allied term, *blowess*, a pet, and *bloss*, a woman, from *blossom* in American thieves' lingo.

Blower (American), a noisy, talkative man, a "gas-bag."

A man who earns his living by travelling about with a lung-tester was in Indianapolis the other day. He was approached by a tall, well-fed personage, who handed him five cents and prepared to blow into his machine.

"Hold on—hold on a minute!" said the street faker, excitedly, as he scanned his customer a moment, and jerked the tube out of his hand; "ain't you Dan Voorhees?"

"I am D. W. Voorhees," replied the tall man, in some surprise.

"Then you can't touch this machine. I wouldn't have it burst for \$50. Here is your nickel. This ain't no elephant lang-tester."

And shouldering his machine the man walked rapidly away, as if he had had a narrow escape.

It would appear from this artless anecdote that Mr. Voorhees has a natural reputation as a *blower*. It is said that the late Horace Greeley, during a trip from New York to Philadelphia, being engaged in a political discussion, went on "narrating" or "orating" for a long time, while all the other passengers kept silence in admiration of the great man. But the conductor, not knowing who the speaker was, and thinking that he was monopolising an undue share of conversation—a great offence in the United States—stepped up to him with the remark, "Old man, you talk too much. Shut up! We don't allow no such *blowing* on this train." And then there was a roar of laughter "fit to blow the roof off."

(Popular), a tobacco-pipe.

Blow in (American), another form of "blew," to spend one's money.

"Sam? Isn't he in the valley?" "Not much! Sam got two months' wages ahead, so he cracked his whip, and went off on a bend." "To *blow in*?" Jake laughed assent.—*Saddle and Moccasin*.

"To *blow in* one's pile," to spend one's money, to pay.

I had "*blown in* my pile"
On the strength of his tip,
The name of the horse
Was on many a lip;
But I learnt, ere sunset, to my sorrow
That there's slips twixt the cup and the lip.

—*Turf, Field, and Farm*.

Blowing (Australian, popular), boasting, bragging.

The public-houses presented a very busy sight, and judging by the bars it seemed that when men were not eating, sleeping, or working, they were drinking grog and boasting (or *blowing*, in colonial parlance) of some feat which they had performed, or of the particular merits of some horse, bullock, dog, or man.—*Grant: Bush Life*.

The metaphor probably is "*blowing* one's own trumpet," if indeed it be not simply an abbreviation, Australian slang being given to abbreviations of all kinds. Anthony Trollope gave a good deal of offence in Australia by speaking of *blowing* as a national failing out there.

(American), "*blowing* his bazzoo," *blowing* his own trumpet, boasting. From the Dutch *bazu*, abbreviation of *bazuin*, a trumpet or trombone, "*Jemands lof bazuynen*," to sound one's (own) praise. (Thieves), "*blowing* out a red light," stealing a gold watch, a white light being a silver watch. (Nautical), "*blowing* great guns and small arms," heavy gales, a hurricane; "*blowing* the grampus," throwing water over a man on watch who has fallen asleep.

Blown together (tailors), garments badly made are said to have been *blown together*.

Blow out (common), an entertainment or feast.

"She sent me a card for a *blow out*," said Mowbray, "and so I am resolved to go."—*Sir Walter Scott: St. Ronan's Well.*

Synonyms are "spread," "flare up."

Blow up (common), so universally used as to have almost ceased to be slang; to vehemently scold, reprimand.

The other day some poor fellow married a somewhat faded beauty, and one of his former acquaintances inquired how the newly-wedded pair were getting on. "Very indifferent," was the reply. "She's always *blowing him up*." "I'm not surprised at that," said the first. "Look at the amount of powder she carries about her."—*Ally Sloper's Half Holiday.*

To give a *blowing up* is synonymous.

(Workmen), to *blow up* (i.e., to sound the whistle), is to call the men to work; used by foremen and gaugers.

Blowsy (common), wild, disordered, dishevelled, generally applied to the hair of a woman when unkempt, disarranged, and streaming over her forehead and face. "Blowsabella" is the name given to a personage in an ancient mock heroic poem.

Blub (popular), an abbreviation of to "blubber," to cry like a child with noise and slaving.

Don't be a fool and *blub*, Jim, it's a darned good thing for you, You'll find a mate as can carry and I'll play the music too.

—*George R. Sims: Ballads of Babylon.*

Blubber (popular), the mouth; to "sport *blubber*" is said of a large coarse woman who exposes her bosom; *blubber* and guts, obesity; *blubber-belly*, a fat person; *blubber-head*, a stupid person. (Nautical), *blubber* boiler, a whaling vessel. (Common), *blubber* cheeks, large flaccid cheeks hanging like the fat or *blubber* of a whale. The term has ceased to be slang.

Bluchers (Winchester), college prefects with only "half" power, which means they can only "fag" men in "hall" or "chambers."

The remaining eight college prefects (called in Winchester tongue *bluchers*) have a more limited authority, confined to chambers and the quadrangle.—*Blackwood's Edinburgh Magazine.*

Bludgers (thieves), fellows who do not hesitate to use the bludgeon.

Bludget, a low female thief who decoys her victims into alleyways, &c., to rob them (New York Slang Dictionary). *Bludger* (English slang), a man who uses violence in robbery; it has possibly some connection with the old Dutch slang word *bolletje*, a man or master. "Volmaakt, bolletje, volmaakt!"

Blue (common). This word enters into several slang phrases, not only English but of other nationalities.

To be in "the *blues*," to have a "fit of the *blues*" (in French *broyer du noir*), to be afflicted with

"blue devils," to drink till "all is blue," "to be partial to blue ruin," "to look blue," "to cry blue murder," are all familiar phrases of ancient origin and modern prevalence. "Du vin *bleu*," and "petit *bleu*," are used by the French to signify thin, sour, unwholesome wine, terms which owe their origin to a similar association of ideas.

In some of those with melancholy meanings, there is an evident connection between *blue* as a colour, and the idea of grief, disappointment. Thus the French have the expression, "En voir de *bleues*," to meet with great disappointment, annoyance, sufferings, a variant of "En voir de grises." "En bailler tout *bleu*," to be gaping with astonishment at some news or act which arouses one's indignation, from the livid hue of the face.

Charles G. Leland makes the following remarks:—

"*Blue*, English popular slang, but somewhat extended in the United States. When this word is used to denote extremes, as 'to drink till all is *blue*,' 'a dyed in the wool *blue* Presbyterian,' 'true-*blue*' in political opinions or honesty, it would appear that its origin is possibly maritime. *Blue* water was till a recent period always described as off or out of soundings, so that, like the sky, it suggests no end. It is remarkable that in both German and Dutch the same idea of extremity is connected

with *blue*. An utterly bad, pitiful result in the latter is 'Een *blauwe* nytvlugt.' In the last extremity of dead drunkenness, or in the swoons of a man in the *delirium tremens*, a *blue* sky or atmosphere seems to gather round the victim, in which a luminous point appears, which 'seems to come directly at him,' as the writer has heard it described. To look *blue* is probably derived, like *blue*-noses, from cold, or from approaching death, which latter would sufficiently account for the relation of *blue* to despair, despondency, and misery."

"Now, shendlemens, I sings you a song of mine own vot I translate from de Sherman of Schiller":—

Dere is an oldt saying, und I peliefe id
is true,
Dot ven a man dies his fingers toorn
plue,
His fingers toorn *plue* by de light of de
moon,
Und vy shouldn't efery man enjoy his
own room?
Gorus.—Room, poys, room, by de light
of de moon,
Und vy shouldn't efery man enjoy his
own room?

—Yale College Song.

"*Blue* devils and red monkeys are said by the experienced to be the characteristic apparitions which haunt drunkards."

(Common), to talk *blue*, to talk immodestly, or libidiously. "A bit of *blue*," an obscene or libidinous anecdote. "A brown conversation" and "a brown study" is used in the contrary sense, and means seriously, gravely, and decently.

(Oxford and Cambridge), a man is said to get his *blue* (that is, the right to wear the University colour) when he represents his University against the rival university, in the annual boat-race, cricket-match, athletic sports, or football matches.

Blue, blew, to (common), to pawn or pledge, to spend or lose one's money at gambling, to waste money generally. Varied to *blew*, from the phrase "blown in," which refers to money that has been spent, as in the phrase, "I 'blewed' all my tin." For another derivation see BLEWED.

He'd a rooted aversion to everything blue,

And so innately modest was he
That he blushed when his optics encountered a view

Of the broadly cerulean sea.

He adored modest maidens of charming eighteen,

But blue-stockings he'd always eschew,
And he carried his tastes to the verge of the mean—

He had oof, which he never would *blew*.

—*Sporting Times*.

"To *blew* a job," to make a mess of a business; from to blow in the sense of make worthless; (thieves), to *blew*, to steal; "*blewed* of his red 'un," i.e., his watch stolen from him. "I've been *blewed* of my skin," I've been robbed of my purse.

Blue-apron (common), a *blue-apron* statesman. "A lay politician, a tradesman who interferes with

the affairs of the nation. The reference is to the blue apron once worn by almost all tradesmen, but now restricted to butchers, poulterers, fishmongers, and so on" (Dr. Brewer's Dictionary of Phrase and Fable).

Blue bill (Winchester), every "man" in "Commoners," that is, school, in contradistinction to college, has his tradesman's bills enclosed in a *blue* envelope given to him by the head-master on the last evening of the half, after "preces" or prayers, at 8.45 P.M., in "Mugging Hall." (See this word.)

Blue Billy (popular), the handkerchief (blue ground with white spots) sometimes worn and used as a colour at prize-fights. Also the refuse ammoniacal lime from gas factories (Hotten).

Blue blanket (vagrants), explained by quotation:—

The vagabond brotherhood have several slang terms for sleeping out in a field or meadow. It is called "snoozing in Hedge Square," "dossing with the daisies," and "lying under the *blue blanket*."—*J. Greenwood: Under the Blue Blanket*.

The French have the equivalent "Coucher à l'hôtel de l'Étoile." (Popular), a large rough coat, a pilot coat.

Blue-blazer (American), a fancy drink of sugar, hot water, and spirits, but made in a peculiar manner.

Blue-blazes (common), hell. As there is probably no man who has ever heard of hell who has not been taught to associate it with burning sulphur or brimstone, the expression does not seem to be so meaningless as some writers suppose. (Popular), spirituous liquors.

Blue boar (old cant), the vulgar term for a venereal disease.

Blue-bottle (general), a policeman, a constable, termed also a "blue devil."

The Bobby's big boot, though, is nudging her now,

And she sleepily stutters, "All right!
Whatsh th' row?"

Then the buzz of the *blue bottle's* borne on the breeze—

"Now move yourself, 'Liza! Come, pass along, please!"

—*Sporting Times*.

It occurs in Shakspeare in the Second Part of King Henry IV., where Doll Tearsheet calls the beadle "a *blue-bottle* rogue." Most etymologists agree in ascribing the appellation to the colour of a policeman's uniform. The term was formerly applied to servants dressed in blue liveries. The police force is sometimes spoken of as the "blues." The old French city police were termed by thieves *les verts*, from their green uniforms, and nowadays a French rogue will talk of *les serins* (canaries), *i.e.*, *gendarmes*, with yellow facings. The rebel *chouans* called the Republican

soldiers *les bleus*. The Austrians and the English were respectively styled *les blancs* and *habits rouges* by French soldiery. Again, "blue bellies" was a term applied by the Confederate soldiery during the Civil War to the Federals, on account of their blue gaberdines, and the latter dubbed their adversaries "grey-backs." Many other examples might be given in support of the above derivation of *blue-bottles*.

Blue boy (popular), a bubo.

Blue butter (popular), mercurial ointment.

Blue cheek (popular), explained by quotation.

There were three fashions for whiskers when I was a child, and they were variously known as *blue cheek*, the whisker shaved off and leaving the cheek blue; "bacca pipe," the whisker curled in tiny ringlets; and "touze," or whisker worn bushy.—*J. Greenwood: Outcasts of London*.

Blue noses (Americanism), natives of Nova Scotia.

"Pray, sir," said one of my fellow-passengers, "can you tell me the reason why the Nova Scotians are called *blue noses*?" "It is the name of a potato," said I, "which they produce in the greatest perfection, and boast to be the best in the world. The Americans have in consequence given them the nickname of *blue noses*."—*Haliburton: Sam Slick*.

Blue peter (nautical), the signal for sailing when hoisted at the foretop mast-head. This well-known flag has a blue ground with a white square in the centre (Admiral Smyth).

The *blue peter* has long been flying at my foremast, and . . . now I must soon expect the signal for sailing.—*Justin McCarthy: A History of Our Own Times*.

This expression is also applied to the call for trumps in whist.

Blue pigeon (thieves), the lead on roofs; to fly or shoot the *blue pigeon*, to steal lead off the roofs of buildings. (Nautical), a nickname for the sounding lead.

Blue pill (American), a bullet. Lead has long been termed *bluey* in England, and death by a bullet *blue murder*, but the enormous consumption of *blue pills* or calomel in the United States renders it possible that the simile originated there.

. . . That if he did so he would be received with a welcome from a horse-pistol. To which the answer was, "Hev got a mountain howitzer witch karrys a fore-pound (4 lb.) ball, and I intend to blow you and your house to hel before I begin on your turkers. So come on with your pistol and *blue pil*.—*Knickerbocker Magazine*.

His ear caught the sound of the word *morbleu!*

Pronounced by the old woman under her breath;

Now, not knowing what she could mean by blue death,

He conceived she referred to a delicate brewing,

Which is almost synonymous, namely, *blue ruin*.

—*Ingoldsby Legends*.

A tumbler of *blue ruin* fill, fill for me!
Red tape those as likes it may drain,
But whatever the lush, it a bumper must be.

—*Lord Lytton: Paul Clifford*.

Dr. Brewer gives the explanation: "*Blue*, from its tint, and *ruin*, from its effects." Compare as regards similes of colour "red tape," red wine; "petit bleu," coarse red wine; "une verte" or "perroquet," a glass of absinthe (which is green); "une brune," a glass of porter; "une

blonde," a glass of ale; "une jaune," a dram of brandy; "une dame blanche," a bottle of white wine; "pivois savonné," white wine; "négresse," bottle of red wine. And with respect to pernicious effects, "breaky leg," strong drink; "eau-de-mort, casse-poitrine, tord-boyaux," rank brandy. The term *blue ruin* must have been coined by sober people, or by repentant drunkards, whilst those otherwise inclined gave it the fond appellation of "white velvet," or "white satin," unconsciously imitated by French dram-drinkers, when, after having tossed off some horrible stuff in an *assommoir*, they fervently ejaculate, "C'est un velours, quoi!"

Blues (common), the Royal Horse Guards; the Bluecoat school; the crews of the 'Varsity boat race—the dark *blues* being the Oxford men, and the light *blues* those from Cambridge; the police force.

Well, what's the row . . .
Or whether this here mobbing, as some
longish heads foretell it,
Will grow to such a riot that the Oxford
blues must quell it?

—*Hood Row at the Oxford Arms.*

(Society), "a fit of the *blues*" means a fit of depression; it is abbreviated from the "*blue devils*," which are supposed to appear to a man suffering from *delirium tremens*.

She had attracted him for a while, but his strong good common sense, as well as

his strong healthy body and robust habits, soon carried him out of the *blues* he had for a while fallen into.—*Lucy Farmer; or, Chronicles of Cardew Manor.*

German, *blüffen*. The eleventh commandment among thieves in Germany is "Du sollst Dich nicht *verblüffen* lassen"—"Don't let yourself be *bluffed*." Dutch *blufferd*, a snarling fellow; *blaffen*, to bark at. Also Dutch, *verbluffen*, to put out of countenance, to face down.

(Patterers' slang), an excuse, a pretence.

There is a strong suspicion among men whose heads are level that the minstrel variety performance is a *bluff* of the "messenger" to keep from the public the real motives of the murders.—*Bret Harte: Gabriel Conroy.*

Bluffer (provincial), an innkeeper, or landlord of a public-house.
(Nautical), a boatswain of a ship.

Bluffing (American, cards), betting high on poor cards at poker, in the hopes of frightening the other players into going out. A crafty player will often allow himself to be called for a small *bluff*, so as to establish a reputation for doing it, in order to lie by and win a good stake when he has a really good hand, on which he has thus induced his antagonists to suppose that he is *bluffing*. The English equivalent for this term is "bragging."

Blunderbuss (popular), a stupid, blundering fellow.

Blunt (thieves), money.

When the slow coach paused, and the gemmen storm'd,

I bore the brunt—

And the only sound which my grave lips form'd

Was *blunt*—still *blunt*!

—*Lord Lytton: Paul Clifford.*

"Take care of your watches, gentlemen!" said the polite policeman, endeavouring to divide the mob.

"Take care of your *blunt*, you devils!" yelled the gallant Primrose Leaguer, who had come to see the fun.—*Bird o' Freedom.*

By some the word is derived from Mr. John Blunt, the

chairman of the South Sea Company, the famous bubble by which a few fortunes were won, and many fortunes were lost, in 1720. By others it is thought that the word originated in the French *blond*. But *blunt* (sometimes varied to *the blunt*) is more probably derived, as the latter appellation implies, from an allusion to the blunt rim of coins or to their hardness, as in the phrase "hard cash," "soft" being bank notes, and "stiffs" cheques or bills.

Blunted (popular, and thieves), possessed of money.

Bly-hunka (tinker), a horse.

B. N. C., Brasenose College, Oxford.

Board, to (military), to borrow.

Board him (nautical), a colloquialism for I'll ask, demand, or accost him (Admiral Smyth). Shakspeare makes Polonius say of Hamlet:—

"I'll *board him* presently."

To "*board him* in the smoke," means to take a person by surprise, from the simile of firing a broadside and taking advantage of the smoke to board.

Boarding school (old cant), the name given by thieves and similar characters to Newgate or any other prison. "To go to *boarding school*" was to go to gaol. French thieves call a

prison "pal" "un aminche de collège."

Boat (thieves), originally to transport, the term is now applied to penal servitude. To "get the boat" or to "be boated" is to be sentenced to a long term of imprisonment equivalent to transportation under the old system (Hotten). To *boat* with one is to be a partner in some crime, to be an accomplice.

"Does he *boat* with you?" "Yes, and he's an artist. Only last night, down at the Albany break-up, he buzzed a bloke and a shakester of a reader."—*On the Trail*.

(Military), a good *boat* is a soldier who spends his money freely with his poorer comrades.

Bob (general), a shilling. Origin unknown. Perhaps from a simile in allusion to the meaning of *bob*, formerly bait for fish, the coin being looked upon in the light of a bribe. "Bobstick," old slang for a shilling; would in that case be the fishing-rod. Compare with "palm-oil," both money and bribe, and the French slang *huile de mains*, same meaning. Also with *graisse*, money, from the phrase "*graisser la patte*," to bribe. It is curious to note that *bob* is a blow, and "blow" slang for a shilling.

The jolliest fellow you ever met
Is a dismal man at home;
The wittiest girl in society's set
Will with headaches her wit atone.
The man whose graces a court would
adorn

Is tied to a desk from night till morn;
And the man who would lend his last
bob to a friend

Never has the first *bob* to lend.

—*Bird o' Freedom*.

(Popular), *bob!* stop! the response to the request "say when," while spirits are being poured into one's glass.

"*Bob* a nob," a shilling a head.

Bob, in old slang, signified a shoplifter's assistant, to whom the stolen goods were passed, and who carried them away. "All is *bob*," *i.e.*, all is safe. From a Cornwall term *bob*, pleasant, agreeable. A variant of "all gay," and "all serene." "To shift one's *bob*," to go away.

(Public schools), "dry *bob*," a boy who devotes himself to cricket or football, or any other games on "dry land," in opposition to "wet *bob*," one who gives himself up to boating.

The friendly rivalry between England and America led some while ago to a contest between the "wet *bobs*," to use an Eton phrase, of either country, and it was only fair that the "dry *bobs*" should show what they could do.—*T. Ogilvie: Imperial Dictionary of the English Language*.

"Dry *bob*" also refers to fruitless coition.

Resolved to win, like Hercules, the
prize . . .

The cheating jilt, at the twelfth, a *dry bob* cries.

—*Earl of Rochester's Works*.

Bob my pal (rhyming slang), a "gal," girl.

Bobachee (Anglo-Indian), a cook; a vulgar or slang form of *bā-*

warehī, a high dignitary at the Mongol court, a taster and carver to some great man. *Bobbachy canvah*, cook-house.—*Anglo-Indian Glossary*.

Bobber (popular), a fellow-workman, mate. Also a variant of "bob," as in the phrase "two bobber," a florin.

So down I gets and finds a two bobber. My mate gives me the wink, but the slavey's on the job, so I say, "Oh, miss, if I ain't found a two bobber."—*Sporting Times*.

Bobbery (Anglo-Indian). This word comes from the East, but its origin is doubtful. The authors of the "Anglo-Indian Glossary" declare that it is common for Hindus when in surprise or grief to exclaim, *Bapre!* or *Bapre bap!* "Oh, Fathers!" This is imitated in Anglo-Indian by *Bobbery Bob!* Ladies in the United States also sometimes exclaim, "Fathers!" with or without "merciful," or "good" as a prefix. *Bobbery* generally signifies a row, a disturbance. It is even more common as "bobbely" in pidgin English, but it is very doubtful indeed whether it originated, as some think, in the Cantonese *pa-pi*, a noise.

I'll bet a wager there'll be a *bobbery* in the pigsty before long.—*Marryat: Peter Simple*.

It also means in India "pack," a pack of hounds or dogs of all kinds without distinction.

What a Cabinet has put together—a regular *bobbery-pack*.—*Anglo-Indian Glossary*.

Bobbin (common). "That's the end of the bobbin." A phrase equivalent to saying, "That's the end of it," when all the thread is wound off a bobbin or spool. The French say "être au bout de son rouleau." (American), *bobbin' around*, a slang phrase meaning going about, here and there, casually. It rose from the refrain of a song which was popular in 1850. In another lyric the following allusion was made to a report that the King of Belgium had proposed marriage to Miss Burdett-Coutts and been rejected.

So the King of the Belgines went in and got sold
When he hoped for a fortune in silver and gold,
Which shows that great mon-i-archs sometimes are found
Runnin' after rich ladies and *bobbin' around*.

If I ketch him *bobbin' round* arter our Nancy here agin, I'll just set the dorgs on him—though I don't believe a decent dorg would want to bite such an everlasting slink as he is.—*Sunday Paper*.

Bobbing around is evidently a variation on "bobbing up and down," rising and falling, here and there, like a fisherman's bob in the water.

Bobbing (public schools), "dry bobbing" applies to all sports on terra firma, and "wet bobbing" to aquatics.

Bobbish (common), smart, spruce, or in good order, fair. From a Cornwall term *bob*, pleasant, agreeable.

"'Ow are yer, pretty *bobbish*?" "I'm much as usual, thankee."—*Punch*.

Bobbles (popular), the testicles. From the same word signifying in Cornwall, stones, pebbles.

Bobby (general), a policeman; otherwise "peeler, cop, or copper, blue-bottle, pig, reeler, crusher, frog, fly-cop," &c.

The cook, she, when
The *bobby's* on his beat,
Oft lightens master's larder
Of the pudding and the meat.
—*Song*.

"If you want a thing done, you should do it yourself,"

Is an excellent maxim, no doubt in its way;
But, when citizens willingly part with their pelf,

They're entitled to claim some return for their pay.

Bull does not pay *Bobbies* to lounge on their beats,
And leave him at last to look after his streets.

—*Punch*.

Some thirty years ago the man in blue (journalistic) was still sometimes called "*bobby* peeler," a fact which bears out the generally admitted origin of *bobby* from Sir Robert Peel, to whom the establishment of the force was due, in 1829, and who replaced the old "Charlies" (so called from Charles I., in whose reign the system was reorganised), who then acted as constables and night-watchers in the metropolis. According to Hotten, the official square-keeper, who is always armed with a cane to drive away idle

and disorderly urchins, has, time out of mind, been called by the same urchins, "*bobby* the beadle."

Bobby twister (thieves' slang), a burglar who would hesitate at nothing, even to shooting any policeman who might be endeavouring to capture him. A noted *bobby twister* was the famous burglar Peace, whose diurnal avocations were certainly in keeping with his name, as he was considered a highly respectable citizen. He was, or pretended to be, a teetotaler, and, it is said, a member of the Salvation Army. His respectability ended on the gallows.

Bob-cull (thieves), good fellow.

"Where be you going, you imp of the world?" cried the dame. "Get in with you, and say no more on the matter; be a *bob-cull*—drop the bullies, and you shall have the blunt!"—*Lytton: Paul Clifford*.

Bob is a provincial term, signifying pleasant, agreeable.

Bobs (schools), huge beer jugs.

Only those "juniors" attended whose office it was to bring away the portions of bread and cheese and *bobs* of beer for consumption in the afternoon.—*T. A. Trollope: What I Remember*.

Bobstick (old), a shilling. *Vide* BOB.

Bobtail (old slang), a licentious, immodest woman of the very lowest character. One who exposed her person in public. Also an impotent *debauchee*.

Bob White (American), a popular but not a slang name for the quail, whose notes are supposed to resemble the words *Bob—White*, with a pause between the two words and a strong accent on the *White*. It is just two-thirds of the song of the whip-poor-will.

The American farmer has watched his birds through the cycle of the year; has listened to the "Ah *Bob White!* ah *Bob White!*" that with the fall of the apple-blossoms begins to fill the air.—*Macmillan's Magazine*.

Bodier (pugilistic), a blow on the sides of the body, otherwise known as a "rib-roaster."

Bodkin (common), an old word still in use, with the sense of dirk, dagger. (Sporting), a person who takes his turn between the sheets on a night when the hotel has twice as many visitors as it can comfortably lodge (Hotten's Dictionary). (Common), to "ride *bodkin*," any one sitting between two others in a carriage, is said to "ride *bodkin*."

Then he called a hansom, and expressing his willingness to "be the *bodkin*" (*Anglicè*, ride in the middle), ordered the jehu to drive to Middlesex Street.—*Sporting Times*.

Body-slangs (thieves' cant), fetters for the body.

Body-slangs are of two kinds. Each consists of a heavy iron ring to go round the waist, to which are attached in one case two bars or heavy chains, connected with the fetters round

the ankles, in the other case a link at each side attached to a handcuff. Into these the wrists are locked, and thus held down to the prisoner's sides. The latter are now only to be found in museums.—*Vaux*.

Body snatcher (old), a bailiff or runner; a violator of the grave; an undertaker.

Bog (prison), the farm works at Dartmoor where much land has been reclaimed. *Bog gang*, the party of convicts detailed for this work. (Common), a privy. Originally printers' slang, but now very common. "To *bog*," to ease oneself. (Tinker), see **BOGH**.

Bogey, often called **bug-aboo**, a word existing in different forms in many languages. As both God and Devil may be found in *Deus*, *Devas*, divine, *Diabolus* and the gypsy *Duvel* or *Devlis* (both meaning God only), so we have the divinity as *Bog* in Russian, and in the Celtic *bug*, a spirit or spectre, while in English *bugge* or *bug* is in two senses a terror, as the famous Bugge Bible and Spenser's "Faerie Queene" bear witness. The *bogey* or *bug-aboo* is an imaginary horror or monster with which vulgar, wicked, or foolish people were, and perhaps still are, accustomed to frighten children at night. It is probable that *aboo* is the common old Irish war-cry, which was said

to be so terrifying that it was formerly prohibited by law. This *aboo* was well-known and much talked of during the time of Elizabeth. On August 2, 1887, Mr. Courtney in Parliament invented a new form of the word.

Mr. Courtney, though a partisan of the undertaking, urged that a division should be taken at once to save time. He described the speech of Baron H. de Worms as a combination of *bogeyism* and *fogeyism*. (A laugh.) Mr. W. H. Smith and Mr. J. Morley joined in the appeal to close the discussion.—*Saint James's Gazette*.

(Common), one's landlord, called by the French "Monsieur Vautour." (Studios), a painting is said to be *bogey* when sombre tints predominate.

Bogh (tinker), to get, hold, make work. This appears to be a very general sort of a verb.

Bog oranges (common), potatoes, from the fact that potatoes form the chief diet of Irish peasants.

Bog-trotter (now recognised), an Irish peasant. "Bog-trotting," applied to an Emerald, or to any one who lives among marshy moors.

The impudent *bog-trotting* scamp dare not threaten me!—*Thackeray: Pendennis*.

Bogue, to (American), to apply one's self very earnestly, to make every effort. "I don't git much done without I *bogue* right in along with the men" (Bartlett). *Boege*, a bow, or a course in Dutch, is used exactly in this

sense, as "het over alle *bogen* wenden," to try everything, to leave no stone unturned. Also in Dutch *bogen*, to pride one's self on employing energy in action.

Bogus (American), anything like a sham, a fraud, a counterfeit, or a humbug. *Bogus* money, *bogus* banks, &c.

One of the *bogus* petitions in favour of the coal and wine dues unearthed by Mr. Bradlaugh is purported to be signed by no less than thirteen racehorses!—*Funny Folks*.

The story which derives the name from one *Borghese*, who a generation ago flooded the West with counterfeit money, is, like most American derivative stories given in newspapers, extremely doubtful. As soon as an expression becomes popular, ingenious artists in literary *supercheries* at once manufacture for it a history. *Bogus* is from a cant term applied to counterfeit coin. This word is widely current in the United States, whence it has been recently imported by English newspaper writers. Among the tinklers or tinkers, a kind of Scottish gypsies, *bogus* means counterfeit coin, from *bogh*, to make, and the Roman termination *us*. Wilson declares that there are numbers of these tinkers in America. Dr. C. Mackay is of opinion that it was introduced in America by Irish immigrants from *boc*, pronounced *boke*, deceit, fraud.

Bohn (Yale College), a translation, or a pony from *Bohn*, the name of well-known London publishers, who issued a series of translations of the Classics, the use of these becoming very common in the States; a *Bohn* was generally adopted as a name for a translation.

'Twas plenty of skin with a good deal of
Bohn.

—*Songs of the Jubilee: Yale College Magazine*.

Boiled shirt (Australian diggers) a clean shirt or "clean biled rag," as Mark Twain puts it, boiling being a primitive way of washing shirts.

John rode home with a depressed mind. As he passed the public-house which had proved the lion in the old man's path, he saw the publican, a bloated, greasy-faced man, a villainous low forehead, and a prize-fighting look, walking up and down the verandah in a *boiled shirt*.—*A. C. Grant*.

Boiler-plated (American) originated in iron-clad. Utterly impenetrable, irresistible, not to be affected.

He gave me a look of *boiler-plated* reproach, clapped on his hat, and was off without another word.—*Mr. and Mrs. Bowser*.

Boilers (Royal Military Academy), boiled potatoes as opposed to "greasers," fried potatoes.

Boiling or **biling** (common), the "whole *boiling*," the whole party, or entire quantity.

The last mile, he said, tho' the shortest one of the whole *bilin'*, took the longest to do it in by a jug full.—*Sam Slick: The Clockmaker*.

A phrase probably derived from the kitchen, and a stew or broth of many ingredients. It is a phrase more common among Irish than among English or Scotch people, though not wholly unknown to either. The Irish pronunciation is "biling" or "bilin'." The term is extensively used in America, and is sometimes varied to the "whole gridiron of them," applied to a party. The latter is Irish.

Boilum tea (pidgin), to boil tea.

Blongy my dis tim *boilum you tea*, mumpa one first chop *fitce-fitce!* (quick!)
Talkee dat sa-van (servant) he is savvy how *boilum tea*.—*Pidgin Talkee*.

Boko (common), a nose.

An expert in nazography declares that a pale nose usually belongs to the selfish, cold-hearted man; whilst the highly-coloured *boko* is characteristic of the sanguine temperament usually possessed by the man who is hopeful that a free drink is looming in the distance.—*Fun*.

Originally a large nose, possibly from *beak*, old slang for a nose, or from the old English *boche*, *boke*, a swelling.

Boler, bowler (Winchester), stiff felt hat or pot hat.

Bolly (Marlborough) is used by the pupils with the signification of pudding.

Bolt, to (colloquial), to make a sudden and rapid movement, for haste, alarm, perplexity, or other cause of expedition. To *bolt* one's food is to swallow without mas-

tication; to *bolt* is to run away, to decamp, to disappear. The term, according to Grose, is borrowed from the rabbit-warren, because the rabbits *bolt* when a ferret enters into their burrows. But the derivation is probably from *bolt*, the ancient and not yet obsolete word for an arrow, as in the current proverb "a fool's *bolt* is soon shot," so that to *bolt* is to move as swiftly as an arrow. (Prison), "getting the *bolt*," being sentenced to penal servitude.

"Long Bill expects *bolt*" informs the sympathetic or rejoicing reader that one William — expects to be sentenced to penal servitude.—*Rev. J. W. Horsley: Jottings from Jail.*

Bolted (nautical), "I've been through the mill, ground and *bolted*." That is, "You can't gammon me; I'm too old a bird to be caught with chaff." *Bolted* in this case signifies sifted.

Bolt-in-tun (London thieves), bolted, run away, got away, one of the puns that cant and slang are so fond of. Cf. "COBBLER," "BILLIARD SLUM," &c.

Vaux in his Memoirs says:—"A term founded on the cant word 'bolt,' and merely a fanciful variation very common among *flash* persons, there being in London a famous inn so called. It is customary when a man has run away from his lodgings, broken out of jail, or made any other sudden movement, to say 'the *Bolt-in-tun* is concerned,' or 'he's gone to the

Bolt-in-tun' instead of simply saying, 'he has bolted,'" &c.

Bolt the moon, to (common), to cheat the landlord by taking away goods or furniture without paying the rent; literally to extinguish the moon and take advantage of the darkness thus produced. "To shoot the moon" is more common.

Bolus (common), an apothecary.

Bombay duck (Anglo-Indian), a small fish called the bummelo or bumbalow, which is caught on the Indian coasts. When dried it forms the well-known *Bombay ducks*, seen so frequently among grocers' delicacies in England.

Bombo (nautical), weak, cold punch.

Bona (theatrical), good, varied to "rumbo."

Bonanza (American), a Spanish word, originally applied to profit, benefit. A profitable silver mine or a share in it is a *bonanza*. Now applied generally to money.

At last the train came, and the guard on the train handed me a heavily-sealed envelope, remarking as he did so—

"Be careful of that, Branthwaite. There's a *bonanza* in that package if it were yours or mine."

"Money?" I asked.

"Yes; twenty thousand dollars."—*American Story.*

But a *bonanza* with millions in it is not struck every week.—*Scribner's Monthly.*

Bonas (popular), belles. The difference between donnas and bonas is thus stated in a music-hall ballad:—

Girls are in vulgar called donnas,
Some are called Miss and some Mrs.;
The best of them all are called bonas,
The whole jolly lot's fond of kisses.

—*Broadside: O Fred, don't be so frivolous.*

Bonce (various), the head, called also "crust, chump." From *bonce*, a marble of larger size than ordinary, used by boys. The French slang for head, *bille*, literally a marble, bears out this derivation.

Bone (American), a fee; to *bone*, to pay a fee, or rather bribe, called *bone*, at the custom-house to induce the officials not to examine passengers' luggage, or to let it off lightly. From the slang *bone*, derived either from the French *bon*, or, as Murray suggests, from the middle English *boon*. This word is used with the sense of good by English vagabonds.

◇, their hieroglyphic for the word, chalked by them on houses and street corners as a hint to succeeding beggars.

(Masonic), a corruption of the Hebrew word for builder.

(Common), to *bone*, to steal, to pilfer, to purloin. Probably derived from *bon*, good, or, by extension of meaning, to seize on a good thing.

The while within the pocket of her gown
Childe Alice deftly placed the purse she'd
boned.

Alas! its contents were not worth a
"brown;"

His winnings all were "stumers," and
she groaned.

"The world is too much with us!" poor
Childe Alice moaned.

—*Bird of Freedom.*

This word, according to the Glossary of Cant in Bampfyle's Moore Carew, also signifies to apprehend, to arrest, to take into custody, to "nab." Compare with the French cant phrase "être le bon," which has the same meaning.

(American cadets), to study hard; possibly a playful allusion to the more universal slang meaning of the verb "to *bone*," the meaning of course being to convey the idea of acquiring knowledge by *force*—an appropriate reading of the word for the cadets of West Point—but more probably from Bohn's translations. For other derivation, see BOONDER.

Bone box (old slang), the mouth; the teeth are now called the "ivories."

Bone-crusher (South African), a heavy bore rifle for killing big game.

African game require *bone-crushers*; for any ordinary carbine possesses sufficient penetrative quality, yet has not the disabling quality which a gun must possess to be useful in the hands of an African explorer. — *H. Stanley: How I found Livingstone.*

Boned (thieves), taken into custody. To *bone* is to take what does not belong to one. There is therefore a world of dry

humour in the thief saying that he has been *boned* or stolen by the policeman when taken into custody.

Tell us how you was *boned*, signifies tell us the story of your apprehension, a common request among fellow-prisoners in a jail, which is readily complied with as a rule; and the various circumstances therein related afford present amusement and also useful hints for regulating their future operations, so as to avoid the like misfortune.—*Vaux*.

Bone-grubber (common), a person who hunts for bones in dust-holes, or any spot where refuse is thrown.

The *bone-grubber* and the mud-lark differ little in their pursuits.—*Mayhew: London Labour and the London Poor*.

The term was also applied to a resurrectionist. Cobbett was therefore called a *bone-grubber* because he brought the remains of Tom Paine from America (Hotten).

So now we shall soon have our "crackers,"
And likely enough our "cheroots,"
While our *bones* can be sent to the
"knackers,"
And then we have sweet "Sarah's
boots."

—*Atkin: House Scraps*.

Bone shaker (common), a name given to the old-fashioned bicycle, which was a clumsy wood machine, and was superseded by the spider steel machine, which is now being superseded in its turn by the smaller "Safety."

Bone shave, the sciatica or rheumatic gout in the sciatic nerve. According to Mr. Thomas Wright in his *Archaic Dictionary*, the peasantry of Exmore had a charm for the supposed cure or relief of this malady, consisting in the repetition of the following doggerel lines as the patient lay on his back on the brink of a brook or river, with a staff by his side between him and the water.

Bone shave right,
Bone shave straight.

As the water runs by the stone
Good for *bone shave*.

Bone standing (American cadet), to *bone standing*, to study hard for a class position (O. E. Wood: United States Army).

Bong (Australian blackfellows' lingo), dead. This word is a specimen of the pidgin-English, stuffed with native words, in which intercourse is carried on with the blacks on stations.

"Yohi," said the boy, still sitting on his horse, "altogether *bong*" (dead), "one fellow bail *bong*" (one not dead). "Which one bail *bong*?" demanded John in terror. "Missis bail *bong* ony, cawbawn frighten" (Missis not dead, only dreadfully frightened).—*A. C. Grant: Bush Life in Queensland.*

Boning (American cadets), *boning* the adjutant, a violent or immoderate assumption of a military air or bearing; a swaggering military fillibuster; a Bombastes Furioso. *Boning* demerit, said of a cadet who avoids giving cause for being reported to the authorities (O. E. Wood: United States Army).

Bonnet (thieves), a pretext or pretence. Vaux defines it thus:

—"A concealment, a pretext, a pretence, an ostensible manner of accounting for what you really wish to conceal; as a man who lives by deprecation, will still outwardly follow some honest employment, as a clerk, porter, newsman." One who metaphorically *bonnets* or *blinds* other people; a *bonnet* or *bonneteer* is also a sham bidder at auctions; a confederate in thimble-erig or three cards; one who pretends to buy of a crocus pitcher or street medicine vendor so as to entice purchasers. In French, *bonneteur* is one who is profuse of compliments and bows; hence a swindler who tries to wheedle people out of their money; also a three-card trick sharper. Books were closed, *booby-traps* scattered, sofa-pillows restored to their legitimate places.—*Chambers's Journal*.

Boodgerie (Australian bush slang), a blackfellow's word for "good," incorporated into the slang of the white. Used principally in the pidgin-English, in which the whites carry on their conversation with the blacks. A very common word.

What was his fate then might be mine in a few minutes. I determined to keep still and wait for what might turn up. Presently I heard bushes rustling some distance behind, and the voice of a black-fellow, uttering in that strange tone in which the wild savage first pronounces English words—*boodgerie* (white fellow, good, good white fellow).—*A. C. Grant: Bush Life in Queensland*.

Boodle (American), booty, profit, perquisites, plunder. Commonly used with regard to government transactions, contracts, &c., by which the public are cheated.

"Twas Yankee doodle once I swore,
But it is Yankee *boodle* now.
—*American Paper*.

This word in the United States is applied among thieves only to counterfeit or bad money. The

boodle carrier is the man who carries the counterfeit or "queer," while the shover passes it off. "At the first sign of trouble the *boodle* carrier vanishes, leaving nothing to criminate his com-rogue" (*New York Slang Dictionary*).

(American political), *boodle* explained by quotation.

In the States the money used for electioneering purposes is known as *boodle*, "sinews of war," and "living issues."—*Cornhill Magazine*.

Boodle has also the signification of property, wealth; unquestionably from the Dutch *boedel*, household stuff. Also an estate left by persons deceased. (Popular), a stupid noodle (Murray).

Booked (common), disposed of, caught.

Book-form (turf), the relative powers of speed or endurance of race-horses as gauged by the

"book," *i.e.*, the published record in the calendar of races past.

Bookies (turf), the bookmakers.

The *bookies* came down like wolves on the fold

To try and secure all the "Jubilee" gold.
Some plumped for St. Mirin, but wrongly
had reckoned,

For Annamite won, and the "Saint" was
but second. —*Turf.*

Past Epsom's Spring, again we try

Our luck with *bookies* and with horses
On yet another field, where lie

The mysteries of the Guineas' courses.
—*Bird o' Freedom.*

The toughest *bookie*, as well as the airiest
turfite, will be sorry to hear of the death
of a genial fellow.—*The World.*

Books (Winchester). There are prizes given at the end of each half by Lord Saye and Sele to the two seniors in each division. These are called the *books*. To get *books* is to obtain one of these prizes. 'When a part or division are saying a lesson, the pupils sit at one end of "school," in three rows; they are then said to be "up to *books*." The Don sits in his chair with his side towards them, and the "man" who is saying the lesson stands in front of him.

Books (card players), a pack of cards.

Boom (American), properly the distant sound as of thunder gradually increasing in intensity. This word, from being a favourite one in American oratory, began to be applied in 1880 to any great advance or rise in

business or politics. A great *boom* in cotton refers to an advance in price and greater activity in the market, while the first rumour that a certain man will obtain a nomination to office may be announced in a newspaper in large letters at the head of a column as, "A *boom* for Smith!"

A BOOM FOR HILL.—A movement is on foot in Washington to organise a David B. Hill *boom* for the Presidency.—*Chicago Tribune.*

In the present case many influences seem to work in the direction of a *boom*.—*Truth.*

Some Prospero waved his magic wand, the world made discovery that it was positively languishing for want of more copper and tin, all visible supplies were eagerly bought up, and the great mining *boom* of 1887 was fairly started.—*Globe.*

(Journalistic), a *boom* refers to the publication in a newspaper of some correspondence which will raise up a polemic, and, by thus attracting the attention of the public, increase the sale of the paper.

The latest *Daily Telegraph boom*—"Our Daughters"—is going on merrily, and the views of the various young ladies are distinctly interesting to note.—*Globe.*

(Nautical), to "top one's *boom* off," to be off or start in a certain direction.

Boomah (Australian), a very large kind of kangaroo. This word is probably a mistake of Colonel Munday's. He heard the kangaroo called a boomer because of its enormous size: the word was strange to him, and he

imagined it to be a variety of kangaroo, and not a slang word expressive of size.

An officer from Van Diemen's Land told me that he had once killed in that colony "a kangaroo of such magnitude, that being a long way from home, he was unable though on horseback to carry away any portion except the tail, which alone weighed thirty pounds. This species is called the *boomah*, and stands about seven feet high."—*Lieut.-Col. Munday: Our Antipodes.*

Boomer (American), a very big specimen, a huge snake or kangaroo.

And should you ask how such a one
A mighty hunter grew,
So many flying does outsped,
So many *boomers* slew.

But suddenly the vision passed,
And Bill became aware,
That he was in the *boomer's* arms,
And bounding through the air.
—*J. B. Stephens: Marsupial Bill.*

A very great lie, a very big flea; a very long hit at cricket would be described as a *boomer*, or a regular *boomer* (used by "slangy" Australians). A *boomer* is probably that which makes a big boom or noise, and so something very big. We have the same metaphor in "a great gun."

Boomerang (American), properly a carved flat weapon used by the natives in Australia, which, when thrown, returns to the thrower. In American journalism the word is frequently used to indicate some evil measure, or act, or falsehood, which, like

a curse, has "come home to roost," or recoiled on the head of its author. The title, "A Bourbon *Boomerang*," in an American newspaper, means that the Democrats have been injured by some scheme they had formed against the Republicans.

Boomeranging (Australian), hitting or killing with a boomerang. A slang participle, coined from the native word boomerang.

War shouts and universal *boomeranging*.

—*J. P. Stephens: A Picaninny.*

Booming (Australian), large, astonishing. For derivation *vide* **BOOMER**.

Look at that *booming* guana! He has been feeding sumptuously on the carrion. He is watching us with his "glittering eye," his head up, his vicious tongue darting out now and then like a serpent's fangs.—*A. C. Grant.*

Boom-ja-lang (American), a mysterious slang word, which seems to mean the same as the Spanish *funcion*, business, or what is going on.

'Twas right in the middle of the *boom-ja-lang*,

All on a summer day.
Rip Sam! set her up again;
Set her up again! set her up again.
We're all of the Choctaw tribe.

—*Song, 1860.*

Boom-passenger (nautical), a convict on board ship. Derived from the circumstance that prisoners on board convict ships were chained to, or were made

to crawl along, or stand on the booms for exercise or punishment (Hotten).

Boonder, bounder (American), a scrubbing-brush. (New York), Dutch, *boender*, a brush. "A rubber, a rubbing-brush. *Boenen* to rub with a brush," implying diligence. Hence the Americanism to *bone it*, to *bone into it*, to apply one's self, to scrub away hard.

Boost, to (American), to push up. Generally used in the sense of giving one a lift; "give me a *boost*," as one boy when climbing a tree says to another.

The bull was actually tearing up the earth and *boosting* up the sand like a whirlwind.—*Mark Twain: Roughing It*.

Booth (thieves), a house; to "heave a *booth*," to rob a house.

Booth - burster, barn - stormer (theatrical), a loud actor, of the good old-fashioned "horse-dung and sawdust" type. The late T. B. Chatterton used to term it "gut acting."

Booting (military), punishment inflicted by the men with a surcingle or strap.

Boot joe (military), musketry drill.

Boot-leg plan (American), by evasion or trickery, in reference to the saying that "the *boot* is on the other leg," *i.e.*, not as

one would naturally understand an assertion.

There is as much whisky consumed in Iowa now as there was before, but less beer, throughout the State "for medical purposes only," and on the *boot-leg plan*, and saloons run openly in the larger towns in defiance of the laws.—*Omaha Herald*.

Boots (common), man or boy who cleans boots at an hotel. The term has ceased to be slang.

Well, I must do my best, the post of *boots*
My office, which I used to think sublime,
This sort of thing scarcely suits.

—*Punch*.

A "bootcatcher" was a provincialism applied to a man at an inn whose duty it was to pull off the boots of travellers.

To "buy any one's old *boots*," to marry or keep a cast-off mistress.

Booze (common), drink; to *booze*, to drink heavily. To be "on the *booze*," to be out on a drunken jollification, going from one public-house to another. The word is derivable from "bouse," to drink deep or carouse. In Wright's Archaic Dictionary "boose" is defined as meaning, in some of the rural districts, a cattle "trough," where kine and horses drink. In Warwickshire and Leicestershire the trough is called a "booson." Some etymologists derive this from the Hindostani *booz-a*, drink, and others from the Dutch *buyzen*, to tipple—with more reason, as the term was good English in the fourteenth century.

Thomas Harman, in his "Caveat, or Warening for Common Cursetors," 1568, has *bouse* for drink, and *to bouse* for to drink.

"I say by the Salomon I will lage it of with a gage of bene *bouse*; then cut to my nose watch. Why, hast thou any lowre in thy bong to *bouse*?"—"I say by the mass I will wipe it off with a quart of good drink, say what you will to me. Why, hast thou any money in thy purse to drink?"

To be *boozed*, to be drunk.

Boozer, or **booser** (popular), one fond of potations, a drunkard.

This landlord was a *boozer* stout,
A snuff-taker and smoker.
—*Wolcot: Peter Pindar.*

Boozington (Australian prison slang), a drunken man. In England, Lushington' (one who luses or drinks) is the equivalent term.

Boozy (popular), partially intoxicated; what the vulgar colloquialism calls the "worse for liquor," or "disguised in liquor." Formerly not slang.

Borak (colonial), to "poke *borak*," applied in colonial conversation to the operations of a person who pours fictitious information into the ears of a credulous listener (*Notes and Queries*, 7th Series, vol. iii. p. 476).

Bordeaux (pugilistic), blood, termed also "claret, Badminton."

Borde (old cant), a shilling. Probably originated in the term "bord," formerly a duty paid in fairs and markets for setting up tables, boards, and stalls.

Bord you (nautical), a phrase used to claim the next turn after one who is drinking. Used also in Norfolk by harvesters.

Bore, to (pugilistic), to drive an opponent on to the ropes of the ring by sheer weight.

Mollineux tried to *bore* down his opponent by main strength; Cribb determined to prevent him if possible by repeating some desperate blows on the head.
—*Thomas Cribb: Pugilistica.*

(Athletics), to push an opponent out of his course.

Boring (turf), when a horse in running hangs upon another so as to interfere with his chance of winning, the process, whether intentional on the part of the jockey or the result of the exhaustion or bad temper of the animal, is called *boring*. It usually leads to recrimination, and occasionally to disqualification.

Born weak (nautical), when a vessel is feebly built, she is said to have been *born weak*.

Bosh (colloquial), nonsense.

This gentleman whispered to his comrade the — (I believe of Eastern derivation) the monosyllable *bosh*!—*Thackeray: The Adventures of Philip.*

"This well-known word is alleged," say the authors of the Anglo-Indian Glossary, "to be taken from the Turkish *bosh*, signifying empty, vain, useless, &c. (Redhouse's Dictionary); but we have not been able to trace its history or first appearance in English." *Bosh* in English, and all other gypsy dialects, means a noise or sound of any kind, and is also used in all the senses of the Turkish word to denote emptiness, just as we might say "that is all talk." "Hatch your bosh," or "bosherin," stop your noise, is quite the same as stop your *bosh*. And as the English gypsy *bosh*, in fact, comes rather nearer to the English slang word than the Turkish, it seems most likely that the Romany supplied it. *Bosh* or *bāsh* in gypsy has also the meaning of music, and is applied to a violin. It was, and may yet be, a test of a "traveller's" proficiency in gypsy habits, or in the Romany language, to put to him the following verse:

"O can you rokker Romanis?
O can you kill the *bosh*?
O can you jā to staruben?
O can you chin the kosh?"—

i.e. "O can you talk Romany?
O can you play the fiddle?
O can you go to prison?
O can you cut the wood?"

The last line refers to making skewers or other articles of wood—the last resort for a gypsy when poor.

Bosh faker (itinerants), violinist.

Bosh is gypsy for a violin. A great many expressions used by the lowest class of actors are from the gypsy. Also *boshman*.

Bosh lines (showmen), literally violin strings, explained by quotation.

Both of these men have Marionette frames, and are Marionette performers in addition; and invariably charge more for their engagement when working the Marionettes, or "*bosh* lines," as they call them, as well.—*Tit Bits*.

Bos-ken (tramps), a farm-house.

Bosky (popular), drunk; from *bosky*, swelled, in fact, "tight."

Reminding Corinthian Tom and Jerry Hawthorn of the Oxonian and his inclination to get *bosky*.—*Punch*.

Bosman (tramps), a farmer. Dutch.

I've seen the swell *bosmen* buy the pills to give the people standing about, just to hear the crocus patter.—*Henry Mayhew: London Labour and the London Poor*.

Boss, an American and colonial term extensively used in England by all classes in a variety of meanings, such as master, head.

Boss horse-shoers now charge fifty cents extra for shoeing, to meet the demands of the journeymen.—*The Weekly Bulletin, San Francisco*.

You want a *boss* cook and a beauty, don Cabeza, eh! Well I guess I am both. What'll you give me to come to the mine and cook?—*F. Francis: Saddle and Moccasin*.

The station-*boss* stopped dead still and glared at me speechless.—*Mark Twain: Roughing It*.

Much philological research has been devoted to establish the

complete etymology of this word, it being held that it is connected with *boss*, a round, salient protuberance which rises, so to speak, in a superior manner above the surrounding surface; but most philologists agree in deriving it from the Dutch *baas*, master; *den baas spelen*, to play the master, to domineer, to lord it, the pronunciation of *baass* and *boss* being the same. And this origin is borne out by the circumstance that the French argot has *beausse* for the master of a house, rich citizen, man of importance, which was borrowed from Flemish vagabonds and thieves. In Norfolk *boss* is used in the sense of master, or one who can beat and overcome another. In the North of England "bossock" and "bossy" mean large, fat, with a large belly. The last word bears a close resemblance to the French *bossu*; but of course a "bossy" man and a *bossu* differ in respect of the position of the protuberance.

In America *boss* is also used as an adjective with the sense of principal, large, fine, as a *boss* lot of apples.

Many a time have I let the "boss mine," or the "boss ranch" slip through my fingers!—*F. Francis: Saddle and Moccasin.*

Boss is often used as a verb, with the signification to own, manage, superintend, conduct.

Our gallant chief, *bossing* the situation as usual, insisted upon the National Anthem being played at the conclusion of the sport, and subsequently called for three cheers for the Queen.—*Sporting Times.*

"Old Blivins, who *bossed* the local sheet,
And the lawyer who worked for beer
as a fee;

In a maudlin state wandered down the
street,

Having had a dejected kind of spree."
—*Keighley Goodchild: Waitf.*

In short, with no other counteracting force than an old lady and a youth of eighteen, it is easy to see that a "freebooter" like the Captain *bossed* the show, just as he had done at the Pantheon.—*Sporting Times.*

He was *bossing* the cooking himself that evening, and at that moment was engaged in stirring some beans that he was frying in the Mexican style, bacon-fat being substituted for lard.—*F. Francis: Saddle and Moccasin.*

"*Bossed* his own shoes," managed his affairs personally.

At any rate, the elder Hegner has hitherto *bossed his own shoes*, &c.—*Truth.*

The Australian employé generally speaks of his master as the *boss*, though he seldom would address him as *boss* except when the master is really in the same station of life as himself. It is disrespectful to address a man as *boss* in Australia. The "Larrikin" is rather fond of prefacing his impertinences to passers by with, "I say, *Boss.*"

I remember a certain South Australian aide-de-camp, who was a tremendous "masher," coming over to Melbourne for "the Cup." He was wearing one of those stiff-starched four-inch collars, irreverently styled "jampots," and was saluted in Bourke Street on the "Cup night" with "I say, *Boss*, how much for the celluloid?" from an individual who was not to be crushed by a withering glance through a deliberately screwed-in eyeglass.

—*D. B. W. Sladen.*

"The Darky *Boss*: the 'trashy white,'
a 'brudder,'

Man at the prow and woman at the
rudder."

—*J. B. Stephens: Macaulay's New
Zealander.*

Cabmen use the term with
the sense of the "fare," in Paris
le bourgeois (which has also all
the other meanings of *boss*).

Who is a gentleman? On returning
from the Lichfield Coursing Meeting the
other evening, one of the runners with the
telegraph messages from the ground to the
Lichfield telegraph office was given a ride
home, and when nearing Lichfield it was
discovered that some one was seated in
front by the side of the coachman. The
boss wanting to know who it was, asked
the boy what gentleman that was riding
by the side of the driver, and the reply
was as follows, "He's no gentleman, sir,
he's only a policeman."—*Bird o' Free-
dom.*

"*Boss* of the shanty," master,
manager of the place.

The young man who lives not far from
Burdett Road, who sports a P. and O.
cap, and wore a C. medal at the Poplar
early closing concert, should have strutted
about so. Was he looking for the fair
young lady, or did he fancy himself "*boss*
of the shanty."—*Toby.*

Boss of the show, manager of
a theatre, music-hall, circus, or
a man who gives an entertain-
ment.

Miss Leonora Bradley, well known in
America, will open shortly in London, at
a West End theatre, with a new play
called "Jess," written by the authors of
"My Sweetheart." Eugène C. Stafford
will be *boss* of this show, of which report
speaks highly.—*Bird o' Freedom.*

(Popular), to *boss* anything,
to make a mess of it, to spoil it.

Bossaroo, used by J. B. Stephens,
the Australian comic poet, as an
abbreviation of "Boss Kanga-
roo.

Ringed by the fathers of the tribe,
Surrounded, yet alone,
The *Bossaroo* superbly posed
Upon a granite throne,
A very old "old man," who had
Four generations known.

—*J. B. Stephens: Marsupial Bill.*

Bossers (common), spectacles;
because (specially in the case
of short-sighted persons) they
make one look "boss-eyed" or
squinting, or from the studs on
horses' blinkers.

Boston (American), an expres-
sion which owes much of its
meaning to the tone and accent
with which it is uttered. Some-
times it is *Bosting*, the nasal
Yankee form of the word. It
is meant to satirise provincial
vanity, and the peculiar form
of priggishness which is de-
clared by envious New Yorkers
and others to be characteristic
of "the hub of the universe."
The city of Boston unquestio-
nably is, as regards literary cul-
ture, far in advance of any city
in America, a fact of which its
indwellers are by no means
ignorant.

Boston culchaw (American). It
is declared by the dwellers in
the other (doubtless envious)
cities of America that the in-
habitants of Boston are so proud
of their "culture," that how-
ever excited or unruly they may

become, any person can at once call them to order by referring to it. In a letter from the Hub to the *Chicago Tribune* there is a detailed and apparently perfectly truthful narrative of two "ladies," or at least "women of wealth," who began to quarrel furiously in a shop over a counter for a shilling handkerchief. The bystanders, and finally all the people in the place, were soon in a furious row, when a tall, dignified man, observing that there was a stranger present, restored quiet as by a miracle. All that he did was to utter in an absent-minded way, "*Boston culchaw—ahem!*" There was a sudden silence—a marked sensation, as if an electric current had in a second struck every heart—and the ladies, forgetting the handkerchief, at once retreated. It is said that the police experience no difficulty in stopping dog-fights, "plug-masses," or rows in the lowest taverns; they have but to cry, "*Is this æsthetic? Is this becoming Boston?*" Happy the city whose detractors can find in it no worse subject of ridicule than its devotion to culture.

Botany Bay (Oxford), a name for Worcester College, Oxford, given in reference to the situation of the building, which is at some distance from the centre of the town.

(Prison slang), penal servitude generally, but going out of use,

as transportation, which began in 1787, ceased in 1867. *Botany Bay* (now known as New South Wales) first received convicts in 1787.

Botch (old), a nickname for a tailor. From to *botch*, to patch up clumsily.

Bottle (sporting), it turned out no *bottle*, did not turn out well, failed. (Popular), *bottle-headed*, stupid.

Bottle-arsed (printers), type that is thickened at the bottom or feet is thus described. This circumstance arises from the fact of it being worn by continual impression, and sometimes hastened by improper "planing" down or levelling, preparatory to laying the form on for printing.

Bottle-holder (pugilistic), one of the seconds attending a prize fight in the ring, who takes charge of the water bottle and holds the combatant on his knees between the rounds, whilst the other sponges and otherwise attends to him.

Lord Palmerston was so nicknamed after a speech he made when Foreign Secretary.

The noble Lord told the deputation that the past crisis was one which required on the part of the British Government much generalship and judgment, and that a good deal of judicious *bottle-holding* was obliged to be brought into play. The phrase *bottle-holding*, borrowed from the prize-

ring, offended a good many persons.—*Justin M'Carthy: A History of Our Own Times.*

Bottle of spruce (rhyming slang), a deuce, slang for twopence.

Bottling (theatrical), the same as applies to hobbing.

Bottom (common), spirit placed in a glass before water is poured in.

Into a forest track which oft
Was blocked by tea-tree *bottom* soft
Or fallen trunk, compelling them
To make detours, and thrice a stem
Some inches through must needs be
topped

On pain of being wholly stopped.

—*D. B. W. Sladen: A Summer Christmas.*

Bottom-growths is good English for grass growing on low lands.

Bouncing cheat (old cant), a bottle, probably from the noise made when opening it and drawing the cork, or a corruption of *boozing-cheat*.

Bounder (university), a student whose manners are despised by the *soi-disant élite*, or who is

beyond the boundary of good fellowship; also a dog-cart.

(Society), a swell, a stylish fellow, but of a very vulgar type.

I said something one day about my own attire, and she remarked that if I ordered the particular hat I desired I should be taken for a *bounder*; and when I asked what that meant, she said, "Oh, a toff, you know." Feeling that my ignorance had better be displayed no further, I departed by the next train.—*St. James's Gazette: Culture of the Misses.*

A *bounder* comes above the sunset hill,
Who'll come and make his stay;
For he's the snipe with writs who is possest,
No human force can chase that dun
away.

He is the boss! and in possession still.
—*Bird o' Freedom.*

Also a four-wheeled cab,
otherwise known as a "growler."

Bound to be had (popular), destined to be outwitted or cheated.

Sold again! What a shame! it is really too bad,

The way that I'm treated is certainly sad,
'Tis my phiz that they quiz like my mother
and dad,

So wherever I go I am *bound to be had.*
—*F. Caughan: Ballad.*

Boung, bong, or bung (old cant), a purse, and also for a pickpocket. A corruption of the English *bouquet*, wallet.

Boung nipper (old), a pickpocket, or, as they were then called, "cut-purses."

Bounty jumper (American), a soldier who deserts to enlist into another regiment for the sake of the bounty.

Manager of Caledonian Sports—"In what line are you a contestant?" *Applicant*—"I am a jumper." "Ah, you have made a record?" "I made a pretty fair one during the war, I jumped the *bounty* five or six times.—*Philadelphia Call.*

Bourbon democrats (American), according to their Republican opponents, the Democrats, especially those of the South, are like the Bourbons, because they have "forgotten nothing, and learned nothing," since the war.

Bouse, or booze out (naval), a good *bouse out* is a good feed, a "tightener."

Bousing-ken (old cant), tavern, ale-house, modernised into "boozing-ken."

i.e., "And let us away to London, to cut a purse; so we shall have money for the ale-house."

Forting thinks the term is a gypsy corruption of the Hindostani *booz*, drink, and *khana*, house. *Bousin*, or *bousingot*, in the slang of French sailors, is a drinking place or "lush-crib," from the Dutch *buyzen*, to tipple.

Bovine heart (medical), not the heart of an ox, but a human heart, which, owing to disease of one set of valves, has become so much enlarged as to equal in size that of an ox.

Bow-catcher (popular), a corruption of *beau-catcher*, a small

curl which formerly was worn twisted on the temples. French "accroche-cœurs" (*rouflaquettes* in the case of prostitutes' bul-lies), and American "spit-curls."

Bowery boy (American, specially New York), for many years the rough or rowdy of New York was called the *Bowery boy*, from a street, the Bowery (Dutch *Bouwerie*), which he was supposed to peculiarly affect.

When I first knew it both the old Bowery Theatre and the old *Bowery boy* were in their glory. It was about that time that Thackeray, taking some notes in Gotham, had an encounter with the *Bowery boy* that seems to have slipped into history. The caustic satirist had heard of the *Bowery boy*, as the story goes, and went to see him on his native heath. He found him leaning on a fire hydrant, and accosted him with, "My friend, I want to go to Broadway." Whereupon the *Bowery boy*, drawing up his shoulders and taking another chew on his cigar, "Well, why the — don't yer go, then?"—*Chicago Tribune*.

In New York other species of rougns were termed "dead rabbits," "five pointers," and "Water - Street rats;" the rougns of Baltimore were known as "blood tubs" and "plug uglies," in Philadelphia as "shifflers" and "moyamen-sings," and in New Orleans as "tigers" (New York Slang Dictionary).

Bowled (Winchester), synonymous with "cropped," or "cropped," that is, turned in for a lesson at "standing up," when

at the end of cloister time all below senior part have to repeat eight lessons, that is, from 150 to 400 lines.

Bowled out (thieves), convicted; a metaphor taken from cricket, where the batsman's innings is concluded for good when he is *bowled out*.

A man who has followed the profession of thieving for some time, when he is ultimately taken, tried, and convicted, is said to be *bowled out* at last; to *bowl out* a person in a general sense, means to detect him in the commission of any fraud or peculation, which he has hitherto practised without discovery. — *Vaux's Memoirs*.

Bowles (popular), shoes.

Bowl out, to (general), to put out of a game, to detect.

Bowl the hoop (rhyming slang), soup.

Bowly, bowry (Anglo-Indian), a well. These in India are often grand and beautiful structures, the water being reached by broad flights of stairs, with resting-places here and there.

To persons not familiar with the East, such an architectural object as a *bow-lee* may seem a strange perversion of ingenuity; but the grateful coolness of all subterranean apartments, especially when accompanied by water, and the quiet gloom of these recesses, fully compensate in the eyes of the Hindu for the more attractive magnificence of the *ghâts*. Consequently the descending flights of which we are now speaking, have often been more elaborate and expensive pieces of architecture than any of the buildings above ground found

in their vicinity.—*Fergusson: Indian and Eastern Architecture, Anglo-Indian Glossary.*

Bows (nautical), wide in the bows, having large hips and posteriors. To have a large “barge,” same meaning.

Bowse, or **bouse up the jib** (nautical), an old phrase, meaning to tiddle. “Bowsing his tib or jib” is said of a man who has been drinking freely.

Bowsprit (old), the nose. The analogy is evident between the most prominent part of the face and the bowsprit of a vessel. More modern are the “boko,” “conk,” and “smeller.”

Bow-wow (old), a contemptuous term for a man born in Boston, Mass. It is possible that this meaning was in the first place derived from *bow-wow*, a servile personal attendant.

Box (common), to be in the wrong *box*, to be mistaken. The expression is old, and has passed into the language.

“Sir,” quoth I, “if you will hear how St. Augustine expounded to that place, you shall perceive that you are in a *wrong box*.”—*Ridley, 1554.*

(Thieves), cell.

In a *box* of the stone jug I was born,
Of a hempen widow the kid forlorn,
Fake away!

—*Ainsworth: Rookwood.*

To *box* (Australian station slang), to join, or mix.

It now was time to mark the lambs,
And make young ewes distinct from rams.

While he the overseer would come
With full hands from the station home,
From which they'd start at break of day,
And do the marking in a day;
And still he cautioned each to heed,
And look out as he did proceed.

“Now, mind yourselves, for if you *box*,
You'll play the mischief with the flocks.”
—*Dugald Ferguson, N.Z.: The Lambs,*
in “*Castle Joy and other Poems.*”

Boxed in (thieves), explained by quotation.

When there were three in a job there would always be one outside to look out, not only for any person coming along, but for lights in the windows, showing that somebody had been disturbed, in which case it was easy for him to whistle a warning to his pals to clear out. But the single-handed man lacked these various advantages. It was neck or nothing with him when he was once *boxed in* (when he entered a house), and a revolver was his best safeguard.—*J. Greenwood: A Converted Burglar.*

Box Harry, to (commercial travellers), to go without dinner for want of the money to procure it, or having dinner and tea at one meal to save expense. Formerly, it is said, truants confined at school, without fire, fought or boxed a figure nicknamed *Harry* (probably the devil), which hung in their room, to keep themselves warm. That may be the origin of the phrase. In Lincolnshire, to *box Harry* is to be careful after being extravagant. To *box* the devil on account of one's poverty strongly reminds one of the French “*tirer le diable par la queue*,” to be “hard up.”

Box hat (common), a silk hat, termed also a "chimney-pot."

Box of dominoes (popular), the mouth.

Box the Jesuit, to (old), a term to express a secret vice.

Box-wallah (Anglo-Indian), a hybrid Hindu word, from *bakas*, or the English box, and *wala*, a pronominal termination. A *box-wallah* is a small pedlar, who sells cheap wares, and who corresponds closely to many of his cousins, the peddling gypsies of England.

Boy (society), champagne, probably derived from the term "lively *boy*," which is often applied to a young man brimming over with animal spirits.

To be let, cheap, in the Royal Exchange, a small, well-fitted office, with use of *boy*. Suitable for stockbroker or solicitor.—X., care of Leathwait & Simmons, advertising agents, 1 Pope's Head Alley, E.C. X. can send us particulars at once. Pommery 74, extra sec., is our favourite kind of *boy*, but there aren't many brands that we aren't equal to tackling at this establishment.—*Sporting Times*.

(Popular), a hump on a man's back. A hunch, or hump back man is sometimes spoken of as if he were two persons—"him and his *boy*."

(Anglo-Indian and pidgin), throughout the East personal servants of any age are called *boys*. The authors of the Anglo-Indian Glossary observe that similar uses of the word are to

be found in the Vulgate, also in the Arabic, and German literature, while Shakspeare makes Fluelen say—

"Kill the *boys* and the luggage! 'tis expressly against the laws of arms!"

In pidgin-English a servant is *boy*, whilst *boy* in the ordinary sense is "one small *boy*." In Tonkin the word is used by the French with a like signification.

Boycott, to (general), a now generally accepted term, used with the signification of to send to Coventry, to stand aloof. The French equivalent is "mettre en quarantaine."

"Why, Mabel, dear, I have not seen you for the last ten days: surely you don't mean to *boycott* Regent Street?"

"I don't want to *boycott* Regent Street, but they may want to *Endacott* me."—*Sporting Times*.

From Captain Boycott, an Irish landlord, who lay under a kind of excommunication, all labourers being forbidden to work for him under penalty of some fearful punishment.

Boys (turf), the crowd of "rampers," "brief snatchers," "weshers," "magsmen," "lumberers," and other rogues who flourish on every racecourse.

I should think that there is hardly a bookmaker in Tattersall's, or even one of the ready-money fraternity, who would not willingly subscribe to a fund for the laudable purpose of cleansing the rings from those foul abominations, those criminal scoundrels known as the *boys*. These vermin rob the public annually of thousands

of pounds, and divert from the pockets of the bookmakers a perfect river of gold.—*Bird o' Freedom.*

The *boys* is also a designation occasionally applied to the ring. "He is not on terms with the *boys*," means that the person alluded to has lost more money than he can pay, and does not venture within hail of the book-makers.

Brace, to (American thieves), to get credit by swagger. To *brace* it through, to do a thing by sheer impudence.

Bracelets (police), handcuffs. Its equivalent is used in French slang.

"You'd better slip the *bracelets* on him, Jim." The fellow on my left produced a pair of handcuffs.—*Miss Braddon: Robert Ainsleigh.*

"Ah, but I do!" exclaimed the detective, suddenly seizing the trembling wretch. "Come, let's slip the *bracelets* on."—*G. Sims: Rogues and Vagabonds.*

Brace of shakes, in a (popular), in a moment.

Brace up, to (thieves), to pawn stolen goods. Hotten so defines it, but Vaux says: "To dispose of stolen goods by pledging them for the utmost you can get at a pawnbroker's is termed 'bracing them up.'"

Bracket-faced (old), of unpleasing features, hard-visaged or ugly.

Bracket-mug (popular), a very ugly face, *mug* being slang for face.

Brads (thieves), halfpence, money. Hotten says, *brads*, money; Vaux, "*Brads* are halfpence, also money in general." Properly *brads* are a kind of nails used by cobblers.

"Get anything?"

“‘Get down the Bible, we're going to have family prayer.’ ‘Why! are you going to have family prayer before you have religion?’ she asked. Grigger said he wanted it and the minister said if he'd do before he got it as he thought he'd do after he got it he'd have it. Well, Grigger could not get the idea into his head. Brick (colloquial), a term of commendation applied to a particularly honest, good, jolly, brave, or spirited person.

Steerforth approved of him highly, and told us he was a *brick*.—*Dickens: David Copperfield.*

It is used sometimes with an adjective prefixed, as an "out-and-out *brick*," a "regular *brick*."

Another familiar word in the university slang is a "regular *brick*," that is, a jolly good fellow, and how the simile is logically deduced is amusing enough. A *brick* is "deep red," so a "deep read" man is a *brick*; a deep read man is in university phrase a "good man;" a good man is a jolly fellow with non-reading men, *ergo* a jolly fellow is a *brick*.—*Hallberger's Illustrated Magazine.*

It is evident that the figurative sense of the word is in allusion to the shape of a *brick*. In English and other languages straightforwardness is always identified with squareness. "He answered you as square as a *brick*." "He did it on the square."

Brickfielder or **brickduster** (Australian), a dust storm, a kind of whirlwind frequent in Australia during the summer time.

Identified by Lieut.-Col Munday with the "southerly burster," so called from the brickdusty feel of the grit with which the wind charges itself as it rolls up the storm.

In October 1848, as I find by my diary, I witnessed a fine instance of a nocturnal *brickfielder*. Awakened by the roaring of the wind I arose and looked out. It was bright moonlight, or it would have been bright but for the clouds of dust, which, impelled by a perfect hurricane, curled up from the earth and absolutely muffled the fair face of the planet. Pulverised specimens of every kind and colour of soil within two miles of Sydney, flew past the house high over the chimney tops in lurid whirlwinds, now white, now red. It had all the appearance of an American prairie fire, barring the fire. . . .

One of the greatest miseries of the "southerly burster" is that (welcome to all animated nature as are its cooling airs) its first symptoms are the signal for a general rush of housemaids to shut hermetically every aperture of the dwelling. The thermometer in the drawing-room and one's own melting mood announce some 86° of heat, while the gale driving so refreshingly past your windows is probably 30° lower; but if you have any regard for sight and respiration, for carpets, chintz, books, and other furniture, you must religiously shut up shop until the chartered libertine, having scavenged the streets of every particle of dust, has moderated its wrath. Even then, however well fitted may be the doors and windows, the volatile atoms will find their way everywhere, to the utter disturbance of household and personal comfort.—*Lieut.-Col. Munday: Our Antipodes.*

The climate of Queensland is very hot. In summer the heat is Indian; and it is a moist, that is to say, an exhausting heat, whereas the summer temperature in other parts of Australia is comparatively dry; drier in South Australia and Victoria than in New South Wales, but when *brickfielders* or dust storms are not blowing, endurable.—*Daily Telegraph.*

Bring on your bears! (American), a common form of challenge. It is said that a small boy in the Far West, who lived in a place where bear-killing was a favourite amusement, was very much struck at hearing for the first time the story of Elisha read from the Bible. The next day, while in his log-cabin home, he saw approaching an old man on whose pate not a hair could be seen. He hastily took down his father's rifle and loaded it, sharpened the family bowie-knife, and roared at the ancient passer-by, "Go up, thou Bald-head!" Then looking defiantly up to heaven he cried, "Now, *bring on your bears!*" The *Chicago Tribune* (September 13, 1886) heads a defiant article to England with this exclamation.

Brismelah (Anglo-Yiddish), the ceremony of circumcision. *Be-ris*, a covenant; *beris hamiloh*, the covenant of circumcision.

The practice, however, of putting round the hat at *brismelahs* has fallen off consi-

derably. At one place I know of, where they have a annual baby every Purim, the family Mohel had become such a nuisance with his begging that at the last *brismelah* they couldn't get enough Yidden for mezooman, let alone minyan, and if it hadn't been for the potman calling from the Cat and Trumpet they'd never a been able to bring the *brismelah* off at all.—*Sporting Times*.

Buck. This almost obsolete word, for what the French called a *petit-maitre*, and more recently *daim* (literally *buck*), has been gradually superseded by “blood,” “dandy,” “maccaroni,” “swell,” “Bond Street lounge,” “exquisite,” “dude,” and “masher.”

(American, cards), a device for securing a good ante at poker or brag. The player whose turn it is to ante, instead of putting up money, puts up a knife, key, or any small article, saying, “I ante a *buck* worth \$5,” or whatever sum he chooses to name. If he has not won it back himself when he retires, he must redeem it from the possessor at the price named. The peculiarity of the *buck* is that whoever holds it must ante it when it comes to his turn. Whenever it is desired to bring the game to a close, a good finish is secured by agreeing to “chase the *buck* home,” *i.e.*, whoever wins it has the next deal, and consequently antes it. The game stops as soon as the *buck* has been won back by the player who originally started it.

(Cabdrivers), a sham “fare”

in a cab. A *buck* is a man' who rides in a cab ostensibly as a legitimate fare, to enable the cabman to proceed to some destination to which he is not allowed to take an empty cab. Many of the semi-private thoroughfares of London are closed to empty cabs.

Mr. —, on behalf of the United Cab Proprietors' Protection Association, said it often occurred that the men who were so conveyed were *bucks*—men who rode in a cab ostensibly as legitimate fares. In reality they acted in collusion with the driver to evade the police regulations, especially with regard to theatres.—*Standard*.

"Fine him a pot," roared one, "for talking about kicking the bucket. He's a nice young man to keep a cove's spirits up, and talk about a 'short life and a merry one.'"—*C. Kingsley: Alton Locke*.

Dr. Brewer gives the following explanation: "A bucket is a pulley. . . . When pigs are killed they are hung by their hind legs on a bucket . . . and oxen are hauled up by a pulley. . . . To kick the bucket

is to be hung on the bulk or bucket by the heels."

Bucket afloat (rhyming slang), a coat.

Bucket-shop (American), a bucket has in America several meanings, all indicating underhand or concealed dealings. The term is applied to low grogeries, and also to places which advertise as below cost flashy goods which are sold at a large profit. Low, swindling, gambling places, or lottery offices, also bear this name, and in Chicago it appears from the following extract to be borne by broker establishments where "corners" are manipulated.

The latest story out to account for the recent strength in the wheat market, is to the effect that it is the result of a combined effort to "burst the bucket-shops."

(Stock Exchange), the office of an outside broker of doubtful character.

A disreputable gambling case which came before the Divisional Court yesterday is noteworthy for the remarks made on "the vice of gambling in stocks and shares" by two judges. is a specially well-dressed white man.

Bucks (West Indian), the cognomen of the aboriginal inhabitants of British Guiana—the South American Indians.

At my last ball the kids (youths) were tearing around . . . but even the shyest and greenest of *buds* knows that the admiration of the kid isn't worth having, it is so easy to get and as hard to get rid of.—*Madge: Letter in the New York World*.

(Old slang), to "stand *buff*," to bear the brunt, to pay the piper; also "to boast," given as a very old word by "Batman upon Bartholome," 1582.

To *buff*, defined by Hotten as simply meaning to swear to; but the following, from the New York Slang Dictionary, gives the spirit of the word very accurately: "Buffing it home is swearing point-blank to anything, about the same as bluffing it, making a bold stand on no backing."

Buffer (common), a man, a fellow.

But aged, slow, with stiff limbs, tottering much,
And lungs that lacked the bellows-mender's touch,
Yet sprightly to the scratch both *buf-fers* came.

—*Tom Cribb's Memorial to Congress*.

I'll merely observe as the water grew rougher,
The more my poor hero continued to suffer,
Till the sailors themselves cried in pity, Poor *buffer*!

—*Ingoldsbys Legends*.

Also a merry companion with a spice of the rogue in him, the Falstaff of a century ago. *Buffer* or *buffard* is a provincialism for a foolish fellow. In Dutch, *boef* or *boefer*, means, according to the Groot Wordenboek der Engelsche en Nederduytsche Jaalen of William Sewell, "a rogue, knave, or wag," which is identical both in sound and meaning with the English word

(Popular), a dog, from the old cant word *bufe*, a dog. (Old cant), a smuggler, a rogue, a cheat; also a dog. *Buffer*-nabber, a dog-stealer. (Nautical), *buffer*, a navy term for a boatswain's mate, one of whose duties it was to administer the "cat." From the obsolete English to *buff*, to strike. It has been suggested, however, that *buffer* is of Dutch origin. Teirlinck (Woordenboek van Bargoensch) gives *baf*, a blow; *baffen*, to strike with the fist, adding "Klanknabootsend idiotisme van dagelijksch gebrink in Vlanderen."

Buffle-headed (popular), stupid and stolid as a buffalo or ass. Synonymous with "pig-headed," stupidly obstinate.

—*On the Trail*.

i.e., The money, the rings, spoons,
Breast-pins, purses, and well-filled
pocket-books.

(American and older English), *bug*, which in England is now limited to the *Cimex*, politely termed a Norfolk Howard, is in America still applied to all varieties of the *Coleoptera* and many other insects.

"Oh, Fred, what's that ticking noise? Do you think it's the death watch mamma was reading about before she put us to bed?" "Bessie, don't be a little goose. It's only a *bug*, anyhow. Maybe it's not even a *bug*—only the bed-ticking."—*Philadelphia Call*.

(Old slang), to *bug*, an old phrase in use at one time among journeymen hatters to signify the substitution of good material with inferior stuff. Bailiffs who accepted money to delay service of writs were also said "to *bug* the writ."

Bug blinding (army), white-washing, a process calculated to destroy, or at least to remove the superficial traces of vermin

that are a perfect pest in the more antiquated barracks, especially in warm climates.

Bug hunter (thieves), a thief who plunders drunken men.

Bug juice (army), ginger ale. In America applied to very bad whiskey.

Build, to (or it) (American), said of a man who is slow to move, or of an affair which requires great exertion. It is taken from a boy's trick of putting a coal under a tortoise to make it walk.

"I have a letter of introduction to Mr. Samuel Slump," said a stranger in a Western town to a citizen. "Can you tell me if he is a man of drinking habits?" "Wall, stranger," replied the citizen, expectorating copiously, "I wouldn't go so fur as to say that Sam is a hard drinker, but I reckon if you ask him to go an' take suthin', you won't have to *build a fire under him* to git him started."

(Nautical), to "*build a chapel*" is to turn a ship round through bad steering.

Building spots for sale (American), used of any imperfect person or thing.

Built that way (common), "not *built that way*," not in one's line.

Black Moustache addresses the divinity as "Popsie," and she calls him "Bob." During the evening they have *impromptu* dancing. Smith can't dance; he isn't *built that way*, and Miss Jones says that Black Moustache waltzes delightfully. All of which means that the following week is one of agony for young S., who moodily meditates leaving England for ever, and straightway abjures the harmless necessary shave.—*Bird o' Freedom*.

Bulgarian atrocity (Stock Exchange), Varna and Rustchuk Railway 3 per cent. obligations.

And we've really quite a crew
Of fancy names to represent a share . . .
But fancy, by the way,
Now, in the present day,
A Varna's a *Bulgarian atrocity*.
—*Atkin: House Scraps*.

Bulge (American), properly to *bulge* is to swell out, and *bulge* is a swelling or belly. In the United States the words are extended and amplified in many ways. Thus there is a story of a man who, being tried for shooting his neighbour, pleaded that he had only aimed at the *bulge* of his shirt where it "bagged out" above his trousers. "To get the *bulge*" on a man, appears to mean to have the better of him. As *bulge* conveys the idea of swelling or inflation

or expansion, it is much used to indicate magnitude or extravagance. Thus to go "*bulging* about" conveys the same idea as "splurging" (which see).

Bulger. This English word, signifying a large object or creature, is much more extensively used in the United States than in the mother-country. "New York is a *bulger* of a place," said Colonel Crockett in 1835. At Princeton College (New Jersey) the largest and heaviest of the students is familiarly called *būlger*. The negro minstrel word *būlgine*, for a locomotive, appears to be a compound, the first part of which is derived rather from *bulge* than "bull," as implying bigness.

I got on board de telegraf an' floated
down de ribber,
De 'lectric fluid magnified and killed five
hundred nigger.
De *bullgine* burst, de steam went off, I
really thought I'd die;
I shut my eyes to hold my breath—
Susanna don't you cry!
—*Song of O Susanna.*

Bulk and file (old), two thieves working together. The *bulk* jostles the victim against the *file*, who robs him of his money or watch.

Bulker (old cant), a street-walking prostitute; from "bulk," that formerly signified the body.

She must turn *bulker* (when her cloathes are worn out), at which trade I hope to see you suddenly.—*Ravenscroft, 1670.*

Bulky (Winchester College), generous, open-handed, as opposed to "brum."

Bull, now recognised and applied to a blunder, formerly meant any kind of rough, blundering, or foolish jest or trick, and is of the same root with *bully* in its sense of a clown or merry-maker. Old Dutch *bollaert* (Skeat), "a jester or a gyber." Swedish *bullra*, to make a noise. *Buller* in Anglo-Norman means an equivocator or deceiver, which unmistakably indicates the existence of *bull* in the modern sense.

The sexte case is of fals *bullers*,
Baith that tham makes and that tham wers.
—*MS. Cottan. Vespasian*
(*Hallwell*).

The term *bull-calf* itself (Shakspeare), and *bull-finch*, a stupid fellow (North Country), all indicate the association with blundering and stupidity which is implied by *bull*. The word was first specially identified with Hibernian mistakes by Miss Edgeworth in her "Essay on Irish Bulls." (Popular), a roaring horse.

(Popular and thieves), a crown, an abbreviation of its former appellation, a bull's eye.

. . . Then giv' me a little money, four half *bulls*, wot you may call half-crowns, and ses, hook it!—*Charles Dickens.*

(Prison), rations of meat; an uncomplimentary reference to the toughness of the beef supplied. The French slang has

bidoche, for meat, from *bidet*, a pony.

(Stock Exchange), explained by first quotation.

Berliner is puzzled by the terms *bull* and "bear," that he often sees in the papers in connection with the Stock Exchange. . . . These terms are as old as the time of the South Sea Bubble, 1710. A man who contracted to sell stock of which he was not possessed was called a "bear," in allusion to the proverb, "Selling the skin before you have caught the bear," and he who bought, without intending to receive the stock, was called a *bull*, by way of distinction. To *bull* the market is now to raise the price of stock when operating for a sale, while to "bear" it is to use every effort to depress the price of stock in order to buy it.

So was the huntsman by the bear oppressed,

Whose hide he sold before he caught the beast.

—*Tit Bits*.

A man was complaining that he had lost all his money through gambling on the Stock Exchange. A friend ventured to ask him if he had been a *bull* or a "bear"? and was told "Neither, I was an ass."—*Atkin: House Scraps*.

(American thieves), a locomotive.

. . . Had just touched a bloke's leather as the *bull* bellowed for the last time.—*On the Trail*.

Bull and cow (rhyming slang), a row.

Bull-dance (nautical), a dance without women; also called a "stag-dance."

Bull-dog (university), one of the duties of the university proctors is to promenade the town in search of offending undergraduates. Certain men, who are

termed *bull-dogs*, accompany him. Their duty is to chase the offender, whose ingenuity in evading capture gives rise to many amusing stories. Many a long race too often ends in finding their prey is an outsider, whom they have no interest in catching.

The proctor's satellites, vulgarly called *bull-dogs*.—*Macmillan's Magazine*.

I don't mean the college *bull-dogs*, they don't interfere with us, only with women.—*H. Mayhew: London Labour and the London Poor*.

(Old slang), a pistol, now a short thick revolver.

"I have always a brace of *bull-dogs* about me." . . . So saying, he exhibited a very handsome, highly-finished, and richly mounted pair of pistols.—*Sir W. Scott: St. Ronan's Well*.

(Nautical), the great gun which stands "housed" in the officers' wardroom cabin. General term for main-deck guns.

Bull-dog blazer (American), a short thick revolver.

The manager laid down a large cane he had in his hand, and picked up instead a trusty *bull-dog blazer*, as he said—

"Young man, I don't think you can be of any service to me, and you'd better slide."

"Assuredly; but you don't happen to have a shilling you could lend me?"

"No, I don't," and the manager cocked the revolver.

"Well, say; let me into the show, will you?"—*Green Room*.

Bull-doze, to (American), to compel a person to do anything, or to influence his conduct by cruelty or brute force. It is

derived from a Southern word meaning a whip or cowhide, or species of "kurbatch," made from the *glans penis* of a bull. It is said that negroes were whipped almost to death with this, or *bull-dozed* to make them vote the Democratic ticket. It is now extensively used in the United States, to express compulsion of any kind, especially in politics.

Bull-dozer (American), a revolver. Used to mean a persuader, something to enforce an argument by personal violence. *Vide* BULL-DOZE.

Bullet (army), discharge upon the spot, without a moment's notice.

(Printers), see DRY-UP, and QUI. According to Savage's "Dictionary of the Art of Printing," 1841, a workman was said to have got the *bullet* when he was discharged *instanter*—without the customary notice on either side.

Bullets (cards), in American brag, are aces; sometimes called white aces, in contradistinction to aces made up by holding braggers. The highest hand in the game is three white (or real) aces, the next highest is "two *bullets* and a bragger," which cannot, of course, occur in the same round in which three real aces are held, though another player may hold two other *bullets* and a bragger at the

same time. Hence the expression "the serene confidence which a Christian feels in the three white aces."

Bullfinch (provincial), a corruption of "bull fence," a stiff fence able to keep bulls out of or in a field.

The third fence was a teaser, an ugly *bullfinch* with a ditch on the landing side.—*Guy Livingstone*.

Also a stupid fellow.

Bulljine (nautical) a locomotive is so called by sailors. Termed "bull" by American thieves.

Bull-money, a vulgar phrase for money extorted by a chance witness from the man detected in the fields, the woods, the seashore, or other lonely place, in the act of carnal copulation.

Bullock's heart (printers), see TOKEN. This is a term of contempt that pressmen apply to a single "token," or order to print, of two hundred and fifty copies only, the lowest paying number in the scale of prices. This expression is due to the circumstance that it is not a "fat" but a "lean" job, hence the comparison to a *bullock's heart*, which, unless suffering from "fatty degeneration," is the essence of leanness.

Bullock's horn (rhyming slang), in pawn.

Bullocky (Australian, upcountry), a bullock-team driver. In the

bush all the heavy hauling is done with bullock-drags. It is quite a common sight up the country to see teams of a dozen and upwards. *Bullockirs* in Australia are as proverbial as bargees or Billingsgate fishwives in England for the forcibleness of their language.

"When you make Mokepilly," quoth one of the sunburnt *bullocky* men, "keep on by the brush fence, and that will take you right into the gap. Gee hup, Streaky; ya-hoy-ya, Storb'ry."—*T. C. Work: Australasian Printer's Keepsake*.

Bull party, an assembly, gathering, or dinner party of men only.

Bull puncher (American), a word defined as follows by one who was himself of the calling:—

He followed the profession of a *bull-puncher*; that is, he went in charge of the cattle destined for slaughter and "canning" in the distant North, and made money at it, being steady and trustworthy, and no drinker.—*Morley Roberts: The Western Avernus*, 1887.

Bull's-eye villas (military), the small open-air tents used by the volunteers at their annual rifle contest held on Wimbledon Common.

Bull's feathers, horns. To describe a man as wearing *bull's feathers* was to represent him as a cuckold.

Three crooked horns, smartly top-knotted with ribands; which being the ladies' wear, seem to intimate that they may very probably adorn, as well as bestow, the *bull's feather*.—*Richardson: Clarissa Harlowe*.

The attribute of horns to a cuckold is of remote antiquity, and is supposed by symbolists of the school of Creuzer and Faber to be derived from the horns of cattle, also of the new moon, at which time festivals were held in Assyria, where all women were in common, and men who were among the initiated bore the symbol and were compared to oxen. Horns as worn on the head were suggestive of feathers in a cap, hence *bull's feathers* (Charles G. Leland, U.S. Notes).

The French have a corresponding expression: "planter des plumes de bœuf."

On me dit qu'elle est bien gente
Qu'elle est douce comme un agneau.
Par ma foi! j'ai peur que'implante
Plumes de bœuf à mon chapeau!
—*Song*.

Bull the cask, to (nautical), to pour hot water into an empty rum puncheon, and let it stand until it extracts the spirit from the wood. The mixture is drunk by sailors in default of something stronger.

Bull-traps, thieves or swindlers who personate policemen (New York Slang Dictionary).

Bully (American), often applied in a commendable sense by the vulgar; as, for instance, a *bully* fellow, a *bully* horse.

Hope you had a pleasant nap, *bully* place for a nice quiet snooze.—*Bret Hartie: Poems and Prose*.

The captain said she was a *bully* boat.—*Mark Twain: Roughing it.*

"Now," said he, "Slick, my *bully*, I think I see a smart chance of doin' a considerable stroke of business to Nova Scotia, in the smugglin' line.—*Sam Slick.*

Bully for you, for me, is a commendatory phrase.

That's *bully*, plenty *bully* for me. Just you gimme the hundred dollars.—*Mark Twain: Tom Sawyer.*

This word has two distinct meanings: (1.) A braggart, or a man who terrifies and threatens. (2.) The older form, still common, applied to any person or thing which is pre-eminently excellent, e.g., a *bully* horse, "that's *bully*." The *Bully* Bottom of Shakespeare implies a compliment. In Dutch slang *bol* has the same meaning, a head, a leader; as one might say, the *bully* of the crowd. Also an intelligent person. "Boll, 'een man met eenen goeden kop. Bol van de kit, man, of meester van het huis," i.e., "A man with a good head, the master of a house." The word came into Dutch as it did into German slang, from the German-Hebrew, *bal* meaning literally man, but always used to indicate a master, director, or superior.

(Common), a *bully*, a stone or lump of lead tied in the end of a handkerchief (New York Slang Dictionary).

(Football), a scrimmage.

"Change!" was called, and after the first *bully* the ball was rushed down the ground to the chalk line of good calx,

where a *bully* was formed, after which it was walked into calx and five shies obtained before time was called.—*Sporting Life.*

Bully-beef (army), tinned meat; supposed to be made of old bull. The "iron ration," as it is often called, either from its toughness, or the cases of tin or other metal in which it is preserved. (Nautical), boiled beef.

Bully-boss (American), the landlord of a sporting crib, tavern, or brothel. Derived in all probability from *bully* and *boss*, but also agreeing remarkably, though by chance, with the *baal habos*, or "master of the house" of the Jews, which is commoner as *bal bos*; hence the Dutch thieves' slang, *balleboos* (*bāās*), head man of any kind. This is a very curious instance of words of similar forms derived from radically different sources.

Bully-buck (old slang), a man retained by the keepers of brothels, being paid by them to assist in enforcing exorbitant demands on those frequenting such places. Sometimes it was pretended that they were the husbands of some of the inmates, in order by threats of exposure to extort money from simpletons supposed to have been discovered *in flagrante delicto*.

Bully-cock (old slang), a man who, for the purposes of robbery and theft, fomented a quarrel between people, to cloak his nefarious designs.

Bullyrag (American and English), to abuse, revile, or scold vehemently. From the Dutch *bulder-ar*, a blusterer; *bulderaren*, to rage, to bluster, to roar; *bulderarig*, blustering, and *raak*, hitting.

Bully-rook or *rock*, a braggart, occurs in Shakspeare, where it is certainly of Dutch origin, *e.g.*, *buller-brook*, a boisterous fellow. *Bulbra*, Swedish, to make a noise.

The C. C. Well, he's blowing her up; "Look 'ere, Matilda," he sez, "I'm 'anged if they 'aven't bin and let the Throne-room fire out again!" And she sez, "It's no use *bullyraggin'* me, Billiam; speak to the Lord 'Igh Chamberlain about it—it's 'is business."—*Punch*.

Bully-trap, a trap for bullies and blackguards; applied to a man of mild and gentlemanly appearance and demeanour, who, if attacked by a bully, shows unexpected spirit, courage, and determination, and proves more than a match for his assailant.

Bum (public schools), a birching; termed also a belting. (Army), "cherry bums," the hussars, the allusion being obvious. The French *chasseurs* go by the nickname of *culs rouges*.

(Obsolete), *bum* or "bummy," a contraction of bum bailiff. Thus called because he follows the man he has to serve with process.

Here lies John Trull, by trade a *bum*;
When he died
The Devil cried,
"Come, John, come."

To *bum*, to arrest a debtor.

The word, according to Blackstone, is a corruption of "bound" bailiff; but this has been denied, as *bum bailiffs* are no more "bound" than other officers of the law to do justice. Todd quotes passages to prove that it arose from the pursuer catching hold of a man by the tail or hinder part of his garment.

Bumble (common), a beadle, from Dickens' character in "Oliver Twist."

Bumble-crew (journalistic), corporation.

Then spake the chairman to the rate-payers:—

The shindy of to-day exposes all
The apish antics of a *bumble crew*,
The worst this town containeth.
—*Punch*.

Bumbo (old), brandy, water, and sugar; also a negro term for the private parts of a woman.

Bum-brusher, an opprobrious name for a schoolmaster.

Dionysius was forced to turn *bum-brusher* in my own defence, a condition which best suited with a man that delighted in tyranny and blood.—*T. Brown: Works*.

Derived from the too common practice of pedagogues who flog boys with or without reason. The historical *bum-brushers* date from the days of James I. of England and VI. of Scotland—whose tutor, Buchanan, had no greater re-

spect for his royal person than for that of other boys, except on the infrequent occasions when he flogged him vicariously—and from Drs. Busby, Keate, and Arnold in more modern times. In the Glossary to the "Life and Adventures of Bampfylde Moore Carew" it is said that the word "flaybottom" is bestowed upon a flogging pedagogue. It has been suggested that the word is a pun, and a corruption of *phlebotomus*, letting blood, but the word itself gives evidence of its more humble origin.

Bum-charter (thieves), hot bread and water.

Bum-charter is a name given to bread steeped in hot water by the first unfortunate inhabitants of the English Bastille, where this miserable fare was their daily breakfast, each man receiving with his scanty portion of bread a quart of boiled water from the cook's coppers.—*Vaux's Memoirs*.

Bumchik (provincial), inferior beer for harvest labourers.

Bum-curtain (University), short or ragged academical gown.

Bumf (schoolboys), paper; an abbreviation of "bum-fodder." A *bumf-hunt* is a paper-chase.

Bum-fidget (old), a restless, uneasy person who cannot sit still.

Bumkin, or **bumpkin**, a stupid lout, or rustic. From Old Dutch *boomken*, a tree or log. Since

the English term also signified a thick piece of wood, it was readily applied to a blockhead. In French, *bûche*, a log, has also the signification of blockhead.

Bummares, unrecognised hangers-on at Billingsgate Fish Market, who act as middlemen between the wholesale and retail dealers, and who make a profit out of both parties. The word is usually derived from the French *bonne marée*, the good tide or product of the sea.

The *bummarée* is the jobber or speculator on a fish exchange.—*Henry Mayhew: London Labour and the London Poor*.

Bummer (turf), a heavy loss. (American), a slow, lazy fellow; in the French argot, *chie-debout*, a loafer.

The auctioneer . . . never got a bid—at least never any but the eighteen dollar one he hired a notoriously substanceless *bummer* to make.—*Mark Twain: Roughing It*.

San Francisco is the elysium of *bummers*. Nowhere can a worthless fellow, too lazy to work, too cowardly to steal, get on so well.—*Scribner's Monthly*.

(American), one who sponges upon his acquaintances.

In California, men who profess to be journalists, and so obtain free drinks, are called literary *bummers*.—*Hotten's Dictionary*.

Bummer is of Pennsylvania origin, from the German word *bummeler*, meaning the same. During the war the term was applied to the camp-followers

or semi-deserters who followed the Federal army. These irregular heroes, who sometimes rendered good service by fighting desperately, are commemorated as indomitable marauders in the "Breitmann Ballads."

Dey spurred on, dey hurried on, gallopin
shtrait,
Boot for Breitmann help coomed yoost a
liddle too late,
For ash de Lawine goes smash mit a bound,
So on to de *bummers* de repels coom down.

Ulrich aus Gailingen's deadt ash a toad,
Und Sepperl—Tyroler—shpoke nefer a

But yoost "Mutter Gottes!"—and died

Bump, making a (boating, university), catching the boat in front and knocking against it, the boats being arranged two lengths apart in the race in their previous order of merit.

The chances of St. Ambrose's making a *bump* the first night were weighed.—*Macmillan's Magazine*.

Bumper (theatrical), a very full house at a popular performance. The word *bumper*, for a full glass of liquor, from which the theatrical term is derived, was in the early days supposed to be derived from toasts drunk to the health of the Pope, the "bon-père" of all true Catholic Christians. This explanation is no longer generally accepted, since the word is rightly regarded as a corruption of bombard, a drinking vessel, but originally signifying a cannon.

This derivation is borne out by the circumstance that the French call *canon* a glass of wine drunk at a wine-shop.

Bum perisher, or **shaver**, a short-tailed coat, termed *rasc-cul* in French slang.

Bumping races (university). In the eight-oared races at the universities the competing boats start one behind the other at a given distance. When a boat *bumps* (i.e., touches any part of) the boat in front, it takes the other's place in the next race. The races are always rowed in two divisions, about twelve to fifteen in each, and the head boat in the lower division is the last boat in the first division, and is called the sandwich boat. The first boat in the first division is called the Head of the River.

Bump supper (university), explained by quotation.

A *bump supper*, that is, a supper to commemorate the fact of the boat of one college having, in the annual races, "bumped" or touched the boat of another college immediately in front.—*Cuthbert Bede: Adventures of Mr. Verdant Green*.

Bumptious (common), apt to take offence, quarrelsome without adequate provocation. Evidently from "bump," which Skeat derived from "boom," to make a hollow sound. Dutch, *bommen*, one who roars or resounds at once, to swell up or bounce.

I heard that Mr. Sharp's wig didn't fit him, and that he needn't be so "bounce-

able"—somebody else said *bumptious*—about it, because his own red hair was very plainly to be seen behind.—*Charles Dickens: David Copperfield.*

Bumsquabbled (American), crestfallen.

The judge said . . . he had got too much already, cut him off the other two-thirds, and made him pay all costs. If he didn't look *bumsquabbled* it's a pity.—*Sam Slick: The Clockmaker.*

Bumsucker (society), a very vulgar expression in common use among men in society for a toady. One who is a hanger-on and flatterer of great men, and who will do their dirty work for them. In French, *lèche-cul*.

Bum-trap (old), bailiff.

The noble *bum-trap*, blind and deaf to every circumstance of distress, greatly rises above all the motives to humanity, and into the hands of the jailor resolves to deliver his miserable prey.—*Fielding: Tom Jones.*

Bun (American), a fellow who cannot be shaken off. (Common), to have the *bun*, to get the better of, to surpass.

O Lord! to think I deemed myself most fly.

This infamie most surely has the *bun!*
—*The Sporting Times.*

Bunce (trade), commission from tradesmen and others, blackmail, sums of money, of which both the employer and employed are defrauded by the middle man, through whose hands the money passes at some time or

other prior to reaching its destination. In large theatres there are frequently four or five hundred persons employed in various departments, and the head of each department holds his own treasury.

(Turf), profit, interest on money,

(Popular), money.

For though I am neither a fool nor a dunce,
Whatever I prig other folks get the *bunce*.

—*T. Browne: Unlucky Individuals.*

The boys *will* try it on for their *bunts*.
—*L. L. and L. P.*

According to Hotten from *bon* or *bonus*, probably the latter.

Buncer (trade), one who *bunces* or exacts *bunce* (which see).

Bunch (common), a blow. (American), to *bunch*, to gather up, purse up.

The speaker *bunched* his thick lips together like the stem-end of a tomato.—*Mark Twain: The Gilded Age.*

Bunch of fives (popular), the fist.

M'Auliffe does not seem to appreciate the honour of standing up to Carney again. He says he won't be ready for three months. One taste of the Birmingham boy's quality seems to have been quite sufficient for the American lightweight champion. It is extremely improbable that M'Auliffe will ever again come within reach of Carney's *bunch of fives*.—*Sporting Life.*

Bunco. *Vide* BUNCO.

Buncombe or **bunkum** (American), talking big, affecting en-

thusiasm, but always with an underhand purpose. Sometimes used, especially in England, to denote mere magniloquence. Mr. Hotten has made the discovery that "it arose from a speech made by a North Carolina senator named Buncombe." The truth is that these are two words, of the same sound but of entirely different origin, and with different meanings. One originated, it is said, as follows (*vide* Bartlett): A member of the House of Representatives, when making a windy speech about nothing then before the House, being asked why he did so, replied that he was speaking to or for *Buncombe*. But long before this story arose, it was usual in New England to express great approbation or admiration of anything by calling it *bunkum*, and this was derived from the Canadian French, "Le buncum sa" ("il est bon comme ça"), "it is good as it is." There was a negro song fifty or sixty years ago with this refrain:—"Bom-sell ge mary, lebrunem sa." This is presumed to be negro Canuck-French for "Mam'selle je marie, elle est bonne comme ça."

The *bunkum* bestowed at Threadneedle Street Board.

—*Punch*.

Another American importation is *bunkum*, a word generally used to signify empty, frothy declamation. It is said to be derived from the action of a speaker who, persisting in talking to an empty house, said he was speaking to *Buncombe*, the

name of the place in North Carolina which he represented.—*Cornhill Magazine*.

Buncomise, to (journalistic), to talk twaddle.

Experience has taught me the inutility of interviewing. You set a man at once at weighing his words, and he either gammons you intentionally, *buncomises*, or is reticent, so as to be of no service.—*A Forbes: My Experiences of the War between France and Germany*.

Bund (Anglo-Indian), an artificial bank or wharf.

"This term is also naturalised in the Anglo-Chinese ports. It is there applied to the embanked quay above the shore of the settlements" (Anglo-Indian Glossary).

Bunder (Anglo-Indian). Persian *bundar*, a seaport landing-place, harbour, or custom-house.

Bundling (old), a custom of unmarried people of different sexes, or lovers, sleeping together, but with clothes on, or under such conditions that coition is supposed not to take place. It has been described by Wright as Welsh, by Bartlett as American, but it is to be found anywhere or everywhere in the world among the commoner sort of people (and occasionally among the other class), when opportunity presents itself. Mr. Bartlett thinks it is not now practised in the United States. He evidently does not know the Pennsylvanian Dutch or New England, where the custom still prevails.

Washington Irving acted rather unfairly when he described *bundling* as something which the Dutch learned from the Yankees, since it was in full bloom in Holland at the time of which he wrote, and is thus described by Sewel (1797):

“*Queeston* is an odd way of wooing usual in some sea towns or Isles of Holland, after this manner. When the wench is gone to bed, the fellow enters the room and lays himself down in his clothes upon the blankets, next unto her, with one window of the room open, and thus he talks with her, very innocently—as it is reported.”

It is said of a damsel in Connecticut, who expected her lover to come and *bundle* with her, that her mother bade her put both her legs into a pillow-case, and tie it round her waist. The next morning she asked her if she had kept her “limbs” in the bag, to which Miss Innocence replied, “Ma, dear, I only took *one* out.”

Bung (common), a brewer or a landlord of a beerhouse.

A Peerage and a Beerage.—Within the last few years several “bungs” have been made Peers. There is no particular objection to this, for brewing is just as likely to produce an individual who is so thoroughly impregnated with legislative wisdom that he will propagate legislators, as shooting pheasants, or any of the other occupations to which those who become Peers generally devote themselves, and a beerage is as glorious an institution as a Peerage. The only difficulty seems to me to be this: The title becomes a sort of Government

guarantee that the beer of its possessor is good, and, therefore, any one whose beer is up to par ought to have a right to claim a Peerage, for otherwise competition will not be carried on between the *bungs* under fair conditions.—*Truth*.

A pickpocket, sharper, a purse. This very old English cant word is still in use among American thieves in the phrase “to go *bung*,” which is the same as “to go bang,” derived from the popping of a cork, or the *bung* of a barrel; lost, gone.

In this case the title of the “Queen’s Fund” has been sufficient to damn what otherwise, beyond doubt, would have been a widely beneficial charity. It cannot be thought, however, that the Queen herself will be consumed with sorrow even if she does happen to hear that this abortion has “gone *bung*.”—*Australian Journal*.

(Pugilistic) to give, pass, hand over; “*bung* over the rag,” hand over the note. (Popular), in a public-house game called “cod ’em,” when one of the opposite party suspects the *piece* to be in any particular hand, he places his own over it and exclaims “*bung* it here,” *i.e.*, give it up.

Bunged peeper (common), an eye closed by a blow.

There is, I think, no natural connection between the *bung* of a barrel and an eye which has been closed by a blow. But when we reflect on the constant mingling of gypsies with prize-fighters, it is almost evident that *bongo* may have been the origin of it. A *bongo yakko* (or *yak*), means a distorted, crooked, or in fact a *bunged eye*. It also means lame, crooked, or sinister.—*The English Gypsies and their Language*.

To bung is good English for to close up.

Bung-juice (thieves), porter or beer (New York Slang Dictionary).

Bunk (American), a wooden case or bench "which serves for a seat by day and a bed by night" (Bartlett). In America denotes generally a rough bed or place for sleeping. Dutch, "slaap *būnk*," a settle-bed, or press-bed. American, "to *bunk*."

. . . And so pass over the rest of his voyage by saying that he was confined to his *bunk*, and saw no more of it.—*H. Kingsley: Ravenshoe.*

Bunker (popular), beer. (American), large, fine, remarkable. East of England, *bonker*. This word suggests a possible origin of Buncombe.

Bunko, bunco (American), from the Italian *banco*, a bench or bank. A game at cards, like three-card monte, and is usually simply a swindle. It is described by Inspector Byrnes, Chief of Detectives in New York, substantially as follows. It is apparently so simple and honest that the shrewdest men are readily induced to try it, and are thus fleeced. There are forty-three spaces upon a *bunko* "lay out," forty-two are numbered, and thirteen contain stars also (no prizes), one is blank, and the remaining twenty-nine represent prizes ranging from

two to five thousand dollars. The game can be played with dice or cards. The latter are numbered with a series of small numbers ranging from one to six, eight of which are drawn and counted, and the total represents the number of the prize drawn. Should the victim draw a star number he is allowed the privilege of drawing again by putting up a small amount of money. He is generally allowed to win at first, and later on the game owes him from \$1000 to \$5000 (*i.e.*, from £200 to £1000). This is when he draws the conditional prize, No. 27. The conditions are that he must put up \$500 (£100), or as much as the dealer thinks he will stand. This is explained to him as necessary to save what he has already won, and to entitle him to another drawing. To inveigle men to play *bunko*, the most extraordinary pains are taken, and the *bunko*-steerers or "touts," who seek for victims, are selected from the most gentlemanly-looking, well-educated persons that can be found. There are innumerable instances of lawyers and others, who knew the world well, and who were perfectly on their guard as to *bunko*, being taken in by it, and half ruined. Its extraordinary vogue in the United States justifies this detailed description of it as *præmonitus*, *præmunitus*. The writer is well acquainted with an English gentleman who, while travelling in the United

States, was "bunkoed" out of several thousand dollars.

Bunkum. See BUNCOMBE.

Bunny grub (Cheltenham College), green vegetables, called "grass" at the Royal Military Academy.

Bunon (Anglo-Indian), applied to any humbug, "anything fictitious or factitious," a cram, a shave, a sham (Anglo-Indian Glossary).

You will see within a week if this is anything more than a *bunon*.—*Oakfield*, ii. 58.

Bun-struggle or **worry** (army), a tea meeting; an entertainment to which benevolent souls occasionally invite the soldiers in a garrison, but which has generally smaller attractions for them than the canteen or public-house.

Bunt (common), an apron, properly sail canvas; to *bunt*, to jostle.

Bunter (common), a street-walking thief, a prostitute.

Bunts. See BUNCE.

Burick (Australian convicts' slang), a whore. Introduced into Australia by the convicts transported thither.

Burick is a prostitute, or common woman.—*Vaux's Memoirs*.

Burking (army), dyeing the moustache and whiskers. It was at one time the custom for the whole of the men in smart

cavalry regiments to dye their moustaches, &c., black, to *burke* or suppress their natural colour. This was for the sake of uniformity. Fashion in hair has always been a feature in military life. As in the past each corps prided itself on its own peculiar arrangement of pigtail and powder, so now there are regiments in which public opinion demands a hard and fast rule about hair. Few will tolerate whiskers; Piccadilly weepers, Dundrearies, as they were once called, are universally despised; and where the beard is permitted to be worn, as in India, its dimensions and trimming are often the subject of precise regulations. *Burking* meant formerly to stifle, from Burke, who was hung in 1829 for murder by suffocation of persons whose bodies he sold to surgeons for dissecting.

Burn (thieves), cheat; *burners*, swindlers with dice and cards; *burnt*, infected with venereal disease (New York Slang Dictionary).

Burner (old slang), an acute form of a certain stage of a contagious disease.

Burr, to (Marlborough College), to fight.

Burra-beebee (Anglo-Indian), a great lady, a grande dame, a lady-swell. (Gypsy), *bāro beebee*.

This is a kind of slang word applied in Anglo-Indian society to the lady who claims precedence at a party.—*Anglo-Indian Glossary*.

The ladies carry their *burra bibi-ship* into the steamers when they go to England. My friend endeavoured in vain to persuade them that whatever their social importance in the City of Palaces, they would be but small folk in London.—*Viscountess Falkland: Chow-Chow*.

Burra khana (Anglo-Indian), a grand feast, a big dinner. In English gypsy, *bāro habben*, from the same Indian roots.

Burra sahib (Anglo-Indian), the chief, or head, or master. A great man.

Burst (sporting), lively pace, smart race, spurt.

During "a good *burst*" one of the hunt lost both "sight and sound" of the pack, and riding along almost disconsolate overtook a "yokel," and at once asked him if he had seen the "hare and hounds."

"Ees, zir, I seed a dog chasing a hare."

"Which way were they going?"

"Ah, zir, I can't tell 'ee that; all I could see was the dog was having the best of it."

—*Sporting Times*.

Burying (old cant), "*burying* a wife" signifies the feast given by an apprentice on the completion of his term of apprenticeship, and becoming a free man, to set up in business for himself. (Common), "*burying* a moll," forsaking a wife or mistress.

Bus (common), abbreviation of omnibus.

An experiment was recently made of a female omnibus conductor on the new line

between Piccadilly Circus and King's Cross. She only lasted a day. Most probably she met with an offer of marriage and closed her connection with one *bus* to get another as legitimate.—*London Court Journal*.

(Theatrical), contraction of "business." Pronounced *biz*. The dramatic action of a play is described in all written parts as *bus*. The dumb show described in Hamlet is all *biz*. *Biz* is also applied to the commercial affairs of the theatre. as "good *biz*" or "bad *biz*." (Anglo-Indian), *bus!* "Enough!" "Hold hard!" "Stop there!" "That will do!" "Hold your horses!"

(American), "to *buss*," to punch, probably from "burst." "I'll *buss* your head" is a common threat.

Bushed (up country Australian), lost in the bush or uncleared country primarily, and hence bewildered.

Despard was on these occasions always accompanied by one of the boys, for John feared that he might get *bushed*; but he himself and the other boy went separately.—*A. C. Grant*.

(Common), "*bushed on*," much pleased. "I am awfully *bushed on*," that takes my fancy.

(Old slang), applied to a poor man without money. "He's completely *bushed*," *i.e.*, destitute.

Bushel, to (American), to repair garments. German *büszeln*, to mend, hence "busheler," a

tailor's assistant, whose business it is to repair garments (Bartlett).

Bushel-bubby (old slang), a large and full-breasted woman.

Bushwhackers (West Indian), men who squat alive in the "bush," leading an idle, useless existence.

(American), during the Civil War guerillas or irregulars were called "bushwackers." To "bushwack" a boat is to draw it along by seizing the bushes on the banks.

Bushy park (rhyming slang), a lark. "A man who is poor is said to be 'in bushy park,' or 'in the park'" (Vaux's Memoirs).

Business (theatrical), the movements of the actors, their look and tone.

The success of one of these pieces depends not upon verbal joking, good or bad, but upon *business*.—*Saturday Review*.

Playing well or ill, according to the mood in which she may happen to be, an actress of Madame Bernhardt's *trempe* naturally varies her *business*.—*Times*.

(Singers), singing professionally.

She began her *business* in a deep sweet voice.—*Thackeray: History of Pendennis*.

(American), "the *business-end*," the end of any object which is put to practical use. The *business-end* of a mule is his heels.

If, on an occasion of this nature, one stationed himself behind the door, and, as a sort of preliminary warning to the others,

greeted the first interloper with the *business-end* of a boot-jack, he would be morally certain of a lively one-sided misunderstanding that might end disastrously to himself.—*J. Stevens: Around the World on a Bicycle*.

Busk, busking (trade), explained by quotation.

They obtain a livelihood by *busking*, as it is termed, or, in other words, by offering these goods for sale only at the bars or in the tap-rooms and parlours of taverns.—*H. Mayhew: London Labour and the London Poor*.

From a furniture carter of this description I received some most shocking details of having to *busk* it, as this talking about goods for sale is called by those in the trade.—*H. Mayhew: London Labour and the London Poor*.

(Low actors), getting one's living on the road, by recitations in tap-rooms, &c.; probably from *buskin*.

Busking is going into public-houses and playing and singing and dancing.—*H. Mayhew: London Labour and the London Poor*.

(Tramps), singing.

Buskers (popular), men who go about performing, singing, or playing in a low way in the streets or in public-houses.

Then Mary Jones happened to meet
A tumbler whose real name was simply
John Brown,

While slanging one day in the street.
His form so attractive, his figure so neat,
So unlike common *buskers* was he,
So pleasing his tricks she enchanted became,
And soon forgot all about me.

—*J. Lloyd: The Flying Lady*.

Buss. See **BUS**.

Bust (thieves), a burglary.

“Fatty Bill, from City Road, rem. for a *bust* ex. 2 years,” means that William . . . has been compelled to leave his congenial haunts in the City Road as he is remanded for a burglary, and anticipates two years’ hard labour.—*Rev. J. W. Horsley: Jottings from Jail.*

(Royal Military Academy), to go on the *bust*, to go to town for amusement.

(American), a burst, a frolic, a debauch, a spree. The reference in the following paragraph is to an American Minister to Mexico, who was said to have indulged in a *bust* of unwonted magnitude.

An article has appeared recently upon “*Busts* of the Vice-Presidents.” Something upon the *busts* of Foreign Ministers would possess more of current interest.—*Omaha Herald.*

(Thieves), to *bust*, to inform, to “split;” to commit a burglary. (American), to destroy.

They was by this time jined by a large crowd of other Southern patriots, who comenst hollerin, “Hang the bald-headed aberlitionist, and *bust* up his immoral exhibition!”—*Artemus Ward.*

Buster (popular), a small new loaf, termed also “burster;” a “penny-worth of bees-wax and a penny *buster*,” *i.e.*, bread and cheese.

I can't get at it, I can't get at it,
I like the faggots tho' they smell.
But now the penny's down the well,
I can't get at it, I can't get at it.
I thought I'd have a *buster* but it's all
no go!

—*Song.*

(American), anything large in size, a drinking bout, a man of great strength.

He tackled some of their regular *busters* and they throwed him.—*Mark Twain: Dry Diggings.*

(Australian), southerly *buster*, southerly wind of great violence.

(Thieves), a burglar. (Common), anything large, of extra size; a spurt.

At frequent intervals during the day, the cattle, animated by a sudden impulse, broke back and made a determined charge through the drivers, with their heads turned homewards. Whenever this took place, the overseer, after turning them round, gave the mob a *buster* at a severe pace during the next half hour to take the wind out of them.—*Nichols: Wild Life and Adventure in the Australian Bush.*

Wot odds arter all? We're jest ditto: I'm not bad at bottom, sez you.
Well, thank ye for nothink, my joker. As long as I've bullion to blue,
I mean to romp round a rare *buster*, lark, lap, take the pick of the fun,
And, bottom or top, good or bad, keep my heye on one mark—Number One!

—*Punch.*

Bustle, a dress-improver, the protuberance behind on a woman's dress. Before 1855 and 1856 ladies had begun to wear crinoline and skeleton skirts. Then came the *bustle*, an artificial appendage intended to produce the impression that the wearer had a full *glute x maximus* or *séant*. Of late it has assumed enormous dimensions, far surpassing anything characteristic of the most fully developed Hottentot Venus.

“Nothing has outstripped the *bustle* in its gigantic strife for prodigious excellence. It is remarkable that this form of fashion,

which has never been literally to the front, has still left all other rivals behind. . . . We can recall when this startlingly reproductive fruit received the distinct impetus which has borne it through successive stages to the present extraordinary condition of development." (The writer here displays great knowledge in proving that it was the use of *bustles* during the American war, as places for concealing valuables, which led to their increase in the United States.) "At this crisis the *bustle* played a historic part. It became a safe deposit vault for imperilled jewellery and plate.

"When the *bustle* shall have been developed to its probable limit, the lady who wears one will certainly escape recognition, if not observation. Our attention was lately called to a *bustle* of the pneumatic species. This is a graft of the bulb variety, and is filled with atmospheric oxygen, and it was propelling a young lady before it, much as a perambulator is advanced by a nurse. This *bustle* was the admiration that day of the entire city of Augusta. She wore a terra-cotta chimney-pot hat, and what with the pneumatic *bustle*, the beautiful creature closely resembled a rural summer cottage with a stove-flue fixed at one end."—*History of the Bustle: Greensboro (Ga.) Home Journal*.

(Popular), money.

To *bustle*, to tie up into bundles or to make bunches.

Bustled (common), confused, puzzled.

Busy-sack (popular), a carpet-bag.

Butcha (Anglo-Indian), the young of any animal.

Butcher, the (American), a boy who is allowed to pass through the line of "cars" or carriages on a railway for the purpose of selling a great variety of articles.

He is generally considered, to judge by the tenor of the remarks and anecdotes in the newspapers, as an intolerable annoyance. He leaves with every passenger, *volens volens*, newspapers, books, sweets, fruit, toys, &c., all of which must be carefully guarded, or returned if not purchased, under the penalty of incurring that unlimited "sass" in which youths of his class are generally so proficient. The following incident, from the *Detroit Free Press*, gives a faithful picture of the temptations offered by the *butcher* :—

On a Michigan central train the other day as the *butcher* came into the car with a basket of oranges, an old man, whose wife sat beside him, was very anxious to buy half-a-dozen, but she waved the boy on with, "He can't have 'em. He never eats one without the juice runs down on his shirt bosom."

(Common), the king at cards, called *un bœuf* in French slang.

(Prison), the *butcher* is a nickname for the doctor. Otherwise termed "sawbones," "croaker."

Butter, to (common), to praise a person too flagrantly; "to pass the *butter* boat," is to indulge at public dinners in laudatory toasts of the prominent or distinguished persons who are present. The phrase has its counterpart in the Scottish proverb, "Claw me and I'll claw you." From *clire*, to praise, and signifying "Praise me and I'll praise you." The English proverb, "Fine words *butter* no parsnips," took its rise in a kindred idea.

I'll *butter* him, trust me. Nothing comforts a poor beggar like a bit of praise when he is down.—C. Kingsley: *Two Years Ago*.

—*Poor Robin*, 1694.

I paid the *buttock* hire;
The night was dark, and through the park
I couldna' but convoy her.

Robert Burns: *On the Cuttie Stool*.

Buttock and file (old cant), a shop lifter.

The same capacity which qualifies a mill-ben, a bride-cull, or a *buttock and file* to arrive at any degree of eminence in his profession would likewise raise a man in what the world esteem a more honourable calling.—*Fielding*: *Jonathan Wild*.

Butty (Cheap Jacks), a partner. (Provincial), a companion or partner in a piece of contract work.

A *butty* collier is one who contracts with the mine owner to raise the coal at so much per ton, employing other men to do the actual work. The word is from the gipsy dialect. A "booty pal" is a fellow-workman, literally a "work brother." In the mouths of navvies or rough workman "pal" would soon be dropped, and *butty* would represent the original phrase.—*Eliezer Edwards: Words, Facts, and Phrases.*

(Army), comrade, chum. (Popular), a policeman's assistant.

Buy a prop (Stock Exchange), a recommendation signifying that the market is flat and there is nobody to support it.

Buy his time, to (American). Before the war slaves often bought themselves free by instalments, paying down so much money at a stated time. When, for instance, a slave had thus paid half the money, half of his time would be his own. It happened thus that a man of colour who was half redeemed fell into a flood and narrowly escaped drowning. On being asked what his thoughts were on finding himself so near death, he replied that he couldn't help thinking what a fool a man was to risk money "in such unsarten property as niggers." Many negroes also hired their own time, paying so much per day or week for it, trusting to earn more.

Buz or buzz, to (common), to share equally what remains in a bottle, or to pour out the last drops from a decanter.

Get some more poit, whilst I *buzz* this bottle here.—*Thackeray: Vanity Fair.*

(American, according to Bartlett, but quite as much English), to pick pockets while engaging a victim in conversation, or while a confederate does so, i.e., while "buzzing" to him.

Scores of other visitors know to their loss how they were *buzzed*. The Plunger had his note-case, containing over £200 in notes, extracted from his fob.—*Bird o' Freedom*.

Buz in thieves' slang was originally to whisper; it is now common in the sense of talking confidentially or earnestly to anybody.

"I saw you talking to Blank on the corner over there."

"Yes."

"*Buzzing* you to vote for him?"

"Yes."

"But you can't do it."

"No."

"And you told him so?"

"Well, not right away."

"What were you waiting for?"

"Why, I didn't tell him so until I had asked for the loan of \$5, and he said he didn't have it."—*Detroit Free Press*.

(Popular), to talk, to make a speech.

Old bottle-blue *buzzed* for a bit, And a snifty young Wiscount in barnacles, landed wot 'e thought a' it.

—*Punch*.

Buz-bloke (thieves), a pickpocket.

Buz-cove (Australian convicts' slang), most likely taken out to Australia by the convicts transported thither.

Vaux, in his "Memoirs of Convict Life in Australia," says: "*Buz-cove* or 'buz-gloak,' a pickpocket; a person who is clever at this practice is said to be a 'good buz.'"

Buz-man (thieves), a thief; an informer.

Buznapper (old slang), a constable, one who "knaps" or takes

"buzzers" or pickpocket. Also a young pickpocket.

Buznapper's academy, a school in which young thieves were trained. Figures were dressed up and experienced tutors stood in various difficult attitudes for the boys to practise upon. When clever enough they were sent on the streets. Dickens gives full particulars of this old style of business in "Oliver Twist" (Hotten).

Buznapper's kinchin (old cant), a watchman.

Buzzard (American), an oppressive, arrogant person, jealous of rivalry, and vindictive. The Wiggins alluded to in the following paragraph is a celebrated though not very successful American weather-prophet.

Wiggins pronounces Professor Proctor "a *buzzard* among scientists, devouring every young man whom he finds making any pretensions." If he can succeed in eliminating the pretentious Wiggins, the country will rise up as one man and call him blessed.—*Chicago Tribune*.

Buzzard dollar (American), so called from the eagle on it, which captious critics think looks like a turkey-*buzzard*.

The waiters all expect something from you. They are very cunning, and always bring plenty of small change, so that if one is inclined to give he can find no excuse. They will take anything you give them, from a nickel up to a *buzzard dollar*, and look happy.—*Chicago Tribune*.

Buzzer (thieves), a pickpocket.

By golly! a mild oath.

By gum! (American), a mild oath.

One night she was gone, *by gum!*
But as soon as ever I missed her,
From the king, for a glass of rum,
I bought her younger sister.

—*The Ballad of William Duff*.

By Jingo! (common), an exclamation denoting surprise, indignation, defiance. See JINGO.

By the wind (nautical), hard up, in pecuniary need.

CAB (common), a brothel. The term arises from the fact that four-wheeled cabs are sometimes used

for certain purposes.

The French argot describes a four-wheeled cab as *bordel ambulante*.

(University), explained by quotation.

Those who can't afford a coach, get a *cab*, alias a crib, alias a translation.—*C. Bede: Verdant Green*.

(Tinker), a cabbage.

Cabbage (tailors and dressmakers).

This is given as a cant word for private theft by dictionaries of the beginning of the nineteenth century, but it is used now in a slangy sense only in reference to the purloining by tailors of pieces of cloth.

Did any one ever yet hear of a working tailor who was proof against misappropriation of his neighbour's goods, or, as he play-

fully designates it, *cabbage*? Is it not a standard joke in the trade this *cabbage*? Did one ever hear of a tailor being shunned by his fellow-workmen, or avoided by his neighbours, on account of his predilection for *cabbage*? Yet what is it but another word for "theft"?—*J. Greenwood: Seven Curses of London*.

Formerly *carbage*.

Lupez for the outside of his suite has paid;
But, for his heart, he cannot have it made;
The reason is, his credit cannot get
The inward *carbage* for his cloathes as yet.

—*Herrick: Hesperides*.

Wright gives the following definition of *cabbage* used as a verb, "to purloin or embezzle, as pieces of cloth, after cutting out a garment; properly and originally to cut off the heads of cabbages, and occasionally also such as are not our own but belong to others." This derivation is borne out by the old French *cabuser*, to deceive, cheat,

from *cabus*, a white-headed cabbage.

Cabbage-head (common), a soft-headed person.

Cabbager (common), a tailor. Formerly *cabbage* contractor.

Cabbage-tree mob (obsolete Australian slang), now called "larrikins," not quite equivalent to the London street rough or loafer, because they generally are or might be in prosperous circumstances. Thus called on account of the emblem of their order being the low-crowned cabbage-palm hat.

There are to be found round the doors of the Sydney Theatre, a sort of loafers known as the *cabbage-tree mob*, a class whom, in the spirit of the ancient tyrant, one might excusably wish had but one nose in order to make it a bloody one.—*Lieut.-Col. Munday: Our Antipodes.*

The modern larrikin has exchanged the *cabbage-tree* for a black wideawake felt hat (hence called the "larrikin hat"), which he wears with its brim turned down. The clothes he most affects are "shiny black," with a velvet collar, and his boots have ridiculously high heels.

Cabbagites. See CABBAGE-TREE MOB.

Unaware of the propensities of the *cabbagites*, he was by them furiously assailed for no better reason, apparently, than because, like "Noble Percy," "he wore his beaver up."—*Lieut.-Col. Munday: Our Antipodes.*

Cab-bilking (common), cheating a cabman out of his fare.

Some of the methods of *cab-bilking* are very artful and curious. One is to order a Jehu to set down a fare at a restaurant or tavern having a back entrance in another street, and to await the return of the latter for a few minutes. On this being done, the rider, after partaking of refreshments, decamps by that exit, to the loss and indignation of the driver, who often only learns that the hirer has defrauded him after waiting for a long time beyond that which he has been asked to stay.—*Globe.*

Cabby (general), driver of a cab.

No wonder Lord Ronald Gower is popular among *cabbies*. Last night he presided over the meeting of the Cabdrivers' Association, and in his speech he remarked that "he always gave *cabby* what he called the inevitable extra sixpence, particularly if he found that the driver was kind to his horse."—*Globe.*

Cable-hanger (nautical), a person catching oysters in the river Medway, not free of the fishery (Smyth).

Cab-moll (common), a prostitute in a brothel.

Cabob, kibob, khabaub (Anglo-Indian), used in Anglo-Indian households for any kind of roast meat. Properly it is applicable to small slices of meat on skewers, with slices of onion and green ginger between them, the whole being seasoned with pepper and salt, butter, &c. In a plainer form it is common in Venice, and perhaps in all parts of Italy.

Cabobbled (nautical), confused, puzzled.

Caboodle (American), a New England expression, originally used by coasting sailors. It means the entire party, all the set or clique. It is probably a slang modification of the Spanish word *cabildo*, which means the same thing.

Cackle (circus), the dialogue of a play. Some actors seek to derive this word from cacalogy. It is, however, far more likely to have been derived by the equestrian performers, who introduced and popularised it, from the more homely "cluck, cluck" of the humble barn-door fowl, after the process of laying an egg.

When manager of Astley's, the great Ducrow, who shared the hatred which his craft has always more or less entertained towards the actor, was wont to apostrophise the performers in his equestrian drama after this fashion: "Come, I say, you mummies" (see MUMMERS), "cut your *cackle*, and come to the 'osses!"

(Roughs), talk.

He was dabs at the *cackle*.—*Punch*.

Cackle-chucker (theatrical), the prompter, whose duty it is to "chuck out" the words, *i.e.*, to prompt the actors when they forget, or don't know the words—a matter of rare occurrence amongst the hierarchy of English actors. As a rule, the prompter is the hardest worked and the worst paid man in the

theatre. Notwithstanding his proverbial industry and ability, under no concatenation of circumstances has a prompter ever been known to "give the word" at the precise moment when it is wanted. One of our most famous stage-managers, a well-known tragedian, is wont to affirm with grim humour that he has observed during a prolonged experience that the first qualification for a prompter is "not to know how to prompt."

Cackle merchant (theatrical), the author of a play.

Cackler (popular), talker.

The captain was a good-looking fellow, and a good fellow, too. "He ain't much of a *cackler*," thought Susie, when they had sat together for a little while.—*Ally Sloper's Half Holiday*.

(Thieves), a fowl; "prig of *cackler*," one who steals fowls.

Cackler's ken (thieves), hen roost.

Cackle-tub (common), a pulpit. Very old slang, but still in use.

"Jack, he goes to church," said Hass, lifting her eyebrows dubiously, "I don't rightly know to what shop, and it's too far off, maybe, and I ain't got a prayer-book; but I sorter think if yer'll borrow Lucy's chair to wheel me, I'll go and sit under the *cackle-tub* in Little Bethel next Sunday.—*Savage: London*.

Cackling-chete (old cant), a fowl.

She has a *cackling-chete*, a grunting-*chete*, ruff pecke, cassan and poplarr of yarum.—*T. Harman: Caveat*.

i.e., "She has a fowl, a pig, bacon, cheese, and milk porridge."

Cackling - cove (popular and thieves), an actor.

Cackling farts (old), eggs.

Cad (common). The word is hardly slang in some of its senses. It has various meanings, such as omnibus conductor.

The spirited proprietor, knowing Mr. Barker's qualifications, appointed him to the vacant office of *cad* on the very first application.—*Sketches by Boz (The First Omnibus Cad)*.

An 'Arry or street boy; a mean or ill-bred fellow; or one vulgar in feeling, to be met with, like the snob, in every class of society. Among a certain class, tradesmen, merchants, workmen.

Thirty years ago, and even later, the young men of the labouring classes were the *cads*, the snobs, the blackguards.—*Kingsley: Alton Locke*.

At public schools and universities the term applies to townsmen. Possibly derived from "cadger," or Irish *cadas*, fustian, rag. More probably from *cadet*, used in a sense of inferiority. "Caddee" is a provincialism for under-servant, and in France, in the provinces, *cadet* is a nickname sometimes given to a poor, half-witted hanger-on, to a young farm-servant, or to an ass. "Un fameux *cadet*" is an expression used by the French in a contemptuous manner, and applied to a puny fellow who puts on airs. It has been suggested that *cad* comes from the Scotch *cadie*, a term for-

merly applied to the carriers of sedan-chairs. The character and occupation of these men were regarded with much contempt.

Caddy-butcher (popular), explained by quotation.

The calf . . . the veterinary surgeon had advised him to sell it to some *caddy-butcher*, *i.e.*, one who buys horses to sell for horse meat.—*Standard*.

Cade, the (society), the Burlington Arcade. At certain times of the day this covered walk is the lounge of fast men of the town and the better class of the *demi-monde*.

Cadge to, properly to beg; supposed to be derived from *cadge*, a basket carried by beggars, in the same way that to beg is from "bag," originally to carry. Slangily applied to waiters who hang about for a gratuity.

Mr. — has, further, my congratulations on the excellence of the waiters employed. They are smart, don't *cadge*, and are models of civility.—*Sporting Times*.

(Scholastic), to try and get pupils or hints by sneaking means.

Cadge-cloak (old cant), a beggar.

Cadge-cloak, curtal, or curmudgeon, no Whip-Jack, palliard, patrico . . . nor any other will I suffer.—*Bampfylde Moore Carew*.

Cadger, properly a trickster, a tramp or vagabond who either begs or sells small articles by the way as he tramps from place to place.

The full extent of the society's usefulness, according to vulgar prejudice, is represented by the unfortunate *cadger* pounced on in the act of receiving alms, and carried before a magistrate to account for that enormous iniquity.—*J. Greenwood: Seven Curses of London.*

Slang meaning explained by quotation.

I may here remark that amongst people of my born grade no one is so contemptuously regarded as he who is known as a *cadger*. The meaning they set on the word is not the dictionary meaning. The *cadger* with them is the whining beggar—the cowardly impostor, who, being driven or finding it convenient to subsist on charity, goes about his business with an affectation of profoundest humility, and a consciousness of his own unworthiness; a sneaking, abject wretch, aiming to crop a meal out of the despising and disgust he excites in his fellow-creatures.—*J. Greenwood: The Little Ragamuffins.*

Cadging, properly begging.

I've got my living by casting fortins, and begging, and *cadging*, and such like.—*H. Kingsley: Geoffrey Hamlyn.*

I don't say that they were all beggars—probably not more than a third of them were—but what one in vain looked for was the "jolly beggar," the oft-quoted and steadfastly believed in personage who scorns work because he can "make" in a day three times the wages of an honest mechanic by the simple process of *cadging*.—*J. Greenwood: In Strange Company.*

Slangily applied to cabmen when they are off the rank soliciting fares, or to waiters who hang about and fawn for a gratuity.

Cady (popular), a hat, from an old style resembling a barrel. "Cade," provincial English for a barrel or small cask.

Caffre's tightener (South African), bread or food of any kind, as distinguished from drink.

Cag, to (schoolboys), to irritate (Hotten).

Cage (thieves), a prison.

Cagg, to (military), to abstain for a certain time from liquor. Grose, in his "Classical Dictionary of the Vulgar Tongue," says, "This is a military term used by private soldiers, signifying a solemn vow or resolution not to get drunk for a certain time, or, as the term is, 'not till their *cagg* is out,' which vow is commonly observed with strictness;" *e.g.*, "I have *cagged* myself for six months," "Excuse me this time and I will *cagg* for a year." This term is also in use in Scotland.

Cagmag (popular), scraps, odds and ends of butcher meat, unpalatable food; properly an old goose.

Cahoot, in (American), to be intimately concerned with any one in an affair. There can be little doubt that it came from either the Dutch *Kajuit* or German *Kajüte*, or perhaps the same in Old Saxon, meaning a cabin, implying living or messing together. French *cahute*, a hovel, renders this more probable.

Cain and Abel (rhyming slang), a table.

Cake (American and provincial English), a man without much sense, or one wanting in ideas; not so much a fool as a mere nothing. A weaker form is expressed by saying, "He's a *cake* only half-baked." This expression is most frequently heard in Philadelphia.

"To take the *cake*," to surpass, excel, to be first in anything. This coincides oddly, though entirely accidentally, with a conjectured meaning of the origin of Pretzel (*q. v.*).

He's always up to doing folks,
He's always on the wake;
He's after profit when he jokes,
On that "he takes the *cake*,"

—*Queer Bits*.

Cakey (popular), soft, foolish, or empty-headed; from the provincial English "cake," a foolish fellow.

Cakey-pannum-fencer (street), a street pastry-cook.

Calaboose (American), from the Spanish *calabozo*, the common name for a watch-house or prison, especially in New Orleans.

I went on board de oder day,
To hear wot de boatmen had to say,
Den I let my passion loose,
An' dey jammed me fast in de *calaboose*.

—*Negro Song*.

Calculate, to (American). Although it cannot be denied that many people in New England often use the word *calculate* as a synonym for "guess," to

express every form of thought, such as "to esteem, suppose, believe, think, expect, intend," &c., this is far from being universally the case. Calculation sets forth a more deliberate action of the mind, and is more associated with thought. A Yankee will generally *calculate* the chances of anything, when he would not guess them. *Calc'late*, which is nothing but the result of rapid conversation, may be heard in England as in America.

Calf (common), an idiotic or stupid person; *calf*-headed, cowardly.

She had a girlish fancy for the good-looking young *calf* who had so signally disgraced himself. — *Hamilton Aidé: Morals and Mysteries*.

Calf-clingers (popular), explained by quotation.

† Knee-breeches were just going out of fashion when I was a little boy, and *calf-clingers* (that is, trousers made to fit the leg as tight as a worsted stocking) were "coming in." — *J. Greenwood: The Little Ragamuffins*.

Calf's-head (popular), a white-faced man with a large head.

Calico (common), weak, lean.

How a shrewd, down-east Yankee once questioned a simple Dutchman out of his well-fed steed, and left him instead a vile *calico*-mare in exchange. — *Sala: The Seven Sons of Mammon*.

Calico-bally (American), a frequenter of calico-balls. About fifty years ago in Philadelphia it was usual to speak of balls frequented by factory girls as "slewers," and the commoner kind of grisettes as *calico* or dollar balls; hence *calico-bally* has come to signify, when applied to a young gentleman dissipated or fast, one who goes anywhere for amusement.

I once was a cobby and hack young man,
And a little bit *calico-bally*;
A picture-card-out-of-the-pack young man,
And frequently music-hally.

—*Concert Hall Song.*

Calico yard (Australian), a kind of corral. The expression is used by drovers.

California, Californians, money. Term generally applied to gold only (Hotten).

Call (theatrical), big *call*, a warm *recall* before the curtain.

Charley played with all his old animation and grace, and got a *big call*.—*George R. Sims: Ha! Ha!*

To *call* a piece is to have it brought on in rehearsal after a first performance with a view to alterations.

(American), to have the *call*, to be preferred, have the chance, to be wanted.

Tall girls *have the call* now. They are the fashion this season.—*Detroit Tribune.*

Call-a-go (street patter), to leave off trying to sell anything and to remove to another spot, to desist. Also to give in, yield at any game or business. Pro-

bably from the *go* in cribbage (Hotten).

Callee (pidgin-English), curry. "No can chaw-chaw t'at *callee*."

Callithumpian, Calliathumpian serenade (American), a serenade after the fashion of a *charivari*, in which old kettles with sticks, gridirons, cows' horns or tin horns, penny trumpets, or anything that will make a horrible and discordant sound is employed. It is possibly from the Yiddish *calle*, a bride, and means bride-thumping or making a noise at a bridal, or from "call" and "thump."

Hartmann got married. . . . Hartmann's neighbours thought it would be a bright thing to give him a *calliathumpian serenade* . . . occasion. So they got under his window and blowed and snorted, and rung their dinner-bells, and brayed on their bark horns till there was a pause. Then Hartmann stuck his head outen the winder and said: "Friends, Romans, and fellow-citizens! I thank you for the honour of this musical treat, which I suppose to your ears is as good a one as can be given. But it wants one thing. It lacks the exhilarating tones of the shotgun, an' there it is, d—n you!" Saying this, he fired two barrels of small shot among 'em, and they scattered. The *serenade* was over.—*Phil. Hartmann and the Boys.*

Call-party (bar), given in hall by students called to the bar in the Middle Temple.

appears from the following
quotation.

—*Ainsworth: Rookwood.*

Camister (popular), a clergy-
man, from his wearing a white
gown; "camisated," *i.e.*, one
who is dressed with a shirt out-
ward.

Camp, to (Australian), to floor, to
put down. The metaphor here
is the same as to "make," to
"take a back seat;" to *camp*, to
make to *camp*, implying that
your rival cannot stand up to
you. According to Wright *camp*
is a provincialism meaning to
contend, from the Anglo-Saxon
ccupan.

At punching oxen you may guess
There's nothing out can *camp* him;
He has, in fact, the slouch and dress
Which bullock-driver stamp him.
—*H. Kendall: Billy Vickers.*

Camp candlesticks (military),
empty bottles and bayonets,
from the fact that in the exi-
gencies of military life these
articles are often used for the
purpose.

* **Camp-horse** (Australian). This
term, peculiar to the East, is
thus explained by Mr. Finch
Hatton:—

Both my brother and Frank were very
sound hands at cutting out, and they were
both riding first-rate "camp-horses," so I
watched them at work with the greatest
interest. A *camp-horse* is one used for
cutting out cattle on a camp, and very few
horses are good at it; but the performance
of a really first-class one is a sight worth
seeing. Each man picks his beast, and
edges him gently to the outside of the
mob, on the side of the camp nearest the
draft-mob. The instant the animal finds
itself cut off from the camp, it makes the
most desperate efforts to rejoin the herd,
and the speed at which a bullock can
travel, and the activity with which he
turns, are marvellous.—*Finch Hatton:*
Advance Australia.

Can (American), a dollar; a
"canary" was very old English
slang for a gold coin. A gold-
piece is also called a "canary-
bird" in New York.

Canard, now recognised. French
canard, literally duck, and meta-
phorically false news. The
first *canard* is said to have
been the famous story illus-
trating the voracity of ducks.
Thirty ducks were taken, one
was chopped up fine, feathers
and all, and the others ate it.
Then a second was minced, and
so on, till within an hour only one
duck remained. Three similar
stories are told by a French
writer as to the origin of the
term. Hence *canarder*, to hum-
bug or spin yarns. "Donner
des *canards*" is given in Hautel's

Dictionary (1808) with the meaning of to deceive.

"My dear," said Mrs. Snaggs to her husband, "what is a *canard*?" "Why, a *canard* is something one *canardly* believe, of course." "Oh, to be sure! Why couldn't I think of that?"—*Rare Bits*.

The announcement that appeared in these columns, to the effect that in future no advertisements from persons offering to give tips would be accepted by us, has given rise to the usual *canards*, and has brought into play the imaginative faculties of the "London Correspondent."—*Sporting Times*.

Canary (old), a sovereign, from the colour. French argot, *jaunct*.

Canary-bird (common), a mistress. (Thieves), a prisoner.

Candle keepers (Winchester College), the inferiors (all those who are not prefects) who have been longest in the school have certain privileges, as wearing a "cow-shooter," or round-topped hat. They used to be called "jolly keepers."

Candlesticks (London), the fountains at Trafalgar Square.

There was his pillar (Nelson's) at Charing-Cross, just by the *candlesticks* (fountains).—*Mayhew: London Labour and the London Poor*.

Candy-pull (American), a *candy-pull* is a party of both sexes at which molasses or sugar is boiled

and pulled by two persons (whose hands are buttered) to give it proper consistency, and then mixed and pulled again, till it becomes true *candy*. The term is used in slang in many ways.

The good old-fashioned amusement known as a *candy-pull* has had more or less of a revival in society this season. Whatever the time of its first advent, it was quite popular about twenty years ago as a society entertainment, but it seemed to run its course and died away. At that period *candy-pulls* were given in some of the most aristocratic mansions on Fifth Avenue, and the rollicking scenes were oftentimes quite democratic in the fun, however full-dressed might have been their presentation.—*Brooklyn Eagle*.

This is the more probable as the Dutch word is limited to small dogs.

The French slang for a glass of wine is *canon*. *Canonner*

The word is naturally confused with *can*, German *Kaune*, a tankard, and *canonstiefel*, or "cannon" (*i.e.*, long boots), which are a common pattern for tankards.

He is indeed no German man.

Can’t say National Intelligencer (American), equivalent to saying “he is drunk,” it being held that no one who is not sober can pronounce the name of this very old and respectable Washington newspaper. There is a

story in which the phrase originated—or which originated from it, to the effect that a father in Washington who had a dissipated son, always obliged him when he returned home at night to submit to this test. If he said *Nacial Intellencer*, he was obliged to sleep in the hay-loft of the stable.

Canuck (American), a Canadian. The origin of this word appears to be unknown. The derivation from *Connaught*, an Irishman, is far-fetched and doubtful. Carlicues, curlicues (American), lively tricks, capers. The derivation from curly and cue seems to be due to a mere resemblance in sound, and an arbitrary combination. Carnes (popular), to heap up caresses, flatteries, compliments, and blandishments, with the view of deceiving the persons on whom they are lavished. Caucus (American), lately introduced into England, originally a meeting of politicians called together to debate upon the claims of candidates for political or municipal offices, and agreeing to act together on the day of election.

What a *caucus* is, as popularly understood in England, needs no explanation; but the curious thing about the word is the seeming impossibility of ascertaining with any certainty its origin and derivation. The explanation generally given is that it is a corruption of "caulkers" or "calk-house." One authority says that the members of the shipping interest, the "caulkers" of Boston, were associated, shortly before the War of Independence, in actively promoting opposition to England, and that the word arose from their meetings in the caulkers' house or "calk-house."

Another derivation has, however, been proposed. In the "Transactions of the

American Philological Association, 1872," Dr. Hammond Trumbull suggests that the origin of the word is to be found in the native Indian *cau-cau-as-u*, meaning one who advises.—*Cornhill Magazine*.

It may be observed that the derivation of the word from "caulkers" is perfectly rational, and has been accepted for more than a century. There is a pun implied in the name ("caulker," a tremendous story, an overwhelming fellow) which probably aided to make it popular.

Caught on the fly (American), a phrase borrowed from ball play, but applied to being caught, interviewed, or otherwise arrested, while travelling.

Technically, it refers to the meetings of the workmen to discuss trade matters, to settle disputes, and to consider charitable appeals, &c., and various rules are enforced for the guidance of the workmen and maintenance of good feeling amongst themselves. Possibly of Gypsy-Indian origin in common with the Anglo-Indian *chiz*, corrupted to *chitz*. *Chit* and *chitter* have also the meaning in gypsy of "a rag, a bit, a piece." It may, however, be derived from the root of *chattel*; M. E. *chatel*, property (also cattle); Old French *catel*. neat-ankled, light-tripping ones of New York or Paris. At any rate they take more wholesome exercise in the fresh air, and if they fail to satisfy to the same extent the eye of the artist or the voluptuary, they are able to walk greater distances without groaning at every step, and decidedly have the advantage at "crushing clods."

—*Punch.*

"Here, *cop.*" I did not understand what he meant by the phrase. . . . I did not attempt to *cop*. Suddenly I saw three boiled potatoes, a pudding, and a six-ounce loaf roll on the floor.—*Evening News.*

(Sporting), to win, to get money; a dead *cop*, a sure method of arriving at this result.

To *cop* is derived by Hotten from Latin *capere*; more probably it comes from the gypsy *kap* or *cop*, to take; Scotch, *kep*; Gaelic, *ceapan*.

Coppas (gypsy), blankets, coverings, tiles.

"Hot *coppers*" is a phrase for a mouth parched by excessive drinking, or "as dry as a lime basket."

Copper, to (gaming), when playing at faro, to cover a stake with a small check, which signifies that the card selected is backed to lose, not win.

Copus (Cambridge University). Talking Latin at table, or similar improprieties, are followed by the infliction by the students of

a fine. A *copus*, or quart of ale, is a common penalty.

(English and American), something that closes up or settles a question; something unusually large, remarkable.

Corned (colloquial), intoxicated. From over-indulgence in drink strong enough to "corn" one (Wright). "Possibly from soaking or pickling oneself like *corned* beef," says Hotten. It has been suggested that it is from the Keltic *corn*, French *corne*, a horn used formerly as a drinking vessel. As we say that a man is in his "cups," it is possible that our very remote ancestors said of him that he was horned or *corned*, but it is almost beyond doubt that the term is an Americanism from *corn*, a very common name for whisky. (Tailors), pleased.

Corner (common), to get a *corner* is to get the entire control of a stock, and so make it impossible for others to complete their bargains or to purchase.

He had been mixed up disadvantageously in a recent *corner* in marbles.—*Punch*.

(London), the "*Corner*," Tattersall's horse repository and betting-rooms, which was at Hyde Park Corner. (Thieves), a share—generally a share in the proceeds of a robbery.

Cornered (tailors), in an inextricable dilemma; for instance, a man makes a garment which is already paid for, and pawns it,

spends the money, and can't raise the amount to release it when wanted.

Cornish duck (city), a pilchard. "It fries in its own grease."

Cornstalks (Australian), the settlers, especially the girls, so called because their average height is very great, though they are fragile.

County crop (prison), hair shortened to about an inch, which used to be the rule in all prisons, but is now confined to convicts. The expression is therefore now a misnomer, as county prisons no longer exist since the Government took all over in 1877, and prisoners are not thus cropped, as it would continue their punishment by marking them out after their discharge.

Couple-beggar (old cant), a low fellow, who officiated as a clergyman in performing marriages in the Fleet prison.

Couranne (theatrical), from *couronne* or *corona*, five shillings.

Court card (old slang), a beau.

Cove (popular and thieves). In old cant, "cofe," "cuffin," a man; also landlord.

He's a rum dog. Don't he look fierce at any strange *cove*.—*Dickens: Oliver Twist.*

Besides, I am that sort of *cove* the swells so much admire.—*Toby.*

This word Hotten connects with "cuif," a North of England word for a lout or awkward fellow. This seems to be borne out by the circumstance that in most cant languages man and fool are synonymous, but it has been suggested to be more probably from the Romany *cova*, a thing, the term being almost indefinite in its applicability. "It is," says Pott, "a general helper on all occasions, is used as a substantive and an adjective, and has a far wider scope than the Latin *res*. Thus *cove* means that man; *covi*, that woman." The derivation from the German *kopf*, a head (not applied directly to individuals except as in English), has also been suggested. (Australian station), the *cove*, the master, or overseer.

Covent Garden (old slang). This place seems to have acquired at

one time a most unenviable notoriety, for it entered considerably into the vicious slang of fifty years ago. Thus "the *Covent Garden* ague" was a certain venereal disease; a "*Covent Garden* abbess" was a procuress; and prostitutes were nicknamed "*Covent Garden* nuns." (Rhyming slang), a farthing pronounced farden.

Cover (thieves), an accomplice who "fronts" or covers a pick-pocket while he is operating. (American), to *cover*, to drink.

Cowan. In ordinary slang a spy, a sneak, a prying informer. It is a term given by the Freemasons to all uninitiated persons, and is probably the Hebrew word *cohen*, כהן, a priest, from the opposition and oppression which the Freemasons have endured from the Catholic Church. *Cowan* is not an uncommon form of "Cohen" as a name among Jews. The derivation of *Cowan* from the Greek *κῶων*, a dog, is a great injustice to the Freemasons, who have never regarded or treated the uninitiated as dogs.

Cow and calf (rhyming slang), to laugh.

Cow-boy (American), cattle herder or drover of Texas and South-Western States. The term was applied during the revolutionary war to so-called Tory partisans in the State of New York, but who were no better than brigands, plundering both sides.

It has been suggested that "crack" is from the Gaelic *crac*, to talk. The French *une craque* is a mild untruth, or a gasconade, and in the latter sense it is synonymous with *cracker*. Le Baron de Crac is the hero of a volume of travels, who meets with the most marvellous adventures, the type of a boastful, gasconading, story-teller.

somewhat rough tone to the voice.

Crock (common), the original meaning is that of a slow, worthless horse, but in society it is also applied figuratively to a slow, foolish, good-for-nothing person, as in the phrase, "that girl is a regular *crock*." In sporting and university language it is also used in reference to a duffer, a lazy bungler.

Meanwhile, "regardless of our doom, we little victims played," or rather watched the play; we little knew what cruel fate awaited us, or that the present head-master of Eton and the Rev. F. W. There is not the slightest proof that this is derived from raising the scurf or *dander* at the roots of the hair, as Bartlett thinks, though Americans, misled by the resemblance of sound, talk about "*dander* being riz." In Dutch *donder* is thunder, and *op donderen*, i.e., to get the *donder* up, is to burst out into a sudden rage, or, as Sewel explains, "like an infernal spirit;" to flare up; to blaze out in wrath.

Dashy, deva-dasi, dasis (Anglo-Indian), girls devoted to dancing and prostitution in the idol temples, especially of Southern India.

"In Hindu *deva-dāsi* means slave-girl of the gods. The like existed at ancient Corinth under the name of *ierodouloi*, which is nearly a translation of the Hindu term. These appendages of the worship of Aphrodite were the same thing as the Phœnician *Kedeshoth*, repeatedly mentioned in the Old Testament. (E.g. Deut. xxiii. 18.) Such girls are mentioned in the famous inscription in Citium in Cyprus . . . under the name of *alma*, curiously near that of the modern Egyptian *alima*" (also *alma* or *almeh*). Dasis are the dancing girls attached to the pagodas.—*Nelson: Madura*.

Daub (low), a vulgar name for a painter; properly a coarsely painted picture, what the French call *croûte*.

Davy Jones (nautical), a mythical character supposed to typify the depths of ocean. *Davy*

Jones' locker, the bottom of the ocean.

It has been ingeniously conjectured that the sea, which is so often the sailors' cemetery, was called Jonah's locker, that the prophet's name was corrupted into *Jones*, and *Davy* prefixed as being a common name in Wales (*Notes and Queries*). For other derivation, *vide* Dr. Charles Mackay's "Gaelic Etymology of the English Language."

Sailors sometimes call the devil "Old *Davy*." This appears to be a diminutive of devil.

Even in the appellations given him (the devil) by familiar or vulgar irreverence, the same pregnant initial prevails, he is the Deuce, and Old *Davy*, and *Davy Jones*.—*Southey: The Doctors*.

Davy putting on the coppers for the parsons (nautical), the brewing of a storm.

Davy's sow, or David's sow (popular). "As drunk as *Davy's sow*," completely drunk.

One of the party observed that it was the *drunkest sow* he had ever beheld."

The term may have originated (a mere conjecture) in an allusion to Nell Gywn, one of the mistresses of Charles II. (nicknamed *David*—his father was called Nebuchadnezzar by the Roundheads), who was credited with every vice by the Earl of Rochester, and of whom he wrote:

. . . Madam Nelly,
Whose first employment was, with open
throat,
To cry fresh herrings, even ten a groat.
—*A Satire*.

Other synonymous expressions are, "drunk as a drum, as a wheelbarrow, sow-drunk, drunk as a fish, as a lord, as a piper, as a fiddler, as a rat."

Dawk (Anglo-Indian), transport, by means of relays of men and horses; the mail. To lay a *dawk* is to organise a postal or transport service.

During the mutiny of 1857-58, when several young surgeons had arrived in India, whose services were urgently wanted at the front, it is said that the Head of the Department to which they had reported themselves, directed them to immediately "lay a *dawk*." To which one, aghast, replied, "Would you kindly explain, sir—for you might just as well tell me to lay an egg."—*Anglo-Indian Glossary*.

Dead-horse (popular), to "draw the *dead-horse*" is doing work paid for in advance. The term explains itself. Used also by sailors. Admiral Smyth says that "when they commence earning money again there is in some merchant ships a ceremony performed of dragging round the deck an effigy of their fruitless labour in the shape of a horse, running him up to the yard-arm, and cutting him adrift to fall into the sea, amidst loud cheers." French printers call this *manger du salé*, to eat salt pork, that is, something that excites thirst; from the fact that workmen in this case, feeling disinclined for work, pay frequent visits to the wine-shop.

Dead marine, dead man (popular), an empty bottle, implying that its contents have been alcoholic. The expression doubtless arises from the jealousy, dashed with a slight flavour of contempt, with which marines are regarded by sailors on board ship. The phrase survives in a famous old drinking-song, set to very spirited music by Jackson of Exeter—an admirable specimen of the ancient popular

melodies of England, and of which the well-known chorus was—

And he who will this toast deny
Down among the *dead men* let him lie.

The word was formerly a *marine*, which, being used in a company at which William IV., then Duke of Clarence, was present, gave offence to an officer of that gallant corps, who asked the Prince what he meant by it. "I mean by *marine*," replied the Prince, with more readiness than was usual with him, "a good fellow who has done his duty, and is ready to do it again." The French term an empty bottle "un corps mort."

On the first night of "*Henry IV.*" at the Queen's Theatre, Phelps *stuck dead* or *dead stuck* in *Henry IV.*, and the actor who played the Prince of Wales had to prompt his royal father.

Dead stock (common), unsaleable ware.

The youngest, who was a capless, shoeless little wretch, certainly not more than eight years old, had a "cigar-light" box tucked under his arm; another, a couple of years older, perhaps, carried the stump of a birch broom; while the third, who was the oldest and the hungriest, looking the most decently dressed, held in his hand a few local newspapers—dismally *dead stock*, considering the day and the hour.—*James Greenwood: Crackling's Dole.*

far from shrinking from the idea of getting money out of a *dead 'un*, will jump at the first opportunity.—*Bird o' Freedom.*

(Theatrical), a super who plays for nothing. The mistakes that are made in crowds and full scenes is often accounted for by the fact that a super who has attended all rehearsals is shunted at a moment's notice to make room for the *dead 'un*, who sometimes pays the super master for the privilege of getting behind the scenes as well.

(Popular), to make *dead 'uns*, explained by quotation.

Man has a desire to peck a bit; consequently he must in a measure depend upon rogues in grain, the miller, and the baker; and this rule therefore teaches the art and mystery of making what are called *dead 'uns*; that is, to charge not only for what you deliver, but for what you do not.—*Diprose: Laugh and Learn.*

The phrase is common in the United States, where a lady over fond of finery is said to be *death on dress*.

Death-trap (journalistic), a theatre or other place of amusement made to contain large numbers of people. The expression became general after the burning of several such edifices in 1887.

Our laws, too, would enable us to punish persons whose negligence and inattention have been the causes of disaster; but then, as Mr. Punch reminds us, we never think of trying a railway director for a railway accident, or a theatrical lessee and his architect (to say nothing of a bench of magistrates) for erecting or

licensing a *death-trap*.—*St. James's Gazette.*

Die-by-the-hedge (provincial), inferior meat of cattle which have died and not been slaughtered.

And there is Sir Carnaby Jenks, of the Blues,

All come to see a man *die in his shoes!*

—*Ingoldsby Legends.*

But I'd open 'is hoptics a mossel concernin' my style and my spere.

—*Punch.*

Dignity, a (West Indian), the name given by Europeans to a negro ball, the designation being probably derived from the ludicrous pomposity of the negro character. The blacks are very chary of admitting strangers, and especially white people, as eye-witnesses. Oftentimes they degenerate into a scene of the wildest debauchery.

Dikk (Anglo-Indian), worry, botheration.

And Beaufort learned in the law,

And Anderson the sage,

Dildoes, more commonly known now as "the broom handle." An instrument made of various soft pliable substances, and resembling the male pudendum, used by women who, possessing strong amatory passions, and forced to celibate lives, are afraid of pregnancy following natural copulation. In this connection the female pudenda is called "a broom."

Such a sad tale prepare to hear,
As claims from either sex a tear,
Twelve *dildoes* meant for the support
Of aged lechers of the court
Were lately burnt by impious hand,
Of trading rascals of the land,
Who, envying their curious frame,
Exposed these Priaps to the flame.

at Stocks Market, 1672).

Dilly (popular), a night-cart.

Dilly-bag (Australian up-country), a blackfellow's wallet.

Their own *dilly-bags* have nothing of value or interest in them. Some locks of hair rolled up in thin slips of bark, probably belonging to a deceased friend; a piece or two of crystal for magic purposes; two or three bones, and some fat which the troopers who, from their own upbringing, are authorities on such things, pronounce human; a primitive-looking bone fish hook or two, and some string made of opossum hair—that is all.—A. C. Grant.

Dimber (old cant), pretty, neat.

Dirt-scrappers (American), lawyers who in examining witnesses ask them all manner of needless questions relative to their past lives and inquire closely as to all their relations with women, &c., either with a view to making them appear immoral and discreditable, or, as is often really the case, to afford to the court and spectators the exquisite

pleasure of seeing a man or woman tortured and put to shame. A criminal case, without any *dirt-scraping* has become of late very exceptional, both in England and in America.

Dirty half hundred (military). The 50th Regiment was called so, partly from having black facings which gave a sombre look to the uniform. After the battle of Badajos it was changed to the "gallant half hundred."

Dirty puzzle (common), a slut.

Disguised in liquor (common), a common phrase in the vernacular for one who is slightly intoxicated. The expression, though vulgar, is not without merit, as conveying the truth that a drunken man is not playing a real part, but has assumed a guise that is false and unnatural.

Dish, to, to circumvent, to ruin, to frustrate an enemy's or an op-

ponent's plans. The word was used by the late Earl of Derby on a memorable occasion, when he affirmed that such and such a measure would "*dish* the Whigs." It has been supposed that the word was used in the first instance as a corruption of "dash," "dash" itself being an euphemism for "damn," as in the vulgar oath, "dash my wig," for "damn my wig," but to *dish* most probably is only one of the many expressions connected with the kitchen, as "to cook his goose," to "give one a roasting," to "do brown," &c.

Dishclout (common), a dirty, unsavoury woman. When, however, a man marries his cook, and it is said that he has made a napkin of a *dishclout*, no other meaning is attributable except that a "mésalliance" has been made.

Dispar. The following explanation of this term is given by W. H. David. "The word 'sines,' the scholars' allowance of bread for breakfast or supper, and *dispar*, his portion of meat, have their origin in a Winchester College custom which prevailed in the last century. There being neither 'hatch' nor roll-call at the College Hall in these days, the provision for breakfast was laid out on a table, and the stronger took the lion's share, and left the weaker 'sines.' So again at dinner the double plate

- of meat fell to the former as a matter of might, and the unequal moiety, the *dispar*, became the portion of the weaker junior."
- Diss** (printers), abbreviation for distribution, *i.e.*, printed off type—to be returned to its respective cases, and re-composed.
- Dissecting job** (tailors), a heavy alteration.
- Distiller** (Australian convicts' slang), one who is easily vexed and betrays his chagrin. *Vide* CARRY THE KEG. Probably not of colonial origin but introduced by transportees.
- Ditch and ditcher** (Anglo-Indian), slang terms applied in a disparaging manner to Calcutta and the "Calcuttians."

- Dittoes**, a suit of clothes made all of the same cloth, in French "un complet." The term is pretty general.
- Ditty** (popular), bag; a corruption of the tailors' phrase, "a ditto-bag," from the bag in which they keep miscellaneous articles for the repair of their clothes or shoes—for thread, tapes, buttons, needles, pins, nails, &c.
- Dive** (American), a drinking-saloon; a cellar-saloon.
- An Ourayite recently passing through Canon City on Sunday was invited to go to the penitentiary to church services, and, accepting the invitation, found 385 convicts assembled, and among them, playing the violin in the choir, the young Italian who shot his mistress through the window of her house just back of the *dive* known as "220" here in Ouray about a year ago.—*The Solid Muldoon, Ouray, Colorado*.
- Dive into one's sky, to** (popular), to thrust one's hand in one's pocket.

- Dive into the woods, to** (American), a common figure of speech for hiding one's self.
- A female of the Salvation Army has invented what is called the "salvation kiss." Young men who have seen the female portion of the army will not seek salvation in this new form. They will *dive* still deeper *into the woods* when the army comes around.—*Norristown Herald*.
- Diver** (thieves), a pickpocket; he "dives into the skies" of other people.
- Divide the house with one's wife, to**, a quaint saying which signifies to turn her out into the street.

Divvy (American), to divide, share, or partake.

If Mexican robbers make a rush on an American ranch in Zapata, Frio, Cameron, Hidalgo, or Starr Counties, they are expected to *divvy* with the American gentlemen engaged in the same line of business before being permitted to cross the river peacefully.—*Chicago Tribune*.

Do (popular), a *do* is a fraud, an imposition.

I thought it was a *do* to get me out of the house.—*Sketches by Boz*.

Do, to (common), to outwit, to pay out, to cheat. (Thieves), to *do* a place or crib, is to break into a house for the purpose of stealing.

I went in a place and touched for some wedge, which we *done* for three pounds ten.—*Horsley: Jottings from Jail*.

When I asked her what she'd take,
Her answer made me queer;
She said, “I admit
I can *do a bit*
Of everything that's here.

Some mulligatawny soup, a mackerel, and a sole,

A banbury, a bath-bun, and a tuppenny sausage roll,

A little drop of sherry, a little pint of cham,
A roley-poley pudding, with a pile of cakes and jam.”

—*Matilda Gorger: Francis and Day*.

Do a guy, to (thieves), to run away, to get out of the way.

It's a fact to be deplored, though it cannot be ignored,

That all of us are not well off for oof;
And occasionally a Johnny, who is “gone” on some fair “honey,”

Hasn't cash enough to treat her like a toff.

When he tries to raise the wind, it's just possible he'll find

It difficult to keep within the law,
Alas! he may be “fly,” but when it's time to *do a guy*,

He's sure to meet the bobby at the door.
—*Sporting Times*.

(Workmen), to be away whilst supposed to be at work.

Dobie (Anglo-Indian), a man who performs the functions of a washerwoman; also a washerwoman.

Dock (old cant), to deflower (Harman); gypsy, *dükker*, to wrong, ravish, injure. *Dükker* or *docker* is often used without the terminal “er.” Turner derives it from the Gaelic *terraich*.

(Printers). This is colloquial for a man's weekly bill or “pole,” probably from the fact of its being subject or liable to be “docked” or curtailed by the person appointed to check the bills. (Winchester), to *dock*, to scratch out; to *dock* a book, to tear out pages from a book. (Popular), hospital.

Docker (law), a brief for defence handed by a prisoner in the dock to any barrister who by the etiquette of the profession is bound to take it, at the minimum fee of 23s. 6d.

(Old), a decoction of milk and water, rum, and a spicing of nutmeg.

(Gamblers), *doctors*, false cards or dice.

"Here," said he, taking some dice out of his pockets, "here are the little *doctors* which cure the distempers of the purse."—*Fielding: Tom Jones*.

From to *doctor*, to poison, to falsify, to adulterate.

She *doctor'd* the punch, and she *doctor'd* the negus,

Taking care not to put in sufficient to flavour it.

—*Ingoldsby Legends*.

To "put the *doctor*" on one, to cheat him.

Perhaps ways and means may be found to put the *doctor* on the old prig.—*T. Brown: Works*.

(Popular), to "keep the *doctor*" is said of a publican who retails adulterated drinks.

Dodderer (provincial), a shaky, mumbling old man. The old English had to "doddle," signi-

fying to tremble, to shake, still used in the North of England.

He got up on an old mule which had served nine kings, and so mumbling with his mouth, nodding and *dodding* with his head, would go see a coney ferreted.—*Urquhart: Rabelais*.

French *dodeliner*, which has the root *dod*, oscillation, in common with the English equivalent; Italian, *dandolare*, to rock, to shake gently.

Doddy (provincial). This is applied in Norfolk to any person of low stature. Sometimes "Hodman dod," and "hoddy *doddy*, all head and no body." A "dod" is provincial for a rag of cloth, and to "dod" is to cut off, to lop.

Dodgasted (common), a milder form of damned.

"Well, what was it, anyhow?"

"It was one of those *dodgasted* electrical machines! Trying my nerves, you know!"

And when the boys had recovered, the funeral-monger had gone, and so had all the available drinks on the counter.—*Sporting Times*.

Dodge (common), a clever contrivance; a cunning, underhanded trick. A recognised term, but used in many slangy senses. Among the numerous *dodges* resorted to by tricky or dishonest persons are the "pamphlet *dodge*."

The "pamphlet *dodge*" is an established variety of the begging-letter man of trade. Two or three experts will club together to take advantage of a striking event or momentous political crisis, find out some

poor penny-a-liner in one of the haunts of such people, and get him to throw together forty or fifty pages on the particular subject, paying him miserable wages for the work.—*Tit-Bits*.

(Thieves), "delivered *dodge*."

Alfred sends his servant with goods to a customer, with orders to bring back the goods or the money. The servant takes the goods and hands in the bill, and the customer says, on reading the bill, "All right, put the goods down there," which the man does, expecting that the customer is about to pay the bill. When he has done so, the customer says he will call and pay his master; but on the man telling him he must take the goods back if the bill is not paid, the customer replies that he has delivered the goods, that they are now in the possession of the purchaser, and that if he touches them he will give him in charge of the police.—*Tit-Bits*.

The "tidy *dodge*," dressing up children so that they look tidy, and slowly walking about the streets with this genuine or borrowed family for begging purposes.

To *dodge*, to track one in a stealthy manner.

There's not the smallest danger in it . . . it's only to *dodge* a woman. . . . I can do that pretty well, I know. . . . I was a regular cutting sneak when I was at school.—*Dickens: Oliver Twist*.

Dodger (common), a tricky person, a swindler. Dickens has immortalised the word by his character of the Artful *Dodger* in *Oliver Twist*. (Popular), a dram. (Provincial), a night-cap, hence the latter meaning. (American), this term, meaning a round roll or pat of maize-bread, is apparently derived from the same word as applied

to any object of a similar shape (e.g., in vulgar slang, the *penis*). In Dutch, *dag* or *dagje* (*en end-tje dag*) means a short bit of rope. *Dot* or *dotje* is also a ball of wool, cotton, &c., generally spoiled, decaying, or in a mass.

Dodo (old), a common expression for a fussy old man, or decrepit man.

Dod-rottedest (American), a euphemistic form of swearing; sometimes "dod-fetched," "dod-gasted."

Well, sir, there was the *dod-rottedest* machine you ever saw. A nice-looking man with black whiskers was turning away at a big 'balance-wheel made of champagne bottles.—*Superior Inter Ocean*.

Dog (society), a man; a gay *dog*, a jolly *dog*, a careless *dog*, &c. The word *dog* now has come to mean in society a gentleman of an amorous turn of mind, who has great success among the ladies.

(American), *dog*, *dog-goned*, God and God damned, as it is popularly explained; it being believed that *dog* is the word God reversed. "I'll be dogged" is the common form, and it is really never used to seriously signify anything so extreme as eternal condemnation. It is possibly a New York word, and may therefore be derived from the Dutch *daugen*, to summon to judgment, to arraign. If this be so, there

would be a very apparent connection with condemned.

Dog biting dog (theatrical), one actor ungenerously criticising another's performance.

Dog-collar (common), a stiff, stand-up collar, one of the kind much in favour among dandies.

Dog-durned (West American), a mild form of swearing. Probably an euphemism for God damned.

Doggery (American), a partial anagram of groggery. A low drinking place, a "rum-bucket-shop," a "dive," a "gin-mill," a "boozing-ken," a "rum-icile," a "drunkery."

Not one word can be justly said against the character or ability of any of the nominees. They are in every way immensely superior to their Democratic opponents, who number among them as far as the nominations have gone half-a-dozen *doggery*-keepers, a crooked ex-gager, a police-court shyster, and a railroad lobbyist. Two or three other *doggery*-keepers and a lobbyist or two and Van Pelt will be added before the Democratic nominations close. The "Reds" and the "side-show" people will hardly elect any of their men unless they are indorsed by the Democrats.—*Chicago Tribune.*

(Popular), nonsense.

Doing polly (prison), picking oakum in jail.

Doing time (thieves) refers to a term of imprisonment.

Doldrums (nautical and provincial), trouble, low spirits, worryment. "Jack in the *Doldrums*" was the title of a tale or novel. Applied sometimes to a stormy place, or where the weather or navigation is bad.

And my soul sail off to *Doldrum's* isle,
Unless some one pities my pain
And carries me down where the waters
boil,
And pitches me in again.

—*The Song of the Mermaid*.

The term seems to have become general. Probably from dull (with the sense of doleful), and a facetious suffix, as in tantrums. For other derivations *vide* Dr. Charles Mackay's "Gaelic Etymology of the English Language."

Dole (Winchester College), a trick, stratagem; from the Latin *dolus*.

Dollar (city), a five-shilling piece.

Dollop (old slang), a lump, a share. To share, according to Hotten, derived from "dole up," to deal out in small portions. Dutch, *deal*, a share.

The old gal used to stow a whacking lot in a big pocket she had in her petticoat, and I used to put away a *dollop* in the busum of my shirt, which it was tied round the waist-bag hid underneath my trousers for the purpose. But, Lor' bless yer, sometimes the blessed trade would go that aggravatin' that we would both find ourselves loaded up in no time.—*Seven Curses of London*.

Doll's christening (provincial), a party consisting entirely of ladies.

Dom (Anglo-Indian), a very low caste, representing some very old aboriginal race. It was first suggested by Charles G. Leland that the origin of the Rom or gypsies should be sought in this caste, and recent researches by Grierson have gone far to confirm the conjecture. Thus D and R are convertible in the Hindu-gypsy dialects, e.g., *doi*, a spoon, and *roi*. And while *dom*, *domni*, and *domnipana* mean in India a *dom*, a female, *dom*, *romni*, *romnipana*, or *romnipen* have exactly the same meaning in gypsy as applied to gypsies and gypsydom.

Do me proud (American), equivalent to saying that one is complimented or made to feel proud.

Dommerar (old cant), a variety of the mendicant tribe who pretend to be deaf and dumb.

Don, a contraction of the Latin *dominus*. It is a university term for a man who has taken his master's degree. It is, however, generally confined to resident M.A.'s.

An "Oxford M.A." writes:—"This University has, I suppose, been always notorious for narrow-minded bigotry; but ought the general public to be allowed to suffer because Mr. —, as a robust Radical, is not easily stomached of the 'Tory don'?"—*Pall Mall Gazette.*

(Winchester), a master.

Dona, donah (theatrical), a girl, a woman; from the Italian. The term is also used by tramps, London roughs, &c.

And immediately afterwards follows a well-known theatrical costumier, who has been *done* in the matter of fancy dresses by a gentleman connected with an amateur dramatic performance.—*The Graphic.*

Done also means exhausted, varied to "*done up*;" *done* for himself, injured or ruined himself.

Lord Randolph is much mistaken if he supposes that it is only an aristocratic friend here and there who believes that he has *done for* himself.—*Pall Mall Gazette.*

Done brown (common), befooled, that is, completely done.

And they stared at each other, as much as to say,

"Hollo! Hollo! here's a rum go!

Why, captain!—my lord!—here's the devil to pay!

The fellow's been cut down and taken away!

What's to be done? We've missed all the fun!

Why, they'll laugh at and quiz us all over the town,

We are all of us *done* so uncommonly *brown*."

—*Ingoldsby Legends.*

Done-over (popular), intoxicated.

Done to death (society), repeated *ad nauseam*.

Wasted a shilling in Bond Street by going to Harry Furniss' "Artistic Joke." Why Artistic? And, emphatically, why Joke? Caricature of Academy pictures *done to death* in comic journals with utmost regularity or many past years.—*Sporting Times.*

Donkey (nautical), a seaman's box in which he keeps his clothes.

(Printers.) Compositors are sometimes called *donkeys* by pressmen by way of retaliation for calling them "pigs."

(Streets), "Who stole the *donkey*?" This was and still is a common street cry in Houndsditch and the other Hebrew quarters of London when a man wearing a white hat makes his appearance. The low Jews had or have a notion that no one but a Christian—and certainly no Jew—ever wears a white hat. They also have a saying that the Founder of Christianity stole the *donkey* on the back of which He rode into Jerusalem. Hence the expression.

(Common), "Three more and up goes the *donkey*," that is, three pennies more and the *donkey* will go up the ladder. This phrase, used by mountebanks to denote that the performance will begin when the sum required is complete, is often said mockingly to a braggart to imply disbelief in accounts of his own wonderful performances.

Donkey-riding (popular), cheating in weight and measure.

Donny (prison), a woman. From the Italian *dona*.

Don's week (tailors), the week before a general holiday.

Don't go off before you start (American), a common exhortation to any one not to be in "too precious" or too great a hurry.

Well, hold on now, I'm goin' to tell you. *Don't go off before you start!* as de darkey said to de baulky mule.—*Brudder Bones*.

Doodle-dasher (low), one who practises onanism; *doodle* is the penis.

Dookering (gypsies), fortune-telling; from *doorik*, to prophesy.

Dookie (theatrical), a penny show or unlicensed theatre, usually fitted up in a large room or a cellar in a populous neighbourhood. The eminent tragedian, Charles Dillon, emerged from one of these in his youth, and handsome Conway, once the spoiled child of fashion, admired and idolised by the belles of Bath—notably by Madame Piozzi (Johnson's Mrs. Thrale)—found a temporary refuge at one of them when driven from the patent theatres by the brutal persecution of "that ferocious literary ruffian, Theodore Hook" (Byron). There are three or four performances a night at a *dookie*, and the audience is usually composed of juvenile harlots and thieves. Many of these places of resort still flourish at the East End.

Dookin-cove, a fortune-teller; from the gypsy *dookering* or *dukkerin*, telling fortunes.

Door nail, dead as a. *Vide* DEAD AS A TENT PEG.

Dopey (old cant), a beggar's trull; the podex; the buttocks; Scoticé, a *doup*.

Doras (Stock Exchange), South-Eastern Railway Deferred Ordinary Stock.

Dose (thieves), a sentence to imprisonment. To give a man his *dose*, or punish him, doubtless comes from a *dose* of medicine, but it is not impossible the Yiddish *dose*, *dosz* or *dasz* (Chaldaic), meaning the law, has influenced the word in this peculiar case.

(Old cant), a burglary.

Doshed, I'm, an exclamation of surprise, akin to "dashed."

Doss (tramps and popular), a bed.

As the sombre shades of evening begin to cast their darkening shadows over the earth, the majority of the troops will return to their respective quarters, and soon after nine o'clock the greater number will be comfortably tucked in *doss* (bed) for the night.—*Patterson: Life in the Ranks*.

Dr. Charles Mackay says:—"Hotten supposes it to be derived

from 'doze,' as a place to sleep in; or quite as likely," he adds, "from *dorse*, the back. It is, however, most likely from neither of these, but from the Gaelic *dos*, a hedge or bush under which tramps very often find their only available resting-place for the night—the money failing them to secure a shelter in a low lodging-house." According to Dr. Brewer, "*Doss* is a hassock full of straw, a bed—properly a straw bed. *Dossel* is an old word for a bundle of hay or straw." This derivation is the more probable, and is borne out by the French slang word *pieu*, bed, from *piuu*, straw, straw bed, which has given *piausser* to sleep, modernised into *pioneer*. It also means sleep.

There is only about one of them in London where a fellow can do a comfortable *doss*, and that is St. Pancras's.—*Thor Fredur: Sketches in Shady Places*.

The author of "Sketches in Shady Places" remarks:—"Doss, slang term for sleep—meaning to 'lie on the back.' On examination it will startle one to find how many of these vulgarisms are derived directly from the learned languages."

Dosser, the, the father of a family. From provincialism *dos*, a "masher."

Dossers (common), explained by quotation.

The "'appy *dossers*" are the wretched people who roam about the street houseless, and creep in to sleep on the stairs, in the passages and untenanted cellars of the

lodging-houses with the doors open night and day.—*George R. Sims: How the Poor Live.*

Doss-house (tramps and thieves), a lodging-house, especially the common lodging-houses where beds are fourpence a night.

And make up my face very white,

—*Sporting Times.*

Dossy (popular), elegant; very *dossy*, in elegant style.

Joe Capp made a resolve a little while ago when on the eve of a mashing expedition to do the whole thing very *dossy*. "Ere dom it," said Joe, "yew la'ads all go about in shiny boots, steerewth an' all, and I'll have a pair, see if I woant."—*Sporting Times.*

An extremely elegant cloak was formerly termed a *dossal*. Hence perhaps the expression.

Do the high, to (Oxford University), to walk up and down the High Street on Sunday evenings.

Sing Sing, and Nashville, Tenn. He was pardoned from the latter institution one year ago, after serving three-quarters of a ten years' sentence.—*Inter Ocean.*

Do to tie to (American), trustworthy, fit to associate with.

The only safe class of citizens, the class that will *do to tie to*, are those who believe in the condign punishment of all crime—who believe that a Government is great, not in proportion as it forgives criminals, but in proportion as it punishes them and enforces law and order. It will be a dark day for the Republic when this class shall not outnumber both of the others combined.—*Indianapolis Journal.*

Dots (American), items of information.

"Lieutenant Arnold," he continued, "remarked he could give *dots* on a great many of them; that one—a very prominent one—naming him, was in the habit of visiting a house south of the avenue twice a week. I said that is none of our business; though we might know these things officially, we do not know them in any other capacity."—*Chicago Tribune.*

Parcels Post. —*Song.*

An appellation used for one's man by females of the lower classes or prostitutes.

Double (thieves), a turning in a road.

I had not been at Sutton very long before I piped a slavey come out of a chat (house), so, when she had got a little way up the *double*, I pratted (went) into the house.—*Horsley: Jottings from Jail.*

Double-breasted feet (tailors), club feet.

Double-double, to put on the, a process wherein a thief, having arranged with other thieves to lose a race, so that they may safely “lay” against him, deceives them and runs to wiu.

Double event (common), properly a technical term used on the turf when a man bets on both sides to meet either contingency—used in a slangy sense.

DEAR SIR—Unquestionably there is such a thing as luck. The other night I was under the impression that I should have two stalls for the Haymarket. I promised one to an aged Hebraic tart. As a matter of fact, I only got one, which, in the interests of your paper, I naturally filled. I thoroughly disenjoyed my evening, and the aged one won't speak to me now. Such a *double event* is only due to luck.—Yours sincerely,

SIR WALTER.

The Pooferies.

—*Sporting Times.*

(Popular), to be “down in,” to be at a low ebb, lacking in, out of. “*Down in blunt*,” lacking money. “*Down upon one's luck*,” unfortunate. Perhaps originally “*down in one's luck*.” To be “*down in the mouth*,” dejected, disconsolate, crest-fallen.

But what have you got to say for yourself, why you should leave me here, *down in the mouth*, health, blunt, and everything else?—*Charles Dickens: Oliver Twist.*

To be “*down on one*,” to be opposed to, to lose no opportunity for punishing, to maintain constant enmity or ill-will.

My pa is a bishop of spotless renown,

Yet am doomed to the utmost propriety!

—George Anthony: *The Clergyman's Daughter*.

A “wooden-mugged *down-easter*” with bushy eyebrows, and quick, twinkling eyes, who sang over and over again, “Oh, my little darling, I love you! Oh, my little darling, yes, I do!” had the second in charge.—*F. Francis: Saddle and Moccasin*.

Downed (English and American), conquered, tricked, cheated. Literally not getting the upper hand.

“wide,”

She'd a couple of pals in the “plant;”
And the stranger was *downed*.

Downer (popular), a sixpence. According to Barrow from the gypsy word *tawno*, or little one. The word seems, however, to be a variant of “deaner,” which see.

Down on the bed rock (West American), penniless.

Down the road (popular), stylish, in fashionable style.

Down to the ground (English and American), thoroughly, completely; “right up to the handle,” that suits me *down to the ground*. It implies probably from top to bottom.

Downy (common), to do the *downy*, to keep in bed in the morning.

This'll never do . . . cutting chapel to do the *downy*.—*C. Bede: Verdant Green*.

(Popular and thieves), cunning, skilful.

Upper benjamins built on a *downy* plan.—*Slang Advertisement*.

“I suppose you don't know what a prig is?” said the Dodger mournfully. “I am, I'd scorn to be anything else—so's Charley, so's Fagin, so's Sikes, so's Nancy, so's Bet. So we all are, down to the dog. And he's the *downiest* one of the lot!”—*Dickens: Oliver Twist*.

A “*downy* cove,” a cunning fellow, one who “knows what's o'clock.” An allusion to his having the upper hand in his dealings with others.

Downy-looking cove, the fair 'un; a mug like that ought to be worth a fortune to him.—*J. Greenwood: Dick Temple*.

Downy Bible (tailors), corruption of Douay Bible; equivalent to "according to Cocker."

Dowry (common), a very great deal, an excess. Hotten says this is probably from the gypsy, but there is nothing like it in Romany. It is just possibly from the Yiddish *dowor*, a thing (or word); *dowrin beteilim*, superfluous things. *Dowor* would, like *res*, refer to property.

Dowser (popular), a man who tells fortunes; a kind of wizard who pretends to be able to find water or treasures by means of a divining-rod.

Doxy (canting), a mistress, a "moll," generally used in a disreputable sense, but "in the West of England women frequently call their little girls 'doxies' in a familiar and endearing sense" (Hotten). This probably is the original meaning.

Lastly I will cleave to my *doxy*, wap stiffly, and will bring her duds.—*Life of Bamfylde Moore Carew*.

Do you see anything green in my eye? (popular), Do you think that I am to be taken in or gulled. "Green" is a synonym for unsophisticated, simple-minded, the equivalent in French being *cornichon*, a gherkin, alluding to the colour.

Drab (gypsy), poison or medicine; "up to *drab*," knowing all the

mysteries of poison and remedies, suggesting "up to trap" in English slang.

Drafting on the camp (Austrian), explained by quotation.

Drafting on the camp, or cutting out, as it is generally called, is a very pretty performance to watch, if it is well done. First of all a small mob is cut off from the main body of the cattle, and driven gently away for a little distance, and then allowed to stand. This is the nucleus of the draft mob, for no beast will stand still a moment by itself, and one of the hands is told off to watch them. One or two men then ride in among the cattle, and draft out the ones they want, one at a time, while the rest of the hands ride round the camp and keep the cattle from breaking away.—*Finch-Hatton: Advance Australia*.

Drag (low), a woman's dress when assumed by men for a frolic or a fraud. When a "molly," or young man, dresses like a girl, for immoral purposes, he is said to be "on the *drag*." In England and America *drag*-balls are held, at which the young men are dressed like women, and women very often like men. Some *drag*-balls, without any of the female element, and attended by sodomites, take place occasionally in London.

(Thieves), a term of three months' imprisonment, termed also "tray moons."

. . . But neither Snuffy (Reeves, the identifier) nor Mac (Macintyre) knew me, so I got a *drag*, and was sent to the Steel.—*Horsley: Jottings from Jail*.

Well, sir, as I was saying, I only got a *drag* for that last job. Oh, I beg pardon, a *drag* means three months. Three

weeks is called a *drag*, too—a cadger's *drag*.—*James Greenwood: Seven Years' Penal Servitude.*

Also a lure, trick, stratagem.

"A *drain* for the boy," said Toby, half filling a wine-glass; "down with it, innocence."—*Dickens: Oliver Twist.*

When I was a young man of about two and twenty, I lodged in Little Argyll Street (out of Regent Street), and having made great friends with the night bobby, who "had a *drain*" occasionally—even when on duty—in my rooms, I could slip in or out early in the morning, or at night, in a disguise which was useful and unique.—*Sporting Times.*

Drains (American), a tributary of a large river. Washington Irving in "Astarea" thus uses the phrase: "About noon, the

travellers reached the *drains* and brooks that formed the head waters of the river."

(Nautical), the cook on board ship.

Draper (old), *ale-draper*, a public-house keeper. The term seems to have a facetious origin, unless it be a corruption of "ale-dropper." Shakspeare has *ale-draper* for a publican.

Drat it (popular), a feminine abjuration expressive of contempt or anger, erroneously supposed to be a corruption of the vulgar curse, "God rot it!" It is a form of *dreadeth* or *dre ud* and *drad*, fear or dread (Anglo-Saxon). *Drat* occurs in Piers Plowman and Guy of Warwick.

Draw (sporting and common), a strife which is without result. From "a drawn game."

The time seems to be nigh when all "international" contests will end in a *draw*. It is the usual fate of international cricket matches.—*St. James's Gazette.*

Said of any play, performance, or exhibition when it is a success and attracts people.

Mr. —'s new religious enterprise in the southern suburb commenced very hopefully. It was something new to the people of Wimblewood, and it proved a *draw*. The congregations were large and growing, and very soon the hall was crowded.—*Evening News.*

It has also the general meaning of great attraction.

Oh, the shades are most charmingly blended,

And the fit without flaw,
And the hat quite a *draw*.

—*Bird o' Freedom*.

(Cricket), a *draw* is a hit made with the surface of the bat inclined.

(American), a Western term applied to the cattle which a cowboy employé could pick up, or plainly steal, for his master.

I could have raised quite a nice bunch of cattle in a twelvemonth. Half the *draw* was worth something those times!
—*F. Francis: Saddle and Moccasin*.

Small glades, glens, or valleys.

We had left the flats behind, and were now in a rolling country, intersected by grassy *draws*, or miniature valleys, which afforded the finest kind of shelter for cattle.—*F. Francis: Saddle and Moccasin*.

(Common), to *draw*, to take in, circumvent.

(Military), to *draw*, an abbreviation of "to *draw* the badger," explained by quotation.

A young officer on first joining was subjected to all sorts of practical joking. . . . Practical joking was indeed a recognised institution. . . . Its usual manifestations were *drawing* a man who had returned from mess early, and "making hay" of his furniture and property. . . . A party of half-a-dozen wild young subalterns, led probably by a festive captain, would, after a heavy guest night, proceed to the victim's room. . . . Perhaps the inmate would be made to stand in the middle of the room in his night-shirt, and sing a comic song. Occasionally, he would be carried downstairs, where he was made to stand on the mantelpiece of the ante-room, and order drinks all round. . . .

We know of one officer, who, in his night-shirt, was made on a cold winter's night to stand outside the window, on the ledge.—*Colburn: United Service Gazette*.

(Boxing and popular), to "*draw* or tap the claret," to "*draw* the cork," to make the nose bleed.

This is technically called *drawing* the claret, and is followed up by "practice in the school-room" by a black eye and a bloody nose.—*Diprose: Laugh and Learn*.

(University and popular), to vex, to infuriate. It is undoubtedly a metaphor from "drawing a badger," *i.e.*, sending in a badger-terrier to worry him out: which in its turn is probably a metaphor from the badgers being occasionally dragged out by the bull-dog or badger-hound. So in Australia one speaks of "drawing a 'possum."

Draw a bead, to (American), the Western hunter or trapper in taking aim does so with deliberate precision. He slowly raises the "front sight," which in appearance is like a bead, to a level with the back sight, and when the two are in a line he immediately fires—hence the expression, and in colloquial use it has come to signify an attack upon one.

Draw blanks, to (American), to fail, miss, or be disappointed.

"Have you any invisible ink?"

She sighed

In a whisper

To the clerk.

"We have it, and of the best"—

He replied ;

"Do you know how to make it work ?"

"Oh, it isn't for me, but—

The nice young man

Who writes to me often—

Thanks !

Ma opens my letters, and,

After this,

I propose that she shall—

Draw blanks."

—C. G. Leland.

Draw boy (trade), a superior article marked at a low price, placed in his window by a shop-keeper to attract customers ; not intended to be sold, but only to act as a decoy to cheat those greedy credulous people who like to make a good bargain. This trick does not always succeed, and may generally be foiled by any obstinate customer who will persist, in spite of refusal, to become possessed of the identical piece of merchandise that has tempted his cupidity.

Drawing the Queen's picture (thieves), the manufacture of base money.

Draw it mild (common), calm yourself, don't exaggerate, the reverse of "coming it too strong." It has also the signification explained by the quotation.

Drawing it mild is used when the artist wishes to circumvent or bamboozle his customers, and consists in "flummery" or "gammon," which may either be put on the individual with a camel's hair pencil or a trowel, according to his humour.—*Diprose : Laugh and Learn.*

Draw out, to (common), to elicit information or secrets from one. French, "tirer les vers du nez ?"

Dress-lodger (prostitute), explained by quotation.

They belong utterly and entirely to the devil in human shape who owns the den that the wretched harlot learns to call her "home." You would never dream of the deplorable depth of her destitution if you

met her in her gay attire . . . she is absolutely poorer than the meanest beggar that ever whined for a crust. These women are known as *dress-lodgers*.—*J. Greenwood: The Seven Curses of London*.

With my thimble of ridge and my *driz kemesa*.

—*Ainsworth: Rookwood*.

Droddum (popular), the buttocks, the breech.

Dromedary (thieves), a bungler.

Drop (American), to get the *drop* on a man, to forestall, get first advantage. This phrase alludes to a trick, practised in large cities upon unsuspecting strangers, called the *drop* game, which consists in pretending to find a pocket-book or purse full of notes, which a confederate has dropped upon the near approach of a likely victim. By specious representations the finder manages to obtain good money from the victim, who is said to be *dropped* on, the notes being, of course, counterfeit.

Also to have the *drop* on one.

When summoned to hold his hands up, he refused and attempted to draw his own revolver, with the result of having two bullets put through him. Finnigan commented on Calamity as a fool for not knowing when a man had the *drop* on him.—*Century Illustrated Magazine*.

—*Song: Tiddle-a-Wink the Barber*.

(American), to lose.

St. Paul sporting men left for Illinois on Monday prepared to get even on their previous losses on the Gilmore-Myers mill, fought at Harrison's Landing, near St. Croix Falls, Wis., October 19th last, when Meyer sent Gilmore to grass in five rounds. The Minneapolis and St. Paul men gave big odds on Gilmore, and in round numbers it is estimated that the Minnesota men *dropped* \$8000 on the fight.—*St. Louis Globe Democrat*.

(Common), to *drop* into, to thrash.

Drum (popular and thieves), a house or lodging.

Call it what you like . . . *drum*, crib, owse, or whichever way you likes to put a name to it ; it makes no matter to the place I mean.—*J. Greenwood : Dick Temple*.

I went straight back to the old *drum* in Spitalfields, and after a drink with old friends we made up a tossing party, and I lost every penny of that ten shillings in a very little time.—*J. Greenwood : Seven Years' Penal Servitude*.

Drum means also a street, a road ; in the West of England a "drong."

It may have come directly from the English gypsy *drum* (old form *drom*), which is, truly, from the Greek *δρομος*, a road. The origin of the old French cant word, *trime*, which has the same meaning, is probably identical.

(Old), ront or ball. From the noise of the entertainment a ball-room was called the "*drum-room*."

The bonny housemaid begins to repair the disordered *drum-room*.—*Fielding : Tom Jones*.

First Drummer—"Had any fun this trip?" *Second Drummer*—"We tried to have some in Louisville, but it did not turn out very well. We painted the nose of one of the boys a brilliant red, and sent him into a revival-meeting." "They must have thought him a fit subject for conversion." "Well, no ; they all rushed up to him, grabbed him by the hand, said they were glad to see him back from Europe, and asked for a puff in the *Courier Journal*.—*Omaha World*."

In this paragraph the editor of the *Omaha World* satirises a colleague in a rival newspaper.

Drumstick (popular), the leg ; "*drumstick cases*," trousers.

Drunk (American), a state of intoxication.

Observing this, the opium master, who was still squatted on the bed, hastened to roll up a couple of cigarettes of common tobacco, and lit them by taking a whiff at each, after which he handed them to the Chinamen, who rose from the couch yawning, and, like men only half awake, staggered towards the fire, and sat regarding it in silence. They were not going yet ; they had come for a *drunk*, and would probably indulge in half-a-dozen

more pipes before the evening was over.—
In Strange Company.

Drunken chalks (soldiers), good conduct badges. Derisively used, and implying that the badges have been gained not by sobriety but by the faculty of carrying liquor well.

Drury Lane vestals (old). Drury Lane, like Covent Garden, had at one time a reputation for immorality and debauchery rivalling the Haymarket and Regent Street of to-day. The neighbourhood was notorious as the resort and dwelling-place of women of the town, whether kept mistresses or common harlots. They were called *Drury Lane vestals*, and "the Drury Lane ague" was a loathsome venereal disorder.

Dry bob. *Vide* BOB.

Dry-bobbing (Eton), cricketing. "Wet-bobbing," the term for river sports. *Vide* BOB.

D. T. (common), delirium tremens, used very generally by Anglo-Indians.

They get a look, after a touch of *D. T.*, which nothing else that I know of can give them.—*Indian Tale*.

D. T. also means *Daily Telegraph*.

Dub, to (thieves), to open; “*dub* the jigger,” open the door. T. Harman writes this “dup.”

Tower ye yander is the kene, *dup* the gygger.—*Harman: Caveat*.

Dub, a key, lock, picklock. *Dub*-lay, robbing houses by picking the locks. “Dubber,” an expert lock-picker.

To *dub* a jigger is a variant of “strike a jigger,” to break open a door, and *dub* in that sense is from the meaning to strike. Anglo-Saxon *dubban*. Hence *dub*.

(Popular), to “*dub* up,” to pay up. Provincial, *dubs*, money. So that “*dub* up” would be the exact rendering of the French *financer*, to pay. (Anglo-Indian), *dub*, a small coin.

Dubs (Winchester). In the slang of the boys of that public school this term has the meaning of double.

So I took a *ducat* for Lutton in Surrey, and went a wedge-hunting.—*Horsley: Jottings from Jail*.

Duck (popular), a bundle of scraps of meat sold to the poor. (Winchester), the face.

Duck, or duck's egg (cricket), no runs; an allusion to the shape of the nought.

I carried out my bat for nineteen, and Thomas his for fifteen, scored with much pluck at the pinch of the game; in fact, he won the match, for the remaining man was good for nothing else but a *duck*.—*Bird o' Freedom*.

(Stock Exchange). In the slang of the “House” a “lame *duck*” is a defaulter. The expression is old.

I may be “lame,” but I shall never be a *duck*, nor deal in the garbage of the alley.—*Walpole Letters*.

A “lame *duck*” is said to “waddle out of the alley,” that is, leave the Stock Exchange as bankrupt.

The gaming fools are doves, the knaves are rooks, 'Change-alley bankrupts waddle out “lame *ducks*.”—*Garrick: Prologue to Foote's Maid of Bath*.

Duck, doing a (thieves), getting under the seat of a railway carriage when the ticket-collector

comes round, so as to avoid paying the fare. From the ordinary meaning of to *duck*, to drop the head or person suddenly.

With a downward glance of intense scorn at me, the first speaker continued—

“*Doin’ a duck*, macin’ the rattler, ridin’ on the cheap, on the odno, under the bloomin’ seat, down wi’ the dust, all among the daisies, where you like, and what you like, it makes no matter which, what do you think? Gentlemen in my walk of life can’t always be worried.”—*Sporting Times*.

Ducks (common), white linen, or drill trousers.

This young person had stipulated that Billy should do the thing proper, and be married in a pair of white *ducks*. These garments he had cheapened at a mart of “reach me down” notoriety, to the satisfaction of the feminine onlooker of his proceedings through the window.—*Savage: London*.

(Anglo-Indian), officials of the Bombay service.

Dudder, dudsman (old), a pedlar who sold articles of clothing to country people. *Vide DUDS*.

Duddering rake (old), an extremely debauched man about town.

Dude (American), a swell or “masher,” an overdressed man. Probably from the very old English cant *dude*, a garment.

Ain’t you one of these *dudes* as the Colonel brings down sometimes from El Paso and Silver, that wants kettles o’ hot water to twelve o’clock?—*F. Francis: Saddle and Moccasin*.

The word is also used in England.

Sometimes, however, a distinction seems to be established between *dude* and dandy, the former being considered to apply more to a brainless “masher.”

I’m a dandy I’ll have you all to know,
With the ladies I’m never rude:
This style is all my own, with it I carry
tone,

I’m a dandy, but I’m no *dude*.

—*Song*.

The following quotation gives amusing evidence of the antiquity of *dude*.

A correspondent of the *New York Evening Post* shows that *dudes* are of very ancient date. In the “Eunuchus” of Terence, act iv. scene iv., l. 15, it is written:—

“Ita vistus est

Dudum quia varia veste exornatus fuit,”

Which, literally translated into English, would read:—“He seemed a *dude*, because he was decked out in parti-coloured clothes,” or still more literally, “in a vest of many colours.”

Dude hamfatters (American), a sarcastic allusion to the swell and “masher” pork-raisers. A large number are located not a hundred miles from Chicago.

It seems that the *dude hamfatters*, after trying various games to skip unseen, conceived the idea of making up as a couple of well-dressed women.—*New York National Police Gazette*.

Dudeman or **dudman**, a scarecrow (Halliwell).

Dudette, dudinette (American), a very young girl, a mere chit, who affects the airs and style of a belle.

Dudikabin (gypsy), "to lel *dādi-kabin*," lit., to take lightment. This word was for a long time kept a great secret by the gypsies, and one of them was reprimanded by his friends for telling the writer. It means the making a clean sweep of everything valuable in the house, under pretence of propitiating the planets, or of finding and attracting hidden treasure. This latter is more specially the *hukani boro*, or "great humbug." It appears to be connected with the English slang-equivalent "lightment," from to lighten, to relieve of one's property, to rob.

Dudine (American), a lady "dude."

Long-handled eye-glasses, and the *dudines* who buy and use them.—*Philadelphia Times*.

Duds (thieves), clothes. Scottish *dud*, a rag.

As I was walking down Cheapside a man came up to me and said, "Look here, mate, the sooner you sling them *duds* away the longer you will keep out of quod. I have been following behind two private clothes detectives, and they spotted you by your togs, so take my tip to get rid of them.—*Evening News*."

Also *duddies*.

Then he took out a little knife,

Let a' his *duddies* fa',

And he was the brawest gentleman

That stood among them a'.

—*Old Ballad: We'll gang nae Mair a Roving*. [Attributed to King James V. of Scotland.]

T. Harman uses the word with the meaning of linen clothes.

We wyll fylche some *duddes* off the ruffemans, or myll the ken for a lagger of dudes.—*Caveat*.

I.e., "We will steal some linen off the hedges, or rob a parcel of the same from the house."

(Old), to "sweat *duds*," to pawn clothes. A "dudman" is provincial for a scarecrow; literally a ragged fellow.

Duff (thieves), spurious. Men at the *duff*, passers of false jewellery. To *duff*, to sell spurious goods, often under the pretence of their having been smuggled, stolen, or found. In London attempts at *duffing* are often made by rascals who offer for sale a worthless meerschaum pipe or ring, pretending they have just found it. *Vide* DUFFER.

Duffer (common). This word has two opposite meanings. A rank swindler, a clever cheat—"a word in frequent use in 1701 to express cheats of all kinds." In Yiddish every word which means clever or wise also means roguery; and in Yiddish *doffer* is a shrewd, clever, very crafty man (adjective *doff*, from *tov* or *toff*, good); Dutch thieves' slang *doffer*, a tramp, a seller of forged pictures.

. . . Nor did it mark him out as the prey of ring-droppers, pea and thimble-riggers, *duffers*, louters, or any of those bloodless sharpers, who are perhaps a little better known to the police.—*Dickens: Martin Chuzzlewit*.

A worthless person, a stupid man, an awkward, unskilful fellow, a coward.

What an awful *duffer* he is. I do not believe he hit a thing to-day; besides, he is so dangerous.—*Saturday Review*.

In this latter sense the word is connected with *daffe*, Anglo-Saxon, a fool; *dajjam*, a silly person (Wright); *daff*, a coward; *daft*, of weak intellect. Anglo-Saxon *deaf*, "surdus, absurdus, stolidus," from *dufan*. *Deaf* is in most of its Indo-European forms synonymous with stupid or stolid. Gothic *daufs*, dull or foolish.

I very quietly slipped four *duffers* among six good bobs, and accommodated her with the change she wanted. It came off all right, so I've four bob left for drinks; see! —*Bird o' Freedom*.

(Nautical), a woman who assists smugglers.

Duffer out, to (Australian), mining slang. A reef is said to *duffer out* when the gold is nearly or quite exhausted.

He then reported to the shareholders that the lode had *duffered out*, and that it was useless to continue working.—*Advantage Australia*.

Dug-out (American), a canoe hollowed out of the trunk of a tree. The term seems common throughout the New World, as the Rev. W. Cartwright in his "Autobiography" says, "If by chance we got a *dug-out* to cross in ourselves and swim our horses by, it was quite a treat."

Also a rough kind of structure built over an excavation.

The new house was at best but a modest little structure, but Mayne viewed the

placing of each shingle and the driving of each nail with profound satisfaction. In the sparsely settled neighbourhood, where *dug-outs* and "shacks" predominated, a "frame" house, even though small and unpretending, was a structure of no mean importance. When it became known that Jack Mayne intended to plaster the "front room" it was pretty thoroughly agreed that reckless extravagance characterised Mayne's house building.—*Sporting Times*.

Duke Humphrey (common), "to dine with *Duke Humphrey*," to go without dinner. Dr. Brewer, in his "Dictionary of Phrase and Fable," says:—"Humphrey, Duke of Gloucester, son of Henry IV., was renowned for his hospitality. At his death it was reported that a monument would be erected to him in St. Paul's, but his body was interred at St. Albans. When the promenaders left for dinner, the poor stay-behinds who had no dinner used to say to the gay sparks who asked if they were going, that they would stay a little longer and look for the monument of the 'good duke.'" "Dining with the cross-legged knights" (the stone effigies of the Round Church) had the same signification. Hotten has the following explanation:—"Some visitors were inspecting the abbey where the remains of Humphrey Duke of Gloucester lie, and one of them was unfortunately shut in, and remained there *solus* while his companions were feasting at a neighbouring hostelry. He was afterwards said to have dined with *Duke Humphrey*, and the saying even-

tually passed into a proverb." *Vide* Halliwell, who gives a better origin, and one supported by all contemporary writers.

Duke of limbs (common), a tall, spindle-shanked man; the phrase also implies awkwardness and uncouthness.

Duke of York (rhyming slang), walk or talk.

Dukes or dooks (popular and thieves), the hands; from the gypsy *dūk*, *dook*, which refers to palmistry; "it is in his dook," meaning "it is in his fate," became "it is in his hand."

Then he began to push me about, so I said I would not go at all if he put his *dukes* (hands) on me. Then he rammed my nut (head) against the wall and shook the very life out of me.—*Horsley: Jottings from Jail.*

To grease one's *duke*, to bribe, to pay.

So the next day I went to him, and asked him if he was not going to grease my *duke*.—*Horsley: Jottings from Jail.*

To put up one's *dukes*, to fight, to box.

No doubt Britain's foes will be thrown into throes

Of utter dismay and despair, too;
Finding those near the throne are to prize-fighting prone;

And are ready to fight "on the square," too.

Now that royalties spar, all the swells, near and far,

Will do ditto—without any warning;
And without any flukes, will all put up their *dukes*,

And try punching the bag every morning.
—*Fun.*

So? Mándy cant pen lis-mándy can.

Mā tūte sáv 'at *dūkkerin*, pála—

"This is a capital specimen

of Anglo-Indian dialect. *Dam khāna*, 'to eat one's breath,' is a Hindu idiom for 'to be silent.' Mr. Hobson-Jobson converts this into a transitive verb, to *dam-khās*, and both spelling and meaning being affected by English suggestions of sound, this comes in Anglo-Indian use to imply *cowering* and silencing" (Anglo-Indian Glossary).

No *dummy*-hunter had forks so fly,
No knuckler so defily could fake a cly.

—Ainsworth: *Rookwood*.

Dummy daddle dodge (thieves), picking pockets in an omnibus under cover of a sham hand.

Asked by the friendly warder what he thought of the *dummy daddle dodge*, Mr. Mobbs said he rather thought that game was played out. A woman, he proceeded to explain, can work with a *dummy daddle* in an omnibus or a railway carriage much better than a man, because, without appearing conspicuous, she can wear any kind of loose shawl or cloak as concealment for her real hand.—*J. Greenwood: Daily Telegraph*.

Dump fencer (street), a man who hawks buttons. *Dump* is an old word for a leaden medal.

The term is old, it occurs in the "Life of Ken," 1690. "Down with the *dust*," pay the money.

If they did intend to trade with Christ they must "down with the *dust*" instantly, for to his knowledge the Papists did offer a vast sum of money for England's Christ. —*Eachard's Observations*, 1671.

Duster (tailors), a sweetheart.

Dust Hole (common), the Queen's Theatre, Tottenham Court Road, so called from the fact that half a century ago, when under the management of Mr. Glossop, the débris of the theatre was swept daily under the pit, and suffered to accumulate, to the great inconvenience of the audience, until the *dust hole* was crowded to repletion. The first French plays acted in London were given at this theatre, which, after many vicissitudes of fortune, became fashionable as the Prince of Wales', and is now the property of the Salvation Army.

(Common), the *elcphant*, originally an Americanism. We might compile a volume of the amusing

There is a book by "Doesticks" (Mortimer Thompson), called "Seeing the Elephant," devoted to describing "life" in New York, of which a reviewer remarked that *the elephant*, according to Mr. Thompson, appeared to be bad brandy. When a man had made an unfortunate speculation he would say that he had not only seen *the elephant* but felt him kick. The phrase seems to have originated in an old ballad of a farmer who, while driving his mare along the highway, met with a showman's elephant, which knocked him over, and spilt his milk and destroyed his eggs. The farmer consoled himself for his loss by reflecting that he had at least "seen *the elephant*."

And he said, "Now in future no one can declare

That I've not seen *the elephant*—neither the mare."

In 1849-1850; to have been to California and returned was to have seen *the elephant*.

Those who sold the bonds had vanished, those who hadn't held the town, Little knew they of its glory over seas or great renown, They had nothing of the fruitage—though alas! they held the plant, Nothing saw they of the picture save indeed *the elephant*.

He who had been in the background now came rushing to the fore, Terribly he trampled on them—very awful was his roar.

—*The Rise and Fall of Gloryville.*

Montaigne strangely enough seems to suggest that "to see *the elephant*" was in his time connected with experience of life. He cites the following from "Arrien. Hist. Ind.," c.

17.

"Aux Indes Orientales la chasteté y estant en singulière recommandation, l'usage pourtant souffroit qu'une femme mariée se peust abandonner à qui luy presentoit un *éléphant*, et cela avec quelque gloire d'avoir esté estimée à si hault prix."

This then was the Indian way of "seeing *the elephant*," and of paying, as at the present day, an enormous price for the sight.

(Common), a girl is said to "have seen *the elephant*" when she has lost her chastity. French, "avoir vu le loup."

Elephant's trunk (rhyming slang), drunk.

Elevation, explained by quotation.

"They as dinnot tak' spirits down thor, tak' their pennord o' *elevation* then—women-folk especial."

"What's *elevation*?"

"Opium, bor' alive, opium."—*C. Kingsley: Alton Locke.*

"Elevated" is English for intoxicated in a slight degree.

Probably from the old word *alfen*, hence *aleft*, lifted.

End (American), "to be all on *end*," to be very angry or irritated. From rising up, or jumping up in a rage. Also applied to a state of excitement, especially of anticipation. "They were all on *end* to see the President go by."

Endacott, to (journalistic), to act like a constable of that name who arrested a woman whom he thought to be a prostitute.

Constable Endacott. . . . Though he might base a claim to a pension on literary grounds, as having enriched the English language with a new word (*to Endacott*, V.A.), it is not probable that an economical Government would value this addition to the dictionary very highly.—*Evening News*.

The expression lived "ce que vivent les roses, l'espace d'un matin," probably on account of certain facts proved in the course of a subsequent investigation, and which showed that the constable's name ought not to go down to posterity as that of an oppressor of womankind.

Ends, at loose (familiar). When a business is neglected, or its finances are in a precarious condition, it is said to be *at loose ends*.

Cubitt in 1817, and first used in Brixton Prison, fell somewhat into desuetude, but has been revived in some prisons under the Government régime, as an instrument both of utility for grinding corn, raising water, &c., and of real hard labour. The labour varied most unequally, *e.g.*, from 7500 feet ascent in the day in Lewes prison to 14,200 feet in Boston. This inequality and consequent injustice has now been removed.

Everton coffee (rhyming slang), coffee.

Everything is lovely, and the goose hangs high (American), a phrase which became known during the war, and which formed the burden of a popular song. It signified that all is going well. Given in Wright's Provincial Dictionary as a provincialism, and by Hotten as a slang term, though it can hardly be considered as such. Obsolete in the sense of cherish, caress, fondle, and now a low expression for to

trifle, play the fiddle. It has been suggested by a writer in the *Cornhill Magazine* that it is derived from "fidfad," a word that has been long in use, with much the same meaning as *fad*.

In the sense of trifling, worthless, it is derived from the Anglo-Norman *fade*, meaning originally sad, faded, tainted, decoyed. It seems to have been used at a very early date to signify fanciful, whimsical.

Fad cattle (old slang), women of easy virtue.

Faddist (common), enthusiast; one addicted to "fads," which see.

Faa was a common name for gypsies—not assumed, but often accepted by them. "Johnnie Faa, the Gipsy Laddie," is the title of an ancient popular ballad, recounting how a handsome vagrant of that name ran off with the Countess of Cassilis, who was enamoured of him for his manly, hearty, and winning

manners. Robert Faa is the present king of the Scottish gypsies at Yetholm.

Also a term of contempt applied to a woman or child with reference originally to the slovenly garments, the person being compared to a bundle of sticks loosely put together. The French *fagoté* signifies dressed in ill-fitting, badly matched garments.

Fagot briefs, bundles of worthless papers tied up with red tape carried by unemployed barristers in the back rows of the courts to simulate briefs (Hotten).

Evidently from the old term *fugots*, "dummy" soldiers or

sailors who were hired to appear at muster and fill up the companies or crews.

Fagot, to, an expression proper to robbers; that is, to bind hand and foot (Bayer's Dictionary, 1748). It is curious to note the coincidence with the French cant *fagot*, a convict; from the circumstance that convicts were all bound to one common chain when on their way to the hulks.

Faints (schoolboys), in vogue amongst schoolboys to express a wish temporarily to withdraw from participation in the particular sport or game being played. It is generally understood that this can only take place while in bounds or out of danger. It is somewhat similar to the now almost obsolete term "wicket" in cricket.

As this trade is in London, at all events, almost entirely in the hands of the Jews, they are sarcastically said to have joined the ranks of the *faithful*; or this when they allow long credit to a customer, a practice which, it is to be feared, also often makes the old saying concerning them literally true—"his faith has made him unwhole," *i.e.*, bankrupt.

Fake, a very ancient cant word, possibly from *facere*, used in the honest sense of to do, to make, originally, but afterwards in the dishonest one. The word was popularised by a song introduced in Mr. Ainsworth's novel "Rookwood." In conjuring, any mechanical contrivance for the performance of a trick. Fakements (theatrical), small properties or make-up, such as a hare's foot, an old white stocking-top, piece of burnt cork, &c., all you can get in a "make-up" box, a cigar-box. Certain pantomimists are accustomed to call the properties used in the harlequinade *fakements*. A good story of Macready, whose loathing for the very name of slang was notorious, is told in connection with this subject. When starring in *Hamlet* at Newcastle-on-Tyne, the manager was short-handed, and an unfortunate clown was pressed into the service for Francisco, who speaks the first line of the play. The poor pantomimist was waiting in great anxiety for the halberd or partizan he was to carry while mounting guard, and the property-man who ought to have provided it was conspicuous by his absence. The great Mac., grim and growling, and more atrabilarious than usual, opened fire with—

"Er—er—are we to stay here all day? Begin, sir, begin."

"Can't begin, guv'nor," quoth the clown.

"Er—why not, sir? er—why not?"

"'Cos I ain't got my *fakements*."

"Your what, sir? Good heavens! your what?"

"My *fakements*. Here, I say, cully" (catching sight of the property-man, who had just put in an appearance), "hand over the *fakements*."

The great Mac., thoroughly nonplussed, growled to the property-man—

"By all means, Mr. Cully, hand over the gentleman's *fakements*, and let us begin the rehearsal."

"The significance of this word in America is very different from that of the French word *piéd-plat*, identical though the words may be in their primary meaning. A French *piéd-plat* is a contemptible fellow; but an American *flat-foot* is a man who stands firmly for his party. . . . When in America General Grant said he had 'put his foot down,' and meant to advance in that line if it took him all the summer, he conveyed . . . the American meaning of the expression *flat-footed*."

It may be observed that *flat*, in the senses of downright, resolute, firm, plain, direct, straightforward, or simple, is Dutch, and that *platt Deutsch* means "plain Dutch" (Sewell). *Plat afslaan*, or *plat afzeggen*, is to give a flat refusal, or to refuse "right up and down." —*Punch*.
- (Printers), an ancient name for the printers' devils, from an old cant term for spirits attendant on magicians, more particularly applied to the boys who lifted the newspapers from the press.
These boys do in a printing-house commonly black and bedaub themselves, whence the workmen do jocosely call them devils, and sometimes spirits, and sometimes *flies*.—*Academy of Armory*, R. Holme, 1638; and *Gentleman's Magazine*, October 1732.
- Flimming, flim-flamming** (American thieves' flash or slang), in England, "ringing the

—*Dagonet: The Great Mystery*.

In the above the reference is to General Boulanger.

Flint (workmen), an operative who works for a "society" master, *i.e.*, for full wages. In the early part or middle (1836-7, C.W.S.) of the present century, a strike for higher wages took place in London. Floaters. The *Cornhill Magazine* gives the following explanation:—"An interesting, but one would hope decaying, class of voters are the *floaters*, the electors whose suffrages are to be obtained for a pecuniary consideration. There is a story told of a candidate in an American township who asked one of the local party managers how many voters there were. 'Four hundred,' was the reply. 'And how many *floaters*?' 'Four hundred!' Somewhat akin to the *floaters* are those who sit 'on the fence'—men with impartial minds, who wait to see, as another petty phrase has it, 'how the cat will jump,' and whose convictions at last gene-

rally bring them down on that side of the fence where are to be found the biggest battalions and the longest purses. These *floaters* and men 'on the fence' used in the olden times to be the devoted adherents of the 'man in the moon.' When an election was near at hand it was noised abroad throughout the constituency that the 'man in the moon' had arrived, and from the time of that august visitor's mysterious arrival many of the free and independent electors dated their possession of those political principles which they manfully supported by their votes at the poll. Of course no candidate bribed—such a thing was not to be thought of; but still the money was circulating, and votes were bought, and as it was necessary to fix the responsibility upon some one, the whole business was attributed to the action of the 'man in the moon.'

Floating academy (old cant), the hulks; "Duncan Campbell's *floating academy*," the hulks at Woolwich.

(Schools), a question or paper too hard to be mastered, that

on the contrary masters you. (Skittles), a stroke that brings all the pins down.

Floor, to. This word is recognised in the sense of to strike down, hence to put to silence by some decisive argument or retort: given by Wright as college cant, with the sense of "to throw on the floor as done with; hence to finish with." Gathered from the quotation—

I've *floored* my little-go work.—*Hughes: Tom Brown at Oxford*.

In the above the true sense is, "I have mastered," &c. Dr. Brewer says: "Thus we say at the University, 'I *floored* that paper,' *i.e.*, answered every question on it; 'I *floored* that problem,' did it perfectly, or made myself master of it."

Floor-walker (American), a man employed in shops to ask those who enter what they want, and direct them to the department where it is sold.

I next went into a shop a few doors farther up Broadway. When I entered I approached the *floor-walker*, and handing him my sample, said: "Have you any calico like this?" "Yes, sir," said he. "Third counter to the right."—*Frank R. Stockton*.

Called in England shopwalkers.

Flop (Vermont University), explained by quotation.

Any "cute" performance by which a man is sold is a good *flop*, and by a phrase borrowed from the tall ground is "rightly

played." The discomfited individual declares that they "are all on a side," and gives up, or "rolls over," by giving his opponent "gowdy." A man writes cards during examination to "feeze the profs;" said cards are "gumming cards," and he *flops* the examination if he gets a good mark by the means. One usually *flops* his marks by feigning sickness.—*Hall: College Words and Customs.*

Forty years ago, when the late Charles Kean was acting "Macbeth" in Belfast, a stupid, inattentive actor kept the stage waiting for Seyton, in "Macbeth," for a considerable period. Flummuxed (thieves), done up, sure of a month in prison (Hot-ten).

Flunk, to (American), to die out, to give out, to fail, to make a feeble effort and then collapse. Possibly a New York or New Jersey (Princeton) word, from the Dutch *flonk, flonker, flonken*, to "twinkle" or sparkle like a star, bright at one instant and then invisible. It is generally used in American colleges for a failure in recitation. In a *flunk* the student at least makes an effort before he breaks down, but in a "dead *flunk*" he makes

none, and simply exclaims, "Not prepared."

In moody meditation sunk,
Reflecting on my future *flunk*.
—*Songs of Yale College*.

Flunkey (nautical), the ship's steward. (American), a man who is unacquainted with the secrets of the Stock Exchange, makes rash ventures, and loses his money. The original *flunkey*, a footman, is from the French *flanquer*, to run by the side of (Skeat).

—*Dickens: Bleak House.*

The designer is said to be *fly* at everything, to be up to everything, and down at everything. — *Diprose: Laugh and Learn.*

The term is probably from a simile referring to rapidity of comprehension. To be *fly* in Northamptonshire signifies to be quick at taking offence, at *flying* into a passion. A *fly* was originally a light carriage for rapid motion; and *mouche*, i.e., *fly*, is the name given to penny boats on the Seine. (Popular), “to be on the *fly*,” to be out for a day’s pleasure.

Have obtained it by what we call *flying a kite*;

Or on mortgage—or sure, if he couldn’t so do it, he

Must have succeeded “by way of annuity.”

- Flying, blue pigeon** (thieves).
 "Thieves who *fly the blue pigeon*, that is, who steal lead off houses, or cut pipes away . . . cut a hundredweight of lead, which they wrap round their bodies next to the skin. This they call a 'bible,' and what they steal and put in their pockets they call a 'testament'" (G. Parker).

"What's the matter now?" said the man carelessly. "A young *fogle-hunter*," replied the man who had Oliver in charge.

Fogram (thieves), a fussy old fellow (New York Slang Dictionary).

(Nautical), wine, beer, or spirits of indifferent quality; in fact, any kind of liquor (Smyth).

Fogue (thieves), fierce, fiery. Possibly from the French *fogueux*.

Fogus (old cant), tobacco. "From *fogo*, old word for stench," says Hotten. Possibly from *fog*, *fouge*, moss, and *foggage*, rank grass. This derivation is borne out by the analogy of "weed," another term for tobacco with "to fog." Also by French cant *trèfle*, *trifoin*, for tobacco.

Foik, to (football). "To *foik*" a ball out of the scrimmage is to pick it up with your hands before it is fairly out of the scrimmage, or to kick it out of the scrimmage backwards to one of your own "behinds," to give him a chance of a "run." Doubtless an imitation of "fake," broadly pronounced in some provincial dialect.

Fool-killer (American), a mysterious being in the great Yankee

mythology, frequently alluded to by editors as being "in town." The information is generally coupled with a warning to some prominent person that his life is in danger.

St. John of Kansas says he is not "afraid." From this statement we infer, that if St. John of Kansas and the *fool-killer* ever meet, the fur will fly. Look out for locks of a dyed moustache.—*American Newspaper*.

Fool's wedding (popular), an assemblage of women at which no man is present. Cf. HEN CONVENTION. The metaphor probably is that of a wedding without a bridegroom.

Foont (thieves), explained by quotation.

I got between five or six *foont* (sovereigns).—*Horsley: Jottings from Jail*.

German *pfund*, pronounced *foont*.

Footer (schools), football. There are a number of slang terms formed by changing the legitimate ending of words into *er*. The custom is said to be derived from Harrow.

(Universities), one who plays football according to the Rugby rules.

Footing-up (American), but probably of English origin.

The Arab abhors statistics. He won't be tabulated if he could help it, and were you to go to Algeria, Doctor Colenso, you would find a deeply rooted objection among the people to the reckoning or *footing-up*, as the Americans call it, of

I think it would be a very pretty bit of practice to the ship's company to take her out from under that *footy* battery.—*Marryat: Peter Simple*.

Footy literally means "having foots," *i.e.*, settlings, or dregs, as *footy* oil. Hence its application to anything inferior or

worthless. It has been suggested, however, that *footy* comes from the French *foutu*, which among its various significations has that of inferior, worthless.

Foozle (American), a man who is easily humbugged, a fool. "This common slang word, which appears also as *comfoozle*, meaning flattery, cajoling, or humbugging, is probably derived from the Anglo-Indian *foozilow*, meaning quite the same thing. This is in its turn from the imperative *p'hustlāo* of the Hindu verb *p'hustlānā*. It is to be here remarked that many Hindu words came at an early date to the ports of Boston and Salem direct from India, and not through England. The prefix *com* is possibly the Hindu *kōm*, 'love.' To *comfoozle*, in Yankee, in fact means much the same as 'to mash,' but it also applies to bewilder, to lead one off the head, or simply to fool and confuse, which all agrees with the Indian word" ("MS. of Anglo-Indian Terms," by C. G. Leland).

Fopdoodle (American), a silly fellow. "Come, don't be such a *fopdoodle*." This is provincial English.

Forakers (Winchester School), water-closet. Probably because originally the place used was a field, termed "foreacre," a provincialism for the headland of a field.

Force the voucher, a term in use among sporting tricksters, who advertise to send certain winners, and on receipt of letters enclose vouchers similar to those sent out by respectable commission agents, but with double or treble the current odds marked thereon, in reference to the horse named. A plausible letter is sent with the voucher, and the victim is informed that on account of early investments made by the firm, the extra odds can be laid by them, and a remittance to the amount named, or part of it, is requested. Of course, the firm "dries up" when claims become heavy (Hotten).

Fore coach wheel (popular), half-a-crown.

Foreman (tailors), a "sleeve-cutting *foreman*" is a cutter's trimmer. "Near the *foreman*, near the door," a cutter's term, meaning the farther you work from the foreman the better for you.

Foreman on the job (popular), a leader, master, director, or "boss."

(Common), "good *form*," "bad *form*" refer to behaviour up or not up to a generally accepted standard of good manners or morality.

Fossick, to (Australian gold-miners).

Fossicking or "pocket mining," the searching for those scattered accumulations of gold which seem to have been washed into eddies in the early history of the earth.—*Standard*.

Also in the old digging days *fossicking* was getting a living by extracting what little gold there was from the refuse wash-dirt which previous miners had abandoned. So called from *fossicking*, taking trouble, it being tiresome work (Halliwell).

Fossicker (Australian gold-miners), an alluvial mining explorer. Also a miner who works at holes abandoned by others.

To this region must one come to see the *fossicker* in all his miserable state. Traveling in pairs, but usually working separately, the true gambusino of the North is found. Each boils his separate billy, and provides his frugal fare; each pitches his solitary tent; each works when and how disposed; each roams the ravines adjacent in search of some hidden store; and only when an abundance of water and cradling dirt convenient points out the mutual benefit, do the two combine and share the joint proceeds. Inducement for such a life is hard to find. Every pound of food has to be packed from fifty to a hundred miles. Salt meat is necessarily the sole form in which meat can be provided. Day after day, week after week, the patient *fossicker* tries creek after creek, gully after gully, ravine after ravine, with the same result, the monotonous "colour," or worse still,

the occasional presence of a coarse speck encouraging the delusion of better things.—*The Queenslander*.

Fossicking about, ferreting about. *Vide* TO FOSSICK.

Fuggies (schoolboys), hot rolls (Hotten).

Fuggy (Shrewsbury), stuffy; from *fojo*, an old word for stench.

Fulhams or fullams (old), loaded dice. "So called," it has been suggested, "from the suburb where the Bishop of London resides, which in the reign of Queen Elizabeth was the most notorious place for blacklegs in all England." Dice made with a cavity were called "gourds" (scooped out like the bottle-gourd used for cups, bottles, &c.). Thus those which were loaded may have been called "full ones," hence *fullams*. Those made to throw the high and low numbers were respectively termed "high *fullams*," and "low *fullams*."

Full blast (common), anything is said to be in *full blast* when at its apogee. The allusion is obvious.

To *funk*, to be nervous, afraid, shrink back.

But when the time for his examination drew on the little gentleman was seized with such trepidation, and *funked* so greatly, that he came to the resolution not to trouble the examiners again.—*C. Bede: Verdant Green.*

Also to *funk* it.

Funk is declared by some authorities to be a recognised word. At any rate it is vulgar and used in a slangy sense in such phrases as "to be in a *funk*," "an awful, mortal *funk*." This term, according to De Quincey, originated among the Eton "men." Probably from *funk*, to emit an offensive smell like certain animals when pursued, or people who lose physical control over themselves when in a state of great terror. This derivation seems to be borne out by the parallel French *foirer*, to be afraid, shrink back, also "faire dans sa culotte."

Funk, also a coward.

In New York the word *funk* is connected with humbug, and "Peter Funk" is a kind of mysterious spirit who inspires all kinds of petty business tricks.

Funkers (thieves), the very lowest order of thieves.

Funkster (Winchester College), one who is afraid.

Funky. *Vide* FUNK.

Furk, to (Winchester College), to expel. It is said that formerly "men" who were expelled had to go through "non licet gate" when leaving the college for good, and their clothes were sent after them on a pitchfork. If this is true, *to furk* is from the Latin *furca*, pitchfork. Otherwise the origin may be found in old English *ferke*, to hasten on or out. It has also the signification of to send. Thus boys will say that reports are *furked* home by the doctor. Also to send on a message.

Furmen (old slang), aldermen. An epithet derived from their robes of office being trimmed with fur.

Furniture pictures (studios), pictures painted by the dozen for

the trade of the same class as "pot-boilers."

Fur out (Winchester College), angry; *i.e.*, one with *fur out* like an angry animal.

Furry tail (printers), see RAT. A workman who accepts work at an unfair house is thus termed, from the fact that a rat is *furry*.

Fush, to fush out (American), to waste, come to nothing. Dutch *futsel*, a trifle, a worthless thing; *futseln*, to fiddle, foddle, trifle, idle.

Fussock (popular), a person who makes much fuss. Formerly a fat woman, from the provincial English "fussocking," large and fat.

Fustian (thieves), wine; white *fustian*, champagne. Compare with "red tape, white velvet," &c.

Fye-buck (old), a sixpence.

AB or gob (popular), the mouth. This word is given by dictionaries as a recognised term, but it is used

in a slangy sense, and may be considered as belonging to slang phraseology. It is derived from the Gaelic and Scotch *gab* or *gob*, mouth, idle prating, loquaciousness.

An' aye he gies the towzie drab
The tither skelpin' kiss,
While she held up her greedy *gab*
Just like an amous dish.
—Burns: *The Jolly Beggars*.

The term is more often used in slang as the "gift of the *gab*."

In towns that have become accustomed to the franchise, the voters well know that though a man may be a moderate speaker,

he may, and probably will, make a more valuable business-like member of Parliament than the one who has the *gift of the gab*.—*Sporting Times*.

Gabble manufactory (American), sometimes called the "*Gabble Mill*"—the Congress of the United States, though in this respect it does not seem to be worse than other national assemblies.

A mill for the manufacture of *gabble*.—*J. Russell Lowell*.

Gabble is a diminutive of *gab*; Danish *gabberen*, to trifle, jest; old French *se gabber*, to mock. From the Scandinavian *gabb*, mockery, according to Littré; Dutch *gabbern*, to jabber.

Gaby (common), a simpleton, a fool or country bumpkin. (The synonym "*gawcum*" is used in Somersetshire.) Probably from "to gape;" Danish *gabe*. This derivation seems to be borne out by the analogous *badaud*, booby, idler; from the low Latin *badare*, to yawn, to gape.

Gad (gypsy), a shirt; (popular), "upon the *gad*," upon the sudden. It also signifies restless, going about.

I have no very good opinion of Mrs. Charles' nursery-maid. . . . She is always upon the *gad*.—*Miss Austen: Persuasion*.

Gadding or gadding about. Hotten says this is only to be heard now among the lower orders, but in America it is still

used by everybody. It does not mean merely "moving about," but going here and there in an irregular way, making short calls or brief pauses on the way.

She was always fond of *gadding*, and was now employed in adding
Certain graces to her charms, which
some mistake
For nature's simple beauty, as apart from
fashion's duty,
Although fashion's oft synonymous with
"fate."

—*Sporting Times*.

Gadding the hoof (popular), walking about without shoes. Same as "padding the hoof."

Gaff (American), a steel spur fixed to the "heel" of a gamecock for fighting. From *gaff*, a barbed iron or large fishing-hook.

Gaffing is tossing, pitching, or throwing like a juggler performing. The *gaff* is a ring worn on the forefinger of the dealer. It has a sharp point (hence probably the name), on the inner side, and the gambler when dealing from a two-card box can deal out the card he chooses. Some, however, are smart enough to do this trick without the *gaff*. It is out of date.

(Popular), a *gaff* or penny *gaff*, a low place of entertainment. This term is now used for any theatre or music-hall, as the Greenwich *gaff*. This appears to be allied to *gag* (which see), or from *gaffle*, to chatter.

Two or three times a week I used to go to the Brit. in Hoxton, or the *gaff* in Shoreditch.—*Horsley: Jottings from Jail.*

(Theatrical), to *gaff*, to perform in low theatres. (Prison), a *gaff*, a pretence, imposture. In French slang *gaiffe* has the meaning of joke, deceit. (Popular and thieves), “to blow the *gaff*,” to divulge a secret.

One of them rushes to Smith, and demands, “Have you been ordering some sewing-machines?”

“Yes; is the *gaff* blown?” was the rejoinder.

“We have had a telegram to surround the station.”—*Evening News.*

Gaff, in the sense of imposture, and blow the *gaff*, seem to be from *gaffle*, to chatter, or are allied to *gab* or *gag* (which see).

Gaffer (athletes), he who trains and “owns” primarily a Sheffield handicap runner—now he who does the same to any “ped” or pedestrian.

Gag (theatrical), an actor’s or singer’s interpolation in the text of a play.

The chorister boys in a western cathedral have been getting into trouble for what in theatrical strollers is called *gagging*—singing things that are not in the programme.—*James Payne, in Illustrated London News.*

Many a play has been saved from utter ruin by the self-possession of the actor or actress,

who, finding himself or herself face to face with failure, has emitted some bright line, some apposite *repatee*, which in one moment has converted defeat into victory.

On its first production, the comedy of “The Jealous Wife” hung fire in the last scene, and was nearly going through altogether, until the quick-witted Mrs. Clive improvised a grotesque fainting fit, which evoked roar upon roar of laughter, put the audience into a thoroughly good humour, gave Garrick time to recover himself, and ultimately ensured a triumphant success.

Similarly Frederick Lemaitre, by sheer force of genius, combined with unique and unrivalled effrontery, at a moment’s notice converted a melodramatic ruffian into the incarnation of comedy, and created the character of Robert Macaire.

Paul Bedford’s “I believe you, my boy,” has travelled all over the globe. Chinamen and Japanese have quoted it, to prove their knowledge of the English language. Two of the most memorable *gags* of which we have any record, occurred in moments of inspiration to Macready.

The famous line at the end of the fourth act of “Richelieu”—

“Oh! for one hour of youth!”

only leaped to his lips, amidst the tumult and excitement of the scene on the night of the

first representation of the play at Covent Garden.

Similarly, on the first night of "Werner," at Bristol, in an agony of paternal anguish, he rushed down to Gabor, and in a piercing voice demanded: "Are you a father?" Then he whispered: "Say No!" Gabor, taken off his guard, roared "No!" But Macready rose above him with a wail of grief, which thrilled the heart of every auditor, as he exclaimed: "Then you cannot feel for misery like mine!" At these words, the pit rose at him.

Probably one of the best remembered, and one of the happiest interpolations, took place at Covent Garden on the occasion of T. P. Cooke (the original William) taking his farewell of the stage. Having described the killing of the shark, the veteran proceeded to say—"We hauled him on deck; we cut him open. And what do you think we found in him?" The usual reply is, "Why, his innards, of course." On this occasion, genial Johnny Toole, who played Gnatbrain, replied: "I don't know what you found in him, but I know what you *didn't* find in him. You didn't find another T. P. Cooke." This *gag* brought down the house. Like everything else, *gag* is subject to the general law of "the survival of the fittest," all that is bright and appropriate abides, all that is vulgar and inappropriate is swept

away by the stern stage manager.

To *gag*, to interpolate. *Gag* is old for jaw, palate. Thus to *gag* is synonymous with "to jaw," but it is possibly allied to the old French *gogue* (whence *goguenard*), a joke, from the Celtic *goguea*, to deceive, deride; and this derivation seems to be supported by the signification attributed to *gag* in English thieves' cant, *i.e.*, a *lie*, and to *hoax*.

Gage (old cant), a quart pot; from *gauge*, a measure. Written also *gaje*.

I bowse no lage, but a whole *gaje* of this I bowse to you.—*Brome: Jovial Crew*.

Gage or **gager**, a man. Also *cager*. *Gager* is in all probability the gypsy word *gorgio*, meaning any man not a gypsy. Two centuries ago the English gypsies pronounced *gorgio*, "gago" (*gah'dzho*), as their brethren still do all over Europe. (Popular), a *gaje*, a small quantity of anything. "*Gage*," says Hotten, "was in the last century a chamber utensil."

Gagger (theatrical), one who "gags." *Vide* GAG. Actors were formerly termed *gaggers*.

Gags or **gatherings** (Winchester College), a name given to notes which the different parts of school used to write on the work they had done in the week.

Lamb used the word for pieces of mutton fat that make one retch or choke.

Gait (American thieves), manner of making a living, profession, calling.

Galaney or **galeny** (old cant), a fowl. From the Italian *gallina*, now used in the West of England in the sense of guinea-fowl. A gally-bird in Sussex is a woodpecker.

Galee (Anglo-Indian), slang for bad language. Hindu *gali*. In English gypsy *gooler* or *gäller* is a noise or tumult, and *cäller* a talking or clatter of words.

Gall (American), pluck, cheek, impudence, courage.

Dumley—"You know that contemptible little Robinson, don't you, Brown?" *Brown*—"Yes, but I don't associate with him." *Dumley*—"Well, what do you think he had the *gall* to do to-day?" *Brown*—"He has the *gall* to do anything." *Dumley*—"He asked me to drink with him; but he'll never repeat the impudence." *Brown*—"What did you do, pull his nose?" *Dumley*—"No. I ordered a champagne cocktail, and it cost him 75 cents."—*New York Sun*.

Gallanty-show (common), an exhibition in which black figures are shown on a white sheet to accompany dialogues. Generally given at night by "Punch and Judy" men (Hotten). From the Italian *galanti*, fine, often applied to small shows.

Gallery stroke (sporting), a stroke for effect; unlike "playing for

the gallery," which has an almost forgotten theatrical origin. A *gallery stroke* is derived from the fact of so many games being witnessed from galleries. (Cricketers), a high hit up into the air to take the fancy of the spectators.

Galley slaves (printers), *vide* COMPS. Compositors are termed thus from the fact that their earnings, especially in newspaper offices, depend on the number of *gallies* done. A man to have a good "poll" must *slave* hard to set up a large number of *gallies*. Moxon, 1683, quotes this term.

Galley-stoker (nautical), a lazy skulker.

Galley west (American). Though it indicates an opposite direction, *galley west* means the same as "about east," being a strong superlative, as expressive of greatness or magnitude.

I have seen the Escorial and the Vatican, and the Dolme-Bagtche, and Windsor Castle, and lots of those little dug-outs over there, but I'll be darned if this establishment of yours, Hunse, don't knock any one of them *galley west*!—*galley west*, sir, that's what it does.—*F. Francis: Saddle and Moccasin*.

Gallimaufry (nautical), a kind of stew made up of scraps of various kinds. Probably meaning the galley scraps (Hotten).

Gallinipers (West Indian), a facetious name given by the negroes to a very large and pertinacious kind of mosquito. Without a smile Quashie will tender information to the effect that they are the grandfathers of their species—veterans in practice and cunning. The origin of the word is obscure, except, perhaps, the “nipping” part of it.

Gallipot (popular), an apothecary, otherwise a “clyster pipe.”

It's Vidler the apothecary. . . . You said you had *gallipots* enough.—*Thackeray: The Newcomes.*

Gallivant, to (common), to dance attendance upon women, to play the gallant. *Gallivant* is a corruption of gallant, the process being the same as in Samivel from Samuel. Also to roam about for pleasure. The Italians have *stare a galla*, to float about, be joyous and buoyant.

A nice thing, indeed—all the company waiting and drumming their heels, while a brat like you was *gallivanting* about.—*R. Sims: The Ring o' Bells.*

Gallivate (American), frisking or “figuring” about. A form of “gallivant.”

—*Tit-Bits: The Original Draft of an Ancient Chestnut MS.*

Gallon of rum among one (American), a saying attributed to an Indian, who, on being remonstrated with for his great intemperance on a certain occasion, replied: “What's a *gallon of rum among one?*” Also applied to a millionaire of grand ideas, who though single refused to take a very large villa because it was too small. “Fine enough—what's a *gallon of rum among one?*” murmured the would-be seller.

Galloper (army), an aide-de-camp. He is continually “on the move,” or “on the rack,” as Canadians say.

Gallows or **gallus** (common), a vulgar word for “very,” in use in America and also in England until it was almost superseded by “awful,” and “dreadful.”

I'm hard up for capital—in short, . . . I am *gallows* hard up for capital.—*J. Greenwood: Dick Temple.*

In England this was originally applied to any person or thing extremely bad, “bad enough,” says Hotten, “to deserve hanging.” In the United States only its extreme or superlative character has been preserved. The French slang has *potence, i. e., gallows* (old English), to signify a rascally person of either sex, an abbreviation of “gibier de potence,” or *gallows-bird*.

Galluptious (popular), delightful.

Gallus. *Vide* GALLOWS.

Gally slopes (old cant), breeches; abbreviated from "galligaskins," trousers, first worn by the Gallic Gascons, according to Wright.

Gal nymphs (Winchester College), a semi-poetical name for housemaids.

Galoot, (nautical), an awkward soldier, a sobriquet for a young marine. In its early English use it seems to be "an infamous person," and derived from the Italian *galeotto*, a galley-slave. Its meaning as a raw marine seems to indicate this. Applied in America very generally as an abusive term, often without any special meaning.

"Yaas!" he cried, striking the bar with his fist, "I've killed twenty-seven men up on the Kansas border, and ther first *galoot* thet looks cross-eyed at me'll be my meat!" —*Detroit Free Press.*

(Also American), a scamp, a rowdy.

Eh? Rather!

A *gammy-vial (ville)* is a town where the police interfere with tramps or hawkers.

Gamp (society), a common term for a monthly nurse. Derived from Sarah Gamp in “Martin Chuzzlewit,” a monthly nurse famous for her gouty umbrella and perpetual reference to Mrs. Harris, a purely imaginary person, whose opinions always confirmed her own. (Common), an umbrella.

But I seriously declare that that wet day when I found myself stranded and desolate in an out-of-the-way village, if five shillings would have bought me the rustiest, most stump-worn and lettuce-shaped *gamp*, I would have paid down the money with delight.—*J. Greenwood: Tag, Rag, & Co.*

Gander, a married man. A very old English term, but still in use in America, where a *gander* (also a “stag”) partly means a gathering of men only. *Gander-month* in England is the time during a wife's confinement, so called, in Hotten's opinion, from the free range which the husband has at that time among the “geese.” It may be remarked in this connection that *geese* or *gheeze* in Dutch slang means a young girl, any girl; also a lady of pleasure. It is very probable that there is an undercurrent of meaning in reference to these slang words in the nursery rhyme:—

“Goosey, Goosey *Gander*,
Whither dost thou wander?
Up stairs, down stairs,
In my lady's chamber.”

Gandy month (common). *Vide* GANDER-MONTH under GANDER.

Garden-gout (old slang), explained by quotation.

When young men by whoring, as it commonly falls out, get the pox, which, by the way of extenuation, they call the common *garden gout*.—*Bailey: Erasmus.*

It must be said that Covent Garden had a bad reputation. A "garden-whore" was a low prostitute.

Gargle (common), a drink. The term was first used by medical students.

A hasty introduction and a diplomatic slope
On the part of the ingenious Mr. B.,

And the gay and gallant Green was,
single-handed, left to cope
With the siren who dispensed the
L.S.D.

But her taste for high-priced *gargles*
could in no wise be restrained,
She appeared to look on oof as so much
dirt,

And he very soon discovered all the
assets that remained

Were a card-case and a ticket for a
shirt.

He has so little *gas*, he ought to take a lot of "coigne."

—*Fun.*

To gas is to bounce or brag; to give *gas*, to scold or give a beating. (Popular), "none of your old *gas*," do not brag, none of your nonsense. *Gas* in old French (from Latin *gaudere*), signifies a joke, mockery; but there is apparently no connection.

Gatter (popular), porter.

Lots of *gatter*, quo' she, are flowing,
Lend me a lift in the family way.

—*William Maginn.*

It has been suggested that the term is from a play on "gater," meaning gate-keeper and porter; or from "gutter," the conduit from which the beer flows in public-houses.

My be-be-beautiful!

—*A Californian Romance.*

G. C. of C., the (American), the Glorious Climate of California, and the Intellect of Boston, are such stock phrases in the United States, that academical writers have suggested the expediency of reducing them, like Anno Domini, to initials.

If the "glorious climate of California" is responsible for the exceedingly hopeful prospects of Rocklin's future census reports, and the said lively outlook, materialised, is responsible for my mishap, then plainly

the said *G. C. of C.* is the responsible element in the case. — *Thomas Stevens: Around the World on a Bicycle.*

Geebung (native word adopted by the settlers), an Australian wild-fruit.

Gee or **gee-gee** (common), a horse. From *gee* or *gee up*, to turn to the off side.

The employés I interviewed were encouraged to speak plainly and without reserve; and unknown one to the other, they all agreed in the assurance that to their knowledge the *gee-gee dodge*, as they called it, was seldom or ever practised by their masters—the main safeguard for the public being that it was impossible to bargain with any one for a regular supply. — *J. Greenwood: Veiled Mysteries.*

Geekie (Scottish thieves), police-office.

I met with a handsome young *gent*.
His figure was that of Adonis,

And oh! how my heart beat with rapture
When he turned and his eyes they met
mine.

—*Bird o' Freedom*.

Gentlemen of the green baize road (gaming), plunderers at the card table, sharpers (Dickens' "Bleak House"); based upon the familiar phrase, "knights of the road," *i.e.*, highwaymen; hence *gentlemen of the green baize road* is equivalent to cheating gamblers, or sharpers—cards, dice, and similar games being generally played upon tables covered with green baize.

Georgic (Eton), to order a boy to do a *georgic* was a favourite punishment with irate Eton masters. It consisted in writing out about 800 lines of Latin, an operation which took at least three hours for the fastest writers.

Then he pulled himself together, dashed into the house and upstairs, where he found Palmer Budd, a fellow of infinite jest and some daring, "staying out," stutteringly demanded if he were the culprit, received an affirmative, inflicted a *georgic*, and then sought for his footman.
—*Sketchy Memories of Eton.*

I am glad to be able to state that—having spent several half-hours in the company of as many separate witnesses, all of them employed at different manufactories of *germans*, "collared head," and "spiced beef," chiefly for supplying shops situated in the poorest and most densely populated neighbourhoods—as far as I can make out there is at present no danger that our feline pets will go hungry because of the wholesale conversion of their favourite food into sausages.—*J. Greenwood: Veiled Mysteries.*

Gerry (old cant). C. J. R. Turner translates this as excrement, and derives it from the Latin *gerre*, trifles, stuff, nonsense. It also occurs in cant as *jeer*, in which case it is simply the gypsy *jeer*, *jiv*, the rectum, also excrement, though *fül* is the common word for the latter. Where it occurs as *iere*, Mr. Turner derives it from the Gaelic *inneir*, dung, which is hardly so close as *jeer*.

Get a set on, to (Australian popular), to have a spite against. This is a variation of the English "to make a dead-set against."

Get at, to (racing), to put *hors-de-combat*, to corrupt. "Getting at" meant originally getting access to a horse to injure it, but it has also been transferred to those connected with the horse, the owner, the trainer, the jockey, the veterinary surgeon. Applied to them it meant the same as "get round," or "square," *i.e.*, to corrupt into not running the horse fairly. From this it has been applied to any kind of corruption. For instance rabid Tories have accused Mr. Gladstone of having been *got at* by the Irish Americans.

"You see, sir," he explained, "there are no end of loafing vagabonds about that 'ere Yering; who knows but what some of 'em might take it into their heads to *get at* him."—*A. C. Grant.*

fancies hisself on this lay,

I'll "slang" him for glasses all round, him
whose patter fust fails 'im to pay.

—*Punch.*

Get there, to (American), to succeed. A characteristic American expression very freely used in conversation. "The speculation book's rather smoky—but I'll *get there*," means that though the venture is unpromising at present it will prove profitable in the end.

"Do you know to whom you are talking?" replied the Governor. "No, and I am — if I care," came the answer; and it took all the illustrious personage's powers of persuasion to get the man to take him across. The ferryman now knows who his passenger was. He has *got the sack*.—*Modern Society.*

Get up one's Injun, to (American). When a man feels his temper rising with a certain amount of determined ferocity he is said to feel the Indian rising in him.

G. H. (printers), see STEREO. These initial letters owe their origin to a certain Mr. George Horne, a typographer, who was in the habit of retailing stale news. If a workman repeats a story already known, an intimation to hold his tongue is conveyed by uttering the ominous letters *G. H.*

Ghastly (society), the commonest emphatic word of the day, signifying bad, awful.

“In most of the prisons of Hyder Ali it was the custom (of European prisoners) to celebrate particular days, when the funds permitted, with the luxury of plantain fritters (fried bananas), a draught of sherbet, and a convivial song. On one occasion the old Scotch ballad “My wife has ta'en the *gee*” was admirably sung and loudly enforced. It was reported to the Kelledar (commander of the fort) that the prisoners said and sung through all the night of nothing but *ghee*. The Kelledar, certain that discoveries had been made regarding his malversations in that article of garrison stores, determined to conciliate their secrecy by causing an abundant supply of this unaccustomed luxury to be henceforth placed within the reach of their farthing purchases” (Wilkes' Historical Sketches, Anglo-Indian Glossary).

Ghost-racket (American), any event or narrative into which the spiritual or ghostly element enters.

The most novel *ghost-racket* on record has just been worked by a Jersey detective in a vain attempt to scare an ignorant German into confessing that he was a murderer.—*Chicago Tribune*.

We have had the tallest *ghost-racket* here in our town that you ever did audit.—*Washington (Pa.) Eagle*.

Ghost walking (theatrical), a term originally applied by an impetuous stroller in a sharing company to the operation of “holding the treasury,” or paying the salaries, which has become a stock *facetia* amongst all kinds and descriptions of actors. Instead of inquiring whether the treasury is open, they usually say—“Has the *ghost* walked?” or “What! has this thing appeared again?” (Shakespeare).

A new play called “The Skeleton” has been produced at a Vaudeville *matinée*. It isn't likely to be in much esteem with the actors, owing to a natural deficiency of “fat,” although, on the other hand, it may certainly be expected to offer a favourable opportunity for the *ghost* to walk.—*Funny Folks*.

(Commercial), in large firms, when the clerk whose duty it is goes round the various departments paying wages, it is common to say the *ghost walks*.

Ghouls (American), prying and spying reporters for newspapers who chronicle the meanest gossip of private life. The term originated in the “ghoulish glee” of President Cleveland. The word *ghoul* is a great favourite with American newspaper writers, and is used in every grammatical form, as to *ghoul*, *ghouler*, *ghoulest*, and *ghoulette*, a female *ghoul*, especially a blackmail-levying prostitute.

The *ghouls* also reported that Mrs. Folsom, in the absence of Mrs. Cleveland,

had licked Hector (the President's dog) for being too fresh and promiscuous. . . . The *ghouls* who haunt Mr. Cleveland are not confined to the Republican press. Far from it. A *ghoul* of the *Washington Post* reported that the sex of Hector had been misunderstood, and his (her) real sex just discovered.—*New York World*.

Ghoulish glee (American), an expression first used by President Cleveland, which immediately became a popular catch-word. It may be observed that in the following paragraph there is a slang expression in every sentence.

Some newspaper with *ghoulish glee* remarks that the President undertook to pull down his Vest, but that Vest pulled him down. It is certain that he squatted. He bounced Benton for making partizan speeches, and was scared into putting him back into office. It is the completest backdown known to the White House.—*Chicago Tribune*.

G. I. (printers), "general indulgence," *i.e.*, a birthday, holiday treat, and is also the festive occasion when an apprentice "comes of his time," an event signalised by much noise, and usually followed by bread and cheese and beer. Gib face (popular), a heavy, ugly face. To "hang one's *gib*," to pout the lower lip. *Gib* is properly the lower lip of a horse, or a bump or swelling.

Gideon's band (American), a slang term for good-fellowship, association, union for carousing, &c. The term comes from a negro minstrel song, the air and some of the words of which were originally of a camp-meeting or Methodist hymn.

Oh, keep your hat upon your head,
For you may need it when you're dead;
Oh, keep your shoes upon your feet,
That you may walk the golden street.

Ch. If you belong to *Gideon's band*,
Oh, here's my heart and here's my hand,
We're hunting for a home.

Oh, keep your trousers on your legs,

Gilt (popular), money; from the German *geld*, Dutch *gelt*. *Guelte*, in French shopmen’s assistants’ slang, is the percentage allowed them on the sale. Shakspeare has punned on the word *gilt*.

O guilt indeed!

—*Henry V.*

(Thieves), a crowbar.

Gilt-edged (American), as the best note-paper was once always *gilt-edged*, the term passed to the Stock Exchange to denote the paper or promissory notes of the first class, on which there could be no risk. Hence the expression became general for anything superlative.

“A man is an infernal fool to play poker anywhere,” said a well-known sport and politician to a *Tribune* reporter the other evening; “but he is a *gilt-edged* idiot to play the game in a card-room or anywhere else where Tom, Dick, and Harry may take a hand.”—*Chicago Tribune.*

Ginger (theatrical), an idiom derived from the vocabulary of the stables. If an actor plays a part tamely, or ineffectively, it is a common phrase to say “he wants *ginger*.” (Popular), a man with red, yellow, or yellow-brownish-red hair.

The man that I loved was as fair as could be,

The man that I married’s a sort of a *ginger*,

The man that I loved paid attention to me,
The man that I married my feelings doth injure.

—*T. C. Lewis: The Man I Loved and the Man I Married.*

A *ginger*, a showy, fast horse. From a well-known practice of horse-dealers.

Your old dad had the *gingerbread*.—*Ainsworth: Rookwood.*

Ginger-snap (American), a hot-tempered person, particularly one with yellowish or ginger-coloured hair. A *ginger-snap* is also a very hard ginger biscuit.

Her face was covered with tears and woe, and her little fist aided her apron in dabbing more sorrow from her eyes. "O teacher, teacher," she sobbed, "Maudie's calling me names. Maudie [a sob] called me [another sob] a *ginger-snap*, boo-hoo!"—*American Newspaper.*

Colonel Kitchener will probably stick to his original intention of having only *gippies* (as they call the Egyptian soldiers here) at Suakim.—*The World.*

Give, to (common), used in a slangy sense in the phrase "to *give* it one," to scold, to thrash. "I'll *give* it you;" in French, "Je vais t'en donner;" Italian, "To vi lo daro." (American), *to give* is extensively used to form active verbs of extremely varied forms. "*To give* on the make," to be clever at profiting. "*To give* on praying," to excel in prayer. With certain persons it is used as frequently as "fix."

Give away, to (American), to inadvertently betray or injure one's self. The man who through forgetfulness or maladroitness "lets out" that he himself has been guilty of something which he had previously condemned gives himself away conspicuously. Also to communicate a thing or to violate confidence. It is said of a Yankee damsel in a university town that she once expressed great horror at the conduct of certain girls with the students. "I was going," she said, "by the College early the other morning, when I saw a great basket being let down with a young lady in it." Here the tale was interrupted, and when it was resumed the fair narrator forgetfully added—"Oh, yes! wasn't it awful? just when about ten feet from the ground the rope broke—and down I came!" "There you *gave yourself away*," remarked a hearer. The expression came into common use about 1868. In its original meaning it was limited to inadvertent betrayal. It is now vaguely used in several senses.

Accordingly after publication on Friday (it was a bi-weekly paper, the defunct *Pleasant Creek Chronicle*) we "rushed in" our "dis." and *gave* the case-room *best* on Saturday morning.—*Thos. L. Work: Australian Printer's Keepsake.*

Give 'em Jessie, a party war-cry widely current in the Presidential Campaign of 1856. Fremont, the Republican candidate, had fifteen years before made a runaway match with Jessie, daughter of Thomas H. Benton, and the popular favour with which runaway matches are apt to be regarded was made much of in this case, the lady's name being freely used in song and story by her husband's political supporters. It was, however, in common use a century before Jessie Fremont was born. It is probably an allusion to the "rod of Jesse" in the Old Testament.

Give him a chance for his white alley (American), let him have a last chance for, a forlorn hope, a fluke, give the man one more trial. A figure borrowed from the boys' game of marbles.

- Glass** (thieves), an hour.
- Glass work** (cardsharppers), explained by quotation.
 "What on earth is *glass work*?"
 "The use of a convex mirror about the size of a small coin. It is fastened with shellac to the lower corner of the left palm, opposite the thumb, and reflects the cards as dealt. Gamblers generally made them by buying those little silvered glass globes used for children's Christmas trees and breaking out a piece. rave.

Young women and young girls
They denude—of all their curls,
When they get them in their den or
rather cave.

—*Broadside: The Brighton Glory-Hole*.

Gloves (racing), “going for the *gloves*,” betting with utter disregard to means of payment. The maxim laid down by Montrose that—

“He either fears his fate too much,
Or his deserts are small,
Who fears to put it to the touch,
To win or lose it all,”

may embody a sound policy in love affairs, but is not to be commended to the turf speculator.

When the piquets were up it was a man's own fault if he was welshed. Among the established men who bet at the lists there

^was seldom a welsher, or any one *going for the gloves*, and this was the great thing to be said in favour of the lists that are now gone for ever.—*Sporting Times*.

Glove trick (American thieves), a variety of what is known in Paris as the “*vol à l'Américaine*,” or the taking in a dishonest person in such a way as to make the “victim” think he is cheating the one who is the master-thief.

“The success of this game is dependent on the latent dishonesty of the victims. The properties consist of a handsome kid glove and a cheap ring with a stone in it. The ring is stuck in a finger of the glove so as to be most conspicuous, and the two are dropped at the feet of a woman as she is walking in the street. ‘I beg your pardon,’ the “crook” exclaims, ‘you’ve dropped your glove!’ The woman would look at it, perceive that there was a ring in it, and if she were dishonest would claim it. Then the crook would demur. ‘Maybe the glove did not belong to the lady—and now he noticed it, there was a ring in it!’ The woman, five times out of ten—for the thief reads faces easily—would say, ‘I’m sure it’s mine—but here is something for yourself,’ and would give him five dollars for what she believed was a valuable *solitaire*” (*Philadelphia Press*).

Go (general), impetus, energy, spirit, vigour, strength of purpose, a proceeding. This originally slang word has established itself in the language by dint of general usefulness and expressiveness. Its vulgar offshoot “*go it*” is not likely to be equally successful.

Still, when we get to Victoria, though the air of intense energy and *go* has vanished, there is something that appeals more strongly to the English mind.—*Phillipps-Wolley: Trottings of a Tenderfoot*.

The strange costumes, the bold riding, the actors so picturesque, the *go* and action so vigorous, all combine to make the brilliant show one of the most exciting that Londoners have ever seen.—*Bailey's Monthly Magazine*.

Go and hire a hall (American), a common expression which is very characteristic of a people as familiar with lectures and public discussions as the Americans. It is addressed to a bore who talks a long time, or always on some special subject. Such people who insist on delivering

impromptu lectures are told to *go and hire a hall*.

If you're always dropping chestnuts,
Like the forest in the Fall,
Even though they are the best nuts,
You had better *hire a hall!*

Oh, *go and hire a hall!*

If you *go and hire a hall!*

Go back upon, to (American), a very curious phrase, equivalent to betray in an unexpected manner, but which has a certain refinement of application which is

difficult to describe. In most cases it intimates that the betrayer has been a trusted friend, and that ingratitude forms a part of the description. In the "Breitmann Ballads" we are told of a candidate who had lost the entire vote of a small town in which he confided,

" 'Twas long ere he tid know
Vot make dis rural fillage
Go pack oopon him so."

Gobble (American), to *gobble* up or devour is a well-known English word. In the United States *gobbling* is often specially applied to the purchase of smaller or rival railroads, insurance companies, &c., by wealthier or shrewder rivals. Thus when the Pennsylvania Railroad Company failed in its effort to purchase the Northern, Central, and other roads, it was announced by the newspapers that "It can't *gobble* its competitor."

A Lane without a turning in the path
she's always trod.

Invariably the most sympathetic and enthusiastic, and not infrequently the most intelligent portion of the audience. Formerly, in many of the important country theatres, the verdict of the gallery on the first night decided the success or failure of the season. "Up amongst the *gods*," the upper gallery, termed by the French *paradis*, or *poulailler*.

(Printers), the nine quadrats used in "jefling" were thus called. Perhaps from the fact that the player would be invoking the *god* of fortune, &c., in his behalf.

(Eton), one of the sixth form.

A *god* at Eton is probably in a more exalted position, and receives more reverence than will ever afterwards fall to his lot.—*Pascoe: Everyday Life in our Public Schools*.

God bless the Duke of Argyle (popular), much used by tailors. This expression is often used by a man when he rubs his back against a post or projection, for the purpose of allaying the

itching sensation in the small of his back, where his fingers cannot reach. It is said that one of the Dukes of Argyle caused posts to be erected in certain parts of his domain, so that all persons troubled with an itching back might relieve their sufferings. This must be taken *eum grano salis*.

Goddess (Anglo- or Malay-Indian), an absurd corruption which used to be applied by our countrymen in the old settlements in the Malay countries to the young women of the land. It is the Malay *gōdis*, a virgin.

aw—Henry Irving,

tache with pleasure curving ;

Kilrain was urging all of them to *go it*.

Goll (games), the hand ; derived from the Keltic. Hence *golf*, hand-ball.

Gollop, to (common), to swallow greedily ; a corruption of “gulp.”

Golly, by golly (American), a common interjection. It is very doubtful whether it is used euphemistically for God. Nor is it strictly true, as Bartlett says, that it is chiefly to be heard among negroes, since it is quite as common among boys in New England or in the West.

Formerly used in the form "by goly" in England.

Why then, *by goly*, I will tell you! I hate you, and I can't abide you.—*Fielding: An Old Man taught Wisdom.*

G.O.M. (general), *i.e.*, grand old man, a nickname of Mr. W. E. Gladstone. It was first used by Mr. Bradlaugh in a speech at Northampton. Since then it has become exceedingly popular, being used derisively by the right honourable gentleman's political opponents, and respectfully, though familiarly, by those who look upon him as a leader. It is now used facetiously in reference to any one.

Each guest has p'raps already guessed the gentleman I mean,

For all these qualities unite in but one man, I ween :

Who here this evening may be seen presiding o'er this scene.

"It is all *gone*-day with him" is also a common idiom, meaning that his day or time is lost or over. A "*goner*" also naturally refers to anything or anybody who has escaped or died.

Goose, the (theatrical), hissing.

It is said that the hissing of a *goose* once saved the Capitol, but, as the late Mr. Planché wisely and wittily observed, "that was a capital *goose*." This, however, is the only useful sibilation on record, and it is apocryphal. In our time we have authentic evidence of a single instance of hissing leading to a result of a very different character. Macready was acting *Hamlet* at the Theatre Royal, Edinburgh. Forest, the American tragedian, arose from his place in the boxes and hissed his great rival. Subsequently, during Macready's farewell engagement in America in 1849,

this deplorable incident led to riots in New York, the calling out of the military, bloodshed, loss of life, and Macready's precipitate flight to England in disguise. Hissing is now abolished in the States. If an American audience dislikes a play, the auditors quietly get up and walk out. The odious custom still prevails in this country, and flourishes in full force on first nights, when our audiences devote themselves with ardour to the sprightly pastime of author-baiting.

There is a comic side to every tragedy. Here is an illustration of the comedy of hissing. A famous low comedian, "a fellow of infinite jest," recently deceased, while acting the First Witch in *Macbeth*, found himself in *Bacchi plenus*, and forgetful of his part. In the incantation scene, when he had spoken the two first lines—

"Round about the cauldron go,
In the poisoned entrails throw,"

his memory failed him. After an agonising pause, he resumed—

"What comes next, I cannot guess,
So mix the lot up in a mess."

The audience were furious at this ribald tampering with the text, and down came the *goose* most lustily.

"This sound of fear,
Unpleasing to the actor's ear,"

sobered the comedian instantly. Pulling himself together and

looking up at the gallery with a sly wink, he proceeded—

"Funky actor, lost the word,
Goose from gallery, awful bird,
Twist his neck off like a shot,
And boil *him* in the charmed pot."

The audacity of this quick-witted response so tickled the "gods," that they not only condoned the erring comedian's backslidings, but gave him a hearty round of applause into the bargain.

(Printers), *goose*, a curtailment of the word "wayzgoose," which see. (Old cant), a particular symptom in the *lues venerea* (Wright).

He had beake some private dealings with her and then got a *goose*.—*Webster: Cure for a Cuckold.*

Goose, to (popular), *to goose* a man in the sense to make a fool of him, humbug or deceive him, may naturally enough be derived from making a *goose* of him. But it is worth noting that in Dutch slang there is a word, *genscheesder*, or geese-shearers (Teirlinck explains that to shear here means to swindle), which refers to a kind of impostors who go about the country pretending to be respectable broken-down tradesmen.

(American), to enlarge or repair boots, by a process generally known as footing, *i.e.*, by putting in or adding pieces of leather. As it is a New York word, it is probably a translation from the Dutch *gans*, a goose,

which is almost identical with *gants*, whole, entire. The provincial *gantsen*, to make whole, would thus become *gansen*, to goose. Bartlett ingeniously suggests that *to goose* is derived for distinction's sake from "to fox."

(Common), *to goose*, to hiss, to "give the big bird."

The defendant, one Dallas, hired several persons *to goose* Mr. Brewster's performance. Unfortunately for Mr. Dallas, his opposition "made a fool of it," and "hissed before the blind was up." Consequently Mr. Dallas has had to pay £30 damages.—*Globe*.

Goose without gravy (nautical), a severe starting, so called because no blood follows its inflection.

Go over, to (clerical), to join the Church of Rome.

Goree (American), gold dust, gold.

Gorger (popular), a gentleman, a well-dressed man. A *gorger* or *gorgio*—the two are often confounded—is the common gypsy word for one who is not a gypsy, and very often means with them a *rye*, a gentleman. Actors sometimes call a manager a *cully-gorger* (The English Gypsies and their Language).

(Theatrical), the manager of a theatre.

Gorgonzola Hall (Stock Exchange), the nickname for the Stock Exchange, on account of the marble walls.

Gorm, garm. Bartlett gives this as *gaum*, to smear over. It is English, but probably more frequently heard at present in the United States.

I remember that once when I was a boy the coloured footman of a friend came to the "missis" with the complaint that the young gentlemen had "gormandised" all over the front door. He meant *gormed*.—*C. G. Leland*.

Gorm, to (American university), to eat voraciously.

Got 'em all on (popular), dressed to the height of fashion.

Gotham, Gothamites (popular). The term *Gotham* is satirically applied to the city of New York, and its inhabitants are called *Gothamites*, just as Londoners are called "Cockneys." First so called by Irving, about 1805.

I intend to present you with some phases of life and manners—such things as would strike or interest a stranger in our beloved *Gotham*, and in the places to which regular *Gothamites*—American Cockneys, so to speak—are wont to repair.—*Fraser's Magazine: Sketches of American Society.*

Got him down close and fine (American). This means that everything is known about a man. In pugilistic parlance a settling blow.

Got his gruel (popular), dead or dying.

Your yokel friend, Mr. Softhead—I know you all, you see—he's *got his gruel*, I rather fancy.—*J. Greenwood: Dick Temple.*

Go to college, to (old slang), to go to prison.

A Tennessee manufacturer told the president of a railroad *to go to Halifax*. The president didn't go, but he refused the manufacturer any more cars, took up the switch leading to his premises, and in six months saw the man lose his business and

every dollar of his money. If you want to sass a railroad man don't go higher than a train hand.—*Detroit Free Press.*

Go-to-meetings (common), Sunday clothes.

Go to smash, to (common), to fail entirely, to be ruined.

Jay Gould and Sullivan have reached our shores,

To rest, they say, a little on their oars.

The first, the champion of the "vast Wabash,"

Makes millions when his railroads *go to smash.*

—*Financial News.*

Go under, to (American), a Western euphemism for death. Of Indian origin, and allusive of being put under the grass of the waving prairie, and also, it may be, sometimes of being under the knee of a conquering enemy. The idea and process of reasoning is the same as when the German uses *untergehen* to signify to perish.

Poor Hawkeye felt that his time had come, and knowing that he must *go under* sooner or later, he determined to sell his life dearly.—*Hawkeye, the Iowa Chief.*

Go upon the dub (thieves), to go upon a housebreaking expedition; to open or pick the lock or fastenings of a door. *Vide DUB.* *Dup* occurs in Ophelia's song in *Hamlet*—"Dup the chamber door."

(Cards), a boisterous game of chance played with cards.

The ranks of the *graduates* will be materially recruited before Lincoln comes around, but in the meantime the majority of last year's steeplechasers are on their legs.—*Referee.*

Graft (prison and popular), work; to *graft*, to work. To *graf* is a provincialism for "to dig" (*graft* being a trench). Hence the slang signification. This derivation is supported by the French *piocher*, to work hard, literally "to dig." (American), to *graft*, to surround the feet of old boots with new leather, or to add new soles.

Grampus (nautical), "blowing the *grampus*," deluging with water.

Grand hotelism (journalistic), a word expressive of living in a

public manner, haunting extravagant, flaring hotels; a life of salons and mirrors.

The inferior class of the articles de Paris are Imperialism, Boulevardism, *grand hotelism*, Sebastopolism, Magentaism, Nadesherbism, adapted to the humblest perceptions and the slenderest purses.—*G. A. Sala: A Trip to Barbary.*

Grandificent (American), grand and magnificent. Also "grandaceous," "grandiferous," &c., which Bartlett characterises very correctly as factitious words. The number of these manifestly manufactured expressions is very great in the United States, but very few of them survive. It would seem as if slang to live must grow naturally from needs and be developed by use.

Grandmother, to see one's (common), to have a nightmare. (Popular), women of the lower class say they see or have their *grandmother* when they have their menses.

Granger (American), the member of a political party formed about 1875 in the interests of the Western grain-growing States, or of the agriculturists. The word is now generally used to mean a countryman, a rustic, or "a gentleman from the rural districts."

From the West; a rural *granger*
Sure that nobody could do him,
And no city chap get through him.

Nothing to him could be dearer
 Than to meet a bunko steerer.
 He was with impatience hopping
 To find a fellow wallet-dropping,
 And he pined, this pine woods jonty,
 To encounter three-card monté.

—*How they did the Buck-Eye.*

Grape-vine telegraph (American). During the war exciting accounts of battles not fought and of victories not won were said to have been conveyed by *grape-vine* (or clothes-line) *telegraph* (New York Slang Dictionary), but the term was in earlier use, meaning news conveyed in a mysterious manner.

Grarler (American thieves), a small dog who by barking alarms the family. "*Grarlers* are more feared by burglars than guns or pistols."

Grass (common), "to go to *grass*," to die; "go to *grass*," be off, you be hanged. (Pugilistic), "to go to *grass*," to fall sprawling.

. . . That he had further eased his mind by executing a free-hand drawing of himself as a boxer . . . engaged in having a "set-to" with M. Sterling . . . who was going to *grass* in the most ignominious manner.—*J. Greenwood: Dick Temple.*

(Royal Military Academy), *grass*, vegetables.

(American), fresh mint or tansy leaves, used in making juleps.

(Australian printers), temporary hands on a newspaper.

The metaphor probably is from the proverb about *grass*—"The *grass* withereth," &c., which would imply temporariness. There is a printers' proverb, "A *grass* on news waits dead men's shoes." The *Australasian Printers' Keepsake* says: "Those familiar with newspaper work in the colonies must often have heard this gruesome axiom. Now this saying, though evidently figurative, does not present the usual pleasing characteristics which we associate with pastoral subjects, especially when they are contemplated from a proper distance, as becomes the eye artistic. Disagreeable as it may be to acknowledge the fact announced in the above saying, however, so much more so must it be to have it verified in one's own person, be you *grass* or prospective dead man. Why are the *grass* or casual news hands not put on a more comfortable footing" (Edward Fitzgerald: *Printers' Proverbs*).

The expression has been imported from England, a *grass* hand in English printers' parlance being a compositor that accepts occasional work in different offices.

Grass-combers (nautical), countrymen who enter the service from farming counties.

Grasser (sporting), a fall.

Some have terrible *grassers* in climbing into the pigskin.—*Flyers of the Hunt.*

Grave-trap, the (theatrical), a large oblong trap in the centre of the stage, so called because "the fair Ophelia" is supposed

to be buried there. Every fugitive draught in the theatre rises from the cellar through this opening. It is said that Fawcett, when stage-manager at Covent Garden, relinquished the part of the gravedigger (which he had acted a quarter of a century) in favour of a younger actor, against whom he had a spite. "You are very generous, Mr. Fawcett," gushed the youngster. "Not at all, sir—not at all," replied the veteran. Then turning to a crony, with a grin, he growled in a grim aside: "That infernal north-east wind from the *grave* will cook his goose."

Graveyard (American), a "private *graveyard*," men who affect great ferocity, or who assume to be desperadoes, sometimes boast in America that they keep *graveyards* of their own in which to bury their victims, or else are sarcastically asked where these cemeteries are. In portions of New England every farmer has his own family *graveyard* on his property, and the writer has known an instance in which a father made a present—which was gladly accepted—to his children of a little *graveyard* with two blank tombstones. They kept it in order and used it as a playground.

Gravy eye (popular), a term rather loosely and unmeaningly applied as a derisive epithet—"Oh! you *gravy eye*! How much

gravy does your mother put on your 'taters'?"

Gray (sharpers), from the gypsy *gry*, a horse, a halfpenny with either two "heads" or two "tails," used for cheating at pitch and toss. Also called a pony, hence the word.

Grease (printers), a synonym for well-paid work.

Grease one's duke (thieves), to grease the palm or hand, "duke" meaning hand.

One or two days after this I met the reeler at Hackney, and he said, "What made you guy?" So I said that I did not want my pals to see me with him. So he said it was all right. Some of the mob knew him and had *greased his duke*.—*Horsley; Jottings from Jail*.

Greaser (American), a Mexican.

A Chinaman stole swiftly and silently by; a half-breed led a lame horse along; a couple more *greasers*, seated one behind the other, went past on another equine scarecrow.—*P. Francis: Saddle and Moccasin*.

Great pot (racing), a prophet.

I enclose a little circular sent to me in the spring of the present year, sent me by a *great pot* (he would have you believe), addressing from the Strand, London, whose selections, had I followed, would break a bank, much less a private purse.—*Bird o' Freedom*.

Great Scott! (common and American), probably derived from General Winfield Scott, once a candidate for the Presidency, a man of such great dignity and military style that he was popularly known as Fuss and Feathers. To explain the following extract from an American newspaper in which the word occurs, it must be understood that the Republicans in the United States insist that all the roughs, shoulder-hitters, and gamblers in the country are "Demo-

crats." "Where are you going to-day?" asked a man of a Democratic sheriff, "and why is court adjourned?" "Why, *great Scott!*" exclaimed that official, "don't you know there is going to be a prize-fight to-day in the next county?" The phrase has been acclimatised in England by the *Sporting Times*:—

How gaily they glitter, and glisten, and glow,
As they shine in their sovereign sway,
And see how they sparkle—*Great Scott!*
here's a go!

Great smoke (thieves), London.

The Cockneys, from the *great smoke*, seldom fraternised with the "hardware blokes" from Birmingham. Liverpool criminals were almost entirely of Irish origin.—*Evening News*.

Great sun! (American), a mild oath, probably only a variation of "great Scott."

But something came up—up like a fountain, up like the bubbling over of the airth's eternal teapot; a black muddy jet of stuff. *Great sun!* I think I see it now. —*The Golden Butterfly*.

Grecian bend (society), peculiar bend given to the body by means of a large bustle and high-heeled boots. The term is by no means new. It was used in the "Etonian" more than half a century back. "In person he was of the common size, with something of the *Grecian bend*, contracted doubtless from sedentary habits."

Greek. Any language, dialect, or form of speech that the common people did not understand, was either called gibberish or Greek. Thus the slang of the beggars, tramps, vagabonds, gypsies, and thieves was known to the outside multitude as St. Giles's Greek, or pedlar's Greek. In "As You Like It," when Amiens sings—

"Under the greenwood tree,
Who loves to lie with me,"

he is asked what the mysterious syllables "duc da me" signify, and gives the explanation that it is a *Greek* invocation to call fools into a circle. "Duc da me" is generally explained as Latin intentionally corrupted (or by a misprint) from *duca ad me*.

Greeks (old), highwaymen, or knights of the road. The term now is applied to sharpers; *grees* in French (not slang). Also a name given in derision to the low Irish in London who spoke Gaelic. *Vide* GREEK.

So awfully *green*, dreadfully *green*,
The greenest of *green* that ever was
seen,

I mean,
Frightfully shy, and awfully *green*.

—*Song*.

There is *no green* about his eye,
And oh! it makes the major cry,
When bang goes a bawbee, O.
—*Atkin: House Scraps.*

Green turtle, to live up to (American), to do, and give one's best—a metaphorical phrase which owes its origin to turtle being regarded from the epicure's point of view a *bonne bouche*, and the green fat the most desirable portion.

It were churlish indeed to find fault with any custom, or to dwell critically upon any shortcoming of these hospitable people, who, as hosts, *live up to their green turtle.*—*Paton: Down the Islands.*

Griffin, griff (Anglo-Indian), a greenhorn, a fresh comer, a Johnny Newcome, one not as yet "in the ways." The origin of this word is uncertain, but something resembling it is applied in different Latin languages to "outsiders," foreigners, and the excluded or mixed members of society. Thus in Louisiana a *griffin* or *griffe* is used, like the French *griffon*, for a mulatto, or one of mixed dark blood (Bartlett). "I am little better than an unfledged *griffin*, according to the fashionable phrase here" (Hugh Boyd, 1794).

(Army), formerly a young subaltern in the Indian service.

Griffins, the residue of a contract feast taken away by a contractor, half the buyer's and half the seller's (Dr. Brewer).

Grig (thieves), a farthing. (American), to *grig*, to irritate, goad,

or vex. Probably from *grig*, a small fish-spear used for eels (*grig*, a small eel). Thus to "chivvy," to hunt about, chase, vex, or annoy, is derived from *chiv* (gypsy), a pointed knife, &c.

That word, superiorist, *grigged* me. Thinks I, my boy, I'll just take that expression, roll it up into a ball, and shy it at you.—*Sam Slick: Human Nature.*

After an absence of fifteen years I have just returned to England. . . . I never aspired to being a nabob, or a "chappy," or a "masher" (indeed, I am past the age when attaining to these latter distinctions could be possible); nor did I intend to dissipate my hard-earned and modest fortune as a "plunger." Six weeks ago I was not aware that these terms formed a part of the English tongue; but now . . . I make use of them, lest you should infer from what is coming that I am old-fashioned, prejudiced, or hopelessly *groovy*.—*St. James's Gazette: The Culture of the Misses*.

Ground hog day (American), a term very common in the Middle States, and thus explained by Bartlett:—"Candlemas, February 2, is often so called in the Middle and Western States from a popular belief that the appearance of the *ground hog* on that day predicts a return of cold weather." The *ground hog* (a kind of marmot) has even shown himself at times in poetry.

Though the *ground hog* and crocus creep into their holes,

It's Spring, and the almanac shows it,
Though a polar wave over the universe rolls,

For the good of the ladies in the Bum-

Grub and bub, victuals and drink. The two words are of indigenous English origin. *Grub* is derived from the action of digging up roots for edible purposes; and *bub* or "bib" from Latin *bibere*, French *biber*. "Humming *bub*" formerly signified sparkling ale, and is frequently mentioned in the convivial days of the eighteenth century. The

native land right through,
Before they fly abroad to seek fresh scenes
and fevers new.

the chief owners of the animal

common. On the other hand

Cuddy, for Cuthbert" (Anglo-
Indian Glossary). The only word
used at present by gypsies in
England for a donkey, is *maila*
or *myla*.

Guerilla (American thieves), a
name applied by professional

gamblers to fellows who "skin suckers" (cheat the ignorant), when and where they can. They do not like the regular gamblers, but try to beat them (*i.e.*, get the better of them), inform on them, and tell the suckers that they have been cheated.

Guess what (American), a game.

Also applied humorously to suspicious food, such as sausages.

Baltimore has *guess what* socials, which are well attended and very popular. The refreshments probably consist of sausage hash and mince pie.

Guiders (popular), reins. This word seems to have come from the gypsies, who derived it in turn from the Slavonian or Wallachian *voidas*. An English gypsy, on being asked what he supposed *voidas* meant, suggested that it was the same as *ryders* or reins. The French for reins is *guides*.

Guinea-hen (old cant), a prostitute.

Guinea-pigs (Stock Exchange), directors of a public company. (Common), special jurymen. Also others whose fee is a guinea, such as doctors, veterinary surgeons—

Gull (common), one who is easily cheated.

The most notorious geck and *gull*
That e'er invention played on.

—*Shakspeare: Twelfth Night.*

Hotten derives it from "the easy manner in which the bird of that name is deceived." In French slang a "gullible" man is *pingouin*, a bird more easily deceived than the *gull*. In Dutch, *gull* means soft, good-natured, easy to impose on. "Hy is al te *gull*," he is far too yielding. From *gul*, soft. "De weg is *gul*," the road is soft and yielding. To *gull*, to cheat, deceive.

Gully hole (costers), the throat, or gullet; termed also "red lane," "gutter lane." (Gypsy), *gullo*, the throat.

Gully-raker (up-country Australian), a cattle-whip. The metaphor is doubtless that of a man walking down the centre of a gully, and commanding both sides of it with his lash, like a man "covering" the whole net at lawn tennis when he stands close up to volley.

As the day wore on they overtook bullock-drays lurching along heavily in the ruts of the road, the little keg of water at the tail-board swinging as if it would wrench out the staple it hung by, and the driver appealing occasionally to some bullock or other by name, following up his admonition by a sweeping cut of his *gully-raker*, and a report like a musket-shot.—*A. C. Grant: Bush-Life in Queensland.*

Gulph or **gulf**, to (university), to disqualify. *Vide GULF.*

'gum-mations' from our predecessors the sophs."

(Common), abusive language, chatter.

To *gum*, to humbug or deceive.

Gummagy (common), to be *gummagy*, to be of a snarling, scolding disposition. Dickens has the character of Mrs. Gummage in one of his works, the name of whom he evidently coined from this slang expression in the same way that he gave the surname of "Twist," *i.e.*, large appetite, to Oliver.

Gummer (popular), explained by quotation.

I was given to understand that the first practice a fighting pup had was with a good old *gummer*—that is to say, with a dog which had been a good one in his day, but now was old and toothless.—*J. Greenwood: Low-Life Deeps.*

Gummie (popular), a simpleton, a dull-headed fellow.

- Gumptious** (common), conceited. There's *gumption* and *gumptious*! *Gumption* is knowing; but when I say that *sum un* is *gumptious*, I mean . . . *sum un* who does not think small beer of hisself.—*Lytton: My Novel*.
- Gum-smasher** (popular), a dentist. They were *fiancés*, and proposed to celebrate the occurrence by having a few of her less showy molars uprooted at his expense. When the *gum-smasher* had got to work he found it was rather a tougher job than he had anticipated.—*Sporting Times*.
- Gumsucker** (Australian popular), a young Australian "native" (white), so called, it is said, from their habit of eating the gum of the wattle tree, an acacia gum very much resembling, in its astringent qualities and its general appearance, the gum arabic of commerce. Our colonial lads showed their right to the appellation of *gumsucker* by chewing the transparent lumps that depended from the silver-wattles, one of the prettiest of our indigenous acacias.—*T. L. Work: "An Expedition to Hall's Gap," in the "Australian Printer's Keepsake."*

- (American), to *gun*, to make a violent effort, to try hard to produce an effect. "'Gunning a stock,'" says Bartlett, "is to use every art to produce a 'break,' when it is known that a certain house is heavily supplied, and would be unable to resist an attack." As it is a New York word, it may possibly be allied to the Dutch *gono*, which means a violent push, or attack. As the word implies secretly obtaining information, or finding out, it may also be derived from the old English *gun*, which has the same meaning.
- Gunned** (American detective), examined.
- Gunner** (army), an artillery officer.

A well-known *gunner*, Lieut.-Col. —, has left England for India to take up a command.—*The World*.

Gunster (turf). *Vide* TO GUN.

Gup (Anglo-Indian), the common word among Europeans in India for prattle, gossip, or tittle-tattle.

The native ladies sit on their cushions from day to day, with no other amusement than hearing the *gup-gup*, or gossip of the place.—*Mrs. Sherwood's Autobiography*.

Gurry (American fishermen), decomposed spoiled crude oil, made from the livers of cod or other fish (Bartlett). Rancid oil. In Dutch, *goor* means spoiled, as *goor melk*, spoiled or turned milk. The oil is used for coarse work, lubricating wheels, and by tanners.

Gurtsey (American cadet), a stout, short man, a "fatty." The epithet is generally applied at West Point to the fattest man in a class.

Gush (common), exaggerated show of sentiment, or manifestation of approval.

The Endacott perjury has ended, and very properly, in a verdict of acquittal. The charge ought never to have been made, and would not have been but for that absurd quality of *gush* which is in-

herent in the English nation. It is this ever-present *gush* which blinds so many people to common-sense.—*Sporting Times*.

Gusher (common), one overflowing with sentiment, with exaggerated manifestations of approval, a rhapsodiser.

She was a gushing school-girl, with the idea of matrimony as the *ne plus ultra* of poetic bliss. . . .

"When your husband comes home from his toil," she asked, "does he not woo you to rest with honeyed words?"

"Well, I don't know about honeyed words; last night all he could say was, 'M'ria, if you can't untie the knots in these laces I shall go to bed in my boots, same as I did last Saturday.'"

That *gusher's* matrimonial enthusiasm is quenched.—*Sporting Times*.

Gushing (common). According to feminine interpretation, the word *gushing* answers to the French phrase, "*trop expansif*," and is more often used in a repellent than in a laudatory sense, being habitually applied to overstrained professors of attachment, or exaggerated manifestations of approval.

Gut, to (schools), to eat more than is good for one.

Guts (old), to "have *guts* in the brain," to have sense.

Quoth Ralpho, truly that is no
Hard matter for a man to do
That has but any *guts* in's brain.

Guttle-shop (Rugby), a pastry-cook's or tuck shop.

We can hardly bring our pen to write this word "pastrycook" as a substitute for the long-established and well-known, though perhaps inelegant, name by which we knew such places—*guttle-shops*.—*Re-collections of Rugby*.

Guy (thieves), an escape; to "do a guy," or to *guy*, to run away, to escape.

Still it is the constant burden of their thoughts—"How to do a guy!" A *guy* means to escape. The primal difficulty is the want of clothes.—*Evening News*.

From Dutch sailor-slang, in which *gy* seems to indicate speed

as of the wind. "*Gy-wind*," an arid dry wind. Or a corruption of *go*. (Theatrical), to *guy* is to condemn a new play or an actor.

Lo! "brilliant" stalls and solid pit
In judgment on a new play sit.
Some *guy* the poor playmaker's facts
Between the acts—between the acts.

—*Fun*.

(General), a *guy*, an ill-dressed person, a person of queer dress or looks. From the effigy of Guy Fawkes, carried about by street boys on 5th of November. (Common), to *guy*, to distort.

Gyger or **jigger** (thieves), a door. Grose has *gigger*, a latch or door; "dub the *gigger*," open the door; "*gigger* dubber," the turnkey of a prison. A door, being for a thief an obstacle to be overcome, must be connected in his mind with the divers noises it creates when forced open, *i.e.*, the creaking of the hinges, clatter of bolts, grinding of keys in the lock. Hence the probable origin of *gigger* or *jigger*, from the provincialism to "gig," to make a noise. French rogues call a door or gate *une lourde*, a prison door being for them a *heavy* obstacle. It has been suggested that *jigger* is a form of the gypsy *stijga*, a gate.

Gym-khana (Anglo-Indian), a club or casino, including a skating-rink, lawn-tennis ground, and other amusements. It was, according to the Anglo-Indian

Glossary, unknown twenty-five years ago. The word was invented in the Bombay Presidency, and was probably based upon *gend-khana*, "ball-house," the name usually given in Hindu to an English racket-court. It is also a colonial term signifying a race-meeting got up by the military for gentlemen riders.

Gyp (Cambridge), a college servant. Said to be derived from γρῦψ, a vulture, in reference to the said servant's liberal interpretation of perquisites. This

has now become a somewhat unfair description.

At Cambridge *gyp*, at Oxford "scout,"
Collegians call the idle tout,
Who brushes clothes, on errands runs,
Absorbs their tips and keeps off duns.

—C. Bede: *Verdant Green*.

A more probable derivation is from *gypsy*, which has given *gip*, a thief.

Gyro-twistive (American), full of evasions and tricks.

ever you did know,
And mit some of his circumswindles he

—F. Francis: *Saddle and Moccasin*.

Hackle (popular), pluck; "to show *hackle*," to be willing to fight. "Hackles" are the long feathers on the back of a cock's neck

which he erects when angry (Hotten).

Hack, to (football). "Hacking" is a term used at football to indicate an irregular and savage practice, no proper part of the game, and now falling into desuetude.

Had, can't be (London slang), not to be taken in.

While rambling once not far from here, I
observed on turning round
A man stoop and pretend to pick up something from the ground;
He comes to me and then says he, "Will you buy this gold ring?"
Said I, "My lad, I *can't be had*—I see it's no such thing."

—*Song: That's a Game best left Alone*.

With Charley the masher king.

—*Ballad by T. F. Robson.*

With the most perfect good temper the new-comer answered the expostulations of the fat woman with a "Keep yer *hair* on, Lizer."—*Sporting Times.*

"To take a *hair* of the dog that bit you," to take a dram in the morning after a too free indulgence in liquor on the previous evening.

But be sure, over night if the dog do you bite,
You take it henceforth for a warning,

Soon as out of your bed, to settle your head,

Take a *hair* of his tail in the morning.

—*Hilton: Catch that Catch Can.*

It is sometimes applied to other homœopathic proceedings (O. Davies).

Holding with most of our poets a vague notion that her woes were to be cured by a "*hair* of the dog who bit her," viz., by homœopathic doses.—*Kingsley: Two Years Ago.*

The saying, which has become a recognised phrase, probably originated in a belief that a dog bite could be cured by an application of the animal's *hair* to the wound, or it may be a version of the saying, "*Similia similibus curantur.*" The French have the common phrase, "*reprendre du poil de la bête.*"

Hair-pin (American), a man. This odd expression became popular about 1880. It is derived from a fancied resemblance of the human figure to a double-tined hair-pin, just as in Shakspeare's time a thin man was compared to a forked radish. In America the simile is popularly extended to clothes-pegs and tongs. It is heard most frequently in the form, "That's the kind of *hair-pin* I am."

Aye, that is just the *hair-pin*

I am, and that's my line;

And here is twenty dollars

I've brought to pay my fine.

'Tis glorious when heroes

Go in to right their wrongs;

But if you're only *hair-pins*,
Oh, then, beware of tongs!

It's always *half-past kissing time*, and time again to kiss!

—*G. Anthony: Ballad.*

Such phrases as the above are generally snatches of popular songs, or are often embodied in them.

Halfrocked (popular), half-witted, silly.

Half seas over (common), half or indeed wholly drunk. Common at first among sailors, it has now spread to all classes of the community.

The Licensed Victuallers have presented a second life-boat to the R.N.L.I. Of course she will be manned by a cork's-crew, who, though they may be sometimes *half seas over*, we trust may never be whole seas under. The L. V.'s, not believing in water themselves, do their level best—their spirit level best—to save others from it.—*Fun.*

Half 'un (common), an abbreviation for half a glass of whisky and water.

North of the Tweed you get a "sma' un," but there is not about this the delicate suggestiveness of a *half 'un*. Hand out (American), an expression fully explained in the following extract from "The Western Avernus, or Toil and Travel in Further North America," by Morley Roberts—a work which should be read by every one before attempting to "rough it" in the "West":—"Up to this time they had always given us our meals in the tents with knives and forks and plates (separately), but here the cooks brought out a huge can of soup, some potatoes, great lumps of boiled beef, a pile of plates, and a bucket of knives and forks. A chorus of growls rose up from us on all sides. . . . Some of the boys said it was a regular *hand out*, and that we looked like a crowd of old bummers. Though they ain't *got the 'ang* of it,

The first persons known by this name were the old-fashioned Baptists in Georgia, who regarded all reforms as new-fangled fancies, so that they even disapproved of temperance. It is said that once

when there was to be a great religious revival, a member rose and said:—"I hev to complain of Brother Smith. He is a rich man, he is worth six or seven thousand dollars, and yet he has only contributed one gallon of whisky towards this revival. Now I'm a pore man, but, to uphold the cause of Christ, I hev given a whole bar'l of sperits, fer when it comes to sustaining religion I'll jest do my level best." The name *hard-shell*, or "hards," was given to a division in the Democratic party in 1848. Both in religion and in politics the opponents of these "orthodox" parties were called "soft-shells."

A number of swimming-bath proprietors have been fined in the United States for opening their establishments on Sunday mornings. The prosecutors were certain religious (?) lunatics who resuscitated a quaint old law against bathing on the Sabbath. Genuine *hard-shell* fanatics, who are mad on the subject of religion, are usually dirty in their habits, and strangely ignore the text, "Cleanliness is next to godliness."—*Fun*.

It has been suggested that *Harry* is the word *hairy*; but it is possible that it comes from to *harry*, to torment, to tear in pieces, so that Old *Harry* would literally mean the old tormentor, the "arch tormentor," "old scratch." Again, it may simply be the diminutive of Henry, old "Nick" or Nicholas being another name for the devil. Sailors often swear "by the Lord *Harry*."

Merchaval: History of Virginia*.

Hazree (Anglo-Indian), this word is commonly used (Anglo-Indian Glossary) in Anglo-Indian households in the Bengal Presidency, for breakfast. It is not clear how it got this meaning. It is probably *hāziri*, "muster;" from the Arabic *hāzir*, "ready" or "present."

He can't dance (American), sometimes heard to indicate a man

without culture. "His daddy hasn't got no peach-orchard, and *he can't dance.*" In Delaware, where almost every farm contains a peach-orchard, this allusion to the orchard would imply a very small landed proprietor. Not many years ago there were not a few people who regarded music in divine service as a profane thing. A rustic who had never even heard of such a thing visited one of the great cities, and found himself on Sunday morning before the door of a church. "Walk in, sir," said the sexton, "and attend service." Just then the organ pealed loudly and the stranger drew back in horror. No son of Belial, said I, [that miracle can do!
Whereat he fell upon me with blows and curses too,

But failed to work that miracle—if such was his design—
Instead of *putting on a head*, he strove to smite off mine.

(Popular), to get away on the appearance of danger.

Hedge-bottom attorney or solicitor (legal). This is applied to a person who, not being himself a solicitor, or who, if he is, has not taken out his certificate (or perhaps has been a solicitor, but has been struck off the rolls for unprofessional conduct), sets up in business as a solicitor under the name of a man who is a solicitor, and thus evades the penalties attaching to those who act as solicitors without being 'duly qualified; because, although all the business is done in the name of another, yet he it is who is the real principal, introducing the clients, doing the legal business, and pocketing the fees; the other is only a dummy to be used as a figure-head for evading the law.

Hedgehog, to (Northampton provincial), to reveal, to open, to

bring to light. "A witness giving evidence in an Assize Court said 'the prisoner *hedgehogged!*' On being asked what he meant, he said that 'a *hedgehog* when in water opened; and the man, when they gave him plenty of beer, opened and told all he knowed.'"

Leger.

was in it** (American), a very
significant intimation that a

along, and only two cartridges in my six-
shooter, whilst they was both well-*heeled*.
—*F. Francis: Saddle and Moccasin*.

Heeler (American), an accom-
plice of the pocket-book drop-
per. The *heeler* stoops behind
the victim and strikes one of
his heels as if by mistake. This
makes him look down, and so
draws his attention to the
pocket-book which lies on the
ground. The dupe is about to
pick it up, when the dropper
steps forward and claims half
of whatever may be in the
pocket-book, but offers to re-
linquish his share for a certain
sum, ten or twenty dollars.
The dupe, who has taken a peep
and ascertained that the dum-

Nick took off his *heel-tap*, bowed, smiled with an air
Most graciously grim, and vacated the chair.

He got there with both feet (American), meaning that he was very successful.

He said as he'd been gambling, and was two hundred dollars ahead of the whole town. *He got there with both feet* at starting, and was eight hundred ahead once. But he played it off at monté.—*F. Francis: Saddle and Moccasin*.

Heifer paddock, (Australian), a ladies' school. The derivation from heifer, a young cow—cow being a slang word for a woman—is obvious.

"The fact is, my dear Murray," he added, "the cattle (women) hereabouts are too scattered, you can't inspect them properly. Next year I shall look over a *heifer paddock* in Sydney and take my pick."—*Mrs. Campbell Reed: Sketches of Australian Life*.

Heigh-ho (thieves), stolen yarn.

Hékka! hokki! (gypsy), haste!
Possibly the original of "hook it," *i.e.*, hurry.

Hell (tailors), the place where a tailor deposited his cabbage (Wright).

Hell and scissors! (American), a peculiar interjection, signifying that while one startled at something there is still something ridiculous in the affair. "To kick up *hell*—and break things" is often uttered in quite the same spirit.

Hell and tommy (popular). To "play *hell and tommy*" with any one, to ruin him utterly. According to Dr. Charles Mackay, this grotesque expression probably means to reduce a man to extreme destitution, or to bread and water, and if so, an etymon may be found in the Keltic *ol*, drink, and *tomadh* (*toma*), a lump of bread.

Hell a-popping (American), a tremendous row or dispute, no

doubt from the propensity of those who use the expression for using their "six-shooters" on the slightest provocation.

There was *hell a-popping*. One fellow said he had roped in a sow with the left ear off. . . . Another fellow said that he had got a young boar with the right ear off. So they went to him, madder than hell they were, too.—*F. Francis: Saddle and Moccasin.*

Hell-box (printers), the receptacle for bad, broken, or "battered" letters, which are eventually melted down.

Hellion (American), a very abusive word, used in the Southern States, equivalent to "devil or hell's own." Possibly a form of hell-hound.

Hell's kitchen (American), a horrible slum. *Hell's Kitchen*, Murderer's Row, and the Burnt Rag are names of localities which form collectively the worst place in New York.

Poor old Bottle Alley, in Baxter Street, has become a mere snoozing-ken for vagrants made sodden and stupid with age, disease, and rum; *Hell's Kitchen*, those big Thirty-ninth Street tenements, offer harm to no one, except when a shower of stones falls from the gutters on an unpopular policeman.—*Philadelphia Press. (From MS. Collection of Americanisms, by C. Leland Harrison.)*

Hell's mint (American). "A mint of money" has led to describing a large quantity of anything as one. "Old B. has got a *mint* of houses, as I hear." Hence *hell's mint*, as a superlative of abundance.

Is that an Indian over there, or is it only a soap-weed? There's a *hell's mint* of soap-weed killed these Indian times, grease bush too—and cactus! cactus gets fits. The boys are death on cactus when they get scared. Some of them would just as soon shoot a cactus as not—they don't care what they kill.—*F. Francis: Saddle and Moccasin.*

He makes his fun pay (American), said of a very shrewd man, one for instance who keeps horses to ride and drive, yet manages so well by "trading" that they cost him nothing. A great sharper having said to Lessing that it had cost him ten thousand dollars to see the world, Lessing replied that he feared that the world would gladly give quite as much never to have seen him.

Hemp, young (old), young scoundrel deserving the gallows.

Hempen croak (common), the hangman's rope.

Hempen widow (thieves), one whose husband was hanged.

In a cell of the stone jug I was born,
Of a *hempen widow* the kid forlorn.

—*Harrison Ainsworth.*

Hen (American), a wife or mistress, girl or woman.

This was more than Jane could endure from Emily. "My young man is as good as yours," she screamed, "and five miles out of town better." And saying this she administered an exhilarating old slap on the face which sounded like the breaking of a tall pine tree by a cyclone. The *hen*-fight lasted exactly five minutes. What was left required exactly two weeks eight hours and ten minutes to reconstruct.—*Philadelphia Newspaper.*

The nights are spent at a poker game,
 He speaks of the ballet as something
 tame,
 And with jibe and joke, these racy men
 Refer to the season that brings his *hen*,
 And pleasures flee.

—*Hollis W. Field.*

Hen-convention (popular), an assemblage of women at which no man is present. Also "hen-party."

Hen-frigate (nautical), a ship in which the captain's wife plays a domineering part, "wears the breeches."

Hen-house (old), a house for soldiers' wives.

Hens and chickens (thieves), explained by quotation.

The *hens* and *chickens* of the low lodging-houses are the publicans' pewter measures; the bigger vessels are *hens*, the smaller *chickens*.—*Mayhew: London Labour and the London Poor.*

Called also "cats and kittens."

Herder (American). In the West, a white man who has charge of a gang of Chinese.

I found large gangs of Chinamen at work in different places, in charge of a white man who was called the *herder*. This job is not always a happy one, although it is well paid, for the Chinamen who work on railroads are the very scum of China, wharf-rats from Hong-Kong, and are evil and desperate. Consequently it is no uncommon thing for a *herder* to get killed or badly beaten by them.—*M. Roberts: The Western Avcrnus.*

(American cowboys), baby *herder*, a nurse.

Herdic (American), a carriage for public conveyance, something like a small omnibus. They were invented and brought into use by a Mr. Herdic of Pennsylvania, whence the name. They are now common in most American cities.

Honest men, like needles in hay-mounds, are hard to find, but we have one in our midst, and his name is Joseph Carroll, driver of private *herdic*.—*Chicago Tribune.*

Hereford (American cowboy), white.

A white shirt he calls a *Hereford* shirt because Hereford cattle have white faces. Similarly calls anything *Hereford* that is white; for example, *Hereford* dishes and *Hereford* hats. Carrying this fancy still further, a "white" man is known as a *Hereford* man.—*Philadelphia Press. (C. Leland Harrison: MS. Americanisms.)*

Here's luck (tailors), I don't believe it.

Hermaphrodite or **morfydite schooner** (nautical) is square rigged, but without a top forward, and schooner rigged abaft; carrying only fore-and-aft sails on the mainmast; in other phrase, she is a vessel with a brig's foremast and a schooner's mainmast (Admiral Smyth).

Herring (American), all bad, all alike. Hence the later expression "sardine," applied to a man who is exactly like all his associates, a narrow-minded, average sort of person, who has been packed away as it were among others.

Herring gutted (old), lanky.

Herring pond, the (common), a facetious name given to the Atlantic Ocean. Said to be of American origin, but now commonly used in both continents.

Everybody nowadays has read as much as he or she cares to about the voyage across *the herring-pond*, a voyage of which many of our American cousins think less than other men of a Channel-crossing.—*Phillipps-Wolley: Trottings of a Tenderfoot.*

He's gone north about (nautical) said of a sailor who has died from any cause but drowning. Shakspeare in "Twelfth Night" (Act iii. scene 2) uses a somewhat similar phrase, and which seems to throw some light upon the expression as used by sailors:—"You are now sailed into the *north of my lady's opinion*, where you will hang like an icicle on a Dutchman's beard, unless you do reclaim it by some laudable attempt."

Hewgag, the (American), name for an undeterminate, unknown mythical creature.

Hick, country (old cant), a stupid clodhopper.

Hickjap (thieves), a fool. *Hicksam*, a countryman, a foolish fellow.

Hickey (thieves), tipsy, not quite drunk, elated. Probably from hiccough.

Hickety split. *Vide* FULL DRIVE.

Hickory shirt (American), a cheap, durable woollen shirt generally worn by working men, or by those who dispense with linen or muslin.

"Good heavens, girl!" asked Mr. Neece of the domestic, "what are you doing with that *hickory shirt*?"

"Faith an' I'm brushing some of the dust out of it. It's in a shameful condition."—*Peona Transcript.*

Hid (American), an abbreviation of hideous, used as a noun. Used chiefly by girls. "She's a perfect *hid*."

Hiding (common), a good *hiding*, a severe beating with the "hide," or dried skin of an animal, formerly used as a scourge. To "cow-hide," or beat with a cow or ox-hide, is a common expression, and before the use of the revolver became unhappily prevalent, was once a common practice in the United States. The word has been erroneously derived from the effect of the beating, the skin or hide of the beaten person, and not from the material of the scourge itself.

"What right has a josser like you to interfere?" the coal-heaver retorted, turning toward the tall stranger. "You may be a D., but I will give you a *hiding* for your cheek."—*Bird o' Freedom.*

High, the (Oxford), the High Street at Oxford.

And after calling in at the tailor's to express his approbation, he at once sallied forth to *do the High*.—*C. Bede: Verdant Green.*

High and dry (clerical), old-fashioned members of the

Church of England are often described disrespectfully as being *high and dry*. Those of the Evangelical Church are per contra dubbed "low and slow." (American), a simile borrowed from any article left on the beach by a retreating tide. To be left without resources, to be quite abandoned and helpless.

They ate like brave men, long and well;
they gobbled there and then,
Till the abdomens grew rotund of those
gallant Fremont men,
A beef a day to every man was but a small
supply;
Soon conquered they Vallejo's ranch—they
ate him *high and dry*.
—*Political Song of 1850.*

High-boy, a High Tory and Churchman, supposed to favour Jacobitism (O. Davis).

High faluting (American), high-flown, extravagant, bombastic language, a gay, impudent sort of fellow, a vulgar coxcomb. "There can be little doubt," says Mr. Bartlett, "of its derivation from high 'fighting.'" As for its coming, as Hotten absolutely asserts, as if it were an established fact, from the Dutch *verlooten* (which word he does not translate), it is enough to say that *verlooten* means "to cast lots." It is very remarkable that there exists in yiddish the word *hifelufelem*, meaning extravagant language or nonsense.

Hifelufelem is Narret hei, Possen, Schwank, Ränk.—*Der Herried ene Laub-frosch.*

The remarkable resemblance, as regards both sound and meaning, existing between these words cannot fail to strike the reader. Of late years, terms known more or less to all Jews, especially of the commoner class, have begun to work far more freely into American slang than is generally supposed. By associating *hifelufelem* with "high fighting," *high faluten* would be speedily evolved. It may be observed that in rapid conversation, the Hebrew or yiddish word becomes *hifelufem* or *hifelufen*, which is a materially nearer approach to the well-known American term.

The phrase is now common in England.

A paper in Cincinnati was very much given to *high falutin'* on the subject of "this great country," until a rival paper somewhat modified its continual bounce with the following burlesque: "This is a glorious country! It has longer rivers and more of them, and they are muddier and deeper, and run faster, and rise higher, and make more noise, and fall lower, and do more damage than anybody else's rivers."—*Tit Bits.*

High horse (American). It is commonly said of any one who is putting on airs or assuming a lofty or dignified tone, that "he is on his *high horse*." Something equivalent to it is to be found in many languages. The French say "monter sur ses grands chevaux" (not slang).

High jinks, properly an old Scottish pastime played in different ways. At a club or convivial gathering is that part of the evening when the punch-bowl is introduced together with unlimited license.

There he found the eleven at *high jinks* after supper, Jack Raggles shouting comic songs and performing feats of strength; and was greeted by a chorus of mingled remonstrance at his desertion, and joy at his appearance.—*Tom Brown's School-days*.

(Common), a jollification.

All sorts of revelry, all sorts of devilry,
All play at *high jinks* and keep up the ball,

Days, weeks, and months, it is really
astonishing,

As to what passed on his own wedding-day.

—*Ingoldsbys Legends*.

To play the *high jinks*, to take up an arrogant position.

In days of yore the Lord of Misrule
Played very *high jinks* at the Tide of Yule,

And sported about like a chartered fool,
And did pretty much as he chose;

There were scarce any bounds to his
quips and cranks,

His lunatic larks and his motley pranks,
And victims who suffered e'en offered
him thanks

For robbing them of repose.

—*Fun*.

(American), *high jinks*, small gamblers.

High rented (popular), hot. A seat near a fire is said to be *high rented* when it gets too hot for comfort.

High roller (American), one who plays high, or who takes the lead.

He's a *high roller*, by gum! when he's got it (*i.e.*, money).—*F. Francis: Saddle and Moccasin*.

Donaldson in those days was known as a *high roller*, and under his instructions John dealt the game without a limit. Donaldson finally left the business here and went west.—*Chicago Daily Inter-Ocean*.

High toby (old cant), the high road. "On the *high toby*," to take to the road as a *high toby*-man or highwayman.

High toby, which, in ancient robber slang, meant the high revelry and luxury and reckless indulgence which characterised the existence of those bold blades who took to the road, was nowhere visible.—*J. Greenwood: Dick Temple.*

It was one thing to hear play-actors on the stage, in their tame and feeble delineations of the ancient game of *high toby*, and of the redoubtable doings of the Knights of the Road, spout such soul-thrilling effusions as "Nix my Dolly, pals," and "Claude Duval;" but what must it be to listen to the same bold staves out of the mouth of real "roaring boys," some of them, possibly, the descendants of the very heroes who rode "up Holborn Hill in a cart," and who could not well hear the good words the attendant chaplain was uttering, because of the noisy exchange of boisterous "chaff" taking place between the short-pipe smoking driver, whose cart-seat was the doomed man's coffin, and the gleeful mob that had made holiday to see the fun!—*Seven Curses of London.*

High-tone niggers (American), negroes who have raised themselves in social position, or in other ways bettered their condition.

I never saw any so-called *high-tone niggers*; and, except in the capacity of barbers, waiters, and shoeblacks, never saw any coloured men in the hotels.—*Phillipps-Wolley: Trottings of a Tenderfoot.*

Highwater mark, up to the (common), up to the mark, an expression of approval.

Before the sitting magistrate.

Hindboot (common), the breech.

Hind coachwheel (popular), a crown. In French slang a five-franc piece is termed "*roue de derrière*."

Hing (Anglo-Indian), assafœtida. It is remarkable that the Germans call this abominably smelling gum *teufel's-dröck*, i.e., *stercus diaboli*, while the common gypsy name for voiding excrement is *hinger*.

Hip (thieves), *hip* inside, inside coat pocket; *hip* outside, outside pocket.

Hipped (common), ill. To be *hipped*, to suffer from "a fit of the blues," or of hypochondria.

His nabs there (tailors), him, the individual referred to. A variant of "his nibs."

His nibs (theatrical), himself, his person. From the old English *neb*, the face, also nose.

When the President's carriage arrives in front of the church, with Albert Hawkins on the box, wearing a big bearskin cape as black as his face, and driving the two big, lumbering "seal browns," there is gathered about the doors of the sanctuary a crowd of two or three hundred, awaiting the arrival of the gentleman whom Tim Campbell, of New York, immortalised himself by speaking of as *his nibs*.—*Chicago Herald*.

Hiss (Winchester College), a signal of a master's approach. The "cave" or "chucks" of schoolboys and French *vesse*.

Hit the flat, to (cowboys), to go out on the prairies.

Hitched (American), married. Literally harnessed.

Hitch horses, to (American), to agree, to draw or pull well together.

I never truckle to any man, if he is as big as all out of doors. After he poked his fist in my face, at one election, we never *hitched horses* together.—*Bartlett*.

Hitch one's team to the fence, to (American), to remain for any time in a place.

Already people from Lyrsilla and the citron groves of St. Lawrence county are coming into town, bringing their dinners and *hitching their teams to the fence* behind the Coliseum.—*New York Mercury*.

Hits him where he lives (American), goes home, hurts his deepest feelings, wounds him in his domestic relations.

"That," says the editor, "*hits him whar he lives*. That will chase him up as bad as it did when I wrote an article ridiculing his sister, who's got a cock-eye."—*Artemus Ward: Things in New York*.

Hive, to (American cadet), to steal or "bone"—to take a thing without permission. "To get *hived*" is to be caught in a scrape.

The Amateur Cadets' Band was *hived* by the inspecting officer one night "after taps" while they were serenading in barracks without permission. As a natural result the entire band was reported and punished and had all their musical instruments confiscated.—*The West Point Scrap Book*.

(Popular American), to cover up, to entrap.

Hived perfectly frigid (American cadet), said of cadets who, when beyond bounds or otherwise transgressing the academy rules, are caught *in flagrante delicto* without the least possible chance of escape.

Hivers (American), women or men who travel with a swarm of *filles de joie*, generally in the Wild West, with a view to making money by them.

Hivite, a student of St. Bee's.

Hoaky, by the (nautical), synonymous with "hang it!"

Hobbled (thieves), committed for trial.

Hobblor (nautical), a coast man of Kent, a bit of a smuggler and an unlicensed pilot, ever ready for a job in either of these occupations. Also a man on land employed in towing a vessel by a rope (Admiral Smyth).

Hobby (university), a translation. Those who use cribs in translating from the Latin, Greek, and other languages, are said to ride *hobbies*.

Hob-jobber (street), a man or boy who loiters about the streets waiting for small jobs, such as holding horses, carrying parcels, &c.

Days came in which there was a *hob-jobber's* famine; no horses to hold, no parcels to carry.—*The Goal Cradle*.

Hobson-Jobson (Anglo-Indian), a phrase peculiar to the British soldier, by whom it was invented. It is in fact an Anglo-Saxon version of the wailings of the Mahommedans, as they beat their breasts in the processions of the Moharram: *Ya Hasan, ya Hossain!* (Anglo-Indian Glossary).

Hob's hog (provincial Northampton). When a person conjectures wrongly, he is compared to *Hob's hog*, a local story being

that the mythical porker in question imagined his breakfast was coming, when it was only the butcher preparing to kill him.

Hock (American), caught. Caught in *hock* is caught by the heels. The last card in the box. Among thieves a man is in *hock* when he is in prison, but when one gambler is caught by another smarter than himself and is beat, then he is in *hock*. Down South (*i.e.*, in the Southern States), men are only put in *hock* on the race-tracks. In a *hock*-game, if a man hits a card, he is obliged to let his money lie until it either wins or loses. Of course, there are nine hundred and ninety-nine chances against the player, and the oldest man living never yet saw him win, and thus he is caught in *hock* (New York Slang Dictionary).

The author of this work derives *hock* clearly enough from the English slang term for a foot. It may be observed, however, that *hok* in Dutch thieves' slang means credit or debt, which would furnish quite as good a derivation.

Hock-dockies (popular), shoes or boots.

Hocker, *hākker* (gypsy), to jump.

Hocus-pocus (now recognised), a term applied originally to deception of the eye by means

of legerdemain, now commonly used for any formula of cheating, delusion, or humbug. Crabb ("Gipsies' Advocate," p. 18) says that gypsies pronounce habeas corpus, *hawcus pacous*, a manifest error, as in doing this they simply follow the word for a joke. That it is derived from a burlesque rendering of *hoc est corpus* in the Latin Church-service is a mere bit of conjectural philology. In the Roman tongue *hoc* or *hūk* is the root signifying deceit or falsehood in a very extended sense. "Quite a little family of words has come into English from the gypsy *hoc*, *hocben*, *huckaben*, *hokeny*, and *hooker*, all meaning a lie, deception, and humbug. Mr. Bonar shows us that *hocus*, to bewitch liquor with an opiate, and *hoax* are probably from the same root; and I have no doubt that the expression, 'Yes, with a *hook*,' meaning 'it is false,' comes from the same. 'Hookey' and 'Walker' are of this family" ("The English Gypsies," p. 81). *Hoc* therefore means deceit or delusion, and the English gypsy, like many Hindus, adds *us* in a most arbitrary and irregular manner to any root whatever to make a noun. It is sometimes even affixed to English words, e.g., *side-us*, a side. This gives *hocus*, a pure gypsy word. As *pocus*, it has probably something in common as to its root with "pankey" (*vide* HANKEY-PANKEY), as a certain sleight-of-hand or "substitution" cheat

is called in gypsy *huckeny pou-kee*, or *huckeny pokee*, the latter being the common word. That this is sometimes called *huckeny pokus* or *pocus* anybody can ascertain by asking the first old gypsy whom he may meet. As a proof of the soundness of this derivation, it may be observed that "hokee-pokee" (which is simply *hocus-pocus*, without the gypsy noun-terminal), is common and very old slang, used firstly as a magic formula in juggling, and sometimes in any aggregate of unintelligible words.

Hokee-pokee, winkee fum,
Flibbidee, flobbidee, buskey bum.
—*The King of the Cannibal
Islands.*

Hod (American thieves), a mason or builder.

Hod of mortar (rhyming slang), a pot of porter.

Hoe in, to (American University), to work with vigour. French *piocher*.

Hog (popular), half-a-crown.

Two bobs and a half equal one *hog*.—*Punch*.

Old cant for a shilling, also a sixpence.

"Champollion - Figeac, the brother of the famous Champollion, makes in his work on Egypt the following observations: "Also it appears there were (in Egypt) masses of gold bearing another shape than that

of the ring, for instance the form of a frog, of a calf, of an ox, and that it had thus become a custom to reckon a particular object as worth so many oxen, another as so many calves, or so many frogs, meaning thereby certain known weight of gold" (Leigh Hunt's Journal).

Hoga (Anglo-Indian), to work, to do. "That won't *hoga*," that won't do.

Hog and hominy (American).

Hog is pork, and *hominy* is maize or Indian corn scalded, so that it is white as rice, to which it bears when boiled a great resemblance. As pork and *hominy* are the two cheapest articles of food in the United States, the term is very generally used to express plain, common diet.

Hog, hogged (binders), said of a book which has the back bulging out, from the binding having given way.

Hogminny (old slang), a very young girl very depraved; one who makes a free present of her person. From "Hogmena," Christmas and New Year's presents.

Hogoo, strong smell. This word, a corruption of the French *haut goût*, is given as slang by Hotten and others; but it is to be found in a dictionary, 1748, as a recognised word.

Hogs (American), a term sometimes applied in jest to the inhabitants of Chicago. (Old), to drive *hogs* to market, to snore.

I'gad he fell asleep, and snored so loud that we thought he was driving his *hogs* to market.—*Swift: Polite Conversation.*

Hogshead, to couch a (old cant), to lie down, go to sleep. The phrase explains itself, *hogshead* being a term for body.

Hog, to (American), to cheat, humbug, to do for, to break.

"Go," he said, "go, my son, and *hog* the public" (he meant "knock 'em"); but the old man was allers a little given to slang).—*Artemus Ward: Boston.*

This is probably derived from *hogged*, or broken, as applied to steamboats. It agrees with the Anglo-Indian *hoga*, to do, but probably by mere accidental coincidence. (Common), to have sexual intercourse with a woman.

Hog, to go the whole. So universally used as to be a recognised phrase. To do a thing, good or evil, thoroughly and completely. This term became very common in America about 1834. It was applied to those who approved entirely of General Jackson's measures. It is said to be derived from a story in a poem which was to be found in most American school reading-books, of the declaration of Mahomet that there is a portion of the swine which no true believer should eat. But as they

could not agree which part this was among them, the Mussulmans ate up the entire animal, or "went *the whole hog*."

Ho-gya (Anglo-Indian), used by Anglo-Indians in the sense of "up a tree," or of the failure of any undertaking.

Hoisting (thieves). Hotten defines this as only shop-lifting. In America the term is applied to a very peculiar kind of robbery. To rob a house two or three men gather together, one of whom stands close to the wall and the next one climbs up so as to stand on his shoulders, while the third does the same. By long practice this can be done with great ease, so that a thief can enter a window ten or even fifteen feet from the ground. This is called the hoist-lay. A hoister means however a shop-lifter as well, and also a sot.

Hokey-pokey (common), good-for-nothing, cheated, done. This word seems as regards both meaning and sound to have a relation to the Yiddish *orche-porchem*, a vagabond, a tramp. It is from "hocus-pocus."

A kind of inferior ice sold in the streets and especially at race meetings amongst the lower classes.

Ho-lan-kwoh (pidgin, Dutch), "Holland-nation."

Hold, do you (London slang), have you any money to lend or stand treat with?

Hold-out (cardsharppers), the vest *hold-out*, sleeve *hold-out*. Explained by quotation.

The old-time poker sharp was not well equipped unless he had a vest *hold-out*. That was a black satin vest with claws inside that came out of the bosom, seized the necessary cards, and slid it in again. It was worked by a chain that ran down the trousers leg and hooked to the heel of the boot, and was such a clumsy and complicated apparatus that I would as soon think of carrying a threshing-machine around with me. Then there was the sleeve *hold-out*, nearly as bad, and the different *hold-outs* to fasten to the edge of the table.—*Star*.

Hold the stage, to (theatrical), is said of an experienced actor who is fully at home on the stage, and always commands the attention of the audience. Corresponds to the French phrase, "avoir des planches."

Hold up, to (American thieves), to molest, rob with violence.

Two thieves were caught in New York, . . . mistaking two detectives for persons in their own line of business, they invited them to *hold up* a man.—*Bird o' Freedom*.

Also to arrest, take in custody.

Didn't I give you fifty dollars for leaving my place alone when it was on your beat? You can't *hold me up* now.—*Bird o' Freedom*.

Hold your horses (American), an injunction not to go too far, or say too much.

Oh, *hold your hosses*, will you,
 And do not drive so fast!
 And pray do not imagine,
 Your team can't be surpassed.
 —*Song of 1850.*

Hole (printers). According to Moxon, 1683, a private printing-office, where unlicensed books were printed, was called a *hole*. The term would apply at the present day to a "cock-robin" shop. (Turf), to be in a *hole* is to lose or be defeated.

Hole and corner (popular), plotting conspiracy. The metaphor is obvious—conspirators are compelled to do their plotting in holes and corners.

"I will have none of this *hole and corner* business," said the proprietor of a great Australian journal to the new editor entering office. "No more picking out the weeds of a work to quote them as the flowers: I wish all the criticisms in my paper to be 'fair, square, and above ground.'"—*Anthony Trollope.*

Hollis (Winchester School, a smooth round stone.

Hollow (common), "to beat *hollow*," to surpass, to be far superior.

Holus-bolus (nautical), the neck, the head; in a hurry, helter-skelter.

Holy Joe (prison and nautical), the chaplain or any religious person.

Holy land (thieves), the thieves' quarter in St. Giles.

Home (turf), the *status quo ante* of the better. When a man

recovers his previous losses he "gets *home*" on the day, the week, or the year, as the case may be. Strange to say this barren result is usually regarded by the achiever thereof with greater pride than the apparently more desirable process of winning.

Home bird (common), a man leading a very retired life, fond of his fireside; a milksop. French *chauffe-la-couche*.

Ho-ming (pidgin), Reuters' Telegram Company is so termed in the Shanghai Directory.

Homo-opathise (American), to get bills, *i.e.*, petitions for anything, through the Legislature, or Congress, or a City Council, by means of bills, *i.e.*, bank-bills. This application of *similia similibus* is unfortunately a rule of practice, with few exceptions, especially in the Legislatures, when a bill is brought forward which has "anything in it," *i.e.*, any money.

Honest Injun (American), a phrase equivalent to "honour bright." It is often heard among boys as a pledge of faith.

She says, "*Honest Injun*, now hain't you been telling me a lot of lies?" "*Honest Injun*," says I.—*The Adventures of Huckleberry Finn.*

Honey (rhyming slang), money.

Hong-hahng (pidgin and Anglo-Indian), *hahng* in Chinese means

a row or rank, a house of business. It is particularly applied to trading establishments, foreign or native. The latter were the so-called *hong* merchants who had the monopoly of foreign trade. This monopoly was abolished in 1842.

A society of *hong* or united merchants who are answerable for one another, both to the Government and to foreign nations.—*Sir G. Staunton: Embassy to China.*

Honour bright (common), on my honour.

Hoodlum (American), a vagabond or rough, a loafer. It was for a long time a Californian word, and is probably of Spanish origin. It may possibly be the pidgin English, *hood lahnt*, good, *i.e.*, very lazy; *lahnt'o*, Mandarin.

Two *hoodlums* knocked down and nearly killed an aged priest in the streets of Versailles, France, the other day.—*Chicago Tribune.*

In San Francisco *hoodlums* are a class of young fools, corresponding in some degree to the English 'Arries. The *hoodlums* walk the streets arm in arm, upsetting everything in their passage "just for the sake of a lark."

Hoodman (London slang), blind, drunk.

"Yes," he said, explaining with some amount of regret his curious behaviour of the night before; "but haven't you noticed that whenever I am a little *hoodman* I invariably go on in that way?"

"Well, I can't say that I have," was the straightforward answer of the candid friend.

"Why not?"

"Because I have never seen you a little *hoodman*. I have always seen you so ballyhooly blind that——"

Several bystanders left on the spot without paying for their drinks.—*Sporting Times.*

He had shunted a quantum of whisky immense,

But that *hoodman* he was he denied;
Though he cast on the lamp-post a look so "intense"

That it might have been meant for his bride.

They passed over this, but when fivers galore

To the Tealeaf he offered to lend,
That he really was boozed, to a man they all swore,

Had appeared sure enough in the end!
—*Bird o' Freedom.*

Hoodooed (American), *voodooed*, *i.e.*, killed, done for, used up; *voudou*, a term applied to the magic or secrecy practised among the blacks.

"Laps," said Mrs. Potter, laying her hand on my shoulder, "I'm *hoodooed* as sure as eggs are eggs. I've been training to do that death all summer, and I had a new play written to lead up to it, and now Lil has gone and gobbled my business."—*New York Morning Journal.*

Hoof it, to (thieves), to run away.

Hoof one's bum, to (common), to kick one in the lower part of the back.

Hook (popular and thieves), a pickpocket.

Take my tip and turn square, from a *hook* who is going to be lagged, would be, in common parlance, take my advice and get your living honestly, says a pickpocket who is expecting penal servitude.—*J. W. Horsley: Jottings from Jail.*

Probably derived from hooking an article out by the fingers, which thence are called *hooks*. Or an abbreviation of *hooker*, old cant for a thief who steals things hanging up in shops by removing them with a hook. Stealing by means of a hook is still practised by a class of French thieves, who call it "vol au boulon" (*vide* Barrère's *Argot and Slang*). The French popular slang has *croc* (hook) for a thief, though Littré is inclined to believe this is a contraction of *escroc* (swindler). The ancient "hooker" was also called "angler," which corresponds to the Italian cant *pescator*, a thief, literally, a fisherman. Thus the literal hook has served as a metaphor for the English hook, hooker, angler, the French *croc*, and the Italian *pescator*. The German cant has *höcken*, to lie, deceive, swindle, from the gypsy, though some derive it from *höcken*, to higgler, retail; *höke*, a higgler, huckster, which may be traced to *hake*, a hook, pedlars and porters on the continent using a contrivance for carrying their burdens, termed *crochets* (hooks) in French, hence *crocheteur*, a porter.

(Popular), a *hook*, a catch, an advantage; to take one's *hook*. *Vide* HOOK, TO SLING ONE'S.

Hooka-buridar (Anglo-Indian), a servant whose sole duty it was to take care of the master's pipe. As the *hookah* is now a thing of the past, the *buridar*

has also passed away with it into the obsolete, so far as the pipe is concerned.

Hook and eye (tailors), walking arm in arm.

Hooker (old cant), a thief who used to steal articles from shops by means of a hook.

I will take my prince's part against all that shall oppose him, or any of us, according to the best of my ability; nor will I suffer him, or any one belonging to us, to be abused by any strange abrams, ruffies, *hookers*.—*Bampfylde Moore Carew: English Gypsies' Oath*.

(American), a woman of easy virtue, generally one who plies her trade on the streets.

Hookey Walker (popular), go away! be off! Also an ejaculation of incredulity synonymous with "get along with you!" Many origins have been ascribed to this term, which naturally explains itself by its connection with "hook it," *i.e.*, "go away," and "walk away."

Hooking cow (West American), a cow that will show fight, and try to toss the cowboys who are seeking to "cut her out" from the herd. From the English "to hook," said of an ox which tosses one.

One of the former was what is termed a *hooking cow*, and to escape her repeated charges tested all our agility.—*F. Francis: Saddle and Moccasin*.

Hook it, to (common), to run away. *Vide* HOOK, TO SLING ONE'S.

"You hain't been home since the mornin'—not since you *hooked it* away?" Jerry's voice was tremulous with excitement as he asked the question.

"No, I've been away all day."—*The Little Ragamuffins*.

It has been suggested that it is derived from the gypsy *hokka* or *hekka*, hurry away, hasten.

Hook, on one's own (common), on one's own account or responsibility.

The tale runs that a scientific gentleman has been examining his wife's out-door jacket after each excursion, and has carefully collected every loose hair which he has found thereon.—*Society*.

Dependent for a living on one's own resources or exertions. Originally American.

Supplied me with physic whenever I wanted it, and accustomed me to a life of organised laziness—and yet at the end of this time they turn me out to get my living *on my own hook*.—*Evening News*.

What, loose several days in London—*on your own hook* and free to wander, and with no one to partect you?—*J. Greenwood: Dick Temple*.

Possibly from the thieves' phrase to *hook*, to steal, thieving and getting a living being with them synonymous; or from *hook*, a catch, so that *on one's own hook* would mean literally, living on what I catch. It may also be derived from an allusion to a meat hook, metaphorically meaning larder, store. French authors have certainly used it with that signification, and the French have the expression

(not slang) "avoir à son croc," to have in store; "vivre aux crochets de quelqu'un," to be dependent on another for one's living, to live at his expense, and the obsolete "diner sur ses crochets," to pay for one's own dinner.

Again, it has been suggested that *on one's own hook* is from a metaphor drawn from the practice of the fish-curers on the Eastern coasts, who hang up the herrings and haddocks to dry in the sun.

Hookem snivey, an impostor who feigns sickness, disease, or calamity, and exhibits his miseries in the streets to excite pity and charity. From *to hook*, and *snivelling*, or possibly from the gypsy *hookaben*, a cheat.

Hooks (thieves), fingers. Termed also "forks."

With his smeller a trumpet blowing,
A regular swell cove lushy lay,
To his clies my *hooks* I throw in,
Tol, lol, &c.,

And collar his dragons clear away.

—*W. Maginn: Vidocq's Slang Song*.

(Common), "gone off the *hooks*," dead.

Death wandered by the sea,
And struck by Walton's looks,
Broke Isaac's line of life
And took him "off the *hooks*."

—*Punch*.

An allusion to a gate off its hinges. Compare with the old English phrase, "to be off the

hooks," to be out of temper, vexed. French, "sortir de ses gonds," and "to put off the *hooks*," to vex, make angry.

Hook shop (American), a brothel, "hooker" being a prostitute. Much used by English residents in China. Possibly a corruption of "hock shop." The English and French slangs have the corresponding "buttocking shop" and "magasin de fesses."

Hook, to sling one's (popular), to depart, leave, run away; *sling* is a provincialism for to cast away, so that the phrase means literally "take your hook off," "let go your hold."

Hook, to take one's (common), to depart, leave, run away.

A STRANGE TIME-KEEPER.—*Landlord* (to old toper, who has come to the front door, and is gazing intently at an equestrian statue in the square): "I say, what do you keep coming to the door for?" "I want to see if it's time to *take my hook*." "But how can you see that?" "When that horse begins to prance, then it's high time."—*Tit Bits*.

Possibly an abbreviation of "take your *hook* off," that is, let go your hold, or the allusion being to a boat's hook which a man would naturally be told to take off as a signal for departure. This supposition is strengthened by the synonymous expression to "sling one's *hook*," which see.

Hook, with a (common), used in this phrase to imply doubt or

some reservation referring to an assertion; "yes, with a *hook* at the end of it." Dr. Brewer has "*with a hook at the end*, you suppose I assent, but my assent is not likely to be given. The subject has a *hook*, or note of interrogation (?), to denote that it is dubious."

"There is a gypsy story that a Romany had permission from a gentleman to fish in his pond, on condition that he should only use a hook. But the gypsy used a net, and emptied the pond of fish. On being asked what kind of a hook he had used, he replied: 'It was what we call in our language a *hookaben*,' i.e., a lie or a cheat. *Hook* is here the root, *aben* or *apen* simply indicating a noun" (C. G. Leland).

Hooky, to do (popular), the application of the thumb and fingers to the nose in contempt.

Hoop (American thieves), a ring.

Hoosier (American), a nickname given to natives of Indiana. Bartlett cites from the *Providence Journal* a story which has the appearance of being an after-manufacture to suit the name, deriving *hoosier* from "husher," "from their primary capacity to still their opponents." He also asserts that the Kentuckians maintained that the nickname expresses the exclamation of an Indian when he knocks at a door and

exclaims "who's yere?" However, the word originally was not *hoosier* at all, but *hoosieroon* or *hoosheroon*, *hoosier* being an abbreviation of this. I can remember that in 1834, having read of *hoosiers*, and spoken of them, a boy from the West corrected me, and said that the word was properly *hoosieroon*. This would indicate a Spanish origin (Charles G. Leland).

Oftimes when travelling in the West,
The stranger finds a *hoosier's* nest;
In other words a buck-eye cabin,
Just large enough to put Queen Mab in.

Hooter (American), a comparative for anything worthless or trifling. Bartlett conjectures that it is a corruption of *iota*, which is also commonly used in New England in a similar manner.

Ah, Billy, you and your sword-cane
can't do a *hooter* among the girls, fine as
you think yourself.—*Philadelphia Comic
Newspaper*.

Hooting pudding (provincial), plum pudding so scantily furnished with raisins that they are sarcastically said to hoot at one another.

H.O.P.

Oh, he's clicky, and he's quicky, and
he's tricky.

—*Broadside Ballad*.

Hop (common), a small ball, though often used in reference

to any kind of ball. Formerly "to *hoppe*" signified to dance.

I remember last Christmas, at a little *hop* at the Park, he danced from eight o'clock till four.—*Miss Austen: Sense and Sensibility*.

Said to be of American origin. The *New York Herald* once, if not many times, published accounts of the particular and unfashionable balls given in that city under the heading or caption of "Hop Intelligence." *Hop* for any kind of dance is, however, provincial English.

(Pidgin), half. "My givee cum-shaw *hop-dolla*, supposey you make dat Ink-i-lis man wailo to look-see my shop." *Hop*, have, or has. While a Chinese is in the first stage of pidgin-English, as set forth in that primary work, the Chinese "Vocabulary of the Words in Use among the Red-Haired People," he uses *hop*, and in time advances to *hab*. In this work *hop-fasse* is given for have fashion (*hab fasson* at a more advanced stage), *i.e.*, fashionable. *Hop-pi-tsin* (*hab, pidgin*) means have business; *hop-tai* (*hab die*), dead; and *hop-time* (*hab time*), leisure.

Horn (American). "Yes, in a *horn*." This is uttered as an expression of disbelief or refusal. "In a hog's *horn*," as hogs have no horns. An abbreviation of an old West of England phrase, "In a *horn* when the devil is blind." "I'll give it you in a *horn*," *i.e.*, I shall not give it you, possibly alluding to the impossibility of keeping anything in a horn open at both ends, or to the wind blown out of a horn.

Horn, a dram, a glass of spirits. The word dates from the times when *horns* rather than glasses were used for the purpose. It is almost obsolete in England, but common in America.

He poured out a glass of brandy and water. Oh, gummy, what a *horn* it was. It was strong enough to throw an ox over a five-barred gate.—*Sam Slick*.

In the United States not only the manager or proprietor and director of a newspaper is called an editor, but also all who write for it, the chief reporter being "the city editor," and the reviewer "the literary editor," while the gentleman who furnishes the sporting news is sometimes facetiously termed the *horse editor*. There is also the real or imaginary "fighting

editor," who is supposed to be a man who "strikes from the shoulder" and sits surrounded by revolvers and hunting knives. According to *Puck*, even the porter of an American newspaper shares the glory of "editorialism." The writer in fact knows an instance in which the janitor of an American journal, when in a rural community, received much attention and honour as being "connected with the press."

—*Wolcot (Peter Pindar).*

Horse protestant (tailors), a churchman.

Horse-shoe (common), the *pudendum f.* In the earliest Oriental mythologies, all that indicated fruitfulness, impregnation, love, &c., was regarded as opposed to the evil principle which sought to cause barrenness. Hence in many countries, not only the images of the pallas and of the female organ were worn as charms, but also everything which in any way resembled them, such as a horn, a perforated stone, a ring, a snail-

shell, &c. Among these symbols the *horse-shoe* occupies a conspicuous place. Hence the belief that it forms an amulet, and that it is lucky to find one. In German the phrase "Sie hat ein Hufeisen verloren" (she has lost a *horse-shoe*) is equivalent to saying that a girl has been seduced.

Horse-teeth (American), a man with *horse-teeth* is one that grasps, grabs at, or gains what he aims at.

"Who is that?" I asked of my friend Fisher, as we passed a marked-looking man on the street the other day.

They consider him one of the people, none of your stuck-up imported chaps from the dandy states, but a real genuine Westerner—in short, a *hoss*.—*Americans at Home*.

Hoss-fly (American), "old *hoss-fly*," a familiar form of expression, such as "Well, old boy!" in England. It is of course a variation of "horse," as meaning a man.

When a member was not to be found in the Rotunda it was said 'he is over at the house.' A boastful promise—an unmeaning way of expressing something impossible of achievement. Mr. Grimwig in "Oliver Twist" backed and confirmed nearly every assertion he made with this handsome offer.

It was the more singular in his case because, even admitting, for the sake of argument, the possibility of scientific improvements being ever brought to that pass which will enable a man to *eat his own head* in the event of his being so disposed, Mr. Grimwig's head was such a particularly large one that the most sanguine man alive could hardly entertain a hope of being able to get through it at

a sitting, to put entirely out of the question a very thick coating of powder.—*Dickens: Oliver Twist.*

Illegitimate (racing), an absurd formula used by the sporting press as a synonym for steeple-chasing, hurdle-racing, and hunters' flat-races. Previous to the establishment of the Grand National Hunt Committee, these sports were unregulated by any code of law, and unrecognised by any racing tribunal, and were then properly regarded as *illegitimate*. They are now, however, as much under rules as flat-racing; nevertheless the term *illegitimate* continues to be applied to them though it has lost its force or significance.

Illegitimate season, also called the dead season, viz., the time between the weeks which includes the 22nd November in one year, and that which includes the 25th of March in the year following. No races under Newmarket rules are allowed during this period, which is obviously the most suitable for the other or so-called *illegitimate* branch of racing.

I'll have your gal! (street slang), a cry raised by street boys or roughs when they see a fond couple together. In like manner, in small theatres in Paris, the pit will raise a cry of "Il l'embrassera!" when a man and woman are sitting together apart from others.

I proffered and she took my arm,
Which I thought would be refused;

I'll have your gal! the urchins cried,
At which I felt amused.
—*Ballad: The Thames Embankment.*

I'll have your hat (street cry).

There is a cry that drives me wild
Which is, *I'll have your hat!*
I'll have your hat! I'll have your hat!
Will be the death of me, that's flat,
It makes me feel so nervous that,
Whene'er they cry, *I'll have your hat!*
—*Broadside Ballad.*

I'll tell you a story of old Mother

Morey (American), said sarcastically of a narrative which has nothing in it. From a very old nursery rhyme repeated to children when they are importunate to be told a story.

*I'll tell you a story
Of old Mother Morey,
And now my story's begun
I'll tell you another,
About her brother,
And now my story is done.*

Illumina (Winchester College), an abbreviation for "illumination." On the last Sunday night in "Short Half" before Grass Court was thrown open, candles were planted in temples or niches cut in Mead's wall. In this consisted the *illumina*. This is now done in "Short Half," and the effect is enhanced by a blazing bonfire.

I'm afloat (rhyming slang), a boat.

Im-koy (pidgin Cantonese), not ought, *i.e.*, you should not. Used politely in accepting or asking a civility.

Immediately sooner, if not before (American), a made-up phrase, heard occasionally among boys.

Immense (American), excellent, or extremely good. Such and such a person is said to be an "immense fellow," or liquor is advertised as *immense*, or a tailor notifies that he is "immense on pants," and a dress-maker that she is "immense on skirts," though she does not boast of being "immense in her charges."

Imp. The *imp* is the devil of the devil, or attorney-general's devils. There are many of them, and have no position whatever in the law. They only "devil," or get up cases for the junior counsel to the Treasury, though in doing this they often contrive to get work for themselves as well; thus there are many devils in the law.

Impo. or impos. (schools), abbreviation for imposition. At Cheltenham College both masters and boys call this an "impot."

Impost-taker (American thieves), a man who lends money to thieves and gamblers, or prostitutes, at very high rates of interest.

Improvers (trade), young men learning a business, and who enter into employment chiefly with a view to qualify themselves for work. *Vide* BUSTLE.

In this establishment no juniors or *improvers* are kept, and all the medicines are prepared by the proprietor himself, and by a thoroughly competent assistant.
—*Advertisement of a Chemist in West-gate-on-the-Sea.*

I'm something of a liar myself (American). It is said that a certain gentleman who was given to narrating extraordinary experiences, having on one occasion told a very remarkable incident of travel, then turned to a Scotchman who was present and asked him if he was not astonished. "Na, na," replied the Scot, "I'm na that—*I'm something of a leear mysel'*." This saying has become of late (1887) extremely popular in the United States, and is repeated without mercy among "the ruder sort" whenever any one is suspected of playing Munchausen.

In (common), to be *in* with one, to be even with him, or be on intimate terms with him. *In* for it, in trouble or difficulty. (American), to be *in* it, a phrase expressive of taking an interest—pecuniary, personal, or mental—in anything. Like "I'm on it," "I'm *in* it," signifying that I have a part in the subject.

I won't listen to your noncents no longer. Jest say rite strate out what you're drivin at. If you mean gettin hitched, I'm *in*.—*Artemus Ward*.

A horse on publication of a handicap is said, in describing his prospective chance, to be *in* it, "not *in* it," or "right bang *in* it," according to the view and judgment of the speaker. The same terms are used during the progress of a race.

In a skiffle (tailors), in a great hurry.

In a tin-pot way (popular), in a small, inferior, trifling manner.

I light my long pipe and I sit up in bed and don't we enjoy ourselves *in* our own *tin-pot way*?—*Wm. Barnes: Boozing Bill*.

In deep water (American), in pecuniary difficulties or in trouble.

From the statement of Mr. West's attorney it would seem that Elder has been *in deep water* for several months. His real estate was mortgaged for \$5000.—*Chicago Tribune*.

Indescribables (society), trousers.

Indian mess (American), the mixing and eating all kinds of food.

Individualise, to (American), to identify a person, to indicate any one.

No lady of refinement uses perfume to excess. A delicate suggestion of an odour is a pretty way of *individualising* one, provided too many do not use the same perfume.—*Detroit Tribune*.

One may hear in the United States or read in the newspapers that persons are "individual in their orders," or habits, *i.e.*, peculiar.

Inexpressibles (society), a sham-modest expression for trousers.

Infantry (popular), children. The French have the slang expression, "entrer dans l'infanterie," to become pregnant. Light *infantry*, fleas.

Infar (American), a wedding festivity, feast, or party.

Bre'r Rabbit got one ev de gals, en dey had a weddin' en a big *infar*.—*Uncle Remus*.

In for patter (thieves), awaiting trial. *Vide* PATTERN.

In for pound (thieves), committed for the assizes.

In good shape (American, and well known in England), to be "in good shape" is to be quite correct.

In Good Shape.—The total indebtedness of the City of Deadwood falls below \$6000.—*American Newspaper*.

In his kish (tailors), quite at home and pleased.

In his shell (tailors), not in a talking mood, sulky, or compelled to retire.

Iniquity-office (American), inquiry offices or bureaux which advertise to find employment for governesses, servants, &c., and obtain situations for them on condition of receiving from twenty to thirty per cent. of their first year's wages. Such "affairs" are common in London, and many are even worse than the worst in New York.

Injun here! (American), a phrase often used jocosely when a man asserts that he has remained true to his principles. It is said that an Indian when lost in the woods and unable to find

his wickee or wigwam, struck an attitude and exclaimed, "*Injun* no lost. Wickee lost—*Injun here!*"

Ink-e-li (pidgin), English; Mandarin, *ying-kuo*.

Inkslinger (common), a clerk, a journalist or reporter.

Edmund Yates went to see and partially eat at the Newspaper Press Fund Dinner; and thereat the majority of the toasts devolved on Lord Chief Justice Coleridge, who is not overburdened with reason for liking Edmund, who was to respond for the *inkslingers*.—*Sporting Times*.

Inky (tailors), a reply given to a question it is not desirable to answer. "Who told you that tale?" "*Inky*." Slopcutter's term. Also used among booksellers, printers, &c., as an evasive answer.

Innocent (American thieves), a corpse, an idiot, or a convict.

Inside (pidgin-English), within, in, interior, heart, mind, soul, in the country. "You belongey smart *inside*," you are intelligent. A Chinese, many years ago, on being shown a picture of a locomotive, at once remarked, "Hab got too much plenty all-same *inside*," we have many such in the interior of China. On one occasion a Chinese said "Hab got one piecee man, one piecee girly room-*inside*." Room-*inside* means within.

Inside he mouth (pidgin-English), secretly in his mind, to himself

reserved. "Inside he heart" has the same meaning.

Inside squatter (Australian up-country), a squatter (*q. v.*) in a settled district, used in the wilder parts of Australia, the north of New South Wales, the northern territory, and especially Queensland. *Inside squatters* are those who reside within the margin of settlements, as distinguished from "pioneer" or "outside squatters."

Stations were formed for nearly a hundred and fifty miles outside John's Run, and he began to regard himself as quite an *inside squatter*. His neighbours greatly assisted him in keeping his cattle together, turning them back and sending over notice whenever they were discovered making away; and, in like manner, he performed the same good office for them. Things soon began to wear quite a settled look.—*A. C. Grant.*

Institution (American). Bartlett calls this a flash word of recent introduction as applied to any prevalent practice or thing. But it was so common as to attract the notice of Dickens on his first visit to the United States, since he made Martin Chuzzlewit inquire if spitting was an American *institution*.

Instruct out, to (American), originally and strictly "to remove from office, as a Member of Congress by instructions from a State Legislature" (Bartlett); popularly, to turn out in almost any way, especially by appeal to a higher authority.

If you don't git out of this place, you young pollution, afore to-morrow mornin', I guess you'll *be instructed* to evaporate from the boss himself—and he'll make it as hot for you as a Fourth Ward Meeting.—*How Silas Greenstick got to Congress.*

Interviewer (American), a term which began to come into general use about 1880, or earlier. It was applied to the visiting eminent (or any other) persons, by the reporters of newspapers, for the purpose of extracting information from them. Interviewing in the United States was developed into an art before the term crossed the water to England. But now the French journalists send their men to *interview* politicians.

At the recent Missouri Democratic Convention, each *interviewer* from the St. Louis Globe-Democrat wore a badge of white satin pinned to the coat lapel with a silver star, and bearing this legend:—

GLOBE-DEMOCRAT INTERVIEWING CORPS.

"I'll call thee Hamlet,
King, Father, Royal Dane. Oh, answer
me,
Let me not burst in ignorance."

As he finished with his victim, each *interviewer* handed him a check, which he put in his hat-band, and thus evaded any further bother with the reporters. These checks were inscribed as follows:—

PUMPED.

Keep this check in your hat, and you will not be again disturbed by a reporter.
—*Chicago Tribune.*

This is what in American parlance may be called bringing interviewing "down to a fine point."

I returned to the United States after eleven years' absence, and found that many

new things had sprung up during the time. One of these was "interviewing," which had been developed "to a high note," as I soon experienced. I was hardly at home before a young man came to take my portrait in writing. Oddly enough he was "on" a newspaper of which I had been managing editor for three years. Finding him clever and gentlemanly, but inexperienced, I proposed to *interview* myself for him, which I did, asking myself what I thought of the country, and so on. A few evenings later I delivered a lecture. At midnight another reporter called to work it up. I was in bed, but I remembered how sorry I should have been when I was on a newspaper to have missed anything, so I called him in, and he sat down by my bedside and phonographed away, while I gave him the points. Well, as Dumas says of life in Naples, "It is 'sbirro' one day, and 'lazarone' the next," at one time sending forth interviewers and then being interviewed.—*C. G. Leland: Journal.*

In the buff (tailors), stripped.

In the cart (common), to be *in the cart*, is to be defrauded, sorely disappointed. *Vide CART.*

In showing a photo, 'tis wise to reflect
That the girl may have no taste for art,
So see that the cabinet's fairly correct,
Or you may find yourself *in the cart*.
—*Sporting Times.*

In the crook or **click** (tailors), in the act of cutting.

In the hole (printers). This term is applied to a compositor when he is behind-hand in closing up his copy, and his companions that have taken subsequent copy await the closing-up of his portion, that the making-up into pages may proceed.

In the know (common), the expression explains itself.

The clock of St. Paul's had not long struck one ere chance brought me into collision with an old friend who did a little in the dramatic line for one or two newspapers, and who was generally supposed to be *in the know*, as to most things connected with metropolitan play-houses.
—*Town Talk.*

In the rags (tailors), in trouble, disputing, or in disgrace.

In the slash (tailors), fighting.

In the straw (common), said of married ladies when accouched. Hotten is wrong in saying this phrase is coarse in origin and metaphor, whatever it may be now. It is in reality very old, and dates back to the days when all beds were stuffed with straw. Even the highest and most exalted in position—Henry VIII., for example—lay upon straw, for Brand tells us that "there were directions for certain persons to examine every night the straw of the king's bed, that no daggers might be concealed therein."

In the swim. Hotten limits this to being in a run of luck, or in a good *swim*, because anglers are in luck when they find a *swim* or "school" of fish. But of late the term is applied entirely to being what the French call "dans le mouvement" (slang equivalent, "dans le train"), in with the world, in the current excitements, speculations, ideas, and interests of the age.

In the wind (nautical), intoxicated.

Intimate (American thieves), a shirt.

Into (popular), to be, walk, slip, drop *into*, to attack one, fight him. (American), short of, wanting, as "It was all right *into* a yard missing," "I found the account correct *into* four cents."

I thought I did pretty well deliverin' all the load *into* one box. Considerin' I'd come as nigh into losin' the hull cargo, I guessed it was pretty well. But when Zekiel Hill missed that box he was in an awful takin'. He swore a lot of oaths as long as a kite-string, and sent 'em ascending up to heaven like unto the same.—*How Silas Greenstick got to Congress.*

Inturn (American), the inside track in a race, the advantage at a start.

Dis kinder tarrify Brer Rabbit, en he skasely know what he gwine to do; but bimeby he study ter hissef dat de man w'at see Brer Fox fuss wuz boun' ter have de *inturn*.—*Uncle Remus.*

Invitations to drink (American).

The following expressions are all stamped, endorsed, and approved in drinking circles:—

Invitations.

What'll you have?
Nominate your pizen!
Will you irrigate?
Will you tod?
Wet your whistle?
How'll you have it?
Let us stimulate!
Let's drive another nail!
What's your medicine?
Willst du trinken?
Try a little anti-abstinence?
Swy (zwei) Lager!

Will you try a smile?
Will you take a nip?
Let's get there.

Try a little Indian?
Suck some corn-juice?

Responses.

Here's at you!
Don't care if I do.
Well, I will.

Americanisms.

I. P. (legal), a corruption of *in personam*, an expression very common among the Old Bailey barristers. It is a defence from the prisoner or his friends given direct to counsel without the intervention of a solicitor.

Irish cockney (popular), a child born of Irish parents in any part of the southern counties of England (Hotten). "You're Irish!" is a common phrase when a child or person is saying something not quite intelligible to the listener.

Irish, Indian, Dutch (American), all of these words are used to signify anger or arousing temper. But to say that one has his "*Indian* up," implies a great degree of vindictiveness, while *Dutch* wrath is stubborn but yielding to reason.

Irishman's harvest (coster-mongers), the orange season.

Irishman's rise (tailors and common), wages reduced.

Irish theatre (military), a guard-room or lock-up in barracks.

Iron (mechanics), bad *iron*, used in reference to any bad affair, failure of any kind.

Ironclads, baked pies, so called from the armour-plated consistencies of the outside crust. Of American origin. During the Civil War *ironclad* was applied to everything well defended or hard. An "*ironclad* oath." A severely virtuous girl was an *ironclad*.

Iron cow, the pump; so called by the milk dealers of London because it provides them with the water for what is sometimes called the stretching—that is, the dilution and adulteration—of the milk which they supply to their defrauded customers.

Iron face (pidgin), stern, obdurate, cruel, severe; Cantonese, *teel meen*; Mandarin, *t'eeaylayeen*. "He makee my one *ilon face*, too-muchee bad heart he hab got."

Irrigate your canal (American). This is becoming common in England as an invitation to take a drink.

Stumbling across a barrel of ale in the house, and feeling a little thirsty, Joseph thought he had found an excellent opportunity for *irrigating his alimentary canal*.—*Sunday Times*.

I saw, I seen him (American), a Western phrase implying agreement, harmony, or good fellowship.

He was drunk, but *I seen him* all the same. "Come and have a drink," says I.—*F. Francis: Saddle and Moccasin*.

I say (pidgin). "The Chinese mob used to call the English soldiers *A'says* or *I says*, from their frequent use of the expression. The French gamins used to do the same in Boulogne. At Amoy the Chinese used to call out after foreigners, *Akee, akee!* a tradition from the Portuguese *aqui*, 'Here!' In Java the French are called by the natives *Orang-deelong*, *i.e.*, the *dites-donc* people" (Anglo-Indian Glossary). It is not

unusual for common people in England and America to call Frenchmen “ding-dongs” from the same words, and in the latter country boys cry after Germans *Nix cum arouse!* and *Wie gehts!* and greet Italians as “Johnny Dagos” (*vide* DAGO).

Is his giblets in? (American), is he all right? From a coarse story.

Ishkimmisk (tinkers), drunk; Gaelic, *misgeach*.

I should smile (American). In this phrase a strong accent is laid on “should.” It comes comes from such expressions as “Well, I *should* think!” which are often left incomplete, but which when completed would be “that he ought to be ashamed,” or “that people would know better,” &c. Its general meaning is an intimation of surprise, or mild contempt. It is much used by women, and is believed to have originated in the suburbs of Boston or in Brooklyn, New York.

We asked Joe Capp the other day,
And asked it without guile,
“If asked to drink, what would you say?”

He answered: “*I should smile.*”
—*Bird o' Freedom.*

Isle of Fling (east end), coat.

Isle of France (rhyming slang), a dance.

Istubbul (Anglo-Indian). “This usual Hindu word for stable may naturally be imagined to be a corruption of the English word. But it is really the Arab *istabl*, though that no doubt came in old times from the Latin *stabulum* through some Byzantine Greek form” (Anglo-Indian Glossary).

I suppose (rhyming slang), the nose.

Itchland (popular), Scotland, alluding to the ailment caused by a diet of oatmeal.

Items (American thieves), in gamblers' slang, looking at a party's hand and conveying to an opposition player by signs what it contains. A looking-glass is sometimes used, or else signs.

It goes (American), it is all right, I agree with you, it is well.

“Come into the ranch and have a drink, Sam,” says I. “A drink *goes*,” says he.

It takes the gloss off (tailors), it takes away the profit, or materially detracts from its value.

Ivories (popular), the teeth.

These ones object to learning lengthy parts; rehearsals bore them, and stage managers are notoriously anything but angels. One damsel possesses nice arms, another is blessed with a swan-like neck, a third rejoices in a set of lovely *ivories*, and a fourth has a particularly neat ankle.
—*Modern Society.*

“To flash your *ivories*,” to show your teeth; “to wash your *ivories*,” to drink. Also dice. (Billiards), the balls. “The *ivories* run badly for him,” the game is against him, or, he has

no luck. (Card-players), checks and counters.

Promptly Murat placed by the side of Halsey's chips a column of *ivories* twice as high. It was a raise and up to the limit.—*Bird o' Freedom*.

put after a judge's name, being an abbreviation for Justice, thus Denman J. Also an abbreviation for “jay” or “juggins.”

Up! punters and pencilers, hie ye away
To the slopes that are crowded on gay
Derby day.

Stream forth in your thousands from ham-
lets and towns
To Epsom's bepeopled and booth-dotted
Downs.

Up! flat-catching magmen and boys of
that ilk,
On the warpath the *J* of his ooftish to milk.
“Here's a quid for the man who will turn
up the knave!”

Here's a snip for those “sports” who the
bookie would brave.

—*Bird o' Freedom*.

Jab, to (English and American), to poke, or stick with any instrument, commonly spelt *job*, is mostly used in this sense.

Tom: Yes. You remember that Cæsar held out against the gang until he saw Brutus trying to *jab* him, and then he just said, “Et tu Brute!” and covered up his face with his mantle.—*Republican*.

Jabber, to, a word frequently but vulgarly used in England, and still oftener in America, to mean not to speak badly, but to talk any foreign language what-

ever, even though it be done correctly.

At once the bird started to *jabber* Italian, and had quite a conversation with the man.—*Savannah Morning News*.

To *jabber*, in the sense of to talk indistinctly, is a perfectly recognised word.

Jabble sea (nautical), a choppy, nasty sea.

Jack (American). It is common among schoolboys in Philadelphia to address a stranger as *Jack*, and also to speak of a blunderer or stupid fellow as a *Jack*—an abbreviation of *jack-ass*.

“Where do you come from?” asked a Dallas man of a neighbour. “I'm just from the fair-grounds.” “Have the judges of live stock awarded the prize to the biggest *Jack*?” “They have.” “Did my uncle or my father get it?” “Neither of them. A strange donkey from Eastern Texas got the prize.”—*Texas Siftings*.

(American thieves), a small coin. In England a counter.

Jacketing (common), a thrashing. From the phrase, "to dust one's jacket."

I've ribbons and lace to set off the face
Of pretty young sweethearts and wives.
—*W. S. Gilbert; H.M.S. Pinafore.*

Jack gagger (American thieves), a man who lives on the prostitution of his wife. A "ponce."

Jack-in-a-box (old cant), a sharper who robbed tradesmen by substituting empty boxes for others full of money.

This *Jack-in-a-box*, or this divell in man's shape . . . comes to a goldsmith's stall . . . where he knowes good store of silver faces are to be seene. — *Dekker: English Villanies.*

Jack-in-the-box (thieves), a small but powerful kind of screw, used by burglars to break open safes. Also a kind of firework.

Jack-in-the-cellar (popular), a child in the womb.

Jack-in-the-dust (nautical), the steward's mate.

Jack-in-the-pulpit (American), a man who obtrudes himself into a place for which he is unfitted; as, for instance, an ignorant fellow who pretends to preach or teach that of which he knows nothing.

The latest contribution to the history of the Rebellion is from the pen of that eminent truth-teller, Don Piatt. In "Reminiscences of Abraham Lincoln," between the covers of which he has been allowed to obtrude, he says of himself: "My one act made Maryland a free State." Of Mr. Lincoln he says: "The President never forgave me." That was because you escaped his memory entirely, Mr. *Jack-in-the-pulpit*.—*Chicago Tribune*, May 29, 1886.

The simile or term is equivalent to the English "Jack-in-office."

—*Sporting Times.*

Jack-shay (up-country Australian), a tin quart pot used for boiling tea in, and contrived

so as to hold it within a tin pint pot.

The party, therefore, carry with them a light blanket apiece, stowed away in the folds of which is each man's supper and breakfast. Hobbles and *Jack-shays* hang from the saddle-dees. The bust is as full of life as ever.—*A. C. Grant.*

Jack Sprat (common), a diminutive boy or man.

Jack the painter (up-country Australian), a much adulterated green tea used in the bush.

Another notorious ration tea of the bush is called *Jack the painter*, a very green tea indeed, its viridity evidently produced by a discreet use of the copper drying-pans in its manufacture.—*Lieut.-Colonel Munday: Our Antipodes.*

Jack up, to (Australian), to throw up, to abandon; very probably a corruption of "chuck." *Jack it up* is generally an expression of disgust, *e.g.*, when a whist-player finds his partner's hand as bad as his own, and tells him to lay down his cards.

Says I, "Let's *Jack up*, man alive, an' try further down on the Creek." "All right!" says my mate, "but we'll drive right an' left to the end of this week."—*Garnet Walch: A Little Tin Plate.*

Jade (American thieves), a long term of imprisonment.

Jadoo (Anglo-Indian), conjuring, magic, hocus-pocus. Persian-Hind. *jadū.*

Jadoogur (Anglo-Indian), Hind. *jadūghar*, conjuring-house.

"This is the term commonly applied by the natives to a Freemason's Lodge, when there

is one at an English station. On the Bombay side it is called a *Shaitan khana*, a devil's house, a name consonant to the ideas of an Italian priest, who intimated to one of the present writers that he had heard the raising of the devil was practised at Masonic meetings, and asked his friend's opinion as to the fact. In Southern India the lodge is called *Talai-vetta-kovil*, or 'Cut-head-temple,' because part of the rite of initiation is supposed to consist in the candidate's head being cut off and put on again" (Anglo-Indian Glossary).

"It is worth remarking, in connection with the imagined mysteries and sorceries of the Freemasons' lodges, that while the theosophists of England believe that untold marvels of magic are practised in India, the Hindoos on the other hand are all firm in the faith that foreigners, and especially Englishmen, excel in the black art, and live in daily secret intercourse with devils of all denominations. 'What cometh from afar aye pleases best.' In popular folklore, the witches and fairies always live far away beyond the blue mountains, and goblins and satyrs must be looked for in the wilderness, in all cases anywhere but at home" (Charles G. Leland).

Jag (American), a fancy, a whim; also intoxication, *e.g.*, "jagged," drunk, or "to have a *jag* on."

He's got a *jag* that there's money buried in his place, but I don't believe that he'll ever get back the money he's spent diggin' for it.—*Newspaper Clippings*.

Jagger (popular), a gentleman.

Jah (freemason), contraction of Jehovah, used in the R.A. degree.

Jail-khana (Anglo-Indian), an English-Indian word for "jail," used in the Bombay Presidency.

Jakes (old slang), a privy, a water-closet, a place of convenience.

Jam, real (turf), one of the almost innumerable synonyms for a turf certainty. *Real jam* has been the cause of many wry faces. The expression is not as much in vogue as formerly. *Real jam* is used by other classes of people to express excellence, so also "true marmalade." Girls of the lower orders sometimes apply the term *jam* to sexual intercourse.

Jamboree (American), a word which would appear to be Anglo-Indian or gypsy, referring to something very nice or pleasant, but which is only used in the United States for a jollification or frolic, *e.g.*, to go on a regular *jam-* or sometimes *jam-boree*. *Jam-* or *jam-bori* in gypsy conveys the idea of a great riot or noise, and the origin of *jam* as signifying anything very apt or agreeable is still obscure. There is really very little ground, however, for the Romany origin of the word.

The negroes sang curious songs, like the following:—

Sally, she went down de ribber,
Jambree!

Black man see her gwane dar,
Jambree!

Sally's face it shine like gold,
Jambree!

Black man's face like tar,
Jambree!

The term is now used in England.

They had met, and it was in the Strand last Wednesday morning.

"Ah, laddie, how goes it?"

"Very seedy, dear old boy. There was a bit of a *jamboree* last night, and I'm quite in a chippy way this morning."—*Sporting Times*.

James (thieves), a crowbar, a dignified form of the term "jemmy" for the same. French thieves have the corresponding *Jacques*.

We went to Willesden and found a dead 'un, so I came out and asked my pal to lend me the *james* and some twirls, and I went and turned it over.—*Horsley: Jottings from Jail*.

Also a sovereign.

Make this man leave me alone; he is knocking me 'bout, and I put a half *james* in his hand, and said guy.—*Horsley: Jottings from Jail*.

Jammy. *Vide* JAM, REAL.

He was callow, and was diffident of entering the ring;

To his joy a chance acquaintance put him on a *jammy* thing;

He tumbled on perceiving that his quids had taken wing,

That he wasn't on a "smasher."

—*Sporting Times*.

Jampot (Australian), applied to the very high, highly starched

stand-up collars affected by dandies, sometimes as much as four inches high.

When I was staying at Queenscliff, the fashionable watering-place of Melbourne, I was standing at a hotel-bar with a young colonial named C—, who was a dressy man, and was wearing one of these collars. The conversation turned upon the number of Jews who were staying in the hotel. "Oh, blow these Jutes," he said, "they stuff the whole place up; it's as bad as the New Jerusalem."

"Why, ain't you one yourself?" asked the barmaid, who was not so well educated as Australian barmaids generally are.

"Me a Jute! why, what makes you ask that, Mary?"

"The collar. No one but Jews wears them *jam-pots* now."—*D. B. W. Sladen.*

Janasmug (thieves), a go-between; one who was intermediary between a thief and the "fence," or receiver of stolen goods. An old word, from "janus," *i.e.*, double-faced.

Japanese knife trick, the (common), to eat, or shovel one's food down with a knife, instead of conveying it to the mouth in an orthodox fashion with a fork. To eat peas with a knife is to do *the Japanese knife trick*. The saying probably arises from the similarity of both the chop-sticks one to another, these articles being equivalent to the knife and fork amongst the Japanese—hence the parallel suggested between the indiscriminate use of the knife and fork, in the same manner as takes place in regard to the chop-sticks.

Japanned (University), explained by quotation.

Many . . . step . . . into the Church, without any pretence of other change than in the attire of their outward man—the being *japanned*, as assuming the black dress and white cravat is called in university slang.—*College Words and Customs.*

Japanning (popular), explained by quotation.

He applied himself to a process which Mr. Dawkins designated as "*japanning* his trotter-cases." The phrase, rendered into plain English, signifieth, cleaning his boots.—*Dickens: Oliver Twist.*

Jārifa, jārika, jallico, &c. (gypsy), an apron. The variations of this word are numerous.

Jarrehoe (Wellington College), a man-servant.

Jarvey (common), the driver of a hackney coach.

After listening to two Lonnens singing two Killaloes, he called a cab.

"Where to, sir?" asked the *jarvey*.

"Gaiety buffet."

And he is now willing to bet that he had the cheapest and quickest cab drive on record.—*Sporting Times.*

Jaw (popular), talking.

"No more *jaw*, I tell you," said the first boy, who was stronger than Jerry Pape. "Come on home" (this to me, with a lug that made my shoulder-joints crack.) "I shouldn't like to go you halves, my tulip. I 'spect you'll be werry nigh killed wen yer father does get hold on yer."—*Greenwood: The Little Ragamuffins.*

Hold your *jaw*, stop your *jaw*, stop talking.

Four-and-twenty of us sat round a table mending soldiers' shirts and convicts

stockings. Notwithstanding the frequent commands of "stop that *jaw*," we discussed many matters of law and prison discipline.—*Evening News*.

Jawbone (Canadian), credit; to "call his jaw," to live on credit.

This picture of work and health and happiness has its darker side, and nowhere a sadder one than where the wages of perhaps a whole year pass into the hands of a professed gambler, and the hundreds of dollars, which might have been so profitably invested, are squandered in the poor excitement of an evening at euchre, faro, or draw poker; and his ready money gone he has nothing to live on but *jawbone*, i.e., credit, and to call his jaw, i.e., live on credit, till he has got further employment and more wages.—*A. Staveley Hill: From Home to Home*.

Jaw-breakers (common), hard words to pronounce.

Jawing tackle (nautical), organs of speech.

Jaw, jao! (Anglo-Indian), go, to go. English gypsy *jaw* or *jā*.

Jaw, to (popular), to talk much, but especially to scold, complain.

The day that I got married was the ruin of my life,
She said I wasn't fit to be the husband of a wife,
She *jawed* and *jawed* all day and night and upset all the place,
Then knocked me down upon my back and jumped upon my face.
—*Song*.

Jaw, to go, common among tramps or travellers, e.g., to *jaw* on the toby or drum, to go on the road. From the Roman *jāva*, I go. Sometimes

heard as *jāl*, from *jāla*, he goes. Also Anglo-Indian *jao!* go!

Jaw twister (common), a hard or many-syllabled word (Hotten).

Jay (American), a contemptuous word for a person. A sham "swell," a simpleton. *Vide TO FLAP*.

Spouse you was runnin' reglar out of Atchison, or somewhere else in the cowboy country! Why, these *jays* ain't a circumstance to 'em.—*Philadelphia Press*.

"*Jay-hawker*" was a term applied to marauders during the Kansas troubles, and extended to other bandits.

This was a heavier blow to the boy than the corporeal ones, and he vowed to regain his property at any cost; but the bandits were not easily come at by a single foe. In fact, the "*jay-hawkers*," as they pleasantly dubbed themselves, augmented their ranks every day.—*Buffalo Bill*.

"To play one for a *jay*," to make a dupe of. Any word equivalent to ignoramus or dolt may be substituted for *jay*.

"I'm a plain man!" he said, as he strode into the reporters' room, and shook the icicles from his whiskers. "I'm a plain-everyday-man, with no book-larnin' to speak of, but I don't propose to let no one-hoss grocer's clerk *play me for a jay*."
—*Chicago Tribune*.

Jeff (printers). The act of throwing with the quadrats as one would with dice. Nine em quadrats (usually of pica body) are selected, shaken up in the hand, and thrown on an imposing surface. Three "throws"

are allowed to each player, and only the quadrats that fall with their nicks uppermost are counted. This system is generally adopted for determining the share of good or bad work at the end of a volume, and sometimes it is used as a means of gambling.

Jelly, or **all jelly** (popular), a buxom, good-looking girl.

Jem (old cant), a ring.

Jemima (common), a chamber utensil. *Thomas* in French slang.

Jemini! O Jeminy! By Jimmeny! (popular), a current interjection, also well known in Holland. Teirlinck, in his Dictionary of Bargoensch, says that "Jemenis is merely a variation of Jesus! We still hear Jemenis! Jee-menis! jumenis! Zeemenis, jee-menis Kristus! Jeemenis Maria! See Jemeny, in Oudermans."

Jemmy (popular), a sheep's head; sometimes called by the lower classes a "bloody *jemmy*," on account of the quantity of blood about it.

Nancy quickly laid the cloth; disappearing for a few minutes, she presently returned with a pot of porter and a dish of sheep's head; which gave occasion to several pleasant witticisms on the part of Mr. Sikes, founded upon the singular coincidence of *jemmy* being a cant name common to them, and also to an ingenious implement much used in his profession. —*Dickens: Oliver Twist.*

(Thieves), a crowbar.

They call for crowbars—*jemmies* is the modern name they bear—

They burst through, and bolt and bar—
but what a sight is there!

—*Ingoldsby Legends.*

It has come to the writer's knowledge that the principal tool employed by the burglars is a *jemmy*, which plays the innocent part of axle to a perambulator during the day.—*Thor Fredur: Sketches from Shady Places.*

(Popular), a greatcoat.

Jemmy duck (men-o'-war), the ship's poulterer.

Jemmy Jed (American). When a boy has not brushed his hair, and it stands on end, he is called a *Jemmy Jed*. In the old American editions of Mother Goose's Nursery Rhymes, *Jemmy Jed* is represented in a rude woodcut as rushing from a shed with his hair on end.

Jemmy Jed

Went into a shed,

And made a ted

Of straw his bed;

An owl came out

And flew about,

And *Jemmy Jed*

Up stakes and fled.

Wasn't *Jemmy Jed* a staring fool?

Born in the woods, to be scared by
an owl.

Jemmy Jessamy (popular), a dandy (Hotten).

Jemmy O'Goblin (theatrical), a sovereign.

Jenkins (journalistic), the name given to the person on the staff of the *Morning Post* who reports

the Court news, and gives accounts of grand balls, &c.

Jenny (American thieves), a hook on the end of a stick. (Billiards), a losing hazard into the middle pocket off a ball an inch or two from the side cushion. (Popular), a hot-water bottle put into a bed to keep a person's feet warm.

Jeremy Diddler (common), an adept at raising the wind, *i.e.*, at borrowing money, especially at borrowing with no intention of repaying. See the farce of "Raising the Wind" (Hotten).

Jericho (common), from *Jericho* to June, a very great distance.

His kick was tremendous . . . he would send a man from *Jericho* to June.—*Ingoldsby Legends*.

A prison, a watercloset, termed also a bog shop, a house of office, a necessary, a House of Commons.

Jericho! go to (common), an exclamation of impatience—begone! In the Manor of Blackmore, about seven miles from Chelmsford, King Henry VIII. had a house which had been a priory, to which he frequently retired when he desired to be free from disturbance. To this place the name *Jericho* was given as a disguise, so that when any one inquired for the king when he was indulging himself in animal pleasures in Essex, it was customary to say he was

"gone to Jericho." The Rev. W. Callander, Vicar of Blackmore, wrote in 1880, that the place "habitually goes by the name of the 'Jericho Estate,' or the 'Blackmore Priory.' There is a brooklet running through the village, which I have heard called 'the Jordan.'" There seems evidence that the phrase was used in the time of Henry VIII., but it is not quite clear that it originated in the circumstances stated.

Jerker, chamber-pot; (nautical), the steward.

Jerking (low), masturbation.

Jerks (American), got the *jerks*, has the delirium tremens, is nervous, or under religious excitement at a camp-meeting.

Jerk the tinkler (common), otherwise "agitate the communicator."

"*Jerk the tinkler.*" These words, in plain English, conveyed an injunction to ring the bell.—*Charles Dickens: Oliver Twist*.

Jerk, to. This word is used in the United States in endless forms to express action, especially if rapid.

I can *jerk* a poem with any of them *Atlantic Monthly* fellows.—*Artemus Ward*.

Jerry. This word is common among the lower classes of the great cities of England in such phrases as *jerry-go-nimble*, *diarrhœa*; *jerry-shop*, an un-

licensed public-house with a back door entrance; and *jerry-builder*, a cheap and inferior builder who runs up those miserable, showy looking tenements, neither air-proof nor water-proof. *Jerry* seems derivable from the gypsy *jerr* or *jir* (i.e., *jeer*), the rectum, whence its application to diarrhœa, a back door, and all that is contemptible. From the same root we have the Gaelic *jerie*, pronounced *jarey*, behind; the French *derrière*. The Gaelic word also signifies wretched, miserable, in which sense it is strictly applicable to the *jerry-builder*, and to the contemptible characters popularly known as *jerry-sneaks*. A *jerry*, a chamber utensil, abbreviation of Jeroboam. (Thieves), a watch-chain. (Popular), a round felt hat or pot hat. (Printers), on an apprentice coming out of his time it is customary to give him a *jerry*, in the shape of as much noise as possible. Chases and iron plates suspended and beaten with bars of iron, together with whistling and rattling, are considered the correct thing, and truly a printing-office seems a perfect pandemonium under such circumstances. Hansard in his "Typographia," 1825, deprecates such ovations. The same practice is habitual in French printing-shops, and is called *roulance*.

Jerry Lynch (popular), a pig's head pickled (Hotten).

Jerry nicking, sneaking (thieves), watch stealing.

Jerry-sneak (common), a hen-pecked husband. From a character in a play. (Thieves), a stealer of watches.

Jersey lightning (American). This is apple brandy, or spirit distilled from cider, which is so called because the best is made in the State of New Jersey. It is also called apple-jack. But a noggin of *lightning* was the "flash" for a quarter of gin a century ago, and it is defined as such in George Parker's Dictionary of 1789.

The guests now being met,
The first thing that was done,
Was handing round the kid,
That all might smack his mun.
A flash of *lightning* next
Bets tipt each cull and frow,
Ere they to church did pad,
To have it christened Joe.
—*Life's Painter*, 1789.

This is interesting as showing that *mun* (Hindu, *mun'h*, a face) at that time still retained in gypsy its earliest form.

Jerusalem, Jerusalem pony (popular), ass or donkey.

On Hampstead Heath I ruralise,
And chaff the girls around,
I ride the best *Jee-ru-sa-lem*
That up there can be found.
"Here's Champagne Charley loose again!
And what's your game?" they cry,
And as I'm always so polite,
"Ax my donkey," I reply.
—*Champagne Charley's Donkey. A Neddyfying Ditty by J. A. Hardwick.*

I saw young 'Arry with his billycock on,
Checked trousers on his thighs, with
knobbed stick armed,

Climb from the ground like fat pig up a
pole,

And flop with such sore toil into his saddle
As though a bran-bag dropped down from
the clouds,

To turn and wind a slow *Jerusalem*,
And shock the world with clumsy assman-
ship. —*Punch*.

Donkey riding masters will give the
daughters of the aristocracy lessons in
Rotten Row. A thoroughbred *Jerusalem*
pony at sixpence an hour.—*Funny Folks*.

Jerusalem the golden, Brighton;
so called from the numbers of
wealthy Hebrews who frequent
this watering-place.

Jesse, Jessie (popular), of Ameri-
can origin; to give a man *Jesse*, to
abuse vehemently, or to thrash
and belabour him severely. The
expression is supposed to be
intensified when, instead of
Jesse, the words "particular
Jesse," or "d—d particular
Jesse," are used. The origin is
unknown. A synonymous ex-
pression is to "give one fits,"
"particular fits," or "d—d
particular fits." The original
term appears to have been to
jess. A gypsy would under-
stand by this to make a man
go, or to clear him out, but this
is a very doubtful derivation,
as is Hotten's, that *Jessie* is
synonymous with *gas*. "It is
evidently derived from the al-
lusion in the Bible to Jesse's
valour and the aid which he
rendered, a text continually re-
peated among the Puritans" (C.
G. Leland, Notes).

Jesuit (Cambridge), a member of
Jesus College.

Jet (old cant), a lawyer.

Jew butter (American), goose-
grease.

Jib (Dublin University), a first-
year man. (Gypsy), language,
speech (Hindu *tschib*). Also used
in canting. "Dré savo *jib* rakdé
o mūsh?"—in what language
did the man talk? (Common),
cut of one's *jib*. *Vide* CUT OF
ONE'S JIB.

If she dislikes what sailors call the *cut*
of their jib.—*Scott: St. Ronan's Well*.

Jibb (tramps), the tongue.

Jibber the kibber, to (old cant),
decoying vessels on shore for
plunder, by tying a lantern to a
horse's neck. From *jibber*, or
horse that shrinks.

Jiffess (tailors), employer's wife.

Jigery pokery (tailors), humbug.

Jigger (canting and gypsy), a
gate or door. One of the oldest
cant words, given in Harman.
Mr. Turner would derive it from
the Welsh *guddor*, a gate, but
it seems to come much nearer
to the old gypsy *stigga* (also
stekka), a gate, &c.—there are
many instances of Romany and
Hebrew words which have un-
dergone much greater change
into English than that of *st* to *j*
—or, as it is often pronounced,

shtigger. The Welsh *gwddor* has itself a close affinity to the Romany *wüder*, a door, but *godor* can hardly be said to resemble *gygger* (or *jigger*), so much as the latter resembles *shtigga*. (Billiards), the rest. (Printers). See VISORUM. An article used by compositors to hold the copy by, and also applied to a small box with narrow divisions to hold odd or peculiar sorts in, that do not belong to the cases that he has in use.

Jigger dubber (thieves), a turnkey.

Jiggered (popular), an oath, equivalent to "blowed," or "damned."

"Got him, Jerry? Halves, don't you know," exclaimed the boy eagerly.

"Halves be *jiggered*," roared Jerry, seizing my other arm. "What's halves for? Ain't I been a-huntin' arter him ever since his father come home? Wasn't I the first to ketch him?"—*J. Greenwood: The Little Raganuffins*.

"Well, then," said he, "I'm *jiggered* if I don't see you home!" This penalty of being *jiggered* was a favourite supposititious case of his.—*Dickens: Great Expectations*.

If it hadn't been that my uncle kicked me six times round his garden at Shrewsbury, because I said I'd be *jiggered* if I went, I don't believe I should have had courage to accept the appointment of naturalist to the expedition.—*Punch*.

It is said the expression arose from the suffering caused by the chigoe insect in the West Indies, which burrows in the feet of the bare-footed negroes (T. L. O. Davies). Sailors call these chigoes *jiggers*. But it is pro-

bably from *jig*, allied to *jog*, to split, *i.e.*, destroy (*vide* Skeat); *jigger*, to move rapidly, to use exertion, as in "*jiggered up*."

Jiggered up (nautical), tired, exhausted.

Jih-zee-pah-nee-ah (pidgin), *Is-pagna*, *i.e.*, Spain.

Jill-mill (Anglo-Indian), Venetian shutters.

Jilt (thieves), a crow-bar. (American thieves), specially applied to a girl who embraces and kisses a man, and covers his eyes while her accomplice robs him.

Jimjams, the (society), delirium tremens. Called also the "uglies" or "horrors."

Should you ask me whence these blear eyes,

Whence the shaking and contrition
With the horrors of the *jim-jams*.

—*Bird o' Freedom*.

Jimmy. This word, which came into use at Cambridge University some twenty years ago, is not found in print except in Mr. Besant's works. It has three uses in ordinary parlance, "that's all *Jimmy*," that's all nonsense. *Jimmy* was in use fifty years ago in America, meaning exactly, fit, suitable. In show parlance a *Jimmy* means according to the context a "fake," or a concealed confederate.

(South Africa), a settler in his first year.

Jimpsecute (Texas). In the Texan vernacular, this is the equivalent used, when a young man goes to pay his devoirs to the fair one, to signify the object of his attentions. She on the other hand calls her lover a "juicy-spicy."

I knew a man in Texas once who had no more sense than to have a *jimpsecute*, and this was all her name; Dionysia Boadicea Jeffalinda Jacobina Christiana Buckiana Caledonia Susannah Emily Wyatt Wilkinson Moore Wynne.—*Overland Monthly*.

Jin (gypsy), know (Hindu *jāna*, also *chinhua*, to recognise; *jināva*, often *jināwa*, I know; *jinessa* or *jines*, thou knowest; *jindom*, I knew; *jinaben*, knowledge; *jinairt*, to know, a compound between the old form *jinav*, and the English postfix "of it," to *jin*; *jinomescro*, a learned or knowing man. On the Continent the Romany still preserves the Hind. *jan*, "Jan-esa tu Romanes?" (Hungarian gypsy), dost thou know Romany? "Janel o baro Dewel ani Polopen," the great God in Heaven knows (German Romany).

Oh dye, miri dyé!
Dont tute *jin* a Romany rye.

I.e., "Oh mother, my mother, don't you know a gypsy gentleman."

Jingling johnnies (Anglo-Indian). They term thus a small flat, light structure which runs on wheels, and on which two or three individuals will sit with their legs dangling over the sides, the native driver sitting

in front to guide the single horse which drags one of these primitive-looking vehicles.

Jinked his tin (popular), rattled or paid his money.

He tried to look just like a duke,
As he passed through the wicket.

Then went away to dine.

—*J. F. Mitchell: Jimmy Johnson's Holiday.*

Jinks. *Vide* HIGH JINKS.

Jinny (thieves), a Geneva watch.

Jin-rick-sha, jenny-rick-shaw (pidgin, both Chinese and Japanese), a very light vehicle drawn by a man. Japanese *ku-ru-ma*. The French in Tonkin call it "pousse-pousse." The *jin-rick-sha* has of late years extended to China and India. Mr. Giles states that the word is a translation of three characters, signifying man, strength, cart, an exact equivalent, as the Americans in Japan at once discovered, of "Pull-man-car."

The *jinricksha* is a great improvement on the Bath-chair, enabling the man who acts horse to it to go from four to six miles an hour.

Jiv (gypsy), to live; *jirava*, I live; *jivvin'*, living; *jivaben*, life.

Adrē o pūro chirus bātīdosta manūshia *jivvede* kūshte-bākeno 'drē o chone.—*Gypsy Stories.*

I.e., "In the old time many men lived happily in the moon."

Job, on the (turf), a horse is said to be or not to be *on the job*,

according to the supposed intentions, honest or the reverse, of his jockey.

Trainers and jockeys, from various trivial circumstances, very easily gathered whether a particular horse they were asked to ride was "out for an airing" or was *on the job*.—*Standard*.

Job also means a commission to back a horse; "he has got the *job*," he has the putting on of the stable money. (Thieves), a thieving affair, a murder.

In some of the worst of these dens robberies are planned, and spoils divided, and every inhabitant knows full particulars as to how and when the *job* was done, or the "crib cracked."—*Town Talk*.

(Popular), any affair; *on the job*, on duty there; the slavey *on the job*, the servant there. To be *on the job*, to enter into a thing heart and soul, with spirit, to be wholly bent on some undertaking.

full name is occasionally used, as in the phrase, "I don't see the *Joe Miller* of it," I don't see the wit (Hotten). "Not for *Joe!*" the refrain of a popular song, equivalent to "Not if I know it." (American university), a *cabinet d'aisance*. Vide HOLY JOE.

Joey (prison), a humbug.

Convicts generally believe these displays of religion on the part of their fellow-prisoners to be mere shams, calling those who indulge in them by the nickname of *Joeys*.—*Mayhew: Criminal Prisons of London*.

(Popular), a popular synonym for clown, derivable from *Joey Grimaldi*, the great pantomimist. Also a fourpenny piece. The term is from Sir Joseph Hume.

These pieces are said to have owed their existence to the pressing instance of Mr. Hume, from whence they, for some time, bore the nickname of *Joeys*.—*Hawkins: History of the Silver Coinage of England*.

COINS OF THE REALM.—'Arry remarks that the Tories are led by a "Bob" (Cecil), the Parnellites can boast the possession of a "Tanner," whilst the Liberal Unionists make the most of their *Joey*.—*Punch*.

(Naval), a marine.

Joeying (theatrical), buffoonery, and taking liberties with the text and with the audience—a highly reprehensible practice amongst certain very low comedians.

Jogerring omev (theatrical), a musician. From the Italian *giocar*, to play, and *uomo*, a man.

John Company (Anglo-Indian), a term for the Honourable East India Company, which was often taken and used by the natives in days of yore. John was supposed to have a real existence; but according to that charming novel "Pandurang Hasi," some of the *Topee wallahs* were uncertain whether John was a man or a woman. Those who were so wicked as to doubt whether there were such a person, were sure ere long to have something bad happen to them.

Johnny (common), a swell; a man belonging to a particular set is one of the *Johnnies*. The young man of the day. A fellow.

When this idea passed through my head,

I was on it;

The earth was made for all, I said,

I was on it.

I twirled my stick, walked on my toes,

I struck a *Johnnie* on the nose.

He spoke not, but his foot arose—

I was on it.

—*Bird o' Freedom.*

Johnny, with its diminutive Jack, is often used in all modern languages as a term of contempt.

The Italian *Gianni* (pronounced by the Venetians and other provincials *Zanni*) has passed into our language as synonymous with a fool—*Zany*; and in our vernacular we have Jack-of-all trades, Cheap Jack, jack-pudding, and jack-ass—none of these titles being conferred as marks of respect. In German folk-lore it is always a *Hans* who is the model of folly or stupidity. The Spanish, similarly, have the phrase, a *Bobo-Juan*.—*Tit-Bits.*

To this enumeration might be added the French *Jean-Jean*, a

great simpleton; *Jean foutre*, or *Jean fesse*, a despicable fellow.

(Popular), my girl, or my young man.

(Irish), half a glass of whisky.

Johnny Bates' Farm. *Vide* BATES' FARM.

Johnny-bono (East), the sobriquet by which, in the East, the English are commonly designated.

Johnny darbies (thieves), policemen. Also handcuffs.

Johnny raw (common), a green hand, a recruit.

John Orderly (shows and gaffs), the showman's password to cut short the performance. Said to be derived from Richardson, the famous showman, with whom Edmund Kean served his apprenticeship as an acrobat. When Richardson visited "wakes and fairs, and market towns," with his travelling show, upon fair days, the actors were supposed to perform a melodrama and a pantomime in half an hour. When, however, the booth was crowded to repletion while the performance was actually going on inside—the great showman was wont to remain outside on the Parade,

continually inviting the crowd to "walk up, and be in time. Just a goin' to begin!" As soon as he had gathered together enough people to fill the booth again, it was his custom to sing out over the heads of the crowd within "Jack Orderly." Upon hearing that signal the performers put the steam on, the play and the pantomime were finished in ten minutes, and one audience was disgorged at the side doors, while the other streamed in from the front. Mr. Dutton Cook derives the phrase from an earlier authority. In his "Book of the Play" he states: "The life of Edwin the actor, written by" (to quote Macaulay) "'that filthy and malignant baboon, John Williams, who called himself Anthony Pasquin,' and published late in the last century, contains the following passage: 'When theatric performers intend to abridge an act or play, they are accustomed to say, We will "John Audley" it. The saying originated thus: In the year 1749, Shuter was master of a booth at Bartholomew Fair, in West Smithfield, and it was his mode to lengthen the exhibition, until a sufficient number of persons were gathered at the door to fill the house. This event was signified by a fellow popping his head in at the gallery door, and bellowing out "John Audley?" as if in the act of inquiry, though the intention was to let Shuter

know that a fresh audience were in high expectation below. The consequence of this notification was that the entertainments were instantly concluded, and the gates of the booth thrown open for a new auditory.

John Smith, a (American and English). The frequent recurrence of this name has caused it to become a byword. Once when an American editor asserted that it was "no name at all," an aggrieved Smith collected and published the names of the *John Smiths* who had distinguished themselves. It may be remarked that in the beginning of Teutonic names there were but three Jarl (Earl), the first nobleman—Smidt (*Smith*), the first workman, and Thral (Thrale), the first labourer or bondsman.

The *Smith* family was largely represented in the army of the Union, and at one time there were upwards of 600 in the Army of the Potomac. On one of the regimental rolls in the Teutonic division, which gave the names and birthplaces, were entered, "Giovanni Smithi, Italy; Juan Smithas, Spain; Jan Smidt, Holland; Ivan Schmithiweski, Poland; Jean Smeets, France; Ion Skimmitton, Greece; Janos Smido, Hungary; Hansli Schmitl, Switzerland; Hános Smeta, Lithuania; Vanni Smitello, Sicily; Gianno Smito, Venice; Evanelo Zsmitka, Croatia; Jehan Ismit, Isle of Jersey; Shaun Ztliemiltche, Brittany; Hanas Smatem, Bulgaria; Ehonas Asmito, Jerusalem;" and twelve *John Smiths* born in this country, besides one whose native land was sweet Erin, of whom it was recorded, "named Patrick but says that he is called *John* for short —*Ben: Perley Poore.*

"Mishter," said a Hollander to the clerk at the railway station. "Ik wants a *uitganger* dicket, an emikrant dicket to ga toe Chicago?"

"Well—what's your name," was the reply.

"Ya—dat is Van Berkenschooverzwerdondertromp."

"Great Moses, Mister!" cried the clerk alarmed. "I can't write all that down. Don't you know what it is in English?"

"Ya—I does. It's *Von Smit*."—*Philadelphia Courier*.

John Thomas (common), a flunkey; the penis.

John Trot (old), a name for a clown.

Joined the gang (popular), a vulgar phrase equivalent to saying that any one has become a thief.

Then from the door he soon did shoot
With the booty in his duke—oh dear! . . .
He was sentenced, understand, with the
rest of the *gang*

For a term of seven long years.
Rolling home in the morning, boys,
As drunk as ever he can stand,
Sure my heart is broke and no mistake,
Since Johnny *joined the gang*.

—*Broadside: Johnny's joined the Gang*.

Joint (American), a place of public resort, generally a "saloon," a room of a very low character. From its having been originally an adjacent, adjoining, or *joint* room, an annexe. All the opium-smoking dens kept by Chinese in the United States are called opium *joints*. To explain the following extract it should be understood that the obtaining a license to sell liquor in the American cities often, if not

generally, depends upon the political influence of the applicant.

Carew said that while his saloon was a "tough *joint*," it was not near so bad as Monroe's or the Alcazar. Though a good Democrat, he doubtless lacks the Aldermanic "infloence" back of Monroe and Wilson.

(Common), to put a person's nose out of *joint*, to grievously vex or disappoint him.

Joint, working the (thieves), swindling in the streets with a lottery table, the indicator of which can be made to stop at any point by pressure on a concealed rod.

Jokist (common), a man fond of playing practical jokes.

On entering the room I had given the bottle into the hand of a young man, a son of the house. This young fellow was a bit of a *jokist*, so when about to take out the glass stopper from the bottle he said to a jolly, fat old Kaffir woman, who stood close by, "Sara, kom ruike heirzo de lekker goed"—(Sara, come and smell this sweet stuff).—*Globe*.

Jolly (thieves), a pretence, excuse.

So I began to count my pieces for a *jolly* (pretence).—*Horsley: Jottings from Jail*.

Other meaning explained by quotation.

One who assists at a sham street row for the purpose of creating a mob, and promoting robbery from the person—a *jolly*.—*Seven Curses of London*.

(Common), *jolly* is used slangily as an expletive, signifying superlatively, as, he got

jolly well thrashed, or *jolly* drunk.

Jolly as a sandboy, old expression. The "Three Jolly Sandboys" is a tavern sign. Who the original gay and festive *arenarius* was we have not discovered.

I'm as *jolly as a sandboy*, as happy as a king,

No matter what occurs to me, I laugh at everything.

Although I'm like my mother, I'm the image of my pa,

At everything I see, I laugh—ha! ha! ha! ha! ha! ha!

—*Catnach Ballad*.

Jolly, by jolly! (American), an interjection. Possibly a modification of *gorry!* made by French Canadians in association with *joli*.

I once knew an Indian named Tomah. His friends made Tomah or Thomas into a beaver by adding *quah* to it. Tomaquah, the Beaver, had but one oath, it was *by Jolly!* What deity in the Algonkin or Kanuck mythology *Jolly* represented, I did not inquire. It occurred to me one day that *Jolly* would have made a good tutelary saint for Mark Tapley. While we were ornamenting birch boxes, I explained the idea at full length to my friend. He listened gravely, and as it dawned upon him, interjected approvingly *by Jolly!*
—*C. G. Leland: Algonkin Notes*.

Jolly, to (thieves), to impose upon, to act as an accomplice or abettor. Now common, with the meaning to speak up for.

Of course every "school coach" has one of the most wonderful bowlers or batsmen ever seen. If he did not say so he would not do his duty, and he is bound *to jolly* for his own side.—*Bailey's Monthly Magazine*.

(Popular), *to jolly* a person is to "chaff" or "get at" him, or to hold him in ridicule. (Acrobats, &c.), refers to the act of a friend, a confederate in the crowd, who puts in a good show of money when the hat goes round, which is returned to him afterwards.

Jolly, to chuck a (cheap Jack), to praise another's goods, so as to entice the bystanders into buying.

Jomer (popular and thieves), a mistress, a sweetheart; literally a kiss, either from the gypsy *ckumer*, a kiss, or the Yiddish *joma*.

Jonnuk (shows, &c.), to be fair, to share equally.

Jonger (gypsy), to awake.

Josey, to (American), to go, hasten on. Possibly suggested by the Jewish slang *joseh*, to go out, go forth, or from the gypsy *jāsa*, *i.e.*, go hurry.

"Hey, get along, Jim along *jozey!*
Hey, get along, Jim along *joe!*"

Josh, to (American), to chaff, to make fun of, to quiz. English provincial, *joskin*, a country clown; *jostle*, to cheat (Sussex). There is an apocryphal origin of the phrase that a miner having been told by a friend that Joshua once commanded the sun to stand still and it obeyed him, replied, "I guess you can't come *josh* over me!"

"Have you boys seen any Indians round?"

"No—they hadn't seen any."

"Nobody's been *joshing* you, I suppose?"

"Oh no! *Joshing* them! Not much."

—*F. Francis: Saddle and Moccasin.*

For some unknown reason a *josh* is supposed, like a David, to be always a sleepy person. On the New York Stock Exchange, says Medbury in "Men and Mysteries of Wall Street" (cited by Bartlett), if a member drops asleep, "*Josh! josh!*" comes roaring from a dozen lungs, and the broker is awakened by the cry. Thackeray seems to have associated *josh* with fatness and dulness in his *Josh Sedley*. Possibly the Chinese *Josh*, or Buddha, who is the incarnation of stoutness and tranquillity, suggested the word.

Joskin. Generally used to denote a dull rustic or greenhorn. It would seem, however, to be derived from the Yiddish or German-Hebrew *joschen*, to sleep, sleepy (*i.e.*, stupid), or from *joschen*, old; *ein joschenisch*, an old man.

Josser (popular), a synonym for a "prosser" or sponge. A simpton, a "flat."

There is a *josser's* land,

Far, far away!

Where a drink they never stand,

Far, far away!

Termed Prosser's Avenue,

Where of Pros' you meet a few.

Hundreds could much better do,

Far, far away!

Far away! Far away!

—*Catnach Broadside.*

Probably from "joskin," a lout or countryman. (Australian popular), a priest, the Chinese temples being called "joss-houses" or "josses." Australian slang designated those who ministered in them *jossers*, and then extended this term it had created to mean ministers of any religion.

The reverend *josser* . . . kept his fist in Foley fashion hammering the pulpit.
—*Newspaper.*

Joss-house (pidgin), an idol temple. *Vide* JOSS.

One tim Wang he makee tavel,
Makee stop one night in *joss-house*,
He go sleepy, by'mby wake
In-i-side all-samee *joss-house*.

—*Wang the Snob.*

Long side he *joss-house*
Stop one old mandalin.

—*The Rebel Pig.*

Joss, josh (pidgin), God, a god, an idol. This, say the authors of "Hobson-Jobson," is a corruption of the Portuguese *Deos*, God, first taken up in the pidgin language of the Chinese ports from the Portuguese, and then adopted from that jargon by Europeans as if they had got hold of a Chinese word. "I know but little of their religion," wrote Bockyer in 1711, "more than that every man has a small *joss*, or god, in his own house."

He olo fáta (father) still as mouse,
He chin-chin *joss* top-sidee house,
Allo tim he make *joss*-pidgin,
Wat you fan-kwei cally 'ligion.

—*Mary Coe.*

Joss - pidgin - man, joss - house-man (pidgin). "Thus also in pidgin, *joss-house-man*, or *joss-pidgin-man*, is a priest or a missionary" ("Hobson-Jobson," p. 354).

Piggy keepe glowin (growing)
Fatteler an' fatteler,
Neva such a piggy
Since pigs began,
Joss-man he smilee
An' talk "you be one flatteler,"
When dey talkey pig look all-samee like
he *joss-pidgin-man*.

—*The Rebel Pig*.

Jostick, joss-stick (pidgin), stick of fragrant powdered woods, combined with a little gum, used by Chinese as incense in their temples. The ingredients for the powder are the *putchok*, a sweet-smelling root from the Himalayas, and sandalwood.

An' Maly answer he lequest,
"My love Chinee joss-pidgin best,
My love Kwan-yin wit' chilo neat
An' *joss-stick* smellum muchee sweet."
—*Mary Coe*.

Jounce, to (American), to indent, impress upon, hit severely and suddenly.

Who was followed shortly after by a most unhappy tramp,
Upon whose features poverty had *jounced*
her iron stamp.

—*The Ballad of Charity*.

Jounced, smitten, enamoured.

Journey (turf). The sense in which this word is used on the turf seems rather derived from the French *journée* than from the English *journey*. "It is not his *journey*," means "it is not his day."

Journeyman soul-saver (popular), a Scripture-reader; one of the subordinate staff of the garrison chaplains or other religious minister who is only a *journeyman* or casual performer.

Jower (American), a negro expression for "jaw," talking, and quarrelling.

Wunst erpon a time de creeters spate an' *jower* so much mungst deysefs, and hab so many onpleasan'nesses dat dey 'clude ter 'leck er Jedge ter 'cide all dish yer bickyin' (bickering) an' rucksuin' fer dem.—*De Lektion fer Jedge*.

Jowl-sucking (popular), kissing.

J.P., Justice of the Peace. Vulgarly a Joe Poke, or a Harmanbeck in old slang.

Juba, Cudjo, Quashee, Jumbo, &c. (American). There are seven of these names in all given to negroes. The reason why they were once so common is that in the countries near the Guinea coast every negro bears the name of the day of the week on which he was born. King Coffee of Dahomey, as he was called, was really Cuffee. He was, in full, Cuffee Calcalli. It was, doubtless, some knowledge of this fact which induced Defoe to christen Robinson Crusoe's man Friday as he did.

"*Juba* is a negro dance consisting in keeping time by striking the feet on the floor, and clapping the hands on the legs to the music of the banjo" (Bartlett).;

Quassia is so called from a negro named *Quashee*, who first made it known to white men. The French have the name "Bamboula" (from a dance) for a negro.

Jubilee, a new term for the behind, invented by the staff of the *Sporting Times* or *Bird o' Freedom*.

Young Savile Civility had bought the thing the day before, a beastly toy, made to look like a penny roll, with a mouse on a wire spring inside. The laugh was all on his side till he felt his daddy's old slipper beating on his *jubilee* with the rhythmic precision of the waves upon the wild sea-shore.—*Bird o' Freedom*.

Juckel, joakel, jucko (gypsy), a dog. Evidently from jackal. When the gypsies came to Europe, they gave the names of animals to which they were accustomed to those resembling them. Thus they called a swan a *sakkū* or pelican, and an elephant is in their language a *boro nākengro gry*, a large-nosed horse. It is remarkable that the gypsies did not take a Hindu word in this instance.

"Jackal is not apparently Anglo-Indian, being taken from the Turkish *chakāl*. But the Persian *shagāl* is close, and the Sanskrit *srigāla*, the howler, is probably the first form. The common Hindu word is *gidar*" (Anglo-Indian Glossary).

Judge and jury (tailors), sham trials for offences real or imaginary, having but one object in view—beer.

Judge, the (American cadets), the man who is the most popular with his fellow cadets.

Judy (American), a simpleton, silly, donkey, a fool.

The commonly common council yesterday had a bowl of punch down at the Island, and they all made *Judies* of themselves—as usual. The Doctor was present, and the Chief of Police, with whose aid they raised the devil, so that none of the *dramatis personæ* were wanting.—*Philadelphia Sunday Paper*.

It was said of a man who was a convert to Judaism, that Punch and Judyism would be more in his line; but it is doubtful whether these words indicate the origin of the term. As it seems to be New York by birth, it is possible that it owes something to the Dutch *jool*, which means quite the same thing.

Jug (old), a term of contempt applied to a woman.

Hark ye, don't you marry that ill-mannered *jug*.—*Centlivre: Platonic Lady*.

(Common), a simpleton, a prison; a contraction of stone *jug*.

Don't you fancy the "Hunemployed" bun-kum has nobbled me; not such a mug! And as for O'Brien and his breeches, I'm glad the fool's fairly in *jug*.

No, no, law and horder's my motter, but wen a spree's on 'Arry's there;

And I thought, like a lot of the swells, I should find one that day in the Square.

—*Punch*.

To *jug* a person, to imprison him. The writer remembers a joke, in connection with

this expression, made by a foreign gentleman in the presence of Stuart Mill, who was then seeking to bring Governor Eyre to justice for his share in the Jamaica massacre. "To *jug* your hare," he said, "you must first catch him."

Juggins (sporting), an aspirant, usually young, and always more largely provided with money than with brains. The lawful and longed-for prey of the turf sharper.

I never lured a *juggins* on
To pigeon or billiard match.

—*Sporting Times*.

The appellation, which is of recent origin, is never regarded as complimentary. In common use, with the meaning of simpleton, fool; a form of *jug*.

"Why don't he get the policeman," asked Peter, "who is standing there, to help him?"

"Because he is standing on the sovereign, you *juggins*."

And a lifelong friendship was again disturbed.—*Sporting Times*.

That's a motion, old man, you may carry,
When Toffdom and Gladstone jine hands,
And you may make a fair *juggins* of Harry.

—*Punch*.

This term is also used in America.

I'm not such a *juggins* as I look, my friends,
Though I may be soft and balmy;
They tell me I'm a goose, and all my tiles are loose,
But there's bigger fools than me in the army.

—*Broadside Ballad*.

Jug loops (popular), explained by quotation.

Even the hair and whiskers of the cosmongers, like that of more civilised folk, used to be governed by fashion. Sometimes *jug loops* (the hair brought straight on to the temples, and turned under) would be the rage, another season "terrier crop" would be the style.—*Greenwood: The Little Ragamuffins*.

Jūkalo, jūcko (gypsy), a dog.

Jumbaree (theatrical) jewellery.

Jump (thieves), a window. *Vide* BACK-JUMP. Used also in America and Australia.

Jump down (Canadian), the confines of civilisation. The idea involved is well put in the following quotation.

We started for Brandon in the first train that would carry passengers to that new city, which in the September of 1881 was what is colonially known as the *jump down*, that is, the last place that is in course of erection on the outskirts of what is called civilised life, and upon leaving which you at once *jump down* into the open gulf of unsettledom.—*A. Slaveley Hill: From Home to Home*.

Jumped-up (popular), conceited, arrogant (Hotten).

Jumper (popular), short smock-frock worn by labourers, navvies, &c. Also a short external duck-frock worn by sail-makers, artificers, and riggers to preserve the clothing beneath. (American), a rude sleigh made of saplings, or rough poles, with the ends turned up. They cost very little, but are very useful.

(Military), white canvas frock worn by the men at gun-drill. Also patrol jacket worn by gunners.

Jumpers (American thieves), men that rob houses by entering windows.

Jumping a claim (American), obtaining anything by fraud or stratagem. Originally a Western expression, signifying an attempt to oust a squatter or settler on new country, such having by law and custom a first claim on the land. It has now come into general use.

Jumping Moses! (popular), an exclamation, probably of American origin.

Jumping off (turf), one of the earliest and most important accomplishments with which a two-year-old can be indoctrinated. In these days of short distance races, a horse which has not been taught to "jump off," *i.e.*, to begin at a high rate of speed, has but a poor chance with those properly instructed in the art. Therefore, as soon as a colt's education has so far progressed that he has learnt to obey the touch of the rider's hand as to walking, trotting, or cantering, his lessons in *jumping off* begin. He soon learns how to use his muscles for a sudden spring, and becomes as quick on his legs as a cat.

Jumping off place (American), the end of the world. From

an old story of a man who travelled till he came to a precipice which bounded the world.

Jumping over the fat pot (theatrical), a stipulation made in the days gone by, that all engaged should assist (as the music in Macbeth, Pizarro, Rob Roy, Dance in Honeymoon, God save the Queen, &c.) in the old-fashioned pantomime Man in the Moon (now called the Shadow Pantomime). When gas even was not convenient (Richardson's show), the light was got by a large flame of burning fat, behind the sheet, and all, each and every one, had to contribute his share of the work, and many a time the awkward, spiteful, or half-drunken have knocked it over, not jumping high enough, and so finished the performance.

Jumping up (tailors), getting the best of one, or the reverse.

Jump off (American). This phrase is thus explained.

Now and again the broad stem of a fallen giant gives you 150 feet of splendid wooden road; but arrived at the end, you find you have been gradually ascending and now stand on what the Americans would call a *jump off*, with a mass of brush below you, hiding in all probability a collection of lop, or a pitfall which, coming at the bottom of such a jump, would end your ramble for that day.—*Phillipps-Wolley: Trottings of a Tenderfoot.*

Jumps (popular), to have the *jumps*, the delirium tremens; also used in the sense of a craze, as "He's got the Jubilee

jumps," he's gone crazed about the Jubilee.

"Now then, first boy, tell me what beer is made from."

"Hops."

"How do you know that?"

"'Cos it gives you the *jumps*."

He went down to the bottom of the class, but there is a bright future before him, nevertheless.—*Sporting Times*.

Jump the game, to (American).

In gambling or poker slang to raid a gambling den by the police (C. Leland Harrison's MS. Collection of Americanisms).

Jump, to, to cheat, to steal. This word is used in England, but is more common in the United States. During the great civil war it obtained great currency in connection with the impudent frauds of the mercenary adventurers—mostly newly-arrived Irish immigrants—who enlisted in the Federal armies for the conquest of the South, and received large sums as bounty-money, varying from two hundred and fifty to a thousand dollars, according to the needs of the State, and deserted within a few days after receiving it, and played the same game in a distant city, sometimes repeating the process as many as half-a-dozen or a dozen times. These evaders were called "*bounty jumpers*." To *jump* a claim, in the partially-settled districts of the great West, is to fraudulently attempt to dispossess a squatter who has

the right of occupancy from having first settled upon the land.

One morning his rich "claim," of which the fame had spread, was *jumped*—two men had literally jumped into his pit, and he found them there when he came.—*H. L. Williams: In the Wild West*.

The word was used by Shakespeare in the famous passage wherein Macbeth communes with himself on the expediency of murdering Duncan (*Macbeth*, Act i., sc. 7).

"If the assassination
Could trammel up the consequence, and catch,
With his surcease, success; that but this blow
Might be the be-all and the end-all here,
But here, upon this bank and shoal of time,—
We'd *jump* the life to come."

The word is still used by the lowest classes in London, in America, and Australia, among whom "*to jump* a crib" signifies to rob a house; and "*to jump* a bloke" signifies either to cheat him, violently plunder him, ill-treat, or seize.

Anyhow, Doe Gilpin, the marshal, *jumped* him. I was right there when they met.—*F. Francis: Saddle and Moccasin*.

"*Sauter*" is used in French in the same sense—"faire le saut d'une chose, est voler, ou escamoter une chose." (Popular), to *jump*, to copulate. In French *sauter*.

(Cape settlers), to *jump*, to steal. An English officer camping out was told to take care

they did not *jump* his candlestick. (Australian popular), to supplant in, to take. The difference between *jump* and "shake" is that "shake" implies stealing, and *jump* does not. A thief "shakes" your watch; but if you take a seat in a railway-carriage, or on a coach that is engaged by some one else, you are only *jumping* it. It was a joke against a crustacean bachelor, an editor of a well-known journal in a Murray township, that he had *jumped* a baby, the fact being that in the year of the great flood a baby, alive and kicking, and enshrined in a gin-case, had been deposited by the waters on the verandah-roof just under his bedroom window.

(Medical), to try a dangerous medicine.

Junkit, to (Winchester College), to rejoice over. "*Junkit* over

you" is not a very charitable way of saying, I would not be in your place. *Junkit* is from a provincialism meaning a merry-making.

Juries (costermongers), assertions, professions. "We deals fair to all that's fair to us—and that's more than many a tradesman does, for all their *juries*."

Jurk, jark (old cant), a seal. Still current among thieves in America.

Just what you're doing (American), a peculiar expression, often used in conversation, meaning that the subject in hand is of importance. "When you have a horse like that in hand you can't attend to anything else but *just what you're doing*." This was accidentally overheard at the Langham Hotel, London.

Put all your dynamite into *just what you're a doing*, whatever you do, and you'll do!—*Washington Courier*.

As *ption* occurs as postfix to other words, *e.g.*, "gumption," "conniption," it may have been added in this case to the German-Hebrew word *karim* or *krauwin* (plural), relations, or the related.

A whole *karimption* of Dutch emigrants were landed here yesterday.—*Bartlett: Cairo (Illinois) Times.*

Keel over, to (popular). People are said to *keel over* when by some misfortune or other cause they come to grief in their undertakings or plans, as of a vessel "keel up." "To go up the spout," "to be dead broke," "to be stumped," are some of the innumerable synonymous expressions for the same idea. The expression is common in America.

—*Song of a Swell.*

Keen on (common), intent on, having great liking for, being in love with.

Keep a hotel, to (American), a phrase intimating administrative capacity. It is almost universally expressed in the negative, "He can't *keep a hotel*." The origin of it was as follows. About twenty-five years ago a man named Lynch, banjo performer in a negro minstrel troupe, lost his overcoat in a hotel in Vicksburg, Mississippi. As the landlord refused to pay him for it, he revenged himself for a long time after by a humorous dialogue in which the landlord was mentioned, and all his minor good qualities were faithfully enumerated, but which were neutralised by the other interlocutor, who drawled out, "Ya-as—but he ca-ant *keep a ho-tel!*" The expression is still current.

Keep a pig, to (Oxford), to have a lodger. A man whose rooms contain two bedchambers has sometimes, when his college is full, to allow the use of one of them to a freshman, who is called under these circumstances a "pig." The original

occupier is then said to *keep a pig* (Hotten).

Keep cave, to (Eton), explained by quotation.

Crib-fagging required two lower boys, for whilst one sat and read, another had to mount guard in the passage or on the staircase, to *keep cave*, that is, to give warning by a whistle if he should descry our tutor on the prowl.—*Brinsley Richards: Seven Years at Eton.*

Francis: Saddle and Moccasin*.

"Wot the crokkerdile is to the Nile 'Arry is to the Thames." Well, that's fudge. That's a ink-slinger's try on at patter. Might jest as well call me a moke.

Try another, young man; this is *kibosh* purtending to pass for a joke.

—*Punch*.

"To put on the *kibosh*," to run down, slander, degrade. To put the *kibosh* on anything is latterly to put an effectual stop or end to it. In this sense it is apparently derived from the Yiddish *kabas, v.a., kabbasten*, to restrain, suppress, hold, put a stop to. In the common pronunciation the word is often sounded *kābash*.

Kick (popular and thieves), a pocket.

Our old friend . . . says they are ruinous to the *kick*.—*Bird o' Freedom*.

—*Ingoldsbys Legends*.

Kid (popular, very common in London), a swell, a masher. A Londoner meeting another very smartly dressed, says, "What a *kid* we are," or the smartly dressed man might say, "Ain't I an awful *kid* to-day?" The "dude" and the "masher" are really well-dressed people, the *kid* is rather a smartly dressed person; also a policeman.

Every one of the urchins knows the School-board officer by instinct, and abhors him even more than their ancient terror, the bobby, copper, *kid*, or policeman.—*Thor Fredur: Sketches from Shady Places*.

Kid, cheese; *kid* hard, synonymous with "hard cheese," "hard lines," no luck; a child.

"Served his time to the trade," returned the Badger coolly; "been at it ever since he was a *kid*—so high."—*J. Greenwood: Dick Temple*.

(Popular and thieves), explained by quotation.

Now, one of these brother boys was well known for his *kid*, that is, gammon and devilry.—*Hindley: Life and Adventures of a Cheap Jack*.

Possibly from Anglo-Saxon *cydhan*, to declare, make known; the primary meaning of *kid* being a puffing speech, termed now "kidment," more probably

from "kidder," a huckster, the patter of a huckster, and "gammon" being considered synonymous; compare the German *höken*, to deceive, "gammon;" from *höken*, a huckster. Also deception, humbug.

I was not a little surprised, therefore, to hear one of them remark, in the unmistakable language of a Cockney of the slums, that, in his opinion, it was all *kid*.—*J. Greenwood: Tag, Rag, & Co.*

—*Punch*.

(Turf), explained by quotation.

What do you mean by *kidding*?—It is a difficult word to explain. If you have got a good horse, and allow him to tumble about just as he pleases, and allow the reins to hang loose, the public would say that he was doing his best, but others might not think so. That would be *kidding*. . . .

It all depends on the arms, then, as I understand it?—Not necessarily. It may depend upon the legs, and all sorts of other things.—*Standard.*

A *kidding* horse, a shamming horse, one which pretends to be afraid, &c.

Kil (gypsy), to play on an instrument, properly *kel*.

The boshomgro *kils*, he *kils*,

Kilter (American). "Out of *kilter* or *kelter*," disordered, ill, out of repair. Dutch *kelterging*, nausea, "provocation of the stomach;" *kelderziek*, crop-sick, &c. This is, however, a doubtful derivation. Possibly from to *kilt*, to tuck up; so that "out of *kilter*" would literally mean hanging loosely, hence disordered.

Kinchen morts (thieves), little girls trained to prostitution.

Kinchin cove (old cant), a man who kidnaps children. Also a little man.

Kinchins' lay (thieves), explained by quotation.

The term is from an English provincialism meaning rather.

Kindness (popular), a favour in the way of enjoyment of the person granted by a woman to one of the other sex, or indeed, the other way. There is also a proverb of some standing—"After kissing comes greater *kindness*," and in this sense the word is still in vulgar acceptance. The French have the expression, "*avoir des bontés pour un homme*."

Kingsman (costermongers), explained by quotation.

It was the correct thing for the costermonger, whatever branch of industry he might pursue, to wear round his throat—bunchy, loosely tied, and elegantly careless—a very large, highly-coloured silk pocket-handkerchief. This the costermonger calls a *kingsman*.—*J. Greenwood: The Little Ragamuffins*.

Kink (American), a fancy, caprice, or crotchet.

The very newest *kink*, I take it, is a revival of the Louis XVI. fashion.—*Chicago Tribune*.

From an English provincialism. In Suffolk a rope is said to *kink* when it does not run out even from its coils.

Kip (popular and thieves), a bed. This is probably an abbreviation of *kipsy*, basket. French thieves call a bed *pagne*, a corruption of "panier," basket. *Kip* had formerly the significance of house of ill-fame, and to "tatter a *kip*" signified to wreck one.

Kip house, a tramps' or vagrants' lodging-house.

Kipsy (thieves), a basket.

"Wasn't there any clobber?" "Yes, there's a cartload." So he said: "Go and get a *kipsy* full of it, and we will guy home."—*Horsley: Jottings from Jail*.

This word is given as a recognised term by a dictionary of the first part of the eighteenth century. The form *kipe* is still used as a provincialism for an osier-basket to catch fish. It has been suggested that *kipsy* is from the Old English or Norman English *quipsure*, in which case *kipe* would only be an abbreviation of the primary *kipsy*. But again *kipe* is traceable to the Anglo-Saxon *eapan*, to catch. It must further be noted that *kipsy*, sometimes *kepsi*, is gypsy for basket and a willow. *Kipsi-kosh*, willow wood, of Indian origin.

Kip, to (popular and thieves), to sleep or lodge. *Vide* KIPSY.

Kitcheners (thieves), thieves who congregate in places known as thieves' kitchens. Mr. Greenwood says that such meeting places for the dregs and outcasts of society—whose means of living is a mystery to every one but their intimate friends, and who are seldom seen abroad until the shades of evening have long since fallen—exist within three minutes' walk of the Strand and within two minutes' of Covent Garden—in Drury Lane in fact, or rather in some of the lanes and narrow thoroughfares leading out of that main thoroughfare into Great Queen Street.

Kitchenite (printers), a term of contempt for the hands that frequent the *kitchen* of the Compositors' Society house—usually those on the provident fund, that prefer the small relief given to honest labour. This term does not apply to the genuine unemployed, but only to the loafers.

Kite (popular), a fool; in French *buse*. (Common), fictitious commercial paper. To *kite* or fly a *kite*, to raise money on a fictitious bill.

Here's bills plenty—long bills and short bills; but even the *kites*, which I can fly as well as any man, won't raise the money for me now.—*Miss Edgeworth: Love and La.w.*

Evidently from an allusion to a *kite*, formerly termed a paper *kite*. Flying the *kite* is metaphorically putting a bill in circulation. In America fancy stocks are called *kites*, and to *kite* or *skite* means roaming from place to place, going about restlessly.

We passed eberyting on de road—you ought to seen us *kitin'*,
Golly! we had a gay old time when we went to Brighton.

—*American Song.*

Kiting has also the signification of going about and speculating wildly.

Kitties (military), the Scots Guards are so nicknamed.

cheque, or a sum of money in his possession, hands it over to the publican, and calls for drinks for himself and his friends, until the publican tells him he has drunk out his cheque. Of course he never gets a tithe of his money's worth in any shape or way—indeed the kindest thing a publican can possibly do is to refuse him any more liquor at a very early stage of the proceedings, for cheques for enormous amounts are frequently 'knocked down' in this way. A quarter of the worth of them, if honestly drunk out in Bush liquor, would inevitably kill a whole regiment" (Finch Hatton)

A. Sala: A Trip to Barbary*.

china, plate, pictures, horses or houses. . . . They do not interfere with the sale, as is sometimes supposed. They let the general public bid as much as they please, and then is the opportunity for them to display their judgment. Knowing what the article is worth in the trade—which, if the property is valuable, will fetch more than the general public will give—they can outbid the last public bidder, and secure the property to themselves. They may be a band of six, ten, or twenty individuals present, who, after numerous bargains are secured, betake themselves to their favourite ‘public,’ and there settle, in the most business manner possible, who is to become the ultimate possessor by a ‘*knock-out* auction.’ The article, say a picture, is put up at the purchased price by any one party, acting as auctioneer, and the original cost of, say ten pounds, may terminate by bidding up to twenty or thirty. The amount above the cost is placed in a bowl to form a fund to be equally divided amongst all present. . . . Property bought in this manner from an original public bid of a small amount, has often reached to a hundred pounds.”

The general in command . . . not unfrequently cautions the young soldiers particularly to “beware and not allow themselves to be influenced and led away by old soldiers with badges.” . . . Numbers of these *knowing blokes*, as they are called,
